PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—letter from the Collector of Ganjám, dated 20th April 1896, Rc. Pl. No. 27-Ver.

ABSTRACT.—Submitting programme of famine relief works for 1896-97.

RESOLUTION—dated 4th June 1896, No. 117.

The abstract of the programme of famine relief works for the Ganjám district for 1896-97 will be submitted for the information of Government.

2. The programme for the non-Agency taluks of the district contains provision for the construction of 79 new irrigation works to cost 12·94 lakhs and for repairs to existing works to cost 3·33 lakhs; for the construction of 365 miles of new roads and repairs to old roads to cost 6·78 lakhs and 12·2 lakhs, respectively; for works to supply drinking-water to cost 2·88 lakhs and other miscellaneous works ·63 lakh. The last item includes a small sum of Rs. 14,000 provided for land improvement works to be executed with the aid of State loans. The total provision for the area referred to amounts to Rs. 38,75,611 and the works are estimated to be sufficient to provide employment during a period of three months to 32·5 per cent. of the total population in the tracts concerned. The provision made is adequate. The mileage of the new roads included in the current year's programme is less than that shown in the previous year's programme. It should, however, be stated whether these roads can be maintained by the District Board after their construction by famine labour, as it is observed that scarcely any of the projected roads have been sanctioned.

3. Estimates are shown to be ready for works to cost Rs. 17,85,068 or 46 per cent. of the aggregate provision exclusive of the land improvement works for which no estimates are required. It is observed that about one-seventh of the cost of large works relates to "sanctioned" works. The instructions of the Government of India communicated in Board's Proceedings, dated 6th September 1894, No. 360, require that the number of "sanctioned" works should be greater than those not sanctioned and that, when there will be a paucity of sanctioned works, more large works should be brought under sanction. Information called for therein as to the steps taken in this direction has not been given by the Collector. It should now be furnished in consultation with the Public Works Department and the District Board.

4. The Collector also furnishes in statement A a list of additional works, consisting chiefly of irrigation projects at a rough cost of 3·53 lakhs, which may be made available for famine relief in case of emergency.

5. A sum of Rs. 5,75,058 has been separately provided for the Agency Tracts of the district for the construction of 35 new roads and 22 works designed for the improvement of drinking-water supply. This provision, of which detailed estimates are ready for works to cost Rs. 2,45,160, is sufficient to provide employment for nearly 25 per cent. of the population of these tracts for three months.

6. It is also observed that the column in statement A for the amount of detailed estimate has been left blank in the case of the large works noted on the margin, which have been entered in the programme as "sanctioned" works. It is improbable that large works can have been sanctioned without detailed estimates being prepared for them. The Collector is requested to report further on this point.

Taluk.	Work.	Amount.
		Rs.
Parlákimedi (zemindari) Mohiri division	Construction of two roads	8,500
	Do. of distributaries of Rushikulya canal.	74,000
Purushottapur division	No. 1 new road	* 38,000
Ichchhápuram do.	Ichchhápuram channel of the above canal.	41,000

* Detailed estimate is entered in statement A but omitted in form C.

7. A sum of 4 lakhs is provided for draining the Gouzu tampara in the Mohiri division. The Collector considers this amount to be too large and says that the subject is under correspondence with his Special Assistant. The Board awaits further report on this matter. The nature and object of this work should also be more fully explained.

8 (*a*). The total sum of the detailed estimates of the large unsanctioned road works in the Purushottapur division is shown as Rs. 1,00,839, while it is entered as Rupees 62,839 in form C. Apparently the detailed estimate, viz., Rs. 38,000, for No. 1 road work has been omitted in the latter statement. It should be reported whether this surmise is correct.

(*b*) The sum of Rs. 8,800 provided for the repair of minor irrigation works in the Chicacole taluk has been shown in statement C under new works. These works should be shown under irrigation repairs in future programmes.

(*c*) The additional works not included in the programme have been entered in the body of statement A. They should, in future, be shown separately at the end of the statement.

(*d*) The grand totals of the Agency and non-Agency Tracts in form C have not been given in classified detail. This should be attended to in future. The omission has, however, been supplied by this office.

(True Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department.
" Collector of Ganjám.

Exd. J. P. Oliver.
