LETTER—from

THE HON'BLE COLONEL D. McNEIL CAMPBELL, R.E.,
*Joint Secretary to the Government of Madras,
Public Works Department,*

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT (PUBLIC).

SIR,

I am directed to acknowledge the receipt of your letter No. 1204, dated 27th July 1896, intimating that the Governor-General in Council is prepared to recommend to the Secretary of State that the pay of the Boiler Inspector in the Madras Presidency should, for the present, be fixed at Rs. 500 per mensem, but is disposed to consider it inexpedient to pay that officer a higher rate until the fees and contributions to be recovered for the inspection of boilers more nearly approach the expenditure involved.

2. In reply, I am to state that His Excellency the Governor in Council accepts the rate of pay proposed, and will endeavour to find a suitable man for the post, but that as considerable delay has already occurred in the introduction of the Act, I am to request that this Government be authorized to make the appointment in anticipation of the formal sanction of the Secretary of State, and that authority be given to the selection of an European for the post as it is not likely that a Statutory Native possessing the requisite qualifications can be found.

I have the honour to be,
Sir,

Your most obedient servant,

(Signed) D. McNEIL CAMPBELL, Colonel, R.E.,
Joint Secretary to Government.

READ—the following paper:—

From L. M. THORNTON, Esq., Deputy Secretary to the Government of India, Home Department (Public), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 27th July 1896, No. 1204.

I am directed to acknowledge the receipt of your letter No. 1662 W., dated the 4th June 1896, in which it is explained that the net charge to Provincial Revenues on account of the Boiler Inspector in the Madras Presidency and his establishment will, for the present, be Rs. 4,940 per annum, deducting the fees and contributions to be recovered for the inspection of boilers, and that the cost will eventually be very nearly, if not quite, covered by such fees and contributions. His Excellency the Governor in Council recommends that Provincial Revenues should, until then, bear the difference between the charges and the receipts, and that, to secure efficiency, the pay of the Boiler Inspector should be fixed at the higher rate of Rs. 500—40—700 a month, instead of the rate (Rs. 300—20—500) suggested by the Government of India.

2. As already pointed out in the letter from this department, No. 386, dated the 29th February 1896, the majority of the Boiler Inspectors employed in Calcutta and Bombay are not paid at a higher rate than Rs. 350 per mensem, and it is anticipated that no difficulty will be experienced in obtaining in Madras the services of a competent man for Rs. 500 a month. The Governor-General in Council is therefore prepared to recommend to the Secretary of State that the pay of the Boiler Inspector in the Madras Presidency should, for the present, be fixed at that sum (Rs. 500), but is disposed to consider it inexpedient to pay that officer at a higher rate until the fees and contributions to be recovered for the inspection of boilers more nearly approach the expenditure involved. I am to enquire whether this proposal will meet the wishes of His Excellency the Governor in Council.

ORDER—No. 2459 W., dated 25th August 1896.

Ordered that the following reply be sent.
