LOCAL AND MUNICIPAL DEPARTMENT.

Current No. 1759 M.

From The Chairman, M. C. Coimbatore.

Let this lie over until
the new Act has become
law - anyway, it
is not an urgent matter
& haven't time to
into it now

FOR ORDERS.

Please see the notes and
Orders in C.O. 29 November
1893 N° 1637 M.

2. The Municipal Council
has apparently made no attempt
to finance the scheme. It ex-
pects an additional income
of Rs. 1200 from the house tax
and thinks that the arts tax
may bring in 7 or 8 thousand
rupees; but it has decided
by a majority of one, not to
impose this tax.

3. In the Office note stitched with L.O. 17 June 1893 No 790 M, it was stated that the only additional revenue which it was possible to raise in this Municipality was about Rs 11,560 - i.e. Rs 8,560 from the water tax, and Rs 3,000 from the tax on arts. If the Council's estimate under the house and arts taxes may be accepted, and if the proposal made in the bill to amend Act IV of 1884 to raise the rates of the tax on houses and lands and the water tax from $7\frac{1}{2}$ to 10, and from 4 to $6\frac{1}{2}$ percent, respectively, of the annual rent value, is passed into law, then the additional income ^{which} ~~that~~ may be expected would be

Rs

20. 24-4-94 No 631 M.

Note

The net current demand under the tax on houses and lands in 1893-94 at $7\frac{1}{2}$ percent was Rs 16,538.

Rs. 29,990 as under:—

Tax on Arts	Rs 7,500
Tax on houses	1200 } 5,910
Water tax	15,380

Total 29,990.

If these estimates are not too sanguine, and if as suggested by H.M. the cost of the scheme can be slightly reduced, the council may perhaps be able to finance it, provided the Government allow a half grant and advances the remainder at $4\frac{1}{4}$ percent interest.

H. With reference to

H.M.'s remark in the first portion of his note in L.O.

29 November 1893 No 1637 M.

the

the plans and estimates
of the scheme obtained
from the Sanitary Engineers
Office are put up. The pipe-

V.M. 11/5/94
The plan is the first in the
estimates of the Council's

Design probable future receipts
put up in this note

shows that they require
all their new income for the water supply
scheme alone. Nothing is left for

anything else, & drainage is probably the
required to be properly provided for when

the large additional quantity of water
which the supply scheme would bring was
used in the town

Design

The Council have treated matters in
a very off hand way, but it seems
hardly any use sending the matter back
to them as at present it may be
impossible for them to finance
the water scheme

HA 14.8.96

Note

As it is likely that it will be some months before the amendment of the municipal act becomes law, it is thought better to put up a draft like the one suggested in the draft for a precedent please send 20th Jan 96. It will be as well to have fresh copy of the Chairman, m.c. Coimbatore P.D.

Municipal Engineer

* for financing the scheme from the Council after the lapse of such long interval.
