I have heard the valuation statement read out to me in respect of three paraubas belonging to me and required by the Taluk Board for opening a market at Tiurangudi. The price of jack trees, mango trees, and the well entered therein is very inadequate. The value of jack trees 20 years old entered as Rs. 3 each is insufficient and should be not less than Rs. 5. The value of those 15 years old entered as Rs. 2 each should be not less than Rs. 3. The price of those 10 years old entered as Rs. 1 should be not less than Rs. 2. The mango trees, - should on an average, be valued at least at Rs. 3 each. The sum of Rs. 24 fixed as the value of the well is too low. It cost me Rs. 75 and I should get not less than Rs. 40 for it. Though the value fixed for the other items is also inadequate, I do not object thereto as the site in question is required for a market.

If the market is to be opened at this very site it is a matter for regret that the above objections raised by me should stand in its way. If such be the case I should have no objection.

Though the value of Rs. 50 fixed for my house in Matharthodika paramba as per valuation statement in respect of the house site proposed to be acquired for a market is very low, I have accepted the same as the site is required for purposes of a market. I have no claim over the said paramba.
