Read the following

Letter from the Superintending Engineer,
 III circle, No. 1373 dated 6th August 1896

6/8 A
 1091/M
 7-96

In continuation of my No. 360 dated
 5th May 1896 on the sanitation of Anandapur
 town, I have the honour to invite your
 attention to Paras 11, 14 and 15 of G.O. No. 1173 L
 dated 25 June 1896, wherein it is stated
 that Anandapur possesses the lowest total
 death rate of any municipality in the
 Presidency, and also the lowest death rate
 in the special diseases of fevers and
 dysentery and diarrhoea. It is surely
 unnecessary to contemplate the expenditure
 of large sums of money in improving the
 sanitation of a town which can shew
 such statistics as these - on that the time
 of this Department should be occupied
 in investigating and reporting thereon.
Order thereon: No. 2490 W, dated 27th August 1896

Communicated to the Local & Municipal
 Department in continuation of G.O. No. 2271 W
 dated 7th August 1896. (True Extract)

J. Wilson
 Under Secretary.
