No. M., July 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From M.R.Ry. C. ADIKESAVULU NAYUDU Garu, B.A., B.C.E., Ex-Officio Chairman, Municipal Council, Cuddapah, to the Chief Secretary to Government (through the Collector of Cuddapah), dated 22nd June 1896, No. 700.

I have the honour to submit the administration report of the Cuddapah Municipality for the official year 1895–96 with the prescribed statements and the report of the District Medical and Sanitary Officer, Cuddapah, on the working of the municipal hospital.

I.—Constitution of the Council.

2. The council consists of ~~twelve~~ elected and four nominated councillors including the ex-officio councillor, the Revenue Divisional Officer. It had the full complement of its members at the commencement of the year under report. Seven vacancies occurred during the year—five among the elected and two among the nominated councillors—, and all of them were duly filled up, so that the maximum strength of the council existed at the close of the year. The five elective seats were filled up, three uncontested and two keenly contested. In the two contested elections 224 out of 362 voters went to poll. The total number of registered voters in the municipality was 796.

3. The first four months of the year the office of Chairman of the Council was held by the late M.R.Ry. C. Chellayya Pillai Avargal, B.A., B.L., an elected non-official councillor, who died on the 31st July 1895. The next day I, as the Revenue Divisional Officer and ex-officio councillor, assumed charge of the office and was eventually elected Chairman on the 26th of August 1895.

4. Twenty-five meetings were actually held during the year against 29 in the previous year, the average attendance of councillors thereat being two officials and five non-officials against one and six respectively in the previous year. Three meetings were adjourned for want of quorum against six in the previous year. Compared with the previous year the attendance of the official councillors improved, while that of the non-officials showed a slight decline.

II.—Receipts.

5. The following is an abstract of the total receipts of the municipality for the year under report as compared with the revised estimates for the year and the actuals of the previous year :—

—	Actuals, 1894-95.	Actuals, 1895-96.	Revised estimate, 1895-96.
	Rs.	Rs.	Rs.
Opening balance	7,730	6,445	6,450
(*a*) Municipal rates and taxes—			
Tax on Arts	3,875	4,005	3,910
Tax on buildings and lands including water-tax	15,696	14,627	14,890
Tax on vehicles, carts and animals ..	2,080	1,959	2,020
Tolls	7,841	8,077	8,110
Total income from taxation ..	29,492	28,668	28,930
(*b*) Realizations under Special Acts	145	25	40
(*c*) Revenue derived from municipal property and powers apart from taxation ..	9,566	11,615	10,870
(*d*) Grants and contributions	5,948	5,698	5,820
(*e*) Miscellaneous including extraordinary and debt heads	3,059	5,196	2,670
Total receipts ..	48,210	51,202	48,330
Grand total including opening balance ..	55,940	57,647	54,780

The year opened with a balance of Rs. 6,445, irrespective of which the receipts for the year amounted to Rs. 51,203 against the revised estimate of Rs. 48,330 and the actuals of the previous year, to wit, Rs. 48,210. Compared with the previous year, there was an increase of Rs. 3,000 in the current receipts which appears mainly under revenue derived from municipal property and powers apart from taxation, advances and other miscellaneous items of revenue. The variations under the several heads are noticed below.

A.—Receipts from Taxation.

Tax on Arts.—As in the previous year, this tax was revised and levied on the first seven classes of schedule (A) of the Act. The number of assessees under all the six classes, excepting the first under which no persons were, as usual, taxed, was 709 against 702 in the previous year as detailed below :—

	1895-96.	1894-95.
Class I	..	..
„ II	10	3
„ III	24	32
„ IV	63	89
„ V	187	188
„ VI	390	350
„ VII	35	40
Total ..	709	702

The original current demand of this tax for the year was Rs. 4,409 against Rs. 4,144 in the previous year; but, owing to a general failure in trade especially of some of the merchants assessed to the tax under Classes III and IV, the council had to grant remissions on appeal to the extent of Rs. 274 against Rs. 156 in the previous year, so that the net current demand for the year amounted to Rs. 4,135 against Rs. 3,988 in the previous year. Seventy-one appeals were preferred against the imposition of this tax and all of them were disposed of before the close of the year. In 31 cases the tax was confirmed, in 27 it was reduced and in 13 it was remitted. The current collections of this tax amounted to Rs. 3,837 against Rs. 3,610 in the previous year, and Rs. 209 were written off the accounts as irrecoverable. Out of the arrear demand of Rs. 361, Rs. 167 were collected and Rs. 194 written off as irrecoverable. The balance outstanding at the close of the year was therefore Rs. 89, whereof Rs. 50 were due by Messrs. Parry and Co., Madras, for their trade at Cuddapah. As they have declined to pay the tax to this municipality on the ground that they have already paid it in another municipality, notwithstanding that the other, municipality served upon them the notice of demand long after the service of similar notice by

this municipality, the council has ordered the institution of a civil suit against them for the recovery of the dues. Out of the balance still remaining, a sum of Rs. 21 has been since collected.

Tax on Buildings.—The principles on which this tax was levied remained the same as in the previous year; but as already stated in the report for the previous year nearly half the number of houses in the municipality are either ruined houses deserted by the owners or houses, the taxes on which the owners are too poor to pay, or thatched or tiled huts, whose annual rent value falls below the minimum prescribed by the Act. Houses, the taxes upon which were in the previous year written off the accounts under section 51 of the Act or by reason of their being ruined and owner-less had to be removed from the demand and the original current demand of the tax thus amounted to Rs. 10,055 against Rs. 10,201 in the previous year. Excluding the remissions Rs. 60 granted by the council on appeal, the net current demand amounted to Rs. 9,995 against Rs. 10,142 in the previous year. Including the one pending disposal at the close of the previous year, 99 appeals preferred against the imposition of this tax were disposed of during the year. The tax was confirmed in 46 cases reduced in 36 and remitted in 17. The current collections of this tax amounted to Rs. 9,712 against Rs. 9,645 in the previous year. Rs. 51 were remitted on account of vacant houses and Rs. 42 were written off as irrecoverable. Out of the arrear demand of Rs. 478, Rs. 302 were collected, Rs. 13 remitted and Rs. 86 written off the accounts. Including arrears and current the balance outstanding at the close of the year amounted to Rs. 264 against Rs. 909 in the previous year. Rs. 103 of the balance has since been collected.

Tax on Lands.—This tax was, as usual, levied at As. 4 per acre on an estimated annual rental of Rs. 3-8-0. The current and arrear demand of this tax for the year amounted to Rs. 519, whereof Rs. 430 were collected leaving at the close of the year a balance of Rs. 89 against Rs. 320 in the previous year. Rs. 31 of the balance have ...ce been collected. The remaining Rs. 58 are ascertained to be irrecoverable ...d will be written off the accounts.

Water-tax on Buildings and Lands.—This was, as usual, levied at 3 per cent. of ...e annual rent value. Out of the net current demand of Rs. 4,084, Rs. 3,952 were ...llected, Rs. 20 remitted and Rs. 18 written off the accounts as irrecoverable, and out ... the arrear demand of Rs. 315, Rs. 228 were collected, Rs. 5 remitted and Rs. 35 ...itten off as irrecoverable, so that the total current and arrear balance of the tax at ...e close of the year amounted to Rs. 141 against Rs. 315 in the previous year. ...s. 53 of the balance has since been collected.

Tax on Vehicles, Carts and Animals.—The total collection of this tax amounted ... Rs. 1,960 against Rs. 2,081 in the previous year.

Tolls.—Tolls were, as usual, levied at the maximum rates specified in schedule D ... the Act and leased out for Rs. 8,110 against Rs. 8,010 in the previous year. Includ-...g the arrear balance of Rs. 167, Rs. 8,077 were realized during the year and the ...lance Rs. 200 has also been since collected. Excluding the cost of repairs to the ...ll-gates during the year, the net income from tolls amounted to Rs. 7,964 against ...s. 7,771 in the previous year.

For the collection of several taxes 355 warrants were issued during the year. ...dding to this, the number of unexecuted warrants of the previous year, the total ...mber for disposal was 384, whereof 364 were executed or cancelled within the year ...d 20 remained unexecuted at the close of the year. In four cases property was ...strained, but in no case was it sold. The number of prosecutions instituted for failure ...pay taxes was 44 and all of them were disposed of before the close of the year.

Incidence of Taxation.—The total income from taxation being Rs. 28,668 includ-...g tolls and Rs. 20,591 excluding tolls, the average incidence of municipal taxation ...as Rs. 1-10-4 in the former and Rs. 1-2-11 in the latter against Rs. 1-11-1 and ...s. 1-3-11 respectively in the previous year.

(*b*) *Realizations under Special Acts.*—A sum of Rs. 25 was realized as license ...es for the erection of a pandal for theatrical performances.

(*c*) *Revenue derived from municipal property and powers apart from taxation.*—The total receipts under this head amounted to Rs. 11,615 against Rs. 9,566 in the previous year, the difference being the net result of the enhanced collections under

(1) "Sale-proceeds of old materials," (2) "Fees from educational institutions," "Sale-proceeds of medicines", (4) "Income from market and slaughter-houses," "License, cart-stand and other fees," (6) "Fines under Municipal and other Acts," (7) "Interest on educational investments" counterbalanced by less receipts under "Rent of lands", "Avenue receipts", "Fees from travellers' bungalow," "Conservancy receipts" and "Interest on medical investments" as shown in Statement

Rent of lands.—A sum of Rs. 9 was realized as rent for the municipal grounds occupied from certain shopkeepers against Rs. 13 in the previous year, the difference being due to one of the shopkeepers having closed his shop.

Avenue receipts.—A sum of Rs. 13 was realized during the year by the sale of avenue clippings against Rs. 40 in the previous year.

Fees from Travellers' Bungalow.—The collections under this head amounted to Rs. 174 against Rs. 233 in the previous year. This is a fluctuating item.

Conservancy receipts.—The sale-proceeds of night-soil and street sweepings amounted to Rs. 325 against Rs. 350 in the previous year, the decrease being due to want of competition.

Fees from Educational Institution.—The school-fee collections for the year amounted to Rs. 3,425 against Rs. 3,015 in the previous year, the increase being due to increase in the strength of the municipal high and primary schools during the year.

Income from markets.—The collection of market fees was leased out for Rs. 3,360 against Rs. 3,360 in the previous year. Including the arrear balance of Rs. 87 the amount to be realized during the year was Rs. 3,687, but the actual receipts amounted to Rs. 3,705, the difference being due to interest on overdue kists collected during the year.

Income from slaughter-houses.—The collection of fees in the slaughter-houses was also leased out for Rs. 1,644 against Rs. 1,520 in the previous year. Including the arrear balance of Rs. 254, the total amount realized during the year was Rs. 1,8 against Rs. 1,270 in the previous year.

License fees.—The income realized under this head amounted to Rs. 544 against Rs. 354 in the previous year, the increase being due to advance payment of fees for carrying out offensive and dangerous trades having been insisted upon as also to collection of the arrear balance.

Cart-stand fees.—The collection of fees in the municipal cart-stands was leased out for Rs. 189, and, including the arrear balance Rs. 196, the total amount to realized during the year was Rs. 385, whereof Rs. 227 were collected during the y and a civil suit instituted for the recovery of the remainder, which is pending d posal.

Fines under Municipal and other Acts.—The receipts under this head amounted Rs. 484 against Rs. 333 in the previous year, the increase being due to the stea application of the sanitary provisions of the Act to prevent the committal of nuisanc The number of prosecutions instituted during the year for nuisances and oth offences was 158, all of which were disposed of before the close of the year.

Interest on investments.—The interest on H. G. Smith's Prize endowme attached to the municipal high school due for the year 1894–95 was received duri the year as also the interest due on the Jubilee Prize endowment amounting in to Rs. 98 against the revised estimate of Rs. 140, the difference being due to t interest on the Smith's Prize endowment for 1895–96, the year under report, having been received before the close of the year. A sum of Rs. 377 was receiv during the year as interest on the hospital endowment fund against Rs. 458 in t previous year, the decrease being due to the reduction of interest on Governme securities from 4 to $3\frac{1}{2}$ per cent.

(*d*) *Grants and Contributions.*—Including the arrear balance of Rs. 608, the tot grants received during the year towards the net cost of the high school department the municipal high school and the normal stipends amounted to Rs. 3,098, a sm balance of Rs. 162 being still due. The grant from Government of Rs. 74,2 sanctioned for the drainage works was not required for expenditure during the year.

The usual contribution of the district board towards the cost of the municipal hospital, Cuddapah, was received during the year, as also a private contribution of Rs. 100 towards the cost of extension of water-supply to Nakash.

B.—Miscellaneous Receipts.

(*e*) *Private Scavenging Fees.*—The total demand of the fees, including the arrear balance, for the year amounted to Rs. 1,458 against Rs. 1,104 in the previous year, and the total collections to Rs. 1,254 against Rs. 746 in the previous year. Rs. 188 were written off the accounts as irrecoverable and a balance of Rs. 16 was outstanding at the close of the year, whereof Rs. 9 has since been collected. The payment of the fees in advance is being insisted upon.

Other purposes.—In reference to the instructions conveyed in G.O., No. 1040 M., dated 28th June 1895, Rs. 1,261, the total amount of deposits by parties for pipe-laying and other works, has been transferred to the credit of municipal funds, and is to be accounted for separately.

Other items.—The sum of Rs. 36-12-3 received under refunds of expenditure of previous year and under other items are detailed below:—

	Rs.	A.	P.
Refund of undisbursed amounts out of previous year's expenditure.	2	10	9
Recoveries from parties for work done and paid for in the previous year	31	6	1
Cost of a copy of election rules	0	3	5
Cost of tender forms	1	0	0
Unclaimed deposits credited to municipal fund	1	8	0
Total ..	36	12	3

Extraordinary and Debt.—A sum of Rs. 513 was realised as interest on water-works sinking fund for the year against Rs. 533 in the previous year.

Advances recovered.—The sum of Rs. 2,131 received under this head was as detailed below:—

	Rs.	A.	P.
Refund of the unspent balance out of Rs. 2,030 advanced to the Accountant-General in 1894–95 for investment in Government securities on account of water-works sinking fund for the year	103	10	10
Value of Government securities purchased as per account of water-works sinking fund for the year	1,926	5	2
Value of attendance registers supplied to the inspecting school-master for sale in the previous year	4	4	0
Process fees advanced in the previous year recovered ..	9	8	0
Irrecoverable items of process fees advanced in the previous year written off and adjusted in the account	86	14	0
Total ..	2,130	10	0

III.—Expenditure.

6. The following is an abstract of the total expenditure for the year under all grants as compared with the revised estimates for the year and the actuals of the previous year:—

—	Actuals, 1894–95.	Actuals, 1895–96.	Revised estimate, 1895–96.
	Rs.	Rs.	Rs.
Grant I, Public Works	10,948	10,939	10,410
,, II, Education	9,757	10,105	10,090
,, III, Sanitation and Medical Service ..	15,375	15,138	15,500
,, IV, Lighting and Miscellaneous Purposes.	3,911	4,014	3,970
,, V, Supervision and Management	3,874	3,721	3 770
Repayment of Debt, &c.	5,630	7,245	6,500
Total Expenditure ..	49,495	51,162	50,240

The total expenditure was in excess of the previous year's figure by [illegible] the increase appearing chiefly under Grants II and IV relating to ed[illegible] lighting and miscellaneous purposes, respectively, and under repayment of [illegible]

7. *Grant I, Public Works.*—The total outlay on public works, including [illegible] of establishments, tools and plant and contingencies, amounted to Rs. 10,[illegible] Rs. 10,948 in the previous year.

New Works—Communications.—No new roads were laid out during [illegible] but the allotment of Rs. 210 under this head was utilised for the construc[illegible] culvert near Magdoom Hussain's masjid.

Buildings.—A sum of Rs. 953 was spent under this head against the [illegible] estimate of Rs. 810 and the actuals of the previous year Rs. 314. The amo[illegible] utilised for the construction of a science room for the high school, a verandah [illegible] of the travellers' bungalow, stalls in the market, a compound wall around [illegible] stand at Nimmanna chattram and a few temporary latrines during Moharam as [illegible] in Statement II-A, Part I.

Drainage.—The budget allotment of Rs. 74,270 for drainage works [illegible] municipality was not required for expenditure during the year. It was accor[illegible] struck off. The sum of Rs. 248 spent under this head was for the construc[illegible] masonry drain in Bommanvadi.

Water-supply.—A sum of Rs. 716 was expended during the year for the [illegible] sion of water-supply to Agadi and Nakash, as also for fixing a fountain. Rs. 3,[illegible] at Masapet as detailed in Statement II-A, Part I, against the revised [illegible] Rs. 700 and the actuals of the previous year Rs. 1,498.

Repairs—Communications.—As detailed in Statement II-A, Part II, a sum [illegible] Rs. 3,851 was utilised for repairing the several roads and streets in the municipal[illegible] against the revised estimate of Rs. 3,800 and the actuals of the previous year amounti[illegible] to Rs. 3,854. The total length of roads and streets repaired during the year w[illegible] $4\frac{1}{4}$ miles, whereof $2\frac{3}{4}$ miles were metalled and $1\frac{1}{2}$ miles gravelled. As in the previc[illegible] year, repairs to roads were carried on contract system under the supervision of t[illegible] Chairman and the ward councillors. A gang of coolies was also entertained at a co[illegible] of Rs. 635 for doing patch-work on roads. A large number of side streets and lan[illegible] which were in a neglected state, were repaired and improved during the year. T[illegible] roads have been as far as possible maintained in good order. A few of the main roa[illegible] which required metalling could not from want of funds be taken on hand during t[illegible] year. They are receiving attention in the current year. The proportion borne [illegible] the total outlay on roads, both new works and repairs, to the net income from to[illegible] during the year was a little more than 50 per cent. as in the previous year.

Buildings.—For repairing the buildings attached to the municipal hospit[illegible] slaughter-house, travellers' bungalow, market, primary school and the toll-gates, a su[illegible] of Rs. 1,060 was spent during the year against the revised estimate of Rs. 1,070 ar[illegible] the actuals of the previous year, to wit, Rs. 682. More than a third of t[illegible] expenditure under this head was incurred in repairing the hospital assistan[illegible] quarters, cholera shed, dead house, kitchen, latrines and other buildings attached [illegible] the municipal hospital, and for want of funds, repairs to the contagious shed, vacc[illegible] nation shed and a few other buildings attached to the hospital had to be postponed [illegible] They are now being attended to.

Water-supply—Repairs to Works, Machinery and Contingencies.—The total expen[illegible] diture under this head amounted to Rs. 1,728, as detailed below, against the revise[illegible] estimate of Rs. 1,500 and the actuals of the previous year Rs. 1,936:—

	Rs.	A.	P.
Cleaning wells in Agadi and Sayipet	83	5	1
Repairing leakages in main and branch pipes	46	14	0
Do. stand pipe in cart-stand	90	7	0
Repairs to machinery, &c.	256	3	0
Cost of fuel for engines, &c.	1,075	0	0
Cost of oil and other contingencies	175	14	0
Total ..	1,727	11	1

Miscellaneous Public Improvements.—Some of the stalls of the municipal market, which were a little too high and inconvenient, were lowered and the silt, &c., in the market removed at a cost of Rs. 125.

Water-supply Establishment.—As an addition to the water-works establishment, which consisted of an overseer, a driver, a fireman, two engine coolies, and a peon, at a cost of Rs. 1,430 per annum, a fitter on Rs. 8 per mensem was sanctioned for the year under report. The cost of establishment amounted therefore to Rs. 1,508 against the budget estimate of Rs. 1,530 and Rs. 1,476, the actuals of the previous year.

Public Works Establishment.—The cost of establishment maintained for public works amounted to Rs. 523 against Rs. 530 in the previous year.

8. *Grant II, Education.*—The total expenditure on education amounted to Rupees 10,105 against the revised estimate of Rs. 10,090 and the actuals of the previous year Rs. 9,757.

Training Schools.—As proposed in the budget for the year under report, the headmaster of the municipal primary school, a Matriculate, and the inspecting schoolmaster of the municipality, a Lower Secondary man, underwent training. The stipends paid to them from the municipal funds amounted to Rs. 131 and a further sum of Rs. 45 was paid as stipends to a few of the result schoolmasters in the municipality trained in the sessional school held by the District Board, Cuddapah, for a Cost of [illegible] months in the town, so that the total amount of stipends paid during Cost considered [illegible] 176 against the budget estimate of Rs. 190.
Uncl[illegible] ...ppointed to rely [illegible] the year under report the council had, under its manage-

...unicipal Schools.—In [illegible]ary system and five primary schools on salary-result [illegible]ne high school on sal[illegible] these schools on the 31st of March 1896 and their [illegible]. The strength of each of [illegible]w:—
[illegible]ge attendance were as shown belo[illegible]

	Boys.	Girls.	Average attendance.
1. Municipal high school	134	1	95
2. Municipal primary school, Hindu department.	137	20	101
3. Do. Muhammadan do. ..	110	..	76
4. Muhammadan primary school, Agadi	19	9	24
5. Paraiya school, Yerramukkapalli	29	3	22
6. Hindu primary school, Sayipet	35	7	28
Total ..	464	40	256

[illegible] these five schools on salary-result system, the one at Sayipet was newly opened [illegible]uring the year. The strength and the average attendance of each of the other four [illegible]chools compared favourably with the corresponding figures in the previous year.

Salary Schools.—The cost of establishment of the municipal high school on [illegible]alary system amounted to Rs. 6,585 against Rs. 6,696 in the previous year. It was [illegible]s than the budget estimate by Rs. 705, the decrease being due to the first assistant's [illegible]ce having been vacant for more than eight months during the year. A sum of [illegible]. 389 was spent for contingencies of the school against the budget estimate of [illegible]. 390. The strength of the high school on the 31st of March 1896 was 134 boys [illegible]d girl one against 120 boys and one girl on the corresponding date in the previous [illegible]year, the average attendance being 95 against 56. From this school 11 pupils went up [illegible]or the Matriculation and 15 pupils for the Lower Secondary examination during the [illegible]year and 2 of the former and 11 of the latter passed against 2 and 6, respectively in the previous year.

Salary-result Schools.—Including Rs. 177, the pay of the drawing master entertained during the year for the municipal and aided schools in the municipality, the cost of establishment maintained for the five schools managed by the council on salary-result system amounted to Rs. 1,484 and their contingencies to Rs. 127, against the budget estimate of Rs. 1,300 and Rs. 150, and the actuals of the previous

year amounting to Rs. 1,120 and Rs. 227 respectively. All the schools were examined for result grants and they earned Rs. 448 against Rs. 471 in the previous year. The results at the examination were as detailed below :—

	Number examined.		Number passed.	
	1894-95.	1895-96.	1894-95.	1895-96.
Fourth Standard	24	28	12	21
Third do.	43	27	25	19
Second do.	29	2 30	24	2 24
First do.	24	3 43	18	2 32
Infant do.	24	3 55	13	3 34
Total ..	144	183 8	92	130 7

Out of 183 +8 pupils presented for examination 130+7 passed against 144 and 92, respectively, in the previous year. The total strength of the five schools on the 31st of March 1896 was, as shown above, 369, and their average attendance of the [illegible] schools and the results achieved at the examination during the year [illegible] improvement over the previous year. The total cost of maintaining the primary schools during the year amounted to Rs. 9,210; but deducting Rs. 3,600 fee collections, interest on educational investments and the provincial grant for the during the year amounting in all to Rs. 6,621, the net cost to municipality [illegible] Rs. 2,589 against Rs. 2,309 in the previous year.

Result Grants.—At the commencement of the year, there were nine result schools in the municipality. Five new schools were opened, but three of them were closed during the year, so that there remained, at the close of the year, eleven schools with a strength of 431 boys and 16 girls. Two hundred and sixteen pupils were examined for the result grants and 154 of them were found qualified. They earned a grant of Rs. 478. Including the arrear grant paid during the year, Rs. 519 were disbursed for result grants against Rs. 525 in the previous year. The result grants were paid at the maximum rates.

Inspection.—For the inspection of the Hindu result schools in the municipality there was, as in the previous year, an inspecting schoolmaster on Rs. 15 per mensem working under the direct supervision of the Sub-Assistant Inspector of Schools, Cuddapah Range. His pay and contingencies amounted to Rs. 167 against Rs. 163 in the previous year. For the inspection of the Muhammadan result schools the usual contribution of Rs. 90 was paid to the district board and their inspecting schoolmaster inspected the schools, his work being supervised by the Sub-Assistant Inspector of Muhammadan Schools, Central Circle. No expenditure was incurred during the year on account of the building and other grants and for gymnastic apparatus. A gymnastic instructor was entertained for the common gymnasium and paid at Rs. 10 per mensem. The allotment was fully utilised.

9. *Grant III, Medical Services and Sanitation.*—The total expenditure under this grant amounted to Rs. 15,138 against the revised estimate of Rs. 15,500 and the actuals of the previous year Rs. 15,375.

Hospitals and Dispensaries.—For the year under report the cost of the municipal hospital amounted to Rs. 2,688 for establishment, Rs. 1,706 for medicines and supplies, Rs. 1,102 for diet of patients and Rs. 1,023 for sundries and contingencies, against Rs. 2,700, 1,826, 1,292 and 1,127, respectively, in the previous year. A further sum of Rs. 374 was spent under Grant I for repairs to the several buildings attached to the hospital, so that the total expenditure for the year on account of the hospital amounted to Rs. 6,893. But deducting the district board's contribution (Rs. 2,500), the sale-proceeds of medicines realised (Rs. 141) and the interest on the hospital endowment fund (Rs. 377) amounting in all to Rs. 3,018, the net cost to municipality was Rs. 3,877 against Rs. 4,164 in the previous year.

Vaccination.—As in the previous year, this was worked departmentally. The work of the municipal vaccinator was placed under the direct supervision of the Assistant Surgeon attached to the municipal hospital, who is also a municipal councillor. The total number of cases vaccinated during the year was 454 against 508 and the total number of successful cases 406 against 465 in the previous year. The number of children under one year of age successfully operated on was 254 out of 272 against 132 out of 134 in the previous year. The operations were carried on by means of glycerine paste. The cost of vaccination during the year amounted to Rs. 138 for establishment and 97 for contingencies against 116 and 122, respectively, in the previous year. The average cost of each case successfully operated on was As. 9-3 against As. 8-2 in the previous year. For failure to have children vaccinated, 77 prosecutions were instituted against 47 in the previous year, and in all the cases children were vaccinated within the time allowed by the Magistrate. All possible measures have been and are still being adopted for improving the state of vaccination in the town which is not so satisfactory. In the latter part of the year, a house-to-house search was suggested by the Sanitary Commissioner for Madras and the suggestion was immediately given effect to, but the result was not so very favourable. As far as the search was made, no cases of omissions of vaccination were come across excepting a few cases wherein children from towns and villages outside the municipal limits were found to have come in and they were duly vaccinated. As a matter of [illegible] the unhealthy climate of the place is prejudicially affecting the progress of [illegible]. In many cases children are born in such an emaciated condition that [illegible] considered fit to undergo the operation even after six months of their [illegible]le are generally afraid to have such children vaccinated and very often, [illegible]ices are served upon them, manage to send the children away and thus [illegible]nation. In fact vaccination is looked upon with terror by several of the [illegible]ers and it can be accounted for by their ignorance of the beneficial effects of [illegible]ion.

Vital Statistics.—The number of births and deaths registered during the year is compared below with that in the previous year :—

	1895-96.	1894-95.
Births	411	296
Deaths—		
Cholera	7	4
Chicken-pox	260	294
Fevers	26	33
Dysentery	1	2
Suicide	5	4
Wounds	4	[illegible]
Accidents	2	1
Snake-bite	[illegible]	1
Killed by wild animals	[illegible]26	215
All other causes	—	—
Total ..	531	563

Excluding 45 still-born cases, the number of births and deaths registered during [illegible]he year was 411 and 531 against 296 and 563, respectively, in the previous year. [illegible]s in the case of vaccination a house-to-house search was caused to be made, but the [illegible]esult was that no cases of births or deaths were found to have escaped registration. [illegible]ll necessary precautions were, as in the previous year, taken to render registration [illegible]orrect and complete as far as possible. Thirteen prosecutions were instituted during [illegible]he year, seven for failure to report deaths and six for failure to report births against [illegible]our and seven, respectively, in the previous year. The cost of registration during the [illegible]ear amounted to Rs. 120 against Rs. 119 in the previous year.

Conservancy Establishment.—This continued the same as in the previous year and [illegible]he cost Rs. 4,226 against the estimate of Rs. 4,230 and the actuals of the previous [illegible]year Rs. 4,194.

Other charges.—The cost of removing street sweepings and night-soil amounted to Rs. 2,437 against Rs. 2,527 in the previous year. Twelve carts with tw[illegible]ve pair of bullocks for the removal of sweepings and four pairs of bullocks for the removal o night-soil in the municipal carts were engaged at a monthly cost of Rs. 194 against Rs. 200 in the previous year.

Private scavenging.—The cost of establishment maintained for private scavenging including contingencies amounted to Rs. 987 against the estimate of Rs. 1,080 and the actuals of the previous year Rs. 893. The decrease of Rs. 93 under the estimate was due to one of the four private scavengers whose employment was sanctioned in G.O., Mis. No. 1117 M., dated 13th July 1895, not having been entertained during the year as also to other savings. The extension of the private scavenging service is still a difficulty especially among the Muhammadan community as observed in the report for the previous year. About the close of the previous year, a number of notices were issued to landlords of houses to keep their premises clean and prosecutions were instituted for failure to do so, thus compelling them to apply for the private scavenging service. They applied for the service, but when the prepayment of the fees was insisted upon, a large number of them withdrew their applications and declined to adopt the system. The number of houses served by this agency which was 1,003 at the close of the previous year came down to 900 at the commencement of the year under report. Most of the items had to be written off the accounts as they were actually irrecoverable. In the year under report, by steady and rigid enforcement of the sanitary provisions of the law and by careful supervision of the conservancy establishment, the number of houses served by the private scavenging agency was raised to 959. Necessary measures are being adopted in the current year for further extension of the service, which does not however find general acceptance.

10. *Grant IV, Lighting and Miscellaneous—Lighting.*—For the [illegible] separate of the year this was as usual worked departmentally maintain[illegible]t was then th[illegible] lishment for the purpose at a cost of Rs. 30 per mensem.[illegible]ractor agreed to su[illegible] advisable to work it on contract system under which the [illegible]agreeing to undertake su[illegible] oil, wicks and men to light the lamps, the municipality [illegible] as repairs thereto, where ne[illegible] of lanterns, chimneys, burners and lamp-posts as well as repairs thereto, where ne[illegible] sary. The rate allowed for lighting each lamp was As. 15–10 per mensem. Th[illegible] were 159 lights in the municipality and the number has since been increased [illegible] a few more. The cost of lighting during the year amounted to Rs. 1,892 agai[illegible] the revised estimate of Rs. 1,640 and the actuals of the previous year Rs. 1,290, [illegible]dapted, the case being due to the purchase of [illegible] iron rails for lamp-posts, lanterns, chimne[illegible] and burners at a cost of Rs. 364 [illegible]. Lights were inspected by the Sanitary Inspect[illegible] usual occasionally by the Chairman [illegible] and the councillors..

Muhammadan and Slaughter-house Buildings, Central Markets.—The establishments maintained for the market a[illegible] the slaughter-house of the Muhammadan [illegible] remained the same as in the previous year and the cost there[illegible] including contingencies amounted to Rs. 128 for the former and Rs. 248 for t[illegible] latter against Rs. 118 and Rs. 220, respectively, in the previous year. Besides this, sum of Rs. 621 was spent on account of the improvements and repairs to market an[illegible] was further sanctioned in G.O., detailed in Statement II-A, Parts I and I[illegible] Rs. 142 for repairing slaughter-houses as [illegible]tion.—The [illegible] remained the same as in the previ[illegible]

Travellers' Bungalow.—The establishment continued [illegible] of Rs. [illegible] year. It cost Rs. 120 besides Rs. 12 for contingencies against Rs. 120 and Rs. respectively, in the previous year. A further expenditure of Rs. 452 was incu[illegible] during the year for repairing the bungalow and for constructing a verandah in fr[illegible] of the bungalow, so that the total expenditure on account of the bungalow amoun[illegible] to Rs. 584. Deducting the fee collections which amounted to Rs. 174, the net c[illegible] to the municipality was Rs. 410 against Rs. 70 in the previous year.

Avenues.—The establishment maintained for watering the avenues cost Rs. against Rs. 84 in the previous year, the increase being due to an additional co[illegible] on Rs. 6 per mensem having been sanctioned for the work—*vide* G.O., Mis. No. 1277 dated 6th August 1895. Including Rs. 67 spent for thorns, &c., purchased for fenci[illegible] the expenditure under this head amounted to Rs. 205 against 189 in the prev[illegible] year. The avenues are in good condition.

Public Garden Establishment.—A large number of casuarina and cashew-nut plants were planted at Bugga, and, for watering and looking after them, entertainment of two gardeners on Rs. 6 each per mensem was sanctioned in G.O., Mis. No. 1277 M., dated 6th August 1895. Their pay for the year amounted to Rs. 138. The plants are in good condition.

Fire.—A sum of Rs. 32 was spent during the year on account of establishment maintained for watching and quenching fires occurring in the town and Rs. 87 was spent for contingencies, such as repairs to the fire-engine, &c.

Other Charges.—A sum of Rs. 1,151 was distributed for miscellaneous purposes as shown below:—

	Rs.	A.	P.
Cost of materials and labour for laying pipes	578	13	9
Printing municipal proceedings, voters' lists, &c.	419	2	4
Pay of tom-tom beater, kist on municipal land, cost of tin tickets, cost of sign-boards	51	4	3
Rewards for killing stray dogs	14	9	0
Irrecoverable amount of process fees written off for previous years	86	14	0
Total ..	1,150	11	4

(11) *Grant V—Supervision and Management.*—The total expenditure under this grant amounted to Rs. 3,721 against the revised estimate of Rs. 3,770 and the actuals of the previous year amounting to Rs. 3,874. It is detailed below:—

	Rs.	A.	P.
Office establishment	1,742	4	8
Chairman's conveyance allowance	250	0	0
Collection establishment	724	6	8
Office rent and other contingencies	723	15	3
Contribution to Government for audit establishment	280	0	0
Total ..	3,720	10	7

Repayment of Debt.—For repayment of loan taken from the funded capital of t[illegible] municipal hospital, the annual instalments due for the previous year and the y[illegible] under report and the instalment due for the year under report for [illegible] who ar[illegible] payment of the special loan taken for the completion of the Bugga works amo[illegible] Rs. 579 were paid during the year. A sum of Rs. 4,087 was also inves[illegible] on account of the water-works sinking fund for the previous year and the year under report, and the Government securities purchased were as usual kept in the custody of the Accountant-General. A further sum of Rs. 2,424 was paid during the year on account of interest due to debenture holders.

Advances Recoverable.—The unadjusted advances for the year amounted to Rupees [illegible]-15-0 as detailed below:—

	Rs.	A.	P.
Process fees	35	8	0
Law charges	31	7	0
Total ..	66	15	0

Refunds of other than Current Collections.—The sum of Rs. 59–13–8 spent under [illegible]his head was the interest on Barnett's prize endowment drawn in the previous [illegible]ear and refunded during the year under report as per orders of the Director of [illegible]ublic Instruction, Madras.

IV.—Closing Balance.

(12) Including the opening balance Rs. 6,445, the total receipts for the ye amounted to Rs. 57,647 and the expenditure under all grants including repayment debt amounted to Rs. 51,162. The year closed with a balance of Rs. 6,485 to t credit of the council.

Enclosure.

Administration Report on the working of the Municipal Hospital, Cuddapah, for the official year 1895–96.

Public Health.—The public health of the town during the year under review has bee fair. Malarial fevers prevailed to a lesser extent in the months of October, November and De cember than the previous year. The number of admissions under this disease was 5,377 agains 7,033 in the previous year.

No epidemics prevailed during the year. A few cases of chicken-pox and measles occurred in the latter part of the year, but never assumed an epidemic form.

2. *Vital Statistics.*—The total number of patients treated during the year was 14,605, of which 508 were in- and 14,097 out- patients, showing a decrease of 1,666 out- and an increase of 34 in- patients as compared with the preceding year. The most prevalent diseases were malarial fevers, diseases of the lungs, other diseases of the respiratory system, diseases of the digestive system, spleen, connective tissue and ulcers.

The number of deaths among in-patients was 62. The deaths were chiefly due to the patients being brought to hospital in a moribund state, or in an advanced stage of disease, when medical or surgical treatment was of little or no avail.

3. *Sanitation.*—The general sanitary condition of the town is very unsatisfactory.

The conservancy establishment consists of—

1 Inspector on Rs 25+10 (house allowance) per mensem.
3 Peons on Rs. 7 each per mensem.
3 Peons on „ 6 „ „
1 Maistry on Rs. 8 „ per mensem.
29 Male toties at Rs. 6 each per mensem.
25 Female toties at Rs. 4 each per mensem.

The establishment is quite sufficient for the town. There are four wooden-box carts fo removing the night-soil and one closed cask for removing urine. There are twelve country cart for removing street-sweepings. The conservancy establishment is quite sufficient for the require ments of the town, but the work done by it was very unsatisfactory. The roads, open spaces an corners were very dirty. The want of proper supervision and regular inspections by those i authority caused the establishment to be careless and neglectful.

Latrines.—Ther[illegible] of Rs. 30[illegible] Lights [illegible] in the [illegible] usual conservancy establishment by the Chairman [illegible] the councillors, [illegible] twenty-two are pucka-b [illegible] master inspected the *Slaughter-houses*. There are altogether ~~thirty-six~~ latrines, of which ~~seven~~ are mud-[illegible]d ~~seven~~ made of upright slabs.

General Drainage Scheme.—The town is under survey for the new drainage scheme and is left to be seen whether the health of the town will be improved by it or otherwise.

House Drainage.—There is a cess-pool more or less in every house which is hardly ev cleaned, but generally allowed to overflow. These cess-pools are simply pits dug in the grou and filled with stones and shingles and covered with a slab. This is objectionable, as a gr portion of the cess-pool contents soak into the ground and thus add to the unhealthiness of t locality. I would suggest that all the cess-pools be closed, and the refuse water, &c., fr houses be made to flow into side-drains of the road or street, which could be periodically flush

Water-supply.—Good and abundant from the Buga springs brought into the town thro pipes.

4. *Vaccination.*—The vaccination of the town is carried ~~out by~~ the municipality by second-class vaccinator. The total number of cases vaccinated was 454 during the ye showing a decrease of 54 against the previous year. The work is unsatisfactory. There is proper building or shed for vaccine operations. Vaccination has been carried ~~out~~ in a dilapid shed in the hospital compound.

5. *Hospitals and Dispensaries*—(*a*) *Nature and sufficiency of accommodation.*—The hospital long stone-built building of five rooms with two large wards at either end.

The rooms are used as an office-room, surgery or dispensing room, store-room, a prescri room and medical officer's room.

Each ward is capable of accommodating sixteen patients; at the end of each ward t is a small bath-room.

There are two sheds for male and female patients, which are intended to be used for contagio[illegible] or other such diseases. But they have been in a dilapidated and useless condition since January 1896, and since the 4th January frequent applications were made to the Chairman to get them repaired, but up to date (26th May 1896) nothing has been done. This has necessarily put the work in the hospital to considerable inconvenience.

The out-buildings consist of a block of masonry building consisting of four rooms, which are used as follows:—

One kitchen,
Two lumber rooms, and
One contractor's store-room.

There is a shed at the end of the compound, which is used only for cholera cases. It has a kitchen near it.

There is one long stone-built latrine divided into two portions—one for males and the other [illegible]r females. The accommodation is sufficient.

(*b*) *State of Repair of Buildings, &c.*—The hospital building is in good repair. The two sheds require thorough repair as already stated above.

(*c*) *State of Repair of Furniture.*—The furniture and fittings are in good condition and sufficient.

(*d*) The number of patients treated during the year was 14,605, of which 508 were in- and 14,097 out- patients, showing an increase of 34 in- and a decrease of 1,666 out- patients as compared with the preceding year. The fall in the out-patients was due to the fact that ague was not so prevalent as last year.

(*e*) There were ~~sixty-two~~ deaths amongst in-patients. The causes of the deaths were—

Malarial fevers	4
All other general diseases	10
Nervous system	7
Diseases of lungs	14
Do. of urinary system	2
Do. of generative system	3
Ulcers	2
General injuries	2
Local injuries	2
Dysentery	1
Diarrhœa	2
Other digestive system	10
Skin disease	1
Secondary syphilis	2
Total	62

Most of the deaths were due to the patients being brought to hospital in a moribund state, [illegible] in an advance stage of disease; especially amongst mendicants (Bhairagis) who are generally [illegible]mine stricken.

(*f*) There were ~~seven~~ major operations performed during the year, of which ~~fifty-eight~~ [illegible]ere cured, six relieved, two discharged otherwise, four remaining and no deaths.

(*g*) The establishment is sufficient and efficient.

(*h*) There is an Eurasian and a Native midwife attached to the institution. Only ~~forty-~~ [illegible]ht cases of labour were conducted. The women in the town preferring the native method of [illegible]ivery. The work of the Eurasian midwife is entirely inside the hospital. She is in charge [illegible]the female ward and all the female in-patients. She has charge of all the hospital bedding [illegible]l clothing, and looks after the diets of the female ward. All cases of labour brought to the [illegible]spital are attended by her.

(*i*) There is no dispensary for caste and gosha women in the town.

(*j*) The rainfall during the year was good in both monsoons. The total rainfall registered at the observatory during the year was 33·99 inches, showing a decrease of 3·78 inches under the preceding year. The hospital continues to be popular and well attended by all classes of the [illegible]eople.

Dust-bins.—There are 185 dust-bins, of which 12 are iron moveable and 173 stone.

Private scavengering establishment—

	Rs.
1 Inspector on	15
16 Scavengers at	4
1 Scavenger on	5
	4

The number of houses that were cleaned by the municipal scavengers during the year was 959, showing a decrease of 44 as compared with the preceding year.

There are only eighteen iron receptacles in the latrines for depositing the night-soil. This number is insufficient, and it is desirable that a few more be provided.

Roads.—The main roads are in good repair, but some of the big streets require metalling.

Manure depôt.—The night-soil and the rubbish collected every day are removed and deposited in pits far from the town and disposed of by public auction once a year.

CUDDAPAH,

No 320 Cu Camp Mercara
25.5.96.

Forwarded to the Chairman
Municipal Council
Cuddapah.

2. The increase in the
number of schools &
scholars is satisfactory.
The strength of the Municipal
Hijpschools rose from
120 to 134. This increase
is very small & encouraging.

3. Out of 55 teachers in
the Municipality 16
less than 31 are unpaid
ones. These should be
required to pass at
least the Primary Examination as soon as possible.
The uncertificated teachers
should be required to
qualify for teachers'
certificates at an early date

CUDDAPAH.

To

The Chief Secretary
to Government
Local and Municipal Department
Fort Saint George

Through

The Collector
Cuddapah

Sir,

I have the honor to submit the administration report of the Cuddapah Municipality for the Official year 1895-96 with the prescribed Statements and the report of the District Medical and Sanitary Officer, Cuddapah, on the working of the Municipal Hospital

Constitution of the Council

2. The Council consists of 12 elected and 4 nominated councillors including the Ex. Officio Councillor, the Revenue Divisional officer. It had the full complement of its members at the commencement of the year under report Seven vacancies occurred during the year five among the elected and two among the nominated Councillors, and all of them were duly filled up, so that the maximum Strength of the Council existed at the close of the year. The five elective seats were filled up, three uncontested and two keenly Contested In the two contested elections 224 out of 362 voters went to poll. The total number of registered voters in the Municipality was 796.

3. The first four months of the year the Office of Chairman of the Council was held by the late Mr. R. Ry. C. Chellaya Pillay avergal B.A. B.L, an elected non-official Councillor, who died on the 31st of July 1895. The next day I, as the Revenue Divisional Officer and Ex Officio Councillor, assumed charge of the Office and was eventually elected Chairman on the 26th of August 1895.

4. Twenty five meetings were actually held during the year against 29 in the previous year, the average attendance of Councillors there at being two officials and five non-Officials against one and six respectively in the previous year. Three meetings were adjourned for want of quorum against Six in the previous year. Compared with the previous year the attendance of the official Councillors improved while that of the non Officials showed a slight decline.

Receipts.

5. The following is an abstract of the total receipts of the Municipality

for the year under report as compared with the revised estimates for the year and the actuals of the previous year.

	Actuals 1894-95	Actuals 1895-96	Revised Estimate 1895-96.
Opening balance.	7730	6445	6450
(a) Municipal rates and taxes:—			
Jaxon Arts	3875	4005	3910
Jaxon buildings & lands including water tax	15696	14627	14890
Jaxon vehicles carts and animals	2080	1960	2020
Tolls.	7841	8077	8110
Total income from Jaxation	29492	28669	28930
(b) Realizations under Special acts.	1445	25	40
(c) Revenue derived from municipal property and powers apart from Jaxation	9566	11614	10870
(d) Grants and Contributions	5948	5698	5820
(e) Miscellaneous including Extraordinary and debt heads.	3059	5196	2670
Total receipts.	48210	51203	48330
Grand total including Opening balance.	55940	57647	54780

The year opened with a balance of Rs 6445 irrespective of which the receipts for the year amounted to Rs 51,203 against the revised estimate of Rs 48,330 and the actuals of the previous year, to wit, Rs 48,210 Compared with the previous year, there was an increase of Rs 3000 in the current receipts which appears mainly under Revenue derived from municipal property and powers apart from taxation, advances and other miscellaneous items of revenue. The variations under the several heads are noted below:

A. Receipts from taxation

Jaxon arts:— As in the previous year, this tax was revised and levied on the first seven classes of Schedule (A) of the Act. The number of assessees under all the six classes excepting the first under which no persons were, as usual, taxed, was 409 against 402 in the previous year as detailed below:—

	1895-96.	1894-95
Class I	"	"
II	10	3
III	24	32
IV	63	89
V	187	188

Class VI	390	350
VII	35	40
	709	702

The original Current demand of this tax for the year was Rs 4409 against Rs 4144 in the previous year; but, owing to a general failure in trade especially of some of the merchants assessed to the tax under classes III & IV, the Council had to grant remissions on appeal to the extent of Rs 274 against Rs 156 in the previous year, so that the net Current demand for the year amounted to Rs 4135 against 3988 in the previous year. Seventy one appeals were preferred against the imposition of this tax and all of them were disposed of before the close of the year. In 31 cases, the tax was confirmed, in 27 it was reduced and in 13 it was exempted. The Current Collections of this tax amounted to Rs 3837 against Rs 3610 in the previous year, and Rs 209 were written off as accounts as irrecoverable. Out of the arrear demand of Rs 361, Rs 167 were collected and Rs 194 written off as irrecoverable. The balance outstanding at the close of the year was therefore Rs 89 whereof Rs 50 were due by Messrs Parry and Co, Madras, for their trade at Cuddapah. As they have declined to pay the tax to this Municipality on the ground that they have already paid it in another Municipality, notwithstanding that the other Municipality served upon them the notices of demand long after the Service of similar notices by this Municipality, the Council has ordered the institution of a civil Suit against them for the recovery of the dues. Out of the balance still remaining, a Sum of Rs 21 has been Since Collected.

Tax on buildings:— The principles on which this tax was levied remained the same as in the previous year; but as already stated in the report for the previous year nearly half the number of houses in the Municipality are either ruined houses deserted by the owners or houses the taxes on which the owners are too poor to pay, or thatched or tiled huts whose annual rent value falls below the minimum prescribed by the Act. Houses, the taxes upon which were in the previous year written off the accounts under Section 51 of the Act or by reason of their being ruined and ownerless had to be removed from the demand, and the original current demand of the tax thus amounted to Rs 10,065 against Rs 10,201 in the previous year. Excluding the remissions

Rs 60 granted by the Council on appeal, the net current demand amounted to Rs 9995 against Rs 10,142 in the previous year. Including the one pending disposal at the close of the previous year, 99 appeals preferred against the imposition of this tax were disposed of during the year. The tax was confirmed in 46 cases reduced in 36 and remitted in 17. The current collections of this tax amounted to Rs 9712 against Rs 9645 in the previous year. Rs 51 were remitted on account of vacant houses and Rs 42 were written off as irrecoverable. Out of the arrear demand of Rs 478, Rs 302 were collected, Rs 13 remitted and Rs 86 written off the accounts. Excluding arrears and current the balance outstanding at the close of the year amounted to Rs 264 against Rs 909 in the previous

year). Rs 103 of the balance has since been collected.

Saxon Lands:— This tax was as usual levied at annas 4 per acre on an estimated annual rental of Rs 3-8-0. The current and arrear demand of this tax for the year amounted to Rs 519 where of Rs 430 were collected leaving at the close of the year a balance of Rs 89 against Rs 320 in the previous year. Rs 31 of the balance have since been collected. The remaining Rs 58 are ascertained to be irrecovable and will be written off the accounts.

Water tax on buildings and lands:

This was as usual levied at 3 per cent of the annual rent value. Out of the net current demand of Rs 4084, Rs 3952 were collected Rs 20 remitted and Rs 18 written off the accounts as irrecovable, and, out of the arrear demand of Rs 315, Rs 228 were collected Rs 5 remitted and Rs 35 written off as irrecoverable, so that the total current and arrear balance of the tax at the close of the year amounted to Rs 141 against Rs 315 in the previous year. Rs 53 of the balance has since been collected.

Tax on vehicles, Carts and animals:—

The total collection of this tax amounted to Rs 1960 against Rs 2081 in the previous year.

Tolls:— Tolls were as usual levied at the maximum rates specified in Schedule D of the Act, and leased out for Rs 8110 against Rs 8010 in the previous year. Including the arrear balance of Rs 167, Rs 8077 were realized during the year and the balance Rs 200 has also been since collected. Excluding the cost of repairs to the toll gates during the year the net income from tolls amounted to Rs 7964

against Rs. 7,771 in the previous year.

For the collection of Several taxes 355 warrants were issued during the year. Adding to this, the number of unexecuted warrants of the previous year, the total number for disposal was 384 whereof 364 were executed or cancelled within the year and 20 remained unexecuted at the close of the year. In 4 cases, property was destrained but in no case was it sold. The number of prosecutions instituted for failure to pay taxes was 44 and all of them were disposed of before the close of the year.

Incidence of taxation:— The total income from taxation being Rs 28669 including tolls and Rs 20592 excluding tolls, the average incidence of Municipal taxation was Rs 1-10-4 in the former and Rs 1-2-4 in the latter against Rs 1-11-1 and 1-3-11 respectively in the previous year.

(B) Realizations under Special acts

A Sum of Rs 25 was realized as license fees for the erection of a pendal for theatrical performances.

(C) Revenue derived from Municip. property and powers apart from taxation

The total receipts under this head amounted to Rs 11614 against Rs 9566 in the previous year, the difference being the net result of the enhanced collections under (1) "Sale proceeds of Old Materials", (2) "Fees from Educational institutions" (3) "Sale proceeds of Medicines" (4) "Income from Market and Slaughter Houses" (5) "License, Cart Stand and Other fees" (6) "Fines under Municipal and other Acts and (7) "Interest on Educational investments", Counter balanced by less receipts under "Rent of lands" "avenue receipts" "Fees from Travellers Bungalow" "Conservancy receipts

and Interest on Investments" as shown in Statement I.

Rent of lands:— A sum of Rs 9 was realized as rent for the Municipal ground occupied from certain Shop keepers against Rs 13 in the previous year, the difference being due to one of the shopkeepers having closed his Shop.

Avenue receipts:— A Sum of Rs 13 was realized during the year by the sale of avenue clippings against Rs 40 in the previous year

Fees from Travellers Bungalow:

The collections under this head amounted to Rs 174 against Rs 233 in the previous year. This is a fluctuating item.

Conservancy receipts:

The Sale proceeds of Night Soil and Street Sweepings amounted to Rs 325 against Rs 350 in the previous year the decrease being due to want of Competition.

Fees from Educational institutions

The School fees collections for the year amounted to Rs 3425 against Rs 3015 in the previous year, the increase being due to increase in the Strength of the Municipal High and Primary Schools during the year.

Income from Markets:

The Collection of Market fees was leased out for Rs 3,600 against Rs 3,360 in the previous year including the arrear balance of Rs 87 the amount to be realized during the year was Rs 3,687, but the actual receipt amounted to Rs 3705 the difference being due to interest on overdue kists collected during the year.

Income from Slaughter houses:

XXX The collection of fees in the Slaughter houses was also leased out for Rs 1644 against Rs 1520 in the previous year. Including the arrear balance

of Rs 254, the total amount realized during the year was Rs 1898 against Rs 1270 in the previous year.

License fees: The income realized under this head amounted to Rs 544 against Rs 354 in the previous year, the increase being due to advance payment of fees for carrying out offensive and dangerous trades having been insisted upon as also to the collection of the arrear balance.

Cart Stand fees. The collection of fees in the Municipal Cart Stands was leased out for Rs 189, and, including the arrear balance Rs 196, the total amount to be realized during the year was Rs 385 whereof Rs 227 were collected during the year and a Civil Suit instituted for the recovery of the remainder, which is pending disposal.

Fees from Municipal and Other Acts: The receipts under this head amounted to Rs 484 against Rs 333 in the previous year, the increase being due to the steady application of the Sanitary provisions of the Act to prevent the Committal of nuisances. The number of prosecutions instituted during the year for nuisances and other offenses was 158, all of which were disposed of before the close of the year.

Interest on investments.

The interest on H. G. Smith's Prize Endowment attached to the Municipal High School due for the year 1894-95 was received during the year as also the interest due on the Jubilee Prize Endowment amounting in all to Rs 98 against the revised estimate of Rs 140 the difference being due to the interest on the Smith's Prize Endowment for 1895-96, the

the year under report, not having been received before the close of the year. A sum of Rs 377 was received during the year as interest on the Hospital Endowment Fund, against Rs 458 in the previous year the decrease being due to the reduction of interest on Government Securities from 4 to 3½ per Cent.

D. Grants and Contributions

Including the arrear balance of Rs 608, the total grants received during the year towards the net Cost of the High School department of the Municipal High School and the normal Stipends amounted to Rs 3098, a small balance of Rs 162 being Still due. The grant from Government of Rs 7420 sanctioned for the drainage works was not required for expenditure during the year. The usual contributions of the District Board towards the Cost

28-1-95.

Dr/

of the Municipal Hospital, Kuddapah, was received during the year as also a private contribution of Rs 100 towards the Cost of extension of Water Supply to Nakash.

(E) Miscellaneous.

Private Scavenging fees. — The total demand of the fees, including the arrear balance, for the year amounted to Rs 1458 against Rs 1104 in the previous year, and the total collections to Rs 1254 against Rs 746 in the previous year. Rs 188 were written off the accounts as irrecovarable and a balance of Rs 16 was outstanding at the Close of the year whereof Rs 9 has since been collected. The payment of the fees in advance is being insisted upon.

Other purposes. — In reference to the instructions conveyed in G. O. No 1040 m / 28-6-95. Rs 1261 the total amount of deposits by parties for pipelayings

and other works has been transferred to the credit of the Municipal funds, and is to be accounted for separately.

Other items:— The sum of Rs 36-12-3 received under refunds of expenditure of previous year and under other items are detailed below:

2-10-9	Refunds of undisbursed amounts out of previous years expenditure).
31-6-4	Recoveries from parties for work done and paid for in the previous year.
0-3-5	Cost of a Copy of election rules.
1-0-0	Cost of tender forms.
1-8-0	Unclaimed deposits credited to Municipal Fund.
36-12-3	

Extraordinary and debt— A Sum of Rs 513 was realized as interest on Water Works Sinking Funds for the year against Rs 533 in the previous year.

Advances recovered:— The sum of Rs 2131 received under this head was as detailed below:—

103-10-10	Refund of the unspent balance out of Rs 2030 advanced to the Accountant General in 1894-95 for investment in Government Securities on account of Water Works Sinking fund for the year 1926-5-3 Value of Government Securities purchased as per ds—
4-4-0	Value of attendance register supplied to the Inspecting School Master for sale in the previous year
9-8-0	Process fees advanced in the previous year recovered.
86-14-0	Irrecoverable items of ds written off and adjusted in the account.
2130-10-0	

III Expenditure.

(6) The following is an abstract of the total expenditure for the year under all grants as compared with the revised estimates for the year and the actuals of the previous year.

	Actuals 1894-95	Actuals 1895-96.	Revised Estimate 1895-96.
Grant I Public Works.	10948	10939	10410
" II Education	9757	10105	10090
" III Sanitation & Medical Servic	15377	15138	15500
" IV Lighting & Mis: purposes.	3910	4014	3940
" V Superviam & Management	3873	3721	3740
Repayment of debt &c	5630	7245	6500
Total Expenditure.	49,495	51,162	50,240

The total expenditure was in excess of the previous years figure by Rs 1667, the increase appearing chiefly under Grants II and IV relating to Education and Lighting and Miscellaneous purposes respectively and under Repayment of debt.

Grant I Public Works.

7. The total outlay on Public Works including the Cost of establishments, tools and plant and Contingencies amounted to Rs 10,939 against Rs 10948

in the previous year.

New Works. Communications.—

No new roads were laid out during the year, but the allotment of Rs 210 under this head was utilized for the Construction of a culvert near Maydoom Hussein's Masjid.

Buildings: —— A sum of Rs 953 was spent under this head against the revised estimate of Rs 810 and the actuals of the previous year Rs 314. The amount was utilized for the Construction of a Science room for the High School, a verandah in front of the Travellers Bungalow, Stalls in the Market, a Compound wall around the Cart Stand at Ammiamma Chatram and a few temporary latrines during Moharam as detailed in Statement II Apart I.

Drainage: —— The budget allotment of Rs 7420 for drainage works in the Municipality was not required for expenditure during the

year. It was accordingly Struck off.
The Sum of Rs 248 Spent under this
head was for the Construction of a
Masonry drain in Bonnanawady.

Water Supply. — A Sum of Rs 716
was expended during the year for
the Extension of Water Supply to Agady
and Nakash as also for fixing
a fountain for Madiga at Masapet
as detailed in Statement II A part I.
against the revised Estimate of
Rs 700 and the actuals of the previous
year Rs 1498.

Repairs

Communications: — As detailed
in Statement II A part II, a Sum of
Rs 3851 was utilized for repairing the
Several roads and Streets in the
Municipality against the revised
Estimate of Rs 3800 and the actuals of
the previous year amounting to Rs 3854.
The total length of roads and Street
repaired during the year was

4 3/4 miles where of 2 3/4 miles were
metalled and 1 1/2 miles gravelled.
As in the previous year, repairs to
roads were Carried on Contract
System under the Supervision of the
Chairman and the Ward Councillor.
A gang of Coolies was also entertained
at a Cost of Rs 635 for daily patch-
works on roads. A large number of
side streets and lanes which were
in a neglected state were repaired
and improved during the year.
The roads have been as far as
possible maintained in good order.
A few of the main roads which require
metalling could not, from want of
funds, be taken on hand during
the year. They are receiving attention
in the Current year. The proportion
borne by the total outlay on roads,
both new works and repairs, to the
net income from tolls during the
year was a little more than 50 p.c Cent

as in the previous year.

Buildings:— For repairing the buildings attached to the Municipal Hospital, Slaughter House, Travellers Bungalow, Market, Primary school and the Toll gates, a sum of Rs 1060 was spent during the year against the revised Estimate of Rs 1070 and the actuals of the previous year, to wit, Rs 682. More than a third of the expenditure under this head was incurred in repairing the Hospital assistants quarters, Cholera shed, Dead house, kitchen, latrines and other buildings attached to the Municipal Hospital, and, for want of funds, repairs to the Contagious Shed, Vaccination Shed and a few other buildings attached to the Hospital had to be postponed. They are now being attended to

Water Supply

Repairs to Works Machinery and Contingencies — The total

Expenditure under this head amounted to Rs 1728 as detailed below against the revised Estimate of Rs 1500 and the actuals of the previous year Rs 1936.

83-5-1 Clearing wells in Aggy & Sayipet
46-14-0 Repairing leakages in main & branch pp.
90-7-0 — do — standpipe in Cart Stand
256-3-0 Repairs to Machinery &c
1075-0-0 Cost of fuel for Engines &c.
175-14-0 Cost of oil and other Contingencies
1727-11-1

Miscellaneous Public Improvements:—

Some of the stalls of the Municipal Market which were a little too high and inconvenient were lowered and the Silt &c, in the market removed at a Cost of Rs 120.

Water Supply Establishment

As an addition to the Water Works Establishment which consisted on an overseer, a Driver, a Foreman, two Engine coolies, and a peon, at a Cost of Rs 1430 per annum, a fitter on Rs 8 pr mensem

was sanctioned for the year under report. The Cost of Establishment amounted therefore to Rs 1508 against the budget estimate of Rs 1530 and Rs 1476 the actuals of the previous year.

Public Works Establishment.

The Cost of Establishment maintained for Public Works amounted to Rs 623 against Rs 530 in the previous year.

Grant II Education

8. The total expenditure on Education amounted to Rs 10,105 against the revised Estimate of Rs 10,090 and the actuals of the previous year Rs 9757.

Training Schools. As proposed in the budget for the year under report, the Head Master of the Municipal Primary school, a matriculate, and the Inspecting School Master of the Municipality, a Lower Secondary man, underwent training. The Stipends paid to them from the Municipal funds amounted to Rs 131 and a further sum of Rs 45 was paid as Stipends to a few of the Result School Masters in the Municipality trained in the Sessional School held by the District Board, Cuddapah, for a period of three months in the town, so that the total amount of Stipends paid during the year amounted to Rs 176 against the budget estimate of Rs 190.

Municipal Schools. In the year under report the Council had under its management, one High School on Salary System and five Primary Schools on Salary Results System. The Strength of each of these schools on the 31st of March 1896 and their average attendance were as shown below:

	Boys	girls	average attendance
(1) Municipal High School	182	/	95
(2) Mh. Primary school Hindu Dept	137	20	101
(3) do Mahm Dept	110	"	76
(4) Mahamadan Primary school ask by	19 3	9	24
(5) Private School Yerramukkapally	29	3	22
(6) Hindu Primary School Sayepet	35	7	28
	464	40	256

Of these five Schools on Salary Result System, the one at Sayeepet was newly opened during the year. The strength and the average attendance of each of the other four Schools Compared favourably with the Corresponding figures in the previous year.

Salary Schools: The Cost of Establishment of the Municipal High School on Salary System amounted to Rs 6585 against Rs 6696 in the previous year. It was less than the budget estimate by Rs 705, the decrease being due to the 1st assistant's place having been vacant for more than 8 months during the year. A Sum of Rs 389 was spent for Contingencies of the School against the budget Estimate of Rs 390. The strength of the High School on the 31st of March '96 was 134 boys and 1 girl against 120 boys and 1 girl on the Corresponding date in the previous year, the average attendance being 95 against 56.

From this School 11 pupils sent up for the Matriculation and 15 pupils for the Lower Secondary Examination during the year and 2 of the former and 11 of the latter passed against 2 and 6 respectively in the previous year.

Salary Result Schools:

Including Rs 17 the pay of the Drawing Master entertained during the year for the Municipal and aided Schools in the Municipality, the Cost of Establishment maintained for the 5 Schools managed by the Council on Salary Result System, amounted to Rs 1484 and their Contingencies to Rs 127 against the budget Estimate of Rs 1300 and 150 and the actuals of the previous year amounting to Rs 1120 and 227 respectively. All the five Schools were examined for result grants and they earned Rs 448 against Rs 471 in the previous

year. The results at the examination were as detailed below.

	No Examined 1894-95	1895-96	No passed 1894-95	1895-96
Fourth Standard	24	28	13	21
Third "	43	27/2	25	19½
Second "	29	30/3	22	24½
First "	24	43/3	18	32/3
Infant "	24	55	13	34
Total	144	183/8	92	130/7

Out of 183/8 pupils presented for examination 130/7 passed against 144+92 respectively in the previous year. The total Strength of the five Schools on the 31st of March '96 was, as shown above, 369 and their average attendance of these Schools and the results achieved at the examination during the year showed an improvement over the previous year.

The total Cost of maintaining the Higher and Primary Schools during the year amounted to Rs 9210; but deducting the School fees collections, interest on educational investments and the provincial grant received during the year amounting in all to Rs 6621, the net Cost to Municipality was Rs 2589 against Rs 2809 in the previous year.

Results grants. At the Commencement of the year, there were 9 result Schools in the Municipality. 5 new Schools were opened, but 3 of them were closed during the year, so that three remained, at the Close of the year, 11 schools with a strength of 431 boys and 16 girls. 216 pupils were examined for results grant and 154 of them were found qualified. They earned a grant of Rs 478. Including the arrear grant paid during the year, Rs 519 were disbursed for results grants against Rs 525 in the previous year. The results grants were paid at the Maximum rates.

Inspection: For the inspection of the Hindu results Schools in the

Municipality, there was, as in the previous year, an Inspecting School Master on Rs 15 per mensem working under the direct Supervision of the Sub assistant Inspector of Schools Cuddapah Range. His pay and Contingencies amounted to Rs 167 against Rs 165 in the previous year. For the inspection of the Mahamaddan Results Schools, the usual Contribution of Rs 90 was paid to the District Board and their Inspecting School Master inspected the Schools, his work being Supervised by the Sub Assistant Inspector of Mahamadan Schools Central circle. No expenditure was incurred during the year on account of the building and other grants and for gymnastic apparatus. A gymnastic Instructor was entertained for the Common gymnasium and paid at Rs 10 per mensem. The allotment was fully utilized.

Grant III Medical Services & Sanitation

9. The total expenditure under this grant amounted to Rs 15,138 against the revised Estimate of Rs 15,500 and the actuals of the previous year Rs 15,377.

Hospitals and Dispensaries

For the year under report, the Cost of the Municipal Hospital amounted to Rs 2688 for Establishment, Rs 1706 for Medicines and Supplies, Rs 1102 for diet of patients and Rs 1023 for Sundries and Contingencies against Rs 2700, 1826, 1292 and 1127 respectively in the previous year. A further Sum of Rs 374 was spent under grant I for repairs to the Several buildings attached to the Hospital, So that the total expenditure for the year on account of the Hospital amounted to Rs 6893. But deducting the District Board's Contribution (Rs 2500), the Sale proceeds of Medicines realized (Rs 141) and the interest on the Hospital Endowment Fund (Rs 377) amounting

in all to Rs 3018, the net cost to Municipality was Rs 3877 against Rs 4164 in the previous year.

Vaccination:— As in the previous year, this was worked departmentally The work of the Municipal Vaccinator was placed under the direct supervision of the assistant Surgeon attached to the Municipal Hospital, who is also a Municipal Councillor. The total number of Cases vaccinated during the year was 454 against 508, and the total number of successful cases 406 against 465 in the previous year. The number of Children under one year of age Successfully operated on was 254 out of 272 against 132 out of 134 in the previous year. The Operations were carried on by means of Glycerine paste. The Cost of vaccination during the year amounted to Rs 138 for establishment and 97 for Contingencies against 116 and 122 respectively in the previous year. The average Cost of each

Case Successfully operated on was Re 0-9-3 against 0-8-2 in the previous year. For failure to have Children vaccinated, 77 prosecutions were instituted against 47 in the previous year, and in all the Cases Children were vaccinated within the time allowed by the Magistrate. All possible measures have been, and are still being, adopted for improving the State of Vaccination in the Town which is not so satisfactory. In the latter part of the year, a house-to-house search was Suggested by the Sanitary Commissioner for Madras and the Suggestion was immediately given effect to, but the result was not so very favourable. As far as the search was made, no Cases of omissions of vaccination were Come across excepting a few cases wherein Children from Towns and Villages outside the Municipal limits were found to have Come in

and they were duly vaccinated.
As a matter of fact the unhealthy climate of the place is prejudicially affecting the progress of vaccination. In many cases children are born in such an emaciated condition that they are not considered fit to undergo the operation even after six months of their birth. People are generally afraid to have such children vaccinated and very often, as soon as notices are served upon them, manage to send their children away and thus evade vaccination. In fact vaccination is looked upon with terror by several of the lower orders and it can be accounted for by their ignorance of the beneficial effects of vaccination.

Vital Statistics:— The number of births and deaths registered during the year is compared below with that in the previous year.

	1895-96	1894-95.
Births	411	296.

Deaths:	1895-96	1894-95
Cholera	"	"
Chicken pox	7	4
Fevers	260	294
Dysentery	26	33
Suicide	1	2
Wounds	5	4
Accident	14	9
Snake-bite	2	1
Killed by Wild animals	"	1
All other cases	226	215.
	531	563.

Excluding 45 Still-born cases, the number of births and deaths registered during the year was 411 and 531 against 296 and 563 respectively in the previous year. As in the case of vaccination, a house-to-house search was caused to be made but the result was that no cases of births or deaths were found to have escaped registration. All necessary precautions were, as in the previous year, taken to render

registration correct and complete as far as possible. Thirteen prosecutions were instituted during the year, 7 for failure to report deaths and 6 for failure to report births against 4 and 7 respectively in the previous year. The Cost of registration during the year amounted to Rs 120 against Rs 119 in the previous year.

Conservancy Establishment:

This continued the same as in the previous year and the Cost Rs 4226 against the Estimate of Rs 4230 and the actuals of the previous year Rs 4195.

Other Charges: The Cost of removing Street Sweepings and night soil amounted to Rs 2437 against Rs 2527 in the previous year. Twelve carts with twelve pairs of bulls for the removal of Sweepings and four pairs of bulls for the removal of night-soil in the Municipal carts were engaged at a monthly Cost of

Rs 194 against Rs 200 in the previous year.

Private Scavenging: The Cost of Establishment maintained for private Scavenging including Contingencies amounted to Rs 987 against the Estimate of Rs 1060 and the actuals of the previous year Rs 888. The decrease of Rs 73 under the Estimate was due to one of the four private Scavengers whose employment was sanctioned in G.O. No 1171 Mis: dated 13th July 1895, not having been entertained during the year as also to other Savings. The extension of the Private Scavenging Service is still a difficulty especially among the Mahamadan Community as observed in the report for the previous year. About the close of the previous year, a number of notices were issued to landlords of houses to keep their premises clean and prosecutions were instituted for

failure to do so, thus compelling them to apply for the Private Scavenging Service). They applied for the Service but when the prepayment of the fees was insisted upon, a large number of them withdrew their applications and declined to adopt the System. The number of houses served by this agency which was 1003 at the close of the previous year came down to 900 at the Commencement of the year under report. Most of the items had to be the written off accounts as they were actually irrecoverable. In the year under report, by steady and rigid enforcement of the Sanitary provisions of the law and by careful Supervision of the Conservancy Establishment the number of houses served by the Private Scavenging agency was raised to 959. Necessary measures are being adopted in the Current year for further extension of the Service, which does not however find general acceptance.

Grant IV Lighting and Miscellaneous.

10. Lighting :— For the first seven months of the year, this was as usual worked departmentally maintaining a separate Establishment for the purpose at a Cost of Rs 30 pr mensem. It was then thought advisable to work it on Contract system under which the contractor agreed to supply oil wicks & men to light the lamps, the Municipality agreeing to undertake supply of lanterns, chimneys, burners and lamp posts as well as repairs thereto, where necessary. The rate allowed for lighting each lamp was Rs 0-15-10 pr mensem. There were 159 lights in the Municipality and the number has since been increased by a few more The Cost of lighting during the year amounted to Rs 1892 against the revised Estimate of Rs 1640 and the actuals of

the previous year Rs 1290, the increase being due to the purchase of iron rails for lamp posts, lanterns, chimneys and burners at a cost of Rs 364. Lights were inspected by the Sanitary Inspector and occasionally by the Chairman and the Councillors.

Market and Slaughter houses:

The establishments maintained for the Market and the Slaughter Houses remained the same as in the previous year and the Cost thereof including Contingencies amounted to Rs 128 for the former and Rs 248 for the latter against Rs 118 and 238 respectively in the previous year. Besides this, a sum of Rs 621 was spent on account of the improvements and repair to Market and Rs 142 for repairing slaughter houses as detailed in Statement II A parts I + II.

Travellers Bungalow:——— The Establishment continued the same as in the previous year. It Cost Rs 120 besides Rs 12 for Contingencies against Rs 120 and Rs 46 respectively in the previous year. A further expenditure of Rs 452 was incurred during the year for repairing the Bungalow & for Constructing a verandah in front of the Bungalow, so that the total expenditure on account of the Bungalow amounted to Rs 584. Deducting the fee collections which amounted to Rs 174, the net Cost to the Municipality was Rs 410 against Rs 70 in the previous year.

Avenues:——— The establishment maintained for watering the avenues Cost Rs 138 against Rs 84 in the previous year, the increase being due to an additional coolly on Rs 6 pr mensem having been Sanctioned for the work vide G.O. No 1277 M. Mis: dated 6-8-95. Including Rs 67 Spent for thorns &c purchased for fencing; the expenditure under this head amounted to Rs 205 against 189 in the previous year. The avenues

are in good condition).

Public gardens Establishment:— A large number of Casurina and Cashewnut plants were planted at Bugga, and, for watering and looking after them, entertainment of two gardeners on Rs 6 each per mensem was sanctioned in G. O. No 1277 Rs. Misc. dated 6th August 1895. Their pay for the year amounted to Rs 138. The plants are in good condition.

Fire:— A sum of Rs 32 was spent during the year on account of Establishment maintained for watching and quenching fires occurring in the town and Rs 87 was spent for Contingencies, such as repairs to the fire Engine &c.

Other Charges:— A sum of Rs 1151 was distributed for Miscellaneous purposes as shown below:—

578-13-9 Cost of Materials and labour for laying pipes
419-2-4 Printing Municipal Proceedings voters lists &c
51-4-3 Pay of lorn-lorn beaters, Rejection Municipal land, Cost of tin tickets Cost of sign boards.
14-9-0 Rewards for killing stray dogs.
86-14-0 Irrecovrable amount of Process fees written off for previous years

1150-11-4.

Grant-I Supervision and Management

(11) The total expenditure under this grant amounted to Rs 3721 against the revised Estimate of Rs 3770 and the actuals of the previous year amounting to Rs 3873. It is detailed below:—

Office Establishment	1742-4-8
Chairmans Conveyance allowance	250-0-0
Collection Establishment	724-6-8
Office rent and other Contingencies	723-15-3
Contribution to Government for audit Establishment	280-0-0
	3720-10-7

Repayment of debt:—

For repayment of loan taken from the funded Capital of the Municipal Hospital, the annual instalments

due for the previous year and the year under report and the instalment due for the year under report for the repayment of the Special loan taken for the Completion of the Buggaa Works amounting to Rs 579 were paid during the year. A sum of Rs 4087 was also invested on account of the Water Works sinking fund for the previous year and the year under report, and the Government securities purchased were as usual kept in the Custody of the Accountant General. A further sum of Rs 2424 was paid during the year on account of interest due to debenture holders.

Advances recoverable.

The unadjusted advances for the year amounted to Rs 66-15-0 as detailed below.

35-8-0	Process fees.
31-7-0	Law charges
66-15-0.	

Refund of other than Current Collections.

The sum of Rs 59-13-8 spent under this head was the interest on Barnett's prize Endowment drawn in the previous year and refunded during the year under report as per orders of the Director of Public Instruction, Madras.

Closing balance.

(12). Including the opening balance Rs 6445, the total receipts for the year amounted to Rs 57,647 and the expenditure under all grants including repayment of debt amounted to Rs 57,162. The year closed with a balance of Rs 6,485 to the Credit of the Council.

(1) Read administration report of
the Municipality for 1895-96.

Resolution.

Approved and adopted. With regard
to the remarks of the District Medical
and Sanitary officer on the working of the
Sanitary Department of this Municipality,
the Council regret to have to observe that
it was clearly the duty of the Sanitary

Officer to have brought to the immediate notice of the Chairman and Council the Serious defects said to have been observed by him instead of making them a ground for censure in his annual report.
The Council have no reason to believe that the Sanitary Condition of the Town was so bad during the year ends report as to merit the Sweeping remarks of the Sanitary Officer in his report.

Administration Report.

Reviewing the — of the Cuddapah Municipal Council for 1895-96.

No. 1533 M., 9TH SEPTEMBER 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. C. ADIKESAVULU NAYUDU Garu, B.A., B.C.E., Ex-Officio Chairman, Municipal Council, Cuddapah, to the Chief Secretary to Government (through the Collector of Cuddapah), dated 22nd June 1896, No. 700.

I have the honour to submit the administration report of the Cuddapah Municipality for the official year 1895–96 with the prescribed statements and the report of the District Medical and Sanitary Officer, Cuddapah, on the working of the municipal hospi[illegible]

I.—CONSTITUTION OF THE COUNCIL.

2. The council consists of 12 elected and four nominated councillors including the ex-officio councillor, the Revenue Divisional Officer. It had the full complement of its members at the commencement of the year under report. Seven vacancies occurred during the year—five among the elected and two among the nominated councillors—, and all of them were duly filled up, so that the maximum strength of the council existed at the close of the year. The five elective seats were filled up, three uncontested and two keenly contested. In the two contested elections 224 out of 362 voters went to poll. The total number of registered voters in the municipality was 796.

3. The first four months of the year the office of Chairman of the Council was held by the late M.R.Ry. C. Chellayya Pillai Avargal, B.A., B.L., an elected non-official councillor, who died on the 31st July 1895. The next day I, as the Revenue Divisional Officer and ex-officio councillor, assumed charge of the office and was eventually elected Chairman on the 26th of August 1895.

4. Twenty-five meetings were actually held during the year against 29 in the previous year, the average attendance of councillors thereat being two officials and five non-officials against one and six respectively in the previous year. Three meetings were adjourned for want of quorum against six in the previous year. Compared with the previous year the attendance of the official councillors improved, while that of the non-officials showed a slight decline.

II.—RECEIPTS.

5. The following is an abstract of the total receipts of the municipality for the year under report as compared with the revised estimates for the year and the actuals of the previous year :—

	Actuals, 1894-95.	Actuals, 1895-96.	Revised estimate, 1895-96.
	Rs.	Rs.	Rs.
Opening balance	7,730	6,445	6,450
(a) Municipal rates and taxes—			
Tax on Arts	3,875	4,005	3,910
Tax on buildings and lands including water-tax	15,696	14,627	14,890
Tax on vehicles, carts and animals	2,080	1,959	2,020
Tolls	7,841	8,077	8,110
Total income from taxation	29,492	28,668	28,930
(b) Realizations under Special Acts	145	25	40
(c) Revenue derived from municipal property and powers apart from taxation	9,566	11,615	10,870
(d) Grants and contributions	5,948	5,698	5,820
(e) Miscellaneous including extraordinary and debt heads	3,059	5,196	2,670
Total receipts	48,210	51,202	48,330
Grand total including opening balance	55,940	57,647	54,780

The year opened with a balance of Rs. 6,445, irrespective of which the receipts for the year amounted to Rs. 51,203 against the revised estimate of Rs. 48,330 and the actuals of the previous year, to wit, Rs. 48,210. Compared with the previous year, there was an increase of Rs. 3,000 in the current receipts which appears mainly under revenue derived from municipal property and powers apart from taxation, advances and other miscellaneous items of revenue. The variations under the several heads are noticed below.

Tax on Arts.—As in the previous year, [illegible] seven classes of schedule (A) of the Act. [illegible] six classes, excepting the first under which no persons were, [illegible] against 702 in the previous year as detailed below :—

		1895-96.	1894-95.
Class	I	..	..
,,	II	10	3
,,	III	24	32
,,	IV	63	89
,,	V	187	188
,,	VI	390	350
,,	VII	35	40
	Total	709	702

The original current demand of this tax for the year was Rs. 4,409 against Rs. 4,144 in the previous year; but, owing to a general failure in trade especially of some of the merchants assessed to the tax under Classes III and IV, the council had to grant remissions on appeal to the extent of Rs. 274 against Rs. 156 in the previous year, so that the net current demand for the year amounted to Rs. 4,135 against Rs. 3,988 in the previous year. Seventy-one appeals were preferred against the imposition of this tax and all of them were disposed of before the close of the year. In 31 cases the tax was confirmed, in 27 it was reduced and in 13 it was remitted. The current collections of this tax amounted to Rs. 3,837 against Rs. 3,610 in the previous year, and Rs. 209 were written off the accounts as irrecoverable. Out of the arrear demand of Rs. 361, Rs. 167 were collected and Rs. 194 written off as irrecoverable. The balance outstanding at the close of the year was therefore Rs. 89, whereof Rs. 50 were due by Messrs. Parry and Co., Madras, for their trade at Cuddapah. As they have declined to pay the tax to this municipality on the ground that they have already paid it in another municipality, notwithstanding that the other, municipality served upon them the notice of demand long after the service of similar notice by

this municipality, the council has ordered the institution of a civil suit against them for the recovery of the dues. Out of the balance still remaining, a sum of Rs. 21 has been since collected.

Tax on Buildings.—The principles on which this tax was levied remained the same as in the previous year; but as already stated in the report for the previous year nearly half the number of houses in the municipality are either ruined houses deserted by the owners or houses, the taxes on which the owners are too poor to pay, or thatched or tiled huts, whose annual rent value falls below the minimum prescribed by the Act. Houses, the taxes upon which were in the previous year written off the accounts under section 51 of the Act or by reason of their being ruined and owner-less had to be removed from the demand and the original current demand of the tax thus amounted to Rs. 10,055 against Rs. 10,201 in the previous year. Excluding the remissions Rs. 60 granted by the council on appeal, the net current demand amounted to Rs. 9,995 against Rs. 10,142 in the previous year. Including the one pending disposal at the close of the previous year, 99 appeals preferred against the imposition of this tax were disposed of during the year. The tax was confirmed in 46 cases reduced in 36 and remitted in 17. The current collections of this tax amounted to Rs. 9,712 against Rs. 9,645 in the previous year. Rs. 51 were remitted on account of vacant houses and Rs. 42 were written off as irrecoverable. Out of the arrear demand of Rs. 478, Rs. 302 were collected, Rs. 13 remitted and Rs. 86 written off the accounts. Including arrears and current the balance outstanding at the close of the year amounted to Rs. 264 against Rs. 909 in the previous year. Rs. 103 of the balance has since been collected.

Tax on Lands.—This tax was, as usual, levied at As. 4 per acre on an estimated annual rental of Rs. 3-8-0. The current and arrear demand of this tax for the year amounted to Rs. 519, whereof Rs. 430 were collected leaving at the close of the year a balance of Rs. 89 against Rs. 320 in the previous year. Rs. 31 of the balance have since been collected. The remaining Rs. 58 in the previous [illegible] and will be written off the accounts.

Water-tax on Buildings and Lands.—This was, as usual, levied at 3 per cent. of the annual rent value. Out of the net current demand of Rs. 4,084, Rs. 3,952 were collected, Rs. 20 remitted and Rs. 18 written off the accounts as irrecoverable, and out of the arrear demand of Rs. 315, Rs. 228 were collected, Rs. 5 remitted and Rs. 35 written off as irrecoverable, so that the total current and arrear balance of the tax at the close of the year amounted to Rs. 141 against Rs. 315 in the previous year. Rs. 53 of the balance has since been collected.

Tax on Vehicles, Carts and Animals.—The total collection of this tax amounted to Rs. 1,960 against Rs. 2,081 in the previous year.

Tolls.—Tolls were, as usual, levied at the maximum rates specified in schedule D of the Act and leased out for Rs. 8,110 against Rs. 8,010 in the previous year. Including the arrear balance of Rs. 167, Rs. 8,077 were realized during the year and the balance Rs. 200 has also been since collected. Excluding the cost of repairs to the toll-gates during the year, the net income from tolls amounted to Rs. 7,964 against Rs. 7,771 in the previous year.

For the collection of the several taxes 355 warrants were issued during the year. Adding to this, the number of unexecuted warrants of the previous year, the total number for disposal was 384, whereof 364 were executed or cancelled within the year and 20 remained unexecuted at the close of the year. In four cases property was distrained, but in no case was it sold. The number of prosecutions instituted for failure to pay taxes was 44 and all of them were disposed of before the close of the year.

Incidence of Taxation.—The total income from taxation being Rs. 28,668 including tolls and Rs. 20,591 excluding tolls, the average incidence of municipal taxation was Rs. 1-10-4 in the former and Rs. 1-2-11 in the latter against Rs. 1-11-1 and Rs. 1-3-11 respectively in the previous year.

(*b*) *Realizations under Special Acts.*—A sum of Rs. 25 was realized as license fees for the erection of a pandal for theatrical performances.

(*c*) *Revenue derived from municipal property and powers apart from taxation.*—The total receipts under this head amounted to Rs. 11,615 against Rs. 9,566 in the previous year, the difference being the net result of the enhanced collections under

(1) " Sale-proceeds of old materials," (2) " Fees from educational institutions," (3) " Sale-proceeds of medicines ", (4) " Income from market and slaughter-houses," (5) " License, cart-stand and other fees," (6) " Fines under Municipal and other Acts," and (7) " Interest on educational investments " counterbalanced by less receipts under " Rent of lands ", " Avenue receipts ", " Fees from travellers' bungalow," " Conservancy receipts " and " Interest on medical investments " as shown in Statement I.

Rent of lands.—A sum of Rs. 9 was realized as rent for the municipal ground occupied from certain shopkeepers against Rs. 13 in the previous year, the difference being due to one of the shopkeepers having closed his shop.

Avenue receipts.—A sum of Rs. 13 was realized during the year by the sale of avenue clippings against Rs. 40 in the previous year.

Fees from the Travellers' Bungalow.—The collections under this head amounted to Rs. 174 against Rs. 233 in the previous year. This is a fluctuating item.

Conservancy receipts.—The sale-proceeds of night-soil and street sweepings amounted to Rs. 325 against Rs. 350 in the previous year, the decrease being due to want of competition.

Fees from Educational Institutions.—The school-fee collections for the year amounted to Rs. 3,425 against Rs. 3,015 in the previous year, the increase being due to increase in the strength of the municipal high and primary schools during the year.

Income from markets.—The collection of market fees was leased out for Rs. 3,600 against Rs. 3,360 in the previous year. Including the arrear balance of Rs. 87 the amount to be realized during the year was Rs. 3,687, but the actual receipts amounted to Rs. 3,705, the difference being due to interest on overdue kists collected during the year.

Income from slaughter-houses.—The ... houses was leased out ... —As in the ... —*Receipts fro* ... houses. —The collection of fees in the slaughter-h... first seven classes of ... for Rs. 1,644 against Rs. 1,520 in the previous year. Includin... also ... arrear balance of Rs. 254, the total amount realized during the year was Rs. ... against Rs. 1,270 in the previous year.

License fees.—The income realized under this head amounted to Rs. 544 against Rs. 354 in the previous year, the increase being due to advance payment of fees for carrying out offensive and dangerous trades having been insisted upon as also to the collection of the arrear balance.

Cart-stand fees.—The collection of fees in the municipal cart-stands was leased out for Rs. 189, and, including the arrear balance Rs. 196, the total amount to be realized during the year was Rs. 385, whereof Rs. 227 were collected during the year and a civil suit instituted for the recovery of the remainder, which is pending disposal.

Fines under the Municipal and other Acts.—The receipts under this head amounted to Rs. 484 against Rs. 333 in the previous year, the increase being due to the steady application of the sanitary provisions of the Act to prevent the committal of nuisances. The number of prosecutions instituted during the year for nuisances and other offences was 158, all of which were disposed of before the close of the year.

Interest on investments.—The interest on H. G. Smith's Prize endowment attached to the municipal high school due for the year 1894–95 was received during the year as also the interest due on the Jubilee Prize endowment amounting in all to Rs. 98 against the revised estimate of Rs. 140, the difference being due to the interest on the Smith's Prize endowment for 1895–96, the year under report, not having been received before the close of the year. A sum of Rs. 377 was received during the year as interest on the hospital endowment fund against Rs. 458 in the previous year, the decrease being due to the reduction of interest on Government securities from 4 to $3\frac{1}{2}$ per cent.

(*d*) *Grants and Contributions.*—Including the arrear balance of Rs. 608, the total grants received during the year towards the net cost of the high school department of the municipal high school and the normal stipends amounted to Rs. 3,098, a small balance of Rs. 162 being still due. The grant from Government of Rs. 74,270 sanctioned for the drainage works was not required for expenditure during the year.

The usual contribution of the district board towards the cost of the municipal hospital, Cuddapah, was received during the year, as also a private contribution of Rs. 100 towards the cost of extension of water-supply to Nakash.

B.—MISCELLANEOUS RECEIPTS.

(*e*) *Private Scavenging Fees.*—The total demand of the fees, including the arrear balance, for the year amounted to Rs. 1,458 against Rs. 1,104 in the previous year, and the total collections to Rs. 1,254 against Rs. 746 in the previous year. Rs. 188 were written off the accounts as irrecoverable and a balance of Rs. 16 was outstanding at the close of the year, whereof Rs. 9 has since been collected. The payment of the fees in advance is being insisted upon.

Other purposes.—In reference to the instructions conveyed in G.O., No. 1040 M., dated 28th June 1895, Rs. 1,261, the total amount of deposits by parties for pipe-laying and other works, has been transferred to the credit of municipal funds, and is to be accounted for separately.

Other items.—The sum of Rs. 36–12–3 received under refunds of expenditure of previous year and under other items are detailed below:—

	Rs.	A.	P.
Refund of undisbursed amounts out of previous year's expenditure.	2	10	9
Recoveries from parties for work done and paid for in the previous year	31	6	1
Cost of a copy of election rules	0	3	5
Cost of tender forms	1	0	0
Unclaimed deposits credited to municipal fund	1	8.	0
Total ..	36	12	3

Extraordinary and Debt.—A sum of Rs. 513 was realised as interest on water-works ... sinking fund for the year against Rs. 533 in the pre... year.

Advances recovered.—The sum of Rs. 2,131 received under this head was as detailed below:—

	Rs.	A.	P.
Refund of the unspent balance out of Rs. 2,030 advanced to the Accountant-General in 1894–95 for investment in Government securities on account of water-works sinking fund for the year	103	10	10
Value of Government securities purchased as per account of water-works sinking fund for the year	1,926	5	2
Value of attendance registers supplied to the inspecting school-master for sale in the previous year	4	4	0
Process fees advanced in the previous year recovered ..	9	8	0
Irrecoverable items of process fees advanced in the previous year written off and adjusted in the account	86	14	0
Total ..	2,130	10	0

III.—EXPENDITURE.

6. The following is an abstract of the total expenditure for the year under all grants as compared with the revised estimates for the year and the actuals of the previous year:—

—	Actuals, 1894–95.	Actuals, 1895–96.	Revised estimate, 1895–96.
	Rs.	Rs.	Rs.

,, II, Education	9,757	10,105	10,090
,, III, Sanitation and Medical Service ..	15,375	15,138	15,500
,, IV, Lighting and Miscellaneous Purposes.	3,911	4,014	3,970
,, V, Supervision and Management	3,874	3,721	3,770
Repayment of Debt, &c.	5,630	7,245	6,500
Total Expenditure ..	49,495	51,162	50,240

The total expenditure was in excess of the previous year's figure by Rs. 1,667, the increase appearing chiefly under Grants II and IV relating to education and lighting and miscellaneous purposes, respectively, and under repayment of debt.

7. *Grant I, Public Works.*—The total outlay on public works, including the cost of establishments, tools and plant and contingencies, amounted to Rs. 10,939 against Rs. 10,948 in the previous year.

New Works—Communications.—No new roads were laid out during the year, but the allotment of Rs. 210 under this head was utilised for the construction of a culvert near Magdoom Hussain's masjid.

Buildings.—A sum of Rs. 953 was spent under this head against the revised estimate of Rs. 810 and the actuals of the previous year Rs. 314. The amount was utilised for the construction of a science room for the high school, a verandah in front of the travellers' bungalow, stalls in the market, a compound wall around the cart-stand at Nimmanna chattram and a few temporary latrines during Moharam as detailed in Statement II-A, Part I.

Drainage.—The budget allotment of Rs. 74,270 for drainage works in the municipality was not required for expenditure during the year. It was accordingly struck off. The sum of Rs. 248 spent under this head was for the construction of a masonry drain in Bommanvadi.

Water-supply.—A sum of Rs. 716 was expended during the year for the extension of water-supply to Agadi and Nakash, as also for fixing a fountain for Madigas at Masapet as detailed in Statement II-A, Part I, against the revised estimate of Rs. 700 and the actuals of the previous year Rs. 1,498.

Repairs—Communications.—As detailed in Statement II-A, Part II, a sum of Rs. 3,851 was utilised for repairing the several roads and streets in the municipality against the revised estimate of Rs. 3,800 and the actuals of the previous year amounting to Rs. 3,854. The total length of roads and streets repaired during the year was ... miles and the ward councillors. A gang of coolies was also on the cost of Rs. 635 for doing patch-work on roads. A large number of side streets and lanes, which were in a neglected state, were repaired and improved during the year. The roads have been as far as possible maintained in good order. A few of the main roads which required metalling could not from want of funds be taken on hand during the year. They are receiving attention in the current year. The proportion borne by the total outlay on roads, both new works and repairs, to the net income from tolls during the year was a little more than 50 per cent. as in the previous year.

Buildings.—For repairing the buildings attached to the municipal hospital, slaughter-house, travellers' bungalow, market, primary school and the toll-gates, a sum of Rs. 1,060 was spent during the year against the revised estimate of Rs. 1,070 and the actuals of the previous year, to wit, Rs. 682. More than a third of the expenditure under this head was incurred in repairing the hospital assistant's quarters, cholera shed, dead house, kitchen, latrines and other buildings attached to the municipal hospital, and for want of funds, repairs to the contagious shed, vaccination shed and a few other buildings attached to the hospital had to be postponed. They are now being attended to.

Water-supply—Repairs to Works, Machinery and Contingencies.—The total expenditure under this head amounted to Rs. 1,728, as detailed below, against the revised estimate of Rs. 1,500 and the actuals of the previous year Rs. 1,936:—

	Rs.	A.	P.
Cleaning wells in Agadi and Sayipet	83	5	1
Repairing leakages in main and branch pipes	46	14	0
Do. stand pipe in cart-stand	90	7	0
Repairs to machinery, &c.	256	3	0
Cost of fuel for engines, &c.	1,075	0	0
Cost of oil and other contingencies	175	14	0
Total ..	1,727	11	1

Miscellaneous Public Improvements.—Some of the stalls of the municipal market, which were a little too high and inconvenient, were lowered and the silt, &c., in the market removed at a cost of Rs. 125.

Water-supply Establishment.—As an addition to the water-works establishment, which consisted of an overseer, a driver, a fireman, two engine coolies, and a peon, at a cost of Rs. 1,430 per annum, a fitter on Rs. 8 per mensem was sanctioned for the year under report. The cost of establishment amounted therefore to Rs. 1,508 against the budget estimate of Rs. 1,530 and Rs. 1,476, the actuals of the previous year.

Public Works Establishment.—The cost of establishment maintained for public works amounted to Rs. 523 against Rs. 530 in the previous year.

8. *Grant II, Education.*—The total expenditure on education amounted to Rupees 10,105 against the revised estimate of Rs. 10,090 and the actuals of the previous year Rs. 9,757.

Training Schools.—As proposed in the budget for the year under report, the headmaster of the municipal primary school, a Matriculate, and the inspecting schoolmaster of the municipality, a Lower Secondary man, underwent training. The stipends paid to them from the municipal funds amounted to Rs. 131 and a further sum of Rs. 45 was paid as stipends to a few of the result schoolmasters in the municipality trained in the sessional school held by the District Board, Cuddapah, for a period of three months in the town, so that the total amount of stipends paid during the year amounted to Rs. 176 against the budget estimate of Rs. 190.

Municipal Schools.—In the year under report the council had, under its management, one high school on salary system and five primary schools on salary-result system. The strength of each of these schools on the 31st of March 1896 and their average attendance were as shown below:—

—	Boys.	Girls.	Average attendance.
1. Municipal high school	134	1	95
2. Municipal primary school, Hindu department.	137	20	101
3. Do. Muhammadan do. ..	110	..	76
4. Muhammadan primary school, Agadi	19	9	24
5. Paraiya school, Yerramukkapalli	29	3	22
6. Hindu primary school, Sayipet	35	7	28
Total ..	464	40	256

Of these five schools on salary-result system, the one at Sayipet was newly opened during the year. The strength and the average attendance of each of the other four schools compared favourably with the corresponding figures in the previous year.

Salary Schools.—The cost of establishment of the municipal high school on salary system amounted to Rs. 6,585 against Rs. 6,696 in the previous year. It was less than the budget estimate by Rs. 705, the decrease being due to the first assistant's place having been vacant for more than eight months during the year. A sum of Rs. 389 was spent for contingencies of the school against the budget estimate of Rs. 390. The strength of the high school on the 31st of March 1896 was 134 boys and girl one against 120 boys and one girl on the corresponding date in the previous year, the average attendance being 95 against 56. From this school 11 pupils went up for the Matriculation and 15 pupils for the Lower Secondary examination during the year and 2 of the former and 11 of the latter passed against 2 and 6, respectively in the previous year.

Salary-result Schools.—Including Rs. 177, the pay of the drawing master entertained during the year for the municipal and aided schools in the municipality, the cost of establishment maintained for the five schools managed by the council on salary-result system amounted to Rs. 1,484 and their contingencies to Rs. 127, against the budget estimate of Rs. 1,300 and Rs. 150, and the actuals of the previous

year amounting to Rs. 1,120 and Rs. 227 respectively. All the schools were examined for result grants and they earned Rs. 448 against Rs. 471 in the previous year. The results at the examination were as detailed below :—

—	Number examined.		Number passed.	
	1894–95.	1895–96.	1894–95.	1895–96.
Fourth Standard	24	28	12	21
Third do.	43	27 2	25	19 2
Second do.	29	30 3	24	24 2
First do.	24	43 3	18	32 3
Infant do.	24	55	13	34
Total ..	144	183 8	92	130 7

Out of 183 +8 pupils presented for examination 130+7 passed against 144 and 92, respectively, in the previous year. The total strength of the five schools on the 31st of March 1896 was, as shown above, 369, and the average attendance of these schools and the results achieved at the examination during the year showed an improvement over the previous year. The total cost of maintaining the high and primary schools during the year amounted to Rs. 9,210; but deducting the school fee collections, interest on educational investments and the provincial grant received during the year amounting in all to Rs. 6,621, the net cost to the municipality was Rs. 2,589 against Rs. 2,309 in the previous year.

Result Grants.—At the commencement of the year, there were nine result schools in the municipality. Five new schools were opened, but three of them were closed in the previous year, so that there remained, at the close of the year, 11 schools with a strength of 431 boys and 16 girls. Two hundred and sixteen pupils were examined for result grants and 154 of them were found qualified. They earned a grant of Rs. 478. Including the arrear grant paid during the year, Rs. 519 were disbursed at the maximum rates. Two and 1½ miles gravelled. As in the previous year, the work was carried on under the supervision of the [illegible] maintained at a cost for result grants against Rs. 525 in the previous year. The result grants were paid

Inspection.—For the inspection of the Hindu result schools in the municipality, there was, as in the previous year, an inspecting schoolmaster on Rs. 15 per mensem working under the direct supervision of the Sub-Assistant Inspector of Schools, Cuddapah Range. His pay and contingencies amounted to Rs. 167 against Rs. 165 in the previous year. For the inspection of the Muhammadan result schools the usual contribution of Rs. 90 was paid to the district board and their inspecting schoolmaster inspected the schools, his work being supervised by the Sub-Assistant Inspector of Muhammadan Schools, Central Circle. No expenditure was incurred during the year on account of the building and other grants and for gymnastic apparatus. A gymnastic instructor was entertained for the common gymnasium and paid at Rs. 10 per mensem. The allotment was fully utilised.

9. *Grant III, Medical Services and Sanitation.*—The total expenditure under this grant amounted to Rs. 15,138 against the revised estimate of Rs. 15,500 and the actuals of the previous year Rs. 15,375.

Hospitals and Dispensaries.—For the year under report the cost of the municipal hospital amounted to Rs. 2,688 for establishment, Rs. 1,706 for medicines and supplies, Rs. 1,102 for diet of patients and Rs. 1,023 for sundries and contingencies, against Rs. 2,700, 1,826, 1,292 and 1,127, respectively, in the previous year. A further sum of Rs. 374 was spent under Grant I for repairs to the several buildings attached to the hospital, so that the total expenditure for the year on account of the hospital amounted to Rs. 6,893. But deducting the district board's contribution (Rs. 2,500), the sale-proceeds of medicines realised (Rs. 141) and the interest on the hospital endowment fund (Rs. 377) amounting in all to Rs. 3,018, the net cost to municipality was Rs. 3,877 against Rs. 4,164 in the previous year.

Vaccination.—As in the previous year, this was worked departmentally. The work of the municipal vaccinator was placed under the direct supervision of the Assistant Surgeon attached to the municipal hospital, who is also a municipal councillor. The total number of cases vaccinated during the year was 454 against 508 and the total number of successful cases 406 against 465 in the previous year. The number of children under one year of age successfully operated on was 254 out of 272 against 132 out of 134 in the previous year. The operations were carried on by means of glycerine paste. The cost of vaccination during the year amounted to Rs. 138 for establishment and 97 for contingencies against 116 and 122, respectively, in the previous year. The average cost of each case successfully operated on was As. 9–3 against As. 8–2 in the previous year. For failure to have children vaccinated, 77 prosecutions were instituted against 47 in the previous year, and in all the cases children were vaccinated within the time allowed by the Magistrate. All possible measures have been and are still being adopted for improving the state of vaccination in the town which is not so satisfactory. In the latter part of the year, a house-to-house search was suggested by the Sanitary Commissioner for Madras and the suggestion was immediately given effect to, but the result was not so very favourable. As as the search was made, no cases of omissions of vaccination were come across cepting a few cases wherein children from towns and villages outside the municipal mits were found to have come in and they were duly vaccinated. As a matter of ct the unhealthy climate of the place is prejudicially affecting the progress of ccination. In many cases children are born in such an emaciated condition that ey are not considered fit to undergo the operation even after six months of their rth. People are generally afraid to have such children vaccinated and very often, s soon as notices are served upon them, manage to send the children away and thus evade vaccination. In fact vaccination is looked upon with terror by several of the orders and it can be accounted for by their ignorance of the beneficial effects of ation.

Vital Statistics.—The number of births and deaths registered during the year is red below with that in the previous year :—

	1895–96.	1894–95.
Births	411	296
Deaths—		
Cholera	7	4
Chicken-pox	260	294
Fevers	26	33
Dysentery	1	2
Suicide	5	4
Wounds	4	9
Accidents	2	1
Snake-bite	..	1
Killed by wild animals	226	215
All other causes	—	—
Total ..	531	563

Excluding 45 still-born cases, the number of births and deaths registered during the year was 411 and 531 against 296 and 563, respectively, in the previous year. As in the case of vaccination a house-to-house search was caused to be made, but the result was that no cases of births or deaths were found to have escaped registrati

vious year and
actuals of the previous

3

ent under
previous
Director of

Other charges.—The cost of removing street sweepings and night-soil amounted to Rs. 2,437 against Rs. 2,527 in the previous year. Twelve carts with twelve pairs of bullocks for the removal of sweepings and four pairs of bullocks for the removal of night-soil in the municipal carts were engaged at a monthly cost of Rs. 194 against Rs. 200 in the previous year.

Private scavenging.—The cost of establishment maintained for private scavenging including contingencies amounted to Rs. 987 against the estimate of Rs. 1,080 and the actuals of the previous year Rs. 893. The decrease of Rs. 93 under the estimate was due to one of the four private scavengers whose employment was sanctioned in G.O., Mis. No. 1117 M., dated 13th July 1895, not having been entertained during the year as also to other savings. The extension of the private scavenging service is still a difficulty especially among the Muhammadan community as observed in the report for the previous year. About the close of the previous year, a number of notices were issued to landlords of houses to keep their premises clean and prosecutions were instituted for failure to do so, thus compelling them to apply for the private scavenging service. They applied for the service, but when the prepayment of the fees was insisted upon, a large number of them withdrew their applications and declined to adopt the system. The number of houses served by this agency which was 1,003 at the close of the previous year came down to 900 at the commencement of the year under report. Most of the items had to be written off the accounts as they were actually irrecoverable. In the year under report, by steady and rigorous enforcement of the sanitary provisions of the law and by careful supervision of the conservancy establishment, the number of houses served by the private scavenging agency was raised to 959. Necessary measures are being adopted in the current year for further extension of the service, which does not however find general acceptance.

10. *Grant IV, Lighting and Miscellaneous—Lighting.*—For the first seven months of the year this was as usual worked departmentally maintaining a separate establishment for the purpose at a cost of Rs. 30 per mensem. It was then thought advisable to work it on contract system under which the contractor agreed to supply oil, wicks and men to light the lamps, the municipality agreeing to undertake supply of lanterns, chimneys, burners and lamp-posts as well as repairs thereto, where necessary. The rate allowed for lighting each lamp was As. 15–10 per mensem. There were 159 lights in the municipality and the number has since been increased by a few more. The cost of lighting during the year amounted to Rs. 1,892 against the revised estimate of Rs. 1,640 and the actuals of the previous year Rs. 1,290, the increase being due to the purchase of iron rails for lamp-posts, lanterns, chimneys and burners at a cost of Rs. 364. Lights were inspected by the Sanitary Inspector and occasionally by the Chairman and the councillors..

Market and Slaughter-houses.—The establishments maintained for the market and the slaughter-houses remained the same as in the previous year and the cost thereof including contingencies amounted to Rs. 128 for the former and Rs. 248 for the latter against Rs. 118 and Rs. 238, respectively, in the previous year. Besides this, a sum of Rs. 621 was spent on account of the improvement to market and Rs. 142 for repairing slaughter-houses that the total expenditure which is to market and

Travellers' Bungalow[illegible] of the bungalow, so to Rs. 584. Deducting the fee collections which is to market and to the municipality was Rs. 410 against Rs. 70 in Parts I and II. year. It cost R[illegible]

Avenues.—The establishment maintained for the previous against Rs. 84 in the previous year, the increase on Rs. 6 per mensem having been sanctioned for the and Rs. 46, dated 6th August 1895. Including Rs. 67 spent for as incurred the expenditure under this head amounted to Rs. 2h in front year. The avenues are in good condition. amount and the

Public Garden Establishment.—A large number of casuarina and cashew-nut plants were planted at Bugga, and, for watering and looking after them, entertainment of two gardeners on Rs. 6 each per mensem was sanctioned in G.O., Mis. No. 1277 M., dated 6th August 1895. Their pay for the year amounted to Rs. 138. The plants are in good condition.

Fire.—A sum of Rs. 32 was spent during the year on account of establishment maintained for watching and quenching fires occurring in the town and Rs. 87 was spent for contingencies, such as repairs to the fire-engine, &c.

Other Charges.—A sum of Rs. 1,151 was distributed for miscellaneous purposes as shown below:—

	Rs.	A.	P.
Cost of materials and labour for laying pipes	578	13	9
Printing municipal proceedings, voters' lists, &c.	419	2	4
Pay of tom-tom beater, kist on municipal land, cost of tin tickets, cost of sign-boards	51	4	3
Rewards for killing stray dogs	14	9	0
Irrecoverable amount of process fees written off for previous years	86	14	0
Total ..	1,150	11	4

(11) *Grant V—Supervision and Management.*—The total expenditure under this grant amounted to Rs. 3,721 against the revised estimate of Rs. 3,770 and the actuals of the previous year amounting to Rs. 3,874. It is detailed below:—

	Rs.	A.	P.
Office establishment	1,742	4	8
Chairman's conveyance allowance	250	0	0
Collection establishment	724	6	8
Office rent and other contingencies	723	15	3
Contribution to Government for audit establishment	280	0	0
Total ..	3,720	10	7

Repayment of Debt.—For repayment of loan taken from the funded capital of the municipal hospital, the annual instalments due for the previous year and the year under report and the instalment due for the year under report for the repayment of the special loan taken for the completion of the Bugga works amounting to Rs. 579 were paid during the year. A sum of Rs. 4,087 was also invested on account of the water-works sinking fund for the previous year and the year under report, and the Government securities purchased were as usual kept in the custody of the Accountant-General. A further sum of Rs. 2,424 was paid during the year on account of interest due to debenture holders.

Advances Recoverable.—The unadjusted advances for the year amounted to Rupees 66–15–0 as detailed below:—

	Rs.	A.	P.
Process fees	35	8	0
Law charges	31	7	0
Total ..	66	15	0

Refunds of other than Current Collections.—The sum of Rs. 59–13–8 spent under this head was the interest on Barnett's prize endowment drawn in the previous year and refunded during the year under report as per orders of the Director of Public Instruction, Madras.

IV.—CLOSING BALANCE.

(12) Including the opening balance Rs. 6,445, the total receipts for the year amounted to Rs. 57,647 and the expenditure under all grants including repayment of debt amounted to Rs. 51,162. The year closed with a balance of Rs. 6,485 to the credit of the council.

ENCLOSURE.

ADMINISTRATION Report on the working of the Municipal Hospital, Cuddapah, for the official year 1895–96.

Public Health.—The public health of the town during the year under review has been fair. Malarial fevers prevailed to a smaller extent in the months of October, November and December than the previous year. The number of admissions under this disease was 5,377 against 7,033 in the previous year.

No epidemics prevailed during the year. A few cases of chicken-pox and measles occurred in the latter part of the year, but never assumed an epidemic form.

2. *Vital Statistics.*—The total number of patients treated during the year was 14,605, of which 508 were in- and 14,097 out- patients, showing a decrease of 1,666 out- and an increase of 34 in- patients as compared with the preceding year. The most prevalent diseases were malarial fevers, diseases of the lungs, other diseases of the respiratory system, diseases of the digestive system, spleen, connective tissue and ulcers.

The number of deaths among in-patients was 62. The deaths were chiefly due to the patients being brought to hospital in a moribund state, or in an advanced stage of disease, when medical or surgical treatment was of little or no avail.

3. *Sanitation.*—The general sanitary condition of the town is very unsatisfactory.

The conservancy establishment consists of

1 Inspector on Rs 25+10 (house allowance) per mensem.
3 Peons on Rs. 7 each per mensem.
3 Peons on „ 6 „ „
1 Maistri on Rs. 8 per mensem.
29 Male toties at Rs. 6 each per mensem.
25 Female toties at Rs. 4 each per mensem.

The establishment is quite sufficient for the town. There are four wooden-box carts for removing the night-soil and one closed cask for removing urine. There are twelve country carts for removing street-sweepings. The conservancy establishment is quite sufficient for the requirements of the town, but the work done by it was very unsatisfactory. The roads, open spaces and corners were very dirty. The want of proper supervision and regular inspections by those in authority caused the establishment to be careless and neglectful.

Latrines.—There are altogether 36 latrines, of which 22 are pucka-built, 7 mud-walled and 7 made of upright slabs.

General Drainage Scheme.—The town is under survey for the new drainage scheme and it is left to be seen whether the health of the town will be improved by it or otherwise.

House Drainage.—There is a cess-pool more or less in every house which is hardly ever cleaned, but generally allowed to overflow. These cess-pools are simply pits dug in the ground and filled with stones and shingles and covered with a slab. This is objectionable, as a great portion of the cess-pool contents soak into the ground and thus add to the unhealthiness of the locality. I would suggest that all the cess-pools be closed, and the refuse water, &c., from houses be made to flow into side-drains of the road or street, which could be periodically flushed.

Water-supply.—Good and abundant from the Bugga springs brought into the town through pipes.

4. *Vaccination.*—The vaccination of the town is carried on in the municipality by a second-class vaccinator. The total number of cases vaccinated was 454 during the year, showing a decrease of 54 against the previous year. The work is unsatisfactory. There is no proper building or shed for vaccine operations. Vaccination has been carried on in a dilapidated shed in the hospital compound.

5. *Hospitals and Dispensaries*—(*a*) *Nature and sufficiency of accommodation.*—The hospital is a long stone-built building of five rooms with two large wards at either end.

The rooms are used as an office-room, surgery or dispensing room, store-room, a prescribing room and the medical officer's room.

Each ward is capable of accommodating sixteen patients; at the end of each ward there is a small bath-room.

There are two sheds for male and female patients, which are intended to be used for contagious or other such diseases. But they have been in a dilapidated and useless condition since January 1896, and since the 4th January frequent applications were made to the Chairman to get them repaired, but up to date (26th May 1896) nothing has been done. This has necessarily put the work in the hospital to considerable inconvenience.

The out-buildings consist of a block of masonry building consisting of four rooms, which are used as follows:—

One kitchen,
Two lumber rooms, and
One contractor's store-room.

There is a shed at the end of the compound, which is used only for cholera cases. It has a kitchen near it.

There is one long stone-built latrine divided into two portions—one for males and the other for females. The accommodation is sufficient.

(*b*) *State of Repair of Buildings, &c.*—The hospital building is in good repair. The two sheds require thorough repair as already stated above.

(*c*) *State of Repair of Furniture.*—The furniture and fittings are in good condition and sufficient.

(*d*) The number of patients treated during the year was 14,605, of which 508 were in- and 14,097 out- patients, showing an increase of 34 in- and a decrease of 1,666 out- patients as compared with the preceding year. The fall in the out-patients was due to the fact that ague was not so prevalent as in the previous year.

(*e*) There were 62 deaths amongst in-patients. The causes of the deaths were—

Malarial fevers	4
All other general diseases	10
Nervous system	7
Diseases of lungs	14
Do. of urinary system	2
Do. of generative system	3
Ulcers	2
General injuries	2
Local injuries	2
Dysentery	1
Diarrhœa	2
Other digestive system	10
Skin disease	1
Secondary syphilis	2
Total	62

Most of the deaths were due to the patients being brought to hospital in a moribund stat or in an advance stage of disease; especially amongst mendicants (Bhairagis) who are generall famine stricken.

(*f*) There were 70 major operations performed during the year, of which 58 were cured six relieved, two discharged otherwise, four remaining and no deaths.

(*g*) The establishment is sufficient and efficient.

(*h*) There is an Eurasian and a Native midwife attached to the institution. Only 48 cases of labour were conducted. The women in the town preferring the native method of delivery. The work of the Eurasian midwife is entirely inside the hospital. She is in charge of the female ward and all the female in-patients. She has charge of all the hospital bedding and clothing, and looks after the diets of the female ward. All cases of labour brought to the hospital are attended by her.

(*i*) There is no dispensary for caste and gosha women in the town.

(*j*) The rainfall during the year was good in both monsoons. The total rainfall registered in the observatory during the year was 33·99 inches, showing a decrease of 3·78 inches under the preceding year. The hospital continues to be popular and well attended by all classes of the people.

Dust-bins.—There are 185 dust-bins, of which 12 are iron moveable and 173 stone.

Private scavenging establishment—

	RS.
1 Inspector on	15
16 Scavengers at	4
1 Scavenger on	5
	4

The number of houses that were cleaned by the municipal scavengers during the year was 959, showing a decrease of 44 as compared with the preceding year.

There are only 18 iron receptacles in the latrines for depositing the night-soil. This number is insufficient, and it is desirable that a few more should be provided.

Roads.—The main roads are in good repair, but some of the big streets require metalling.

Manure depôt.—The night-soil and the rubbish collected every day are removed and deposited in pits far from the town and disposed of by public auction once a year.

CUDDAPAH,
27*th May* 1896. (Signed) A. J. O'HARA, Surgeon-Major, I.M.S.,
District Medical and Sanitary Officer.

Cur. No. 4370-Rev.

Collector.

ORDER—No. 1533 M., dated 9th September 1896.

The receipts and charges of the Cuddapah Municipality for 1895–96 are compared with the budget and revised estimates for the year and the actuals of 1894–95 :—

Receipts.	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.	Actuals, 1895–96.
	RS.	RS.	RS.	RS.
Balance brought forward	7,730	6,260	6,450	6,445
Tax on Arts	3,875	3,710	3,910	4,005
,, on Buildings and Lands	11,206	10,810	10,690	10,448

Total ..	55,940	1,28,290	54,780	57,647

2. Twenty-five meetings were held by the municipal council against 29 in the previous year. There was a decline in the average attendance of the non-official members, which, however, continued to be fair, while that of the officials, though considerably better than in the previous year, was still poor, notwithstanding the remarks of Government in paragraph 2 of G.O., No. 1724 M., dated 23rd October 1895. Five seats were filled by election during the year and two of these were contested, 61·9 per cent. of the voters concerned attending the poll.

3. *Receipts.*—(1) Owing to an increase in the number of persons assessed to the tax on arts and professions, especially under class II of the schedule, the net current demand under this head rose from Rs. 3,988 to Rs. 4,135. The demand under the house and water taxes, however, declined slightly, and that under the tax on lands remained unaltered.

(2) The current collections under the principal taxes improved and were satisfactory except in the case of the tax on lands. The realization of arrears under this tax improved and was fair, but under the arts, house and water taxes it declined,

The number of houses that were cleaned very poor. Under the land and water ta

DER—No. 1533 M., dated 9th Sep expenditure on education was Rs. 3,444, or 12 per
ation, and three-fourths of this sum was devoted to
previous year, the municipal council maintained a
and four primary schools on the salary-result system.
primary school for the Hindus at Sayipet was added
ace at these institutions, excluding the one newly
52; but the results of the Matriculation examination we
indifferent, while those of the Lower Secondary and departmental examinations w e
nine in the previous year. There was an increase in the number on the rolls of these
schools and the results of the grant examinations were fair. It is to be regretted that,
owing to the closure of some of the schools, over one-fourth of the allotment for result
grants was not utilized. The number of boys under instruction in the municipal and
aided schools rose from 56·6 to 66·6 per cent. of the male population of school-going
age. From Statement III submitted by the Assistant Inspector of Schools, it appears
that the proportion of unpassed and untrained teachers employed in the municipal
and aided schools is still unduly large. Little or no action appears to have been taken
on the remarks of Government in paragraph 4 (2) of G.O., No. 1724 M., dated 23rd
October 1895, to which the attention of the council is again drawn. The Government
trusts that it will not be again necessary to refer to this subject.

(3) *Medical Relief.*—The number of in-patients treated in the municipal hospital rose from 474 to 508, but that of out-patients fell from 15,763 to 14,097, owing, it is stated, to the fact that ague was not so prevalent during the year under review as in 1894–95. The two midwives attached to this institution attended only 48 cases of labour against 47 in the previous year; of these, the Eurasian midwife's share was only 15 cases against 24 in 1894–95 and 37 cases in 1893–94. This steady decline in her work is extremely unsatisfactory. The Chairman is requested to report why she has not been replaced by a more competent person as required in paragraph 4 (3) of G.O., No. 1724 M., dated 23rd October 1895.
