From

D. G. Hatchell Esqre

In Charge of Town Surveys.

To

The Deputy Collector, Madras.

Sir,

Adverting to the few minutes conversation I had with you this morning about the demarcation of Municipal roads in Shrotrium and private lands in Madras, I have the honour to inform you that after leaving your office I saw Mr Ellis at the Municipal office and discussed the subject with him, he is doubtful as to the ownership of the roads in Shrotrium and private lands. Some are kept in repair by the Municipality and others are only lighte at the request of the Shrotriumdar or owne of the land through which the road pas

I request you will inform me whether such roads and lanes should be treated as

Municip

Municipal property and separately demarcated. There are other lanes, and, possibly, roads which are not kept in repair or lighted by the Municipality, should they be similarly demarcated or simply shewn as a detail in the map? If the public have a long standing right of way through such roads and lanes encroachments on them will, I presume, not be allowed, if so it may be advisable to demarcate them as separate members.

I shall be obliged by your replying at your earliest Convenience, as the survey of the Shrotrium portions of the town has been completed, and if any further demarcation is required it must be taken in hand at once.

Dy. Collector of Madras.

To
The Dy. Superintendent
in Charge of Madras Town Survey
Madras.

Sir,

With reference to your letter No. 860 of the 25th ultimo, I have the honour to inform you that I am no able to find any records in my office to show whether the roads in the Shrotrium villages of the town of Madras are vested in the Municipality. I should say however that the streets must be vested in the corporation. If they were private then ~~the~~ Shrotriumdars might close them against the public at any time - a proceeding that would not be tolerated. I would therefore suggest that they be shown as public roads.

2. I have not had time to refer the matter to the Collector as yet but as you informed me, at an interview yesterday, that you wanted a reply

at once in order to decide whether your men were to go on with the work of calculating areas &c, I send you this letter as my opinion subject to any order the Collector may pass.

Resolution

Recorded with the remark that a passage is not,as suggested by the Deputy Collector entitled to be demarcated as a"public road,"because the public have a right of way over it.A passage over which the public have a right of way,is defined in the city of Madras Municipal Act as a "Street" : consequently a Street is,by its definition,protected against the risk of being arbitrarily closed.To this end,it will be sufficient to indicate as a "road" or "street" any passage over which the public have a right of way and which is not a"public street"as defined in the Municipal Act. The Board understands that this is what the Deputy Superintendent of Town Surveys proposes.
