Read—file of letters, &c., from the Presidents of District Boards submitting the statements of roads called for in G.O., No. 2562 L., dated 9th October 1890.

Order—No. 1290 L., dated 17th July 1896.

The accompanying statement, which has been compiled from the information furnished in the papers read above, will be forwarded to the Public Works Department, with reference to G.O., No. 2502 W., dated 18th September 1890.

2. It is very unsatisfactory that, notwithstanding the repeated remarks of Government on the subject, only six of the returns should have been received on the due date and that there should have been a delay of two months in the receipt of the information from the Presidents of the District Boards of Kistna, Cuddapah and Malabar. This should be explained and all Presidents of District Boards should see that these returns are submitted punctually in future.

3. In future returns, all variations in the figures as compared with those of the previous year should be explained by means of foot-notes.

2/ In the statement submitted for the past years also, there were no metalled roads shown under any Taluq Board, and the similar omission was noticeable in the mileage statements submitted in those years. The entries in the mileage statements concerning metalled and unmetalled roads were brought forward from past year's statements as they were, and no alterations were effected in order to secure agreement between them and the statements of metalled and unmetalled roads.

In order to have a final statement of the subject, I have called on the Overseer to submit a correct statement of metalled and unmetalled roads, as they are in each Taluq and I shall submit the necessary statement distinguishing metal from gravel for the ensuing year.

i.e. the statement now submitted.

I have to:
