J. N. Atkinson Esquire
President, District Board

L. & Municipal Dept.
No. 1952 L

To
The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

The Jubilee Museum building at Bezwada was handed over by the P. W. Department to the L. F. Engineering Department on the 19th December 1894 A servant on Rs 7 per mensem had been appointed by the P. W. Department to water the young trees in the compound attached to the Building but this servant ceased to do duty so soon as the building was handed overs and in order to carry on his work the District Board in its resolution No 8 dated 20th April 1895 sanctioned the entertainment of gardener on Rs 7 per mensem.

2. In para 25 of this office No 1663 dated 16th December 1895 - Budget for 1896-97 - embodied in G. O. No 390 L dated 27th February 1896, sanction of Government was requested for the entertainment of a gardener. By a clerical error, a

sum of Rs 72 was inserted insted of Rs 84 per Annum in the budget.

3. The entertainment of the said gardener was disallowed by Government in reviewing the Budget for 1896-97, and it was suggested that arrangements should be made to have the work done by the existing Medical establishment of the Industrial School.

4. The District Board in its resolution No $\frac{9}{16-5-96}$ of which a copy is enclosed resolved to ask Government to reconsider its order.

5. I would respectfully point out that the Industrial school has till lately been, and may again be, dissociated from any connection with the Museum. It is only as a matter of convenience that the school is at present housed in the Museum. The menial establishment of the school consists of

1 peon on Rs 6
1 Sweeper on Rs 4

These servants have their legitimate duties to ttend to, duties which so long as the school was located at Masulipatam were supposed to occupy their full time, and which have been in no way essened by the transfer to Bezwada.

6. Government objects to the entertainment of the ardener on the ground that he should be considered s one more item in the cost of the Industrial school.
his I submit is an erroneous view: the gardener is intended solely for the care of the Museum building and premises. This building has cost a very large sum of money and is a very handsome structure. It requires to be taken care of at all times, and it is fitting that the compound should be made as attractive as possible. If the Industrial school were not held in the Museum, a watch man or gardener would be indispensable, and is indispensable during the various vacations, when the whole school establishment takes holiday.

Vide para: 25 of
the President's bu
letter in G.O. 39

7. I have therefore the honor to request that Government will be pleased to withdraw its objection and sanction the entertainment of a gardener on Rs 7 per Mensem, irrespective of the staff of servants attached to the school. The Salary of the gardener will be charged to Grant I, (b) Repairs, (2) Civil Buildings on the score of upkeep of the Jubilee Museum building and its compound.

I have the honor to be

As the Local Board declare they cannot spend any more money on the School it is better to transfer the School the Zamindar than to close it alto -gether. I do not see why we should hesitate to hand over the building & furniture, on the condition that they should revert to Government in case the Rajah ceases to maintain the School.
