Sir,

In reply to your N^o 3449
29. 11. 95
calling for explanation on
G.O. N^o 2037L para (5) I
24. 10. 95
have the honor to explain that
the late submission of account
was due to:—

1. When I took charge of
the division the greater parts of
the allotments were unspent and
I had to make all necessary
arrangements and expend the
allotments during the last 2
months of the official year. The

transactions for those months were in consequence extraordinary heavy.

2. The whole of the accounts and office generally were in a very confused state: so much so that a special clerk was appointed to put the records in order. He has been five months doing so and is still engaged on that work.

3. Special grants were made for His Excellency the Governor's visit and the works were carried out by various agencies and the accounts in consequence considerably mixed and complicated. These had to be settled and put in order with many other long standing matters left unsettled by the late Engineer.

4. The Assistant Accountant at this critical time fell sick and had to go on leave from March to June and his place was taken by an untrained substitute.

5. The Inspector of Accounts

most unfortunately arrived in the beginning of May and threw back the work considerably.

for the receipt of the accounts
from the Taluk Officers is the

mit my report without the
Engineer's accounts I had

shall however see that such
delay does not recur in
future.
