Dupl. 13/8/96

Copy of letter Ref on CNO 1934/R.T.B of 96 dated 6th February 1896 from the President Kegalle Taluq Board to the President District Board Kiotua.

I have the honor to bring to your notice the practice which now obtains with regard to the passing of the pay bills of the primary schools. At present the Inspecting School Master sends up a consolidated bill for all schools in his Sub Range. In accordance with the instructions of the Audit Department these bills have to be entered in registers (Form No 7). The entries in this form (No 7) must not be an exact copy of the consolidated bill. A separate page has to be kept for each school and the amount billed for in the consolidated bill has to be split up and entered in against each school separately (i.e.) as things are at present, for each consolidated bill about 17 different entries have to be made, one against each of the 17 schools. Each one of these has to be discovered, checked and initialed with the date. This is done it is said, so that the Taluq Board office may know at once whether

fail to enter the schools in one and the same order each time. The consequence is that the countersigning officer has to search backwards and forwards in the register to check and initial the items against each school. This is maddening for a hardworked officer and I dont think that any body could have devised a more cumbrous method of registration. It is also wasteful in stationery and in the time and labour of the office establishment.

2. With a view to minimise trouble, I have made out a form, which, I think, will give all the information required by Audit Department at a minimum of trouble. I enclose a copy. It speaks for itself. It gives all the information relating to one range on one page in one entry. It will save the time not only of the countersigning officer, but his office; besides it will economise stationery and it will enable any one to see at a glance from one page the expenditure against each school in a range. I request you will solicit the sanction of Government for the introduction of the form atonce. The entries in red ink are the parts that should be printed. The entries in black ink are mere specimen routine entries.

3. It took me 2 hours to countersign the bills for the primary schools of the Repalli Taluq Board the other day.

Guntur and Repalli Boards in two minutes.

4. I enclose a similar specimen form for contingencies.

5. I request that I may be allowed to introduce the new form in my office at once in anticipation of Government sanction.

I have the honor to be &c

(Signed) L. E. Buckley

Reference 664 / 1891

Local and Municipal Dept. 1617

Forwarded to Government Local and Municipal Department Madras through the Inspector of Local Fund Accounts, in the Accountant General's office, Madras.

2. The Presidents of other Taluq Boards and the Treasury Deputy Collector have been consulted on the introduction of the forms recommended by the President of the Repalli Taluq Board in his letter under endorsement. The President, Masulipatam Taluq Board is in favor of the introduction of the new forms and the Presidents of Taluq Boards, Bezwada and Vinukonda are not in favor of them. The Treasury Deputy Collector raised no objection to the introduction of the forms with the sanction of Government.

3. It is requested that Government will be pleased to sanction, in the case of Elementry schools, the introduction of the two forms enclosed, in place of forms No. VII and VIII, sanctioned in G. O. No 461 L dated 3rd March 1891.

got over if the Inspecting Schoolmasters of every sub-range were furnished with a list of the schools arranged in the order in which they appear in the Taluk Register, and were instructed to adhere to that order in their consolidated bill.

2. The proposed form of Contingent Register is also defective in that it does not provide either for the record of the sanctioned allotment and expenditure under each budget sub-head which is necessary for a proper check of contingent expenditure, or for the exhibition of unusual charges, as in the present form.

I have the honor to be,
Sir,
Your most Obedient servant,
