Sir

In reply to your Endorsement No
R.C 1232/Eng of 96 & I have the honour
to state that, as I have not been furnished
with the necessary papers, I am unable
to furnish a full explanation.

The Petition was signed by 6 Councillors
2 of whom were Chairman delegate
and know English. One of these two and
another being retired military officers.
There were two other Councillors of some
position. I do not see how any of these
could consistently deny the statements
attested by themselves.

The petition was submitted
through

through the chairman himself who might have exposed at once any falsehoods it contained instead of taking the unusual time he did.

It was never asserted in the petition that there was any meeting on the 14th December last and there was no falsehood on that point.

It is impossible for anybody who was not present on the occasion to say without a local inquiry whether the meeting of the 21st was adjourned by the chairman for want of a quorum or by councillors despairing of a quorum in his absence.

It usually happens here that councillors attending in time are obliged to go away after waiting half an hour or so, because the chairman then decides not to attend and certain others along with him so that there is no likelihood of a quorum

This does not seem to be borne out by the facts - vide the petition, Flagged A.

From the concluding portion of the Collier's report No. 1337 (Flag B) it appears that there was nothing wrong with this.

Everybody connected with the Municipality knows the character of the meeting of the 22nd December, but that as well as other matters can be elicited by a local inquiry alone.

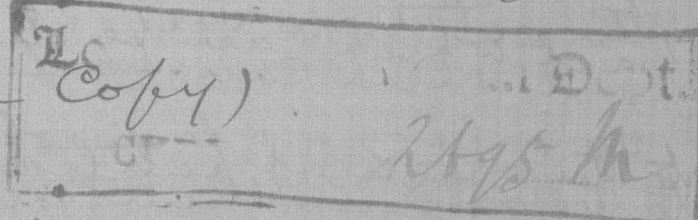

The petition fairly set forth the same irregularities in the Municipal Proceedings and was intended to invite a ^{proper} local inquiry into Municipal affairs but the chairman's report on the petition seems to have furnished the only grounds on which your own remarks and the Government order thereon are based. I respectfully submit that both sides should be heard and an inquiry duly made with a view to remedy the chronic defects in the Municipal administration of Ellore.

In Conclusion I beg leave to state that

that in signing the petition, I only—
exercised my right of Councillor, and,
sincerely believing with other honest
men who have had long experience
that there are things which require
correction, I came forward under a
sense of duty.

I have &c

fully on his report, but it will be noticed
that the Sub-Inspector of Schools —

(1) denies that any mention was made
of a meeting on the 14th, — — —
(2) requests that a local enquiry may
be made.

(3) says that the petition was only in-
tended to call attention to irregularities
in the conduct of Municipal business.

As regards (1). This is a plain question of
fact which can be decided by referring
to the original petition.

As regards (2). I see no object in holding
a local enquiry. Such an enquiry held
after an interval of over nine months
would lead to nothing.

As regards (3). The petitioner made direct
and specific charges against the chairman
