BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 4TH JUNE 1896, No. 120.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from G. S. FORBES, Esq., Collector of the Chingleput District, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Saidapet, 7th May 1896, Ref. on No. 155 Gl. :—

I have the honour to submit the famine relief programme in forms A, B and C for 1896-97.

2. The programme provides labour for only 18.85 per cent. of the population instead of the prescribed 20 per cent. Estimates are ready for Rs. 10,49,550, of which Rs. 1,12,345 relate to irrigation repairs. This latter sum provides labour for 1.23 per cent. of the total population for three months against 5 per cent. prescribed in Board's Proceedings, No. 15, dated 11th January 1893.

3. Provision for the prescribed minimum has been made only in the Ponnéri taluk. Of the 299 major and 510 minor irrigation works mentioned in B. statement as out of repair, provision has been made for the repair of only 26 major and 431 minor irrigation works. The attention of the Divisional Officers and Executive Engineer has been once more drawn to the deficiency above noted and they have been requested to make every effort to amplify the programme and bring it up to the prescribed minimum. If this can be done, a supplemental statement will be submitted.

RESOLUTION—dated 4th June 1896, No. 120.

The abstract of the programme of famine relief works in the Chingleput district for 1896-97, received with the letter read above, will be submitted for the information of Government.

2. The nature of the works and the amounts provided for them in the programme are given below :—

Works.		Cost. Rs.
1. Irrigation works	{ New	0.88 lakh.
	{ Repairs	2.74 lakhs.
	{ New (199 miles)	2.92 "
2. Roads	{ Repairs	8.31 "
	{ (a) Drinking water-supply	1.37 "
3. Miscellaneous works	{ (b) Improvement of village-site, &c.	0.32 lakh.
	{ (c) Land improvements	0.60 "
Total		17.14 lakhs.

Thus the provision on the whole aggregates to Rs. 17,13,713 and the works are estimated to be sufficient to afford employment for three months to nearly 19 per cent. of the total population of the district. The provision made is generally below the prescribed limit except in the Ponnéri taluk. As pointed out by the Collector, the programme is capable of amplification in the case of irrigation works, as a great many of those requiring repairs have not been provided for in the present programme. The Collector is requested to see that his instructions to the officers concerned for the enlargement of the provision are promptly attended to.

3. Estimates are stated to be ready for works to cost Rs. 10,49,550 or 64 per cent. of the total provision exclusive of the land improvement works to be executed with the aid of State loans.

It is observed that nearly one-third of the cost of large works relates to sanctioned works and that, for nearly two-thirds of these not brought under sanction, estimates are shown to be ready.

4. (a) The cost of the two new minor irrigation works in the Tiruvallūr taluk has been erroneously entered in statement A as Rs. 9,000 instead of Rs. 900. The necessary correction has been made in this office.

(b) The total number of irrigation works in and out of repair entered in statement B is 2,953, while, according to the jamabandi statement No. 15 for fasli 1304 received from the Collector, it appears to be 3,027. The entries in statement B should, in future, be based on particulars given in the jamabandi statement referred to.
