The Honorable K. Kalyanasundaram Aiyar

CHAIRMAN,

TO

The Chief Secretary,

TO GOVERNMENT,

Fort St. George,

MADRAS.

Thro. the Divisional Officer,

TANJORE.

SIR,

The Sanitary Commissioner having repeatedly complained of the narrowness and the consequent insanitary condition of parts of the Temple

Fort, the Council is making attempts to effect

1. Such improvements as are possible in the direction of removing the defect complained of.

2. As a first step, the Council has taken up the question of improving certain lanes lying to the west of the Kamakshiswamy Temple in the west main Street of the Fort.

3. The accompanying sketch explains the existing state of things and the red dotted lines therein exactly describe what is proposed

to

to be done. ABCD is the existing Gajilia Street. The plot marked E is a bit of Municipal land. G.H.J.F. is a municipal lane. LMKT is a narrow lane 3 feet broad with a small drain in the middle of it along the whole line of its length. The small lane and drain are in an extremely dirty condition now, and on account of its narrowness, clandestinely used by the neighbouring inhabitants as a latrine. The owner of house BRKT and the owners of the site NOPQ propose that the Gajilia Street should be extended right through the house BRKT and the site NOPQ and then turned ^{East} to the south and connected with the Kamakshian Amman Kovil lane as indicated by the red dotted lines, and that in lieu of the land to be taken up from the house and site, the Municipality should give up to them the Site E, the lane F.G.H.J., the narrow lane H.M.K.T., the portion of Kamakshian Amman Kovil Agnatharam Street lying between the red line S.T. and the temple gate, and the portion of the Kamakshian Amman Kovil lane lying to the South of the red line U.V.

4. The Council has by a resolution dated 17-6-96 approved of the arrangements proposed.
5. As the arrangement involves the grant of

of some municipal land in exchange, I have the honor to request that Government will be pleased to accord sanction for the same. The total extent of Municipal land to be given up is 1069 sq feet and the extent we get in return is 1404 sq feet, and the improvement proposed would be extremely beneficial to the neighbourhood in a sanitary point of view.

I have the honor to be,

Sir,

Your most obedient Servant

K. Kalyana Sundaram

Chairman.
