GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following papers:—

From the Executive Engineer, Kistna Eastern Division, to the Superintending Engineer, II Circle, dated 21st March 1896, No. 5389.

With reference to your No. 940 K.S., dated 27th July 1895, herewith returned, I have the honour to forward a survey of the so-called Ellore harbour which is, as you are aware, a part of the bed of the old tank. The total area of land belonging to the Public Works Department is 5.41 acres, and of this I propose to reserve a strip 100 feet wide along the toe of the bank for deposition of silt when required.

2. The area of this strip is 0.43 acre, so that the net area to be disposed of amounts to 4.98 acres. Of this about half is now fit for building sites, and the local value of such sites varies from 4 annas to 6 annas per square yard, or Rs. 1,200 to 1,800 per acre.

3. The low ground will no doubt be equally valuable when filled in and, on the whole, I think the value of the 4.98 acres may be put down as not less than Rupees 5,000.

4. As you are aware, I have already closed the harbour entrance and re-opened the old sluice to pass off drainage.

5. I have now to request that you will be good enough to obtain orders of Government as to whether the land is to be handed over to the Municipality or otherwise disposed of.

No. 671 K.E.

Forwarded to the Chief Engineer for Irrigation with a recommendation that the land in question comprising 4.98 acres be handed over to the Municipality of Ellore on the condition that they use it in such a manner as to improve the sanitary condition of the town.

This matter has been under consideration for a long time (*vide* paragraph 4 of letter No. 948 K.S., dated 27th July 1895, from the Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department), but it could not be sent on for orders until the receipt of G.O. No. 444 I., dated 19th May 1896.

(Signed) W. L. C. BADDELEY, Major, R.E.,
Superintending Engineer, II Circle.

Office-note from Local and Municipal Department, dated 15th July 1896, C. No. 1918 M.

ORDER—No. 666 I., dated 11th August 1896.

The proposal made by the Superintending Engineer, II Circle, with reference to paragraph 3 (d) of the Sanitary Commissioner's inspection notes embodied in Proceedings of Madras Government, No. 801 M., dated 6th May 1895, is approved and 4.98 acres of land in the Ellore harbour will accordingly be transferred from the Public Works Department to the Ellore Municipality.
