Instead of adopting the rule in G.O No. 136 Financial, dated 5th March 1889 as the general rule and appending the rules in G.Os No. 1188 Financial, dated 14th September 1882 and No. 548 M, dated 13th April 1891 as notes to it, as proposed by the Accountant-General, the Government ~~thinks~~ considers ~~that it would be better~~ it advisable to ~~blend together~~ amalgamate ~~and issue~~ the two rules contained in the original order No. 1188 Financial of 1882 and in order No. 136 Financial of 1889 & issue them as the first rule, and the rule laid down in G.O No. 548 M of 1891 as the second. (2) Medical Subordinates employed on relieving duties shall be regarded as on the reserve staff and their salary and travelling allowance should be paid from Provincial funds, provided

No. L.F.D./33

From

F. C. Harrison Esquire
Offg ACCOUNTANT-GENERAL
TO THE GOVERNMENT OF MADRAS,

To

THE Chief Secretary to Government
Local and Municipal Department
Fort St George.

SIR,

I have the honor to say that the orders passed from time to time on the subject of the debit of the transit pay and travelling allowance of medical subordinates transferred between provincial and local appointments, and between different local appointments, have become very numerous, and having been framed to meet varying circumstances and cases, are not now very easy of application. A list of such of them as have been traced in my office is enclosed. I have collated the orders in this list and it appears to me that with two exceptions they may all be summed up in the words (×marginally quoted) of Government Order No ×136 Finl dated the 5th March 1889. The two exceptions are Government Order No 1188 Financial dated 14th September 1882 and Government Order No 548 M (Local and Municipal) dated 13th April 1891. The first of these which rules that the travelling allowances

× The Government will not accept as a charge against Provincial funds travelling expenses consequent on transfers made either permanently or for a time by or on the motion of local authorities and within their own circle of administration.

× in G O 654 L / 18-3-89

of medical subordinates posted to new Municipal and Local Fund Dispensaries must be borne by the local bodies, is not inconsistent with the Government Order of March 1889 quoted above and may be read as an addition to it. The second exception is not so simple, but it too proceeds on the assumption that unless the transfer is made by or on the motion of the local authorities, the debit of travelling allowance shall be against Provincial Revenues. In fact it would appear that if the order of March 1889 were taken as the general rule with the provisions of the two exceptions mentioned above added as notes to it, the sense of all existing orders on the point would be secured in one simple general ruling.

I have the honor to inquire whether this may be done in view of the difficulty that is at present experienced by my office in dealing with questions on the point.

I have the honor to be,
Sir,
Your most obedient Servant.

From the Accountant - General.

FOR ORDERS.

In the letter read above the Accountant General states that as the orders passed by Government from time to time on the subject of the debit of the transit pay and travelling allowance of medical subordinates transferred between Provincial and local appointments and from one local appointment to another have become very numerous, and as they have been framed to meet varying circumstances and cases, they are not ~~now~~ how very easy of application. He submits a list of such orders bearing on the subject as have been traced in his office and says that in his opinion, these orders, with two exceptions, may all be summed up as follows in the words of G.O.No.136 F.×dated 5th March 1889:-

"The Government will not accept as a charge against Provincial funds travelling expenses consequent on transfer

This shd. be exam'd. in the Fin'l. Dept. — I am not sure what the effect on Prov'l. Funds of the proposed rule (2) will be — we levy a contribution from Munl & Local bodies to meet the salary of the reserve of med'l. subordinates, dont we? Will this cover the charges under amended rule (2)?

transfers made either permanently or for a time by or on the motion of local authorities and within their own circle of administration."

The two exceptions are G.Os.No.1188 F. dated 14th September 1882 and No.548 M. dated 13th April 1891, and the Accountant General states that the first of these orders, which rules that the travelling allowance of medical subordinates posted to new Municipal and Local fund dispensaries must be borne by the Local bodies, is not inconsistent with the Order of March 1889 and may be read as an addition to it, and that the second, which is not so simple, proceeds on the assumption that unless the transfer is made by or on the motion of the Local authorities the debit of travelling allowance shall be against Provincial funds. Mr.Harrison says that if the order of March 1889 were taken as the general rule, with the provisions of the two exceptions mentioned above added as notes to it, the sense of all existing orders on the subject would be secured in one simple general ruling, and he inquires whether this may be done in view of the difficulty complained of.

2. In G.O.No.1188 F.dated 14th September 1882, the Government ruled that the travelling allowance of medical subordinates shall form a charge on Provincial funds, except when posted to new Municipal and Local Fund dispensaries, and in G.O.No.1944 F.dated 22nd August 1884 it was held that the principle of this order cannot be applied to temporary

transfers

x in G.O.No.654 L. dy 18-3-89

transfers made by local authorities. In a later order No.136 F.dated 5th March 1889, the Government decided that it will not accept as a charge against Provincial funds travelling expenses consequent on transfers made either permanently or for a time by or on the motion of local authorities and within their own circle of administration. It was also ruled in G.O. No.548 M.dated 13th April 1891, that medical subordinates employed on relieving duties, such as the posting of an officer in lieu of another ordered to give evidence at Criminal Sessions, shall be regarded as on the reserve staff and that their salary and travelling allowance shall be paid from Provincial funds, provided

(1) that the transfer is a purely temporary one, and

(2) that the Surgeon General either passes the order of transfer or countersigns the bills presented.

3. Instead of adopting the rule in G.O. No.136 F.of 5th March 1889 as the general rule and the rules in G.Os.No.1188F. of 14th September 1882 and No.548 M. of 13th April 1891 as notes to it, as proposed by the Accountant General, it is submitted that it would be better to blend together and issue the two rules contained in the original order No.1188F of 1882 and in order No.136F of 1889 as the first rule, and the rule laid down in G.O.No.548 M.of 1891 as the second. The two rules as revised will then stand as

follow

follows:-

(1) The travelling allowance of medical subordinates shall form a charge on Provincial funds, except when posted to new Municipal and Local Fund dispensaries or when transferred either permanently or for a time by or on the motion of local authorities and within their own circle of administration. ~~and~~

G.O. 1188 M / 14.9.82

G.Os 1944 / 22.8.84 & 654 L / 18.3.89

(2) Medical subordinates employed on relieving duties shall be regarded as on the reserve staff and their salary and travelling allowance paid from Provincial funds, provided

(a) that the transfer is a purely temporary one, and

(b) that the Surgeon General either passes the order of transfer or countersigns the bills presented.

G.O. 528 M / 13.4.91

4. With reference to the inclusion of G.O.No.670 F.dated 4th October 1889 in the list of orders submitted by the Accountant General, he may be informed that the ruling of the Government of India contained in its letter No.4571 dated 5th September 1889, communicated with that order, has been subsequently superseded by letter from that Government No. 161 dated 26th March 1892, communicated with G.O.No.692 M.dated 12th April 1892, so far as medical subordinates are concerned.

Note

In his note dated the 2d instant the Hon'ble Member enquires as to the effect on Provincial funds of the proposed rule rule (2), whether a contribution is levied from Municipal and Local bodies to meet the expenses of the reserve medical Subordinates, and if so, whether this will cover the charge under the proposed rule (2).

It is submitted that the proposed rule (2) will not impose any additional charge on Provincial revenues. The rule is not a new one but is a reproduction of that contained in G.O. 548 M dated 13th April 1891, which is at present in force.

There appears to be no objection to the manner in which it is proposed to consolidate the existing rules in the L & M Deptt. note.

A contribution is levied from Municipal & Local bodies towards the expenses of the reserve medical subordinates, but 15 per cent only of the charges are recovered from those bodies (G.O. No. 2753, Finl., of 3d Decr. 1883 para 2)
