To

The Collector of
Tinnevely.

Sir,

With reference to your letter Dis:
No ²⁰³²/_{gt} dated 4th Instant, I have the honor
to bring the following to your notice:-

1. There is only one hospital assistant attached to the Palamcottah Municipal hospital. His duties in connection with this large institution affording relief to a daily average of 24 inpatients and 110 outpatients are multifarious, which leave him very little time to go out and find cases for vaccination.
2. The Municipal vaccine depot is in the hospital compound. The minimum number fixed for the Municipal vaccination is 80 a month, while the average of births is about 50. He experiences great difficulty in finding out unprotected cases and making up his minimum. If the hospital assistant were to perform

vaccination, the vaccinator's work will suffer to a great extent.

3. The Municipal vaccinator already works under the immediate supervision of the Assistant Surgeon.

4. The District Medical & Sanitary officer, Madras, informs that, although two hospital assistants are attached to the Madras Municipal hospital, they do not perform vaccine work.

5. Again, vaccination by medical subordinates is only discretionary (Vide G. O. No 10662 dated 9-7-92)

Under these circumstances, it is both unnecessary and inadvisable ~~to~~ to insist on the Municipal Hospital Assistant to perform vaccination work in addition to his other arduous duties.

A. W. B. Higgins Esquire
Collector of
Local & Municipal
Madras.

To The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

With reference to the remarks of Government that no vaccination was done by either of the Hospital assistants of Palamcottah town, in para 4(4) of its order No. 1167 M dated 24th July 1895 reviewing the Palamcottah Municipal report for the year 1894-95, I have the honor to state that the District Medical and Sanitary officer, in reply to a reference from me on the subject, reports in his letter No. 1576 dated 29th November 1895 (Copy enclosed) that there are circumstances which make it unnecessary to insist on the performance of vaccination work by the Municipal Hospital Assistant, quoting Government order No. 10662. L & M dated

9th May 1892 as his authority. I doubt whether, in the circumstances the Municipal Hospital assistant should be pressed to do vaccination work in the Palamcottah Municipality. I solicit orders.

2. The District Medical and Sanitary officer has informed me that the hospital Assistant attached to the Police hospital will be instructed to perform vaccine operations among police recruits and their families.

I have the honor to be,
Sir,
your most obedient Servant.
