Proceedings of the Pub Committee
dated 20: May 1896.

Present:-

Mr. R. Fischer.

Mr. R. H. Hunter.

Mkly. J. Ramachandiah Auzgal.

Mkly. G. Prinnasa Row Auzgal.

Resolved that the Government be requested to state definitely what the proposed Drainage Scheme will exactly cost, as it is difficult to devise the ways and means to meet the annual charges that of the Scheme will cost when the margin given by the Sanitary Enquiries is so wide as to involve the difference of 3 laks. The Pub Committee is of opinion that under any circumstances, it will be impossible to save annually Rs 50,000 which is about half the total Municipal Revenue, while the Sanitation and the Medical Service cost between 40 and 50 thousands a year. The Pub Committee is fully aware of the importance

and

and necessity of the Drainage Scheme and will do its best to find out the ways and means when the estimated cost is definitely communicated to the Council.

Mr. Hunter assures the Sub Committee that the water in the Mills which is — about a million gallons per day will be available for flushing the drains, provided the Mills Company are exempted from the Water Tax.
