From,

A. W. B. Higgens Esquire,
President, District Board,
Tinnevelly.

To,

The Chief Secretary to Government
Fort St George.

Sir,

Referring to G. O. No. 172 M., Mis: dated 31st January 1896, I have the honor to report that the Srivilliputur Taluk Board expresses its inability, in its present financial condition, to give any donation towards the erection of a building for the municipal hospital at Srivilliputur, but that it is prepared to raise its ~~annual~~ Contribution from 1/4th to 1/3rd of the net Cost; while the Pennington Market Committee states that it is unable at present either to Contribute any donation or raise the annual Contribution above the sum of Rs 500 a year now made to the Municipality.

2. Copies of these proceedings are enclosed.

I have the honor to be,
Sir,
Your most obedient Servant

Dt Bd Dis No. 247.

Dated 30" April 1896.
Received 7th May 96
Enclosures 2

SUBJECT.

Reporting that the Srivilliputur aluk Board expresses its inability to ive any donation towards the erection f municipal hospital at Srivilliputur ut that it is prepared to raise the contribution ; while the Pennington market ommittee is unwilling ~~for both~~ to do either.

LOCAL AND MUNICIPAL DEPARTMENT.
Again G.O. no. 172 m. dated 31st January 1896.

Current No. 1364. A. M.

From

The President. District Board, Tinnevelly.

FOR ORDERS.

Please see the notes and orders in G.O. No 172 M dated 31st January 1896.

2. Neither the ~~District~~ Taluk Board nor the Pennington market Committee is willing to contribute towards the cost of constructing the hospital — building. The ~~District~~ Taluk Board, however, agrees to increase its annual contribution on account of the maintenance charges of the hospital from one-fourth to one-third of the net expenditure; but the market committee pleads inability to enhance its share.

3. The new hospital building is estimated to cost Rs 9,000 and a Sum of Rs 2,000 is expected to be realized by the sale of the present hospital premises. The Municipal Council will therefore have to find the —

lance viz. Rs 7,000; and the only way in which it can do this, is by utilizing a portion of the investment of Rs 9,100, in favor of the hospital. At present the interest from this sum which is placed in Govt. securities at 3½ per cents, amounts to Rs 318-8-..; but if Rs 7,000 should be withdrawn, the annual income from interest will fall by Rs 245. The estimated expenditure on the hospital in 1896-97 is Rs 3,010 and the contribution that may now be expected from the ~~District~~ Taluk Board (one-fourth) is about Rs 675 ~~Rs 750~~. Taking it, however, at one third of the net cost ⊗ there will be an increase of Rs 225 ~~450~~ in the receipts; which is only about one half of the loss of revenue in the shape of interest. It is therefore for consideration whether considering the existing state of the municipal finances, a grant of at least half the cost of the building may not be made from Provincial Funds. In this connection attention is invited to H.M.'s notes in G.O. No. 172 M dated 31 January 96.

KR
19.5.96.

The Dt. Bd. has not apparently been asked to subscribe anything. It is not clear why the question was not put by the Presᵗ to the Bd. as the G.O. clearly orders the Presᵗ to move the Local Bds. concerned; the Dt. Bd. is certainly concerned in

1 Read

No. 6

Read papers in connection with the construction of a new building for the hospital.

Read also District Surgeon's letter No. 3753 dated 11th May 1896 to the effect that the Apothecary who occupies a portion of the hospital building may be made to find his quarters outside the building and the rooms vacated by him utilized for purposes of the hospital.

The Council is of opinion that the site by the side of the Thiroomakulam originally proposed is unsuited for the purpose. There are, besides, not sufficient funds for the construction of a new building. It will be enough

enough, the Council thinks, if for the present the present building is extended towards the south by the addition of in-patient wards. It does not seem to the Council desirable that the Apothecary in charge of the hospital should live elsewhere than in the hospital itself. No suitable quarters are available for the Apothecary within a reasonable distance from the hospital.

No. 283 J,

Local & Municipal Dept.
CURRENT No. 1478 M

From
The Chairman
Municipal Council
Srivilliputtur

To
The Chief Secretary to the
Government of Madras
Local & Municipal department

Through The Collector of Tinnevelly

Sir,

With reference to the question of constructing a new building for the Srivilliputtur hospital and to Government Order No. 172 M, Mis. dated 31st January 1896 and Government memorandum dated 3rd June 1896, I have the honor to enclose herein copy of resolution No. 6 dated 8th June 1896 from which it will be seen that this Council is

Enclosure - 1 Copy of Resolution.

is of opinion that a new building for the hospital is not at present necessary.

2 — In the first place no suitable site is available in the town. The site to the north of the Thiruvoma-kulam tank originally proposed is a low lying ground at the western extremity of the town and quite out of easy reach of the people. If an hospital is constructed at this site, it is feared the attendance will materially diminish. Besides the cost of raising the ground to a proper level will be over 1000 Rupees. The site on which the present hospital building stands appears to have been originally chosen on a careful consideration of all the circumstances.

It

It is in the centre of the town and people can go there without fear at all hours of the day (day and night).

3 — In the second place the Srivilliputtur Taluq Board to whom application was made for help have expressed their inability to contribute anything towards the construction of the building. The Pennington Market Committee also have expressed their inability to spare money for the above purpose. In the absence of contribution from these bodies, the donation which the Government may be pleased to make may, in all likelihood, not be sufficient to enable the

Council to undertake this costly work.

4 — In the third place, the present building may be made to suit all purposes by the erection of additional in-patient wards in the vacant site to the south of the hospital which can be secured at a moderate cost. The Apothecary who occupies a portion of the building may, as suggested by the District Medical and Sanitary Officer, be required to find quarters outside the Hospital Compound for him, but the Council is of opinion that he should reside within it.

5 — Lastly this infant

Municipality

Municipality with an income of about Rupees 15,000 a year can ill afford (at least for some years to come) to spend about Rupees 15,000 on this undertaking. (No estimate has been framed by Local Fund Engineer who requires the Council to make its own arrangements for the preparation of the plans and estimates). Even if credit is taken for the funded capital of the institution Viz. Rs 9,100 (whose interest forms an item of the income of the Municipality) and the sale proceeds of the present building about Rs 2,000, the Council will still have to find some Rupees 4,000.

Even this will be a heavy burden on the Municipality in its present financial condition.

I have the honor to be,
Sir,
Your most obedient servant,

Chairman Delegate

a/10.8.96/

LOCAL AND MUNICIPAL DEPARTMENT.

in G.O., dated 189 , No.
Current No. 1364. A.M. of 1896, dated 30th April — from the President, District Board, Tinnevelly
Current No. 2143. M. of 1896, dated 16th July — from the Chairman, M.C. Srivillipputtur.

FOR ORDERS.

Please see the notes and orders on the first of the currents read above, and the Government memorandum 620 A., dated 3rd June 1896 issued thereon.

2. In reply to this memorandum, the Chairman now states in the second current that no plans and estimates for the construction of a new hospital building at Srivillipputtur have been prepared by the Local Fund Engineer, who requires the council to make its own arrangements for the purpose. He also submits a copy of the municipal council's resolution in which the council expresses its opinion that owing to want of funds and the difficulty of securing a suitable site for the construction of a new building is not at present necessary, and that it will be

sufficient if the present building is extended towards the South by the addition of in-patient wards. The Collector, however, adheres to the opinion that a new building is desirable, but regrets that it is apparently necessary to postpone the execution of the project. The financial difficulty, can, however, be got over by the Government making a grant of one-third of the cost of the building as already proposed and by approving the expenditure for this purpose of about Rs 8000 out of the investment of Rs 9100 in favour of the hospital.

V.R.
11/8/96

A. M. proposed to make a grant of Rs 3000. With this help the Munl. ought to be able to build a new hospital, as shown in the previous note. It is however impossible to say ~~say~~ know definitely until the exact amount that it will cost is known. The standard plans for hospitals are not yet ready, but the San. Engr. might be asked to submit an approximate estimate, or else the Presd. Dt. Bd. might be asked to call on the Dt. Bd. Engineer for an estimate. The Collector seems to think

1364. A.
2143. M

a new hospital very desirable, & all inspecting officers have condemned the present site & building (please see flag A in G.O. 172 M. of 31-1-96)

WWD
17.8.96

There seems no reason why the Municipality should not build a new hospital. They can get certainly 13000 rupees which ought to provide a very decent building. Adding to the existing hospital would only be throwing away money. The site has been distinctly condemned and the hospital ought evidently be moved.

HO
21/8/96

× Funded money say Rs 8000 + Govt. grant 3000 + value of site 2000

Yes — The Mil. may be told that Govt. will give Rs 3000

HS
25/8/96

Order. No. 1482 Munl. dd 2/9/96

As the site of the present hospital has been repeatedly condemned, it would be a mere waste of money to make any additions to ~~it~~ the existing building. The Govt. is therefore of opinion that a new hospital on a new site should be built, & ~~that~~ is willing to contribute Rs 3000 towards its cost. The Council should now have plans & estimates for a new ~~building~~ hospital prepared & submit proposals for building the same ~~It will have Rs 13000 available~~ (from orders) about
