Sir, I enclose you a testimonial which I hope will be the means of getting you some good post. I shall be glad to give any information about you that may be required by those who think of employing you.

Yours Obediently
(signed) B. C. M. John.

The bearer Mauriapa Moodahar has been my Engineering Assistant for two years and has done all the levelling, staking out & necessary for 23 miles of Railway from the commencement to the completion of the works. He is well up in computing quantities of Masonry and Earthwork, in ascertaining the discharge of water

water through sluices &c &c.
and in measuring up works.
He has been very attentive
to his duties and very accu-
rate in his work. and I have
found him a valuable Assist^t.
He is about to leave the Com-
pany's Service as the works are
finished.

also copies of his testimonials of
conduct and ability. I have found
him both expeditious and accu-
rate in the surveys and levels
taken by him on this project &
he is equally efficient and
trustworthy in laying out and
superintending works. His
experience has extended to al-

Surveyor A. M. Mauriapa Moodahar
attached to the "Chembambak-
kam Water Project" was trans-
ferred to this Range, as a tem-
porary measure in last December
to execute some Surveys for the
"Kerajal Project." He was emplo-
yed on this work for about
four months and executed
his work very satisfactorily
indeed. I had known Mauriapa
Moodahar previously, and my opi-
nion of his abilities as a
Surveyor is, that he is thoroughly
competent to undertake project
Surveys of any magnitude.
He is very intelligent, and
quite understands his work.
His Railway training has ad-
ded considerably to his pro-
fessional abilities. - He is
invaluable as a Surveyor,

Draughtsman,

Draughtsman, Estimator and from his long previous connection with the Department Pub. Works much of which time was spent in the Madras and North Arcot District, I believe he possesses large practical experience in the laying out and construction of works. I shall be glad to see Mauriapa Mudaliar obtain permanent employment in the Department on a footing that his abilities deserve.

Mr. A. M. Mauriapa Moodeliar served as an Asst. Famine Officer in the Adoni Taluq, during the Famine of 1877, under my orders for about four months. During that period I have every reason to be satisfied with the manner in which he performed his duties

both as regards his attention to the works and the control he exercised over the large number of coolies in his charge. These duties were most harassing and involved constant attendance on the roads, not only to keep up discipline amongst the coolies, but more especially for the purpose of checking frauds on Government on the part of Maistries and Paymasters which latter service could only be efficiently performed by a thoroughly trustworthy person. I believe Mr. Mauriapa Moodeliar to be thoroughly trustworthy and can testify to his having proved himself to be so whilst under my orders.

I shall be glad to hear of his obtaining employment under Government for which he is an applicant.

Mr. A. M. Mauriappa Moodeliar, Manager of the Vellore Municipality was appointed by Mr. Whiteside (President) in August 1879 and has since that time laboured zealously and efficiently, bringing the office into first order.

He was formerly a Sub-Assistant Engineer on the South Indian Railway and by his numerous and valuable testimonials it can be seen what his superiors thought of him.

He was also appointed by his Grace the Governor, a Famine Relief Officer in 1877 and possesses high testimonials in the way he performed his important and highly responsible duties.

He now wishes for a permanent appointment in the Public Works or Political Department and has asked me as Vice President of the Municipality to give him a testimonial which I gladly do, as I consider him to be a most trustworthy and zealous public servant and I trust his application for an appointment will be successful.

NOTE BY A. M. MAURIAPA MOODELIAR. For about nine month in 1878 I was employed as Sub-Assistant Engineer on Rs. 260 per mensem in the services of the South Indian and Pondicherry Railway Companies.

Mauriapa Moodeliar, Manager of this office for the post of Assistant Engineer in the Local Fund Department, Nellore. He has been in the Engineering Department from the rank of Overseer to that of Sub-Assistant Engineer in the Railway.

He has passed in Civil Engineering and Surveying and the manner in which he has conducted his duties in that department can be seen by the good testimonials which I forward. As Manager of this Municipality he has given me the utmost satisfaction; and has performed several times the duties of Engineer to this Municipality.

He is hard working and of good physique, can ride well and as far as my experience goes in the Local Fund Department, I consider him admirably fitted for the post he applies for.

A. M. Mauriapa Moodeliar now Manager of the Vellore Municipality has, during the time (19th March 1881 to 3rd August 1882) I was Vice President, conducted his duties to my entire satisfaction. He is a thoroughly honest, straightforward and zealous official. A good accountant and manager and his testimonials show that he is an Engineer.

As a special case he has been granted Rs. 100 per month salary in this Municipality. I think he is fitted for a more responsible and a higher post than he now holds.

I have this day handed over charge of the Vice-President's Office to Commissioner—. I am glad to be able to state that whilst I have been in charge, I have received every assistance from the subordinate establishment generally.

The Manager A. M. Mauriapa Moodeliar is, I consider, an able man, he knows the office work well, and has a good knowledge of accounts and has created some great improvement in the manner of keeping the accounts. The present accountant is not a very capable man and consequently the manager has more work than he should have; the former should be replaced by a competent man as soon as one can be found.

I have much pleasure to certify to the excellent qualities of A. M. Mauriapa Moodeliar now Manager of the Municipal Office. He is perfectly honest and straight forward, a good Accountant and Office Manager. He is fitted for a better and more responsible post even than that he holds now. Under much adverse criticism he has held his own and proved himself worthy of his trust.

I shall be glad to hear that he has obtained a better appointment. He is a good Engineer as well as Accountant, Office Manager, &c.

I have known A. M. Mauriapa Moodeliar for several years as Manager of the Vellore Municipality. During my term of office as Vice-President, viz., from 27th February 1883 to 16th August 1883, he, though working under adverse circumstances, gave me reason to be satisfied with him. He is a fair Accountant as well as an experienced Engineer; is possessed of more than average intelligence and executive ability; is honest, zealous and faithful. I hope he will soon succeed in getting a good situation, and believe that he will give his employers satisfaction.
