Enc 1.

FROM,

J. Andrew Esquire,  
PRESIDENT, DISTRICT BOARD,  
TRICHINOPOLY.

TO,

THE CHIEF SECRETARY,  
TO GOVERNMENT,  
MADRAS.

Sir, Adverting to para 3 of G.O. dated 19<sup>th</sup> March 1896, No. 471 M., about raising the contribution paid by the District Board to the Trichinopoly Municipality on account of tolls, I have the honour to report as follows:—

2. Prior to the receipt of the above G.O. the Trichinopoly Taluk Board had resolved in its Proceedings dated 8<sup>th</sup> February 1896 No. 104, to reduce the contribution at present paid by it to the Trichinopoly Municipality on account of the Hospital from Rs 3000 to Rs 1000 a year. It had likewise resolved to reduce the contribution paid to the Srirangam Municipality for the Hospital from Rs 1500 to Rs 500 a year. This matter of reducing the contributions paid to both the Municipalities came before me, and while it was under consideration the G.O. in question was also received.

3. I thought that it would simplify matters to consider both the questions together. The District Board also agreed with me, and on its motion, I requested the Chairman of

the

The Trichinopoly Municipal Council to set forth all the arguments he could adduce in favour of raising the contribution on account of tolls, furnishing him at the same time with such reasons as I, on behalf of the District Board, thought fit to urge against raising the contribution. He was further informed of the Taluk Board's resolution to reduce the contribution on account of the Hospital and was requested to state if the Council had any reasons to the contrary. On the motion of the District Board, I also addressed the Chairman of the Srirangam Municipal Council to show cause against reducing the contribution paid on account of its Hospital, as it came to my knowledge that that Council was about to follow the example of the Trichinopoly Council in demanding increased contribution for tolls.

4. The Chairman of the Trichinopoly Municipal Council states in reply that as the matter is very important, it cannot be considered fully without a collection of accurate statistics and requests that the present state of things may continue for about a year ~~more~~ so that necessary materials may be available for a full consideration of the question by the Council.

The reply from the Chairman of the Srirangam Municipal Council is to the effect that in its present financial condition the Council cannot accede to any reduction of contribution for the Hospital. It did not

press

press for any increase for tolls.

5. On a careful consideration of the whole question, the District Board is of opinion that there is no present necessity for augmenting or diminishing the contributions made to either of the Councils on account of tolls or Hospitals. I agree with this opinion of the District Board. It will be time enough to raise the question when either Council makes a move, and this neither seems disposed to do at present. In fact, the present rates of contribution have been going on for some years back, and the Councils and the District Board appear anxious to leave things as they are, at least for the present. A copy of its <sup>resolution on the subject is</sup> I have the honour to be  
Enclosed.

2. On a careful consideration of the whole question the  
District Board is of opinion that there is no present  
necessity for reappointing or diminishing the number of  
-times made to either of the Councils on account of the  
or the whole. I agree with the opinion of the District  
Board. It will be time enough to raise the question  
when either Council makes a move and the matter  
comes before the District Board. In fact the present  
state of contribution has been going on for some years

of the present. I have the honor to be
