Sir,

In forwarding the enclosed letter from Mr Gooch, I have the honor to say that I deeply regret the decision of Government refusing sanction to the requisition of land for a Municipal Office in Anakapalli. The present Office needs but to be seen to be condemned, and I feel assured that the Collector will himself agree with the expressed opinion of every Head Assistant, when he examines the present building. There is no place available for storing carts

NOTIFICATION.

Under Section 6, Act I of 1894, the Right Honorable the Governor in Council hereby declares that the land mentioned in the following Schedule and measuring acres *78*, be the same a little more or less, is needed for a public purpose, to wit, for *the building of a Municipal office*; and, under Sections *8* and 7 of the same Act, *is* appointed to perform the functions of a Collector under the Act and directed to take order for the acquisition of the said land.

SCHEDULE:

Carts and Municipal vehicles -

Vaccination is carried on in the back verandah of a broken down house, designated by Courtesy, an office: and the records of the Municipality cannot be properly housed in the present quarters. There is every reason on the score of public utility and convenience for a new office: and if matters are fully represented by yourself to the Authorities, I think that Government may be induced to reconsider their decision. I was not aware of the credit of Anakapalli town being so low as not to warrant expectations of a successful loan: and the necessity for a new office becomes only too plain every time I visit the town -

Arrangements were completed
for

for occupying a most convenient site in the centre of the town: and it was held to be very fortunate that any site at all could be obtained. An effectual stopper seems to have been now put on that project; and under the circumstances I can but echo the Chairman's disappointment. Mr. Gooch however proposes to acquire the site from the Municipal funds at present available - I am prepared to help him to the fullest extent, but the matter is one that rests with the Government and is one I can strongly commend to your attention.

I have the honor to state that, apart
altogether from the proposal to
erect a Council Hall as soon as

proposed to be acquired under

is urgently needed for stabling
Conservancy bullocks, storing carts

Subject

Stating that a part
altogether from the question
of at present building a
Municipal Hall the land
therefore is urgently needed
for certain municipal
purposes stated and the
money to pay for same is
available from the actual
closing balance of 1895-96
which is greater than was
estimated.

Forwarded.

It is a pity that my attention
was not drawn to the Municipal
Office building when I was
inspecting the Anknapalli Muni-
cipality, but from the Head
Assess Collector's letter, copy of
which is herewith forwarded,
it will be seen that the acqui-
sition of the land for which
a notification was submitted
is required for other purposes
besides that of building an
office or Town Hall, viz. for
storing Municipal carts
and vehicles, stabling
bullocks, vaccine depot
etc and therefore it might
I think fairly be permitted.
