Revised Estimate for 1895-96

2. The current receipts and charges are now estimated at Rs 25,430 & Rs 26,890 respectively against Rs 23,330 & Rs 24,530 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls and School fees and that in the charges under Grants I & III. The collections under the tax on arts during the first eight months of the year were not satisfactory. The entertainment of two men on Rs 3 each for the removal of sewage referred to in para 26 of the chairman's letter, for which a proportion statement should have been submitted is sanctioned. A proportion statement for the alterations in the establishment proposed in para 22 should be submitted without delay.

Budget Estimate for 1896-97

ensuing year are placed at Rs 25,800 against Rs 25,430 in the revised estimate. The credit taken under Provincial grant for education will be reduced from Rs 1260 to Rs 930, with reference to the Director's letter read above.

4. Charges (1) The probable charges are put down at Rs 25,990 against the revised estimate of Rs 26,890. The decrease occurring chiefly under grants I & III

(2) Grant-I - No expenditure should be incurred on any of the new works provided for in the landsl- ental plans and estimates for them have been sanctioned by competent authority.

(3) Grant-II - The alterations in the educational establishments proposed in paragraphs 40, 41 and 47 of the chairman's letter are sanctioned.

(4) Grant-III - The remarks of the Surgeon general on the provision for medical services of the landsl- will be awaited. The increase in the salaries of the private scavengers 5 in number @ Rs 4 each and entertainment of a grass cutter on Rs 3, referred to in para 52 of the chairman's letter are sanctioned. The Suggestions made by the Sanitary Commissioner in his letter read above will be referred to the municipal council for consideration. and report.

(5) Grant-IV - The entertainment of a Servant on Rs 4 for the municipal slaughter house is sanctioned.

(6) Grant-V - The increase in the salaries of the Head and Second clerks of the municipal office & of two of the bill collectors & the reduction in the pay of the office peon, proposed in paras 57 and 58 of the chairman's letter are approved. The council's proposal to grant a gratuity of Rs 39 to the office peon on his retirement must be disallowed under G.O No. 343 L dated 16th February 1893. The contribution for the central office establishments will be raised from Rs 120 to Rs 130, with reference to G.O No. 2190 L dated 19th November 1895.

No. 176 & 18 7 Feb 96

TH JANUARY 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. T. V. SIVARAO PANTULU Garu, Chairman, Municipal Council, Chicacole, to the Chief Secretary to Government (through the Principal Assistant Collector), dated 9th December 1895, No. 944.

I have the honour to submit herewith the revised and budget estimates of the Chicacole municipality for the years 1895–96 and 1896–97, respectively, with the prescribed statements. They were read and passed at the meeting of the councillors held on 9th December 1895.

2. The current year actually commenced with the opening balance of Rs. 2,970 against Rs. 1,550, the balance expected in the budget, and the receipts according to the revised estimate expected to be Rs. 25,430, making a total of Rs. 28,400 as the whole income for 1895–96. It is estimated that the total expenditure would be Rs. 26,890 against Rs. 24,530, the amount budgetted. The year 1896–97 is therefore expected to begin with a balance of Rs. 1,510.

REVISED ESTIMATE.

Receipts.

3. (2) (*a*) *Tax on Arts.*—There is a decrease of Rs. 500 under this head and it can be explained as follows : All the land-holders in the town that get paddy from their lands and sell the same in the town, were taxed for the second half-year of the last year and all of them having preferred appeals to the Council against the assessment of the Chairman, the Council remitted the whole tax in most of the cases and half tax in about half-a-dozen cases. Some of those whose tax was not wholly remitted, filed suits against the Council in the local District Munsif's Court for the recovery of the balance and for the cancellation of the resolutions of the Council passed in their appeals, and the suits have been disposed of in their favour. Those that had a full refund of the tax were not assessed for the first half-year of this year, and the same course has been adopted in the second half-year also.

4. (2) (*f*) *Tax on Animals.*—The increase of Rs. 100 is due to more animals having been taxed during the year.

5. (2) (*g*) *Tax on Carts and other Vehicles without Springs.*—The increase under this head also is due to the fact that more carts have been already registered and some are still to be registered.

6. (2) (*h*) *Tolls.*—The actuals of the first eight months amounted to Rs. 4,953–3–9. Deducting therefrom the local fund share which is reduced from half to one-fourth in G.O., Mis. No. 1497 M., dated 14th September 1895, the municipal share would come to Rs. 3,975–12–0, according to which the probables have been calculated ; hence increase.

7. (4) (*d*) (i) *Fees from Educational Institutions.*—The increase is partly due to more admissions of boys and partly to the low estimation in the budget.

8. (4) (*e*) (ii) *Other Hospital Receipts.*—The district board have been paying house-rent to the municipality for their vaccine depôt located in the local Municipal hospital. Hence an allotment of Rs. 40 has been newly made under this head.

9. (4) (*f*) (ii) *Income from Slaughter-houses.*—The allotment budgetted under this head is reduced by Rs. 100 according to the actuals of the first eight months.

10. (4) (*g*) (ii) *License-fees.*—There is an increase of Rs. 70 under this head, which is due to more licenses having been issued.

11. (4) (*g*) (iii) *Cart-stand fees.*—Seeing that the actuals of the first eight months amounted to only Rs. 277 and odd, it is expected that only Rs. 122 and odd can be realized under this head for the remaining four months; hence decrease.

12. (6) (*a*) *Other purposes.*—The cleansing of cesspools has been undertaken departmentally in the month of October last. The cesspools that are now under the municipal agency are 12 in number. The fees that are levied from the owners of cesspools amount to Rs. 6-5-0 per month. Rs. 40 have therefore been expected to be realized under this head in this year.

13. (6) (*b*) (ii) *Refunds of Expenditure of previous year.*—The amount has been refunded by one of the high school teachers for having resigned his appointment before the period during which he is bound to serve in the school.

14. (8) *Deposits.*—The amount is the deposit made by the appellants against assessments in various taxes, out of which Rs. 13-8-0 have been subsequently paid to the parties. The remainder is not as yet adjusted, as some of the appeals have not been disposed of pending the result of the civil suits mentioned in paragraph 3 above.

15. The variations in the other items are too trifling to require an explanation.

Expenditure.

16. *Grant I, Public Works*—(1) *New works*—(*b*) *Buildings.*—Out of the amount budgetted, Rs. 190 have been spent for the completion of the Town school building near the High school, &c. The amount so spent has been added to the original allotment for the construction of the buildings as proposed in the current year's budget, and the allotment made for the slaughter-house has been raised to Rs. 800, the budget allotment of Rs. 700 having been found inadequate from the estimate subsequently prepared; hence increase.

17. (2) *Repairs* (*a*)—*Communications.*—The provision under this head has been raised in accordance with the provision under "tolls."

18. (2) *Repairs*—(*b*) *Buildings.*—The existing floor of the Town school building not being a pukka one, has been greatly damaged already though the building has been in use only for the last few months. It is therefore proposed to have a cutstone floor for the building. Hence an additional provision has been made under this head.

19. *Grant II*—(1) (*b*) *Stipends to Normal Students.*—Rs. 18-12-0 have already been spent under this head for the travelling charges of the students. Rs. 20 have been provided now for the sake of round number.

20. (2) *Municipal Schools*—(i) *on Salary system*, (*a*) *Establishment.*—The considerable decrease of more than Rs. 400 under this head is due to the temporary reductions of the salaries of the second and fourth assistant teachers of the high school having been made in this year, and to the provision made for a drawingmaster having been left unutilized as no qualified man was available to accept the appointment.

21. (2) (i) (*b*) *Contingencies.*—There is an increase of Rs. 150 under this head which is provided for the following purposes:—

	Rs.
For the repairs of the furniture of the high school	20
For the repairs and purchase of the science apparatus	75
For the upkeep of the tennis court attached to the high school and also for the purchase of tennis balls and cricket bats, &c.	50

22. (ii) *On Salary-result system*—(*a*) *Fixed payments.*—It is proposed to have two lower primary schools started from January 1896, and to abolish the existing upper primary school at Arasavilli, in accordance with the suggestion of the Assistant Inspector of schools; hence increase.

23. *Grant III*—(1) *Hospitals and Dispensaries*—(*a*) *Establishment.*—The increase under this head is due to the provision made for the salary of the lady Apothecary from September 1895 to March 1896, whose appointment has been sanctioned by the

Government in their Order, Mis. No. 2011 M., dated 2nd December 1895, and to the provision made for a probationary compounder's salary from October 1895 having been left unspent, as the post has been left vacant in accordance with the opinion expressed by the local medical officer that there is no necessity for the entertainment of a probationary compounder.

24. (1) (*b*) *Medicines and Supplies.*—Out of the sum of Rs. 1,633-13-3, a little more than one thousand rupees have been paid in this year for the medicines purchased in the last year. Only Rs. 600 and odd have been spent for the medicines purchased during the current year. The stock of medicines having been almost exhausted already, a provision of Rs. 166 has been made under this head.

25. (1) (*d*) *Sundries and Contingencies.*—A provision is made for the purchase of the books for the medical pupil of the Council studying in Medical College, and for his travelling expenses from here to Madras. The hospital assistant's quarters in the hospital compound having been found unfit for habitation, he removed his lodging to a rented building and a provision of Rs. 5 a month has been made for his house-rent; hence increase.

26. *Grant IV*—(9) *Other charges*—(i) *Work done for private individuals other than private scavenging.*—The sewage system was introduced only in October last as stated in paragraph 12 with one single-bullock cart and two men on Rs. 3 each—one to drive the cart, and the other to remove the contents of the cesspools. Hence a provision of Rs. 120 is made for their salaries, &c.

27. (9) (iii) *Printing.*—The original allotment of Rs. 200 is found insufficient and an additional allotment of Rs. 60 is therefore made.

28. *Grant V*—(*c*) *Collection of Tolls*—(i) *Establishment.*—The increase under this head is due to the subsequent promotions sanctioned to the toll-keepers in G.O., Mis. No. 1053 M., dated 4th July 1895.

BUDGET FOR 1896-97.

29. The total receipts for 1896-97 are estimated to be Rs. 25,800, which amount, together with the opening balance of Rs. 1,510, will make a grand total of Rs. 27,310. The expenditure budgetted amounts to Rs. 25,990 leaving a balance of only Rs. 1,320.

Receipts.

30. (4) (*f*) (i) *Income from Markets.*—Some of the market godowns that are vacant now for want of repairs are expected to be occupied in the next year as they will be made ready for use before the commencement of the next year; hence increase.

31. (5) *Grants and Contributions*—(*a*) *From Government*—(i) *Municipal Schools.*—It is proposed that the services of a trained L.T. should be secured for the second assistant teacher's post in the high school from March next on Rs. 60 a month, and so a provincial grant of Rs. 20 a month is expected on his account. The salary of the supervisor of schools has been proposed to be raised to Rs. 20 at the suggestion of the Assistant Inspector of schools. A third grant is expected from provincial funds towards his salary, as the permanent incumbent has become eligible for the same; hence the increase.

32. (6) *Miscellaneous*—(*a*) (i) *Private Scavenging.*—The increase under this head is due to the private scavenging fees having been raised from As. 2 to As. 3 in case of a latrine being conserved once, and from As. 4 to As. 6 in case of its being conserved twice daily.

33. (*a*) (ii) *Other purposes.*—The monthly receipts on account of the cesspool fees levied from the owners of cesspools that are under the municipal agency are Rs. 6 for the present. At that rate a provision is made for the next year, whereas in the revised estimate provision has been made only for six months for the reasons stated in paragraph 12 *supra*.

34. The remaining items are but repetitions with slight variations here and there.

Charges.

35. *Grant I, New Works—(b) Buildings.*—The existing toll-gates that are four in number are thatched ones and require repairs very often. It is therefore proposed to have pukka toll-gates with tiled roofs; hence a provision of Rs. 200 has been made for that purpose. The Assistant Inspector of schools suggested that a provision of Rs. 500 should be made for the construction of a pukka building for one of the salary-result schools that are now located in rented buildings and the Council are fully alive of the necessity of pukka buildings being constructed for salary-result schools. But seeing that their financial position is not very favourable, they have provided only Rs. 250 for the year under budget with the view of getting half the work done in that year, and a provision of Rs. 250 for the other half may be made in the budget for the year 1897–98. The Municipal office is now being held in a rented building, which is the only building available in the town at present that is suitable for office purposes. The Council think it safe and desirable that they should have a building of their own for their office with all the necessary conveniences and have provided Rs. 500 for its construction. They wish to make a beginning of the same in the year under budget and to see it finished in 1897–98, with a provision of another Rs. 500 to be made in the budget of that year. Rs. 160 have been provided for the purchase of a corrugated iron latrine, and Rs. 40 for the purchase of corrugated iron dust-bins.

36. (1) (*c*) *Drainage.*—Rs. 250 have been provided under this head for the construction of a roughstone drain both sides of Palconda road from "Relli street" to "Chintavari choultry" for a length of 430 yards. The construction of the drain is found very necessary.

37. (2) (*a*) *Repairs—Communications.*—Fifty per cent. of the income expected under tolls has been provided under this head.

38. (2) (*b*) *Buildings.*—Rs. 250 have been provided under this head to be utilized for the purposes shown in statement II-A.

39. (2) (*c*) (i) *Repairs to works.*—The current year's provision is repeated under this head for the repairs of the drains.

40. *Grant II*—(1) (*b*) *Stipends to Normal Students.*—No qualified man for the drawingmaster's post, for which provision has been made in the current year's budget, having been yet available, it is proposed by the headmaster of the high school that his writer who has an aptitude for drawing may be sent to the Madras School of Arts to receive a course of instruction in drawing for one year; that he may be paid a stipend of Rs. $12\frac{1}{2}$ per month during that period; and if he passes in the Government Technical examination in that subject and produces a technical teacher's certificate, he may be confirmed in the combined post of clerk and drawingmaster on a monthly salary of Rs. 25. The suggestion has met with the approval of the Council. Provision of Rs. 20 has been made for his travelling expenses to go to Madras.

41. (2) (i) (*a*) *Establishment.*—The increase under this head can be explained as follows. The salary of the second assistant master of the high school is proposed to be raised from Rs. 50 to Rs. 60 as usual, with the view of securing the services of an L.T. The third assistant master of the same school is allowed his last increment of Rs. 2. The salary of the fourth assistant of that school has been reduced this year from Rs. 40 to Rs. 30, the permanent incumbent of the post having been on leave. It is very likely that he may join the appointment on the expiry of his leave which will take place in March 1896. Hence Rs. 40 have been provided for his salary as usual. It is proposed to appoint a Telugu pandit on Rs. 15 a month for the high school to impart sound education to the boys in Telugu also, just as in Sanskrit which is now being taught by a Sanskrit pandit. The necessity of appointing a Telugu pandit in the high school has been urged by the Inspector of Schools also. It is proposed to raise the salary of the gymnast of the high school to Rs. 15 with five yearly increments, as an inducement to him to work with hope year after year. Provision has been made for the stipend of the drawingmaster as explained above. The demand for water-brahmins is very great in this town, and the one that was attached to the high school resigned his appointment seeing that his pay of

Rs. 3 was very inadequate. No water-brahmins can be had for a pay of less than Rs. 5 a month, and the salary of the water-brahmin's post is therefore raised to Rs. 5. The sweeper's pay is increased by As. 8 in consideration of the work he has to do both as sweeper and night-watcher.

42. (2) (*b*) *Contingencies.*—Rs. 400 have been provided under this head to be utilized for the following purposes:—

	Rs.
Ordinary contingency	90
Carpentry contingency	80
Chemicals	30
Prizes	70
Library	75
Repairs to gymnastic apparatus	50

43. (2) (ii) (*a*) *Fixed payments.*—The increase under this head is due to provision having been made for the salaries throughout the year of the establishment of the new lower primary salary-result schools proposed to be started in February next.

44. (2) (ii) (*b*) *Results Grants.*—There is an increase of Rs. 75 under this head, which is allotted for the two new schools.

45. (2) (ii) (*c*) *Contingencies.*—The increased allotment under this head also is made for the same new schools.

46. (4) *Results Grants.*—It is proposed that the indigenous school at Badullapet may be recognized as a result school and a provision of Rs. 30 is made for it.

47. (6) (*b*) (i) *Establishments.*—The salary of the supervisor of schools is proposed to be raised from Rs. 18 to Rs. 20 as explained in para. 31 above; hence increase.

48. *Grant III*—(1) (*a*) *Establishment.*—The increase under this head is due to the provision having been made for the lady Apothecary's salary for the full year.

49. (1) (*b*) *Medicines and Supplies.*—Usual amount is allotted under this head.

50. (1) (*c*) *Diet of patients.*—The allotment under this head has been raised by Rs. 100 at the suggestion of the Medical officer, Civil station, Chicacole, as the provision made for the current year was found insufficient.

51. (1) (*d*) *Sundries and Contingencies.*—Usual allotment of Rs. 300 has been made under this head.

52. (5) (*b*) *Private Scavenging*—(i) *Establishment.*—The increase under this head is due to the increase of wages allowed to the private scavengers at the rate of As. 4 each per mensem and to the entertainment of a grass-cutter on Rs. 3 per mensem.

53. *Grant IV.*—(i) *Lighting*—(*b*) *Contingencies.*—Provision has been made for putting up ten more lanterns in the town; hence increase.

54. (2) (ii) *Slaughter-houses*—(*a*) *Establishment.*—A slaughter-house for slaughtering sheep will be constructed before the close of this year, and a provision of Rs. 50 is made for one slaughter house-keeper on Rs. 4 a month to do all the work in connection with it.

55. (2) (*b*) *Contingencies.*—Rs. 10 have been provided for the contingencies of the slaughter-house.

56. A provision of Rs. 30 is made under hot weather charges with the view of starting water-sheds in the hot season during the year.

57. *Grant V*—(*a*) (i) *Office Establishment.*—The head clerk and manager of the Municipal office and the second clerk are allowed increase of salaries by Rs. $2\frac{1}{2}$ and Rs. 2, respectively. They are honest, energetic and thoroughly acquainted with their work and they discharge their duties in the most satisfactory manner. They deserve every encouragement that may possibly be given to them. My predecessor also expressed a very good opinion of them and strongly recommended that their salaries should be increased in the testimonials given to them at the time of his departure from this place. The predecessor of the second clerk used to get Rs. 22 a month to which the present incumbent is, no doubt, entitled as he discharges his duties more satisfactorily with his eleven years' service in the Municipality and his

fair English knowledge as a Matriculate. The office peon who has been serving the Council for the last 29 years continuously without any fault, expressed his desire to retire from the service and applied to the Council for a gratuity. The Council are only too glad to provide Rs. 40 for his gratuity, the maximum amount to which he is entitled according to the article 524 V. of the Civil Service Regulations, in consideration of his long and blotless service; hence increase under this head. The office peon is now getting Rs. 6½ per month, but his successor will be given only Rs. 6 per month, the minimum pay of the post.

58. (*b*) (i) *Establishment.*—Of the four, the two senior bill-collectors have been allowed an increase of their salaries by As. 8 each per month. They discharge their duties very satisfactorily and they collect dues very promptly; hence increase.

59. (*c*) (i) *Tolls—Establishment.*—The increase is due to the provision having been made for the full year at the increased rates towards the salaries of the toll-keepers.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R.Ry. T. V. SIVARAO PANTULU Garu, Chairman, Municipal Council, Chicacole, to the Chief Secretary to Government (through the Principal Assistant Collector), dated 9th December 1895, No. 944.

I have the honour to submit herewith the revised and budget estimates of the Chicacole municipality for the years 1895–96 and 1896–97, respectively, with the prescribed statements. They were read and passed at the meeting of the councillors held on 9th December 1895.

2. The current year actually commenced with the opening balance of Rs. 2,970 against Rs. 1,550, the balance expected in the budget, and the receipts according to the revised estimate expected to be Rs. 25,430, making a total of Rs. 28,400 as the whole income for 1895–96. It is estimated that the total expenditure would be Rs. 26,890 against Rs. 24,530, the amount budgetted. The year 1896–97 is therefore expected to begin with a balance of Rs. 1,510.

Revised Estimate.

Receipts.

3. (2) (*a*) *Tax on Arts.*—There is a decrease of Rs. 500 under this head and it can be explained as follows: All the land-holders in the town that get paddy from their lands and sell the same in the town, were taxed for the second half-year of the last year and all of them having preferred appeals to the Council against the assessment of the Chairman, the Council remitted the whole tax in most of the cases and half tax in about half-a-dozen cases. Some of those whose tax was not wholly remitted, filed suits against the Council in the local District Munsif's Court for the recovery of the balance and for the cancellation of the resolutions of the Council passed in their appeals, and the suits have been disposed of in their favour. Those that had a full refund of the tax were not assessed for the first half-year of this year, and the same course has been adopted in the second half-year also.

4. (2) (*f*) *Tax on Animals.*—The increase of Rs. 100 is due to more animals having been taxed during the year.

5. (2) (*g*) *Tax on Carts and other Vehicles without Springs.*—The increase under this head also is due to the fact that more carts have been already registered and some are still to be registered.

6. (2) (*h*) *Tolls.*—The actuals of the first eight months amounted to Rs. 4,953–3–9. Deducting therefrom the local fund share which is reduced from half to one-fourth in G.O., Mis. No. 1497 M., dated 14th September 1895, the municipal share would come to Rs. 3,975–12–0, according to which the probables have been calculated; hence increase.

7. (4) (*d*) (i) *Fees from Educational Institutions.*—The increase is partly due to more admissions of boys and partly to the low estimation in the budget.

8. (4) (*e*) (ii) *Other Hospital Receipts.*—The district board have been paying house-rent to the municipality for their vaccine depôt located in the local Municipal hospital. Hence an allotment of Rs. 40 has been newly made under this head.

9. (4) (*f*) (ii) *Income from Slaughter-houses.*—The allotment budgeted under this head is reduced by Rs. 100 according to the actuals of the first eight months.

10. (4) (*g*) (ii) *License-fees.*—There is an increase of Rs. 70 under this head, which is due to more licenses having been issued.

11. (4) (*g*) (iii) *Cart-stand fees.*—Seeing that the actuals of the first eight months amounted to only Rs. 277 and odd, it is expected that only Rs. 122 and odd can be realized under this head for the remaining four months; hence decrease.

12. (6) (*a*) *Other purposes.*—The cleansing of cesspools has been undertaken departmentally in the month of October last. The cesspools that are now under the municipal agency are 12 in number. The fees that are levied from the owners of cesspools amount to Rs. 6–5–0 per month. Rs. 40 have therefore been expected to be realized under this head in this year.

13. (6) (*b*) (ii) *Refunds of Expenditure of previous year.*—The amount has been refunded by one of the high school teachers for having resigned his appointment before the period during which he is bound to serve in the school.

14. (8) *Deposits.*—The amount is the deposit made by the appellants against assessments in various taxes, out of which Rs. 13–8–0 have been subsequently paid to the parties. The remainder is not as yet adjusted, as some of the appeals have not been disposed of pending the result of the civil suits mentioned in paragraph 3 above.

15. The variations in the other items are too trifling to require an explanation.

Expenditure.

16. *Grant I, Public Works*—(1) *New works*—(*b*) *Buildings.*—Out of the amount budgetted, Rs. 190 have been spent for the completion of the Town school building near the High school, &c. The amount so spent has been added to the original allotment for the construction of the buildings as proposed in the current year's budget, and the allotment made for the slaughter-house has been raised to Rs. 800, the budget allotment of Rs. 700 having been found inadequate from the estimate subsequently prepared; hence increase.

17. (2) *Repairs* (*a*)—*Communications.*—The provision under this head has been raised in accordance with the provision under "tolls."

18. (2) *Repairs*—(*b*) *Buildings.*—The existing floor of the Town school building not being a pukka one, has been greatly damaged already though the building has been in use only for the last few months. It is therefore proposed to have a cutstone floor for the building. Hence an additional provision has been made under this head.

19. *Grant II*—(1) (*b*) *Stipends to Normal Students.*—Rs. 18–12–0 have already been spent under this head for the travelling charges of the students. Rs. 20 have been provided now for the sake of round number.

20. (2) *Municipal Schools*—(i) *on Salary system*, (*a*) *Establishment.*—The considerable decrease of more than Rs. 400 under this head is due to the temporary reductions of the salaries of the second and fourth assistant teachers of the high school having been made in this year, and to the provision made for a drawingmaster having been left unutilized as no qualified man was available to accept the appointment.

21. (2) (i) (*b*) *Contingencies.*—There is an increase of Rs. 150 under this head which is provided for the following purposes:—

	Rs.
For the repairs of the furniture of the high school	20
For the repairs and purchase of the science apparatus	75
For the upkeep of the tennis court attached to the high school and also for the purchase of tennis balls and cricket bats, &c.	50

22. (ii) *On Salary-result system*—(*a*) *Fixed payments.*—It is proposed to have two lower primary schools started from January 1896, and to abolish the existing upper primary school at Arasavilli, in accordance with the suggestion of the Assistant Inspector of schools; hence the increase.

23. *Grant III*—(1) *Hospitals and Dispensaries*—(*a*) *Establishment.*—The increase under this head is due to the provision made for the salary of the lady Apothecary from September 1895 to March 1896, whose appointment has been sanctioned by the

Government in their Order, Mis. No. 2011 M., dated 2nd December 1895, and to the provision made for a probationary compounder's salary from October 1895 having been left unspent, as the post has been left vacant in accordance with the opinion expressed by the local medical officer that there is no necessity for the entertainment of a probationary compounder.

24. (1) (*b*) *Medicines and Supplies.*—Out of the sum of Rs. 1,633–13–3, a little more than one thousand rupees have been paid in this year for the medicines purchased in the last year. Only Rs. 600 and odd have been spent for the medicines purchased during the current year. The stock of medicines having been almost exhausted already, a provision of Rs. 166 has been made under this head.

25. (1) (*d*) *Sundries and Contingencies.*—A provision is made for the purchase of the books for the medical pupil of the Council studying in Medical College, and for his travelling expenses from here to Madras. The hospital assistant's quarters in the hospital compound having been found unfit for habitation, he removed his lodging to a rented building and a provision of Rs. 5 a month has been made for his house-rent; hence increase.

26. *Grant IV*—(9) *Other charges*—(i) *Work done for private individuals other than private scavenging.*—The sewage system was introduced only in October last as stated in paragraph 12 with one single-bullock cart and two men on Rs. 3 each—one to drive the cart, and the other to remove the contents of the cesspools. Hence a provision of Rs. 120 is made for their salaries, &c.

27. (9) (iii) *Printing.*—The original allotment of Rs. 200 is found insufficient and an additional allotment of Rs. 60 is therefore made.

28. *Grant V*—(*c*) *Collection of Tolls*—(i) *Establishment.*—The increase under this head is due to the subsequent promotions sanctioned to the toll-keepers in G.O., Mis. No. 1053 M., dated 4th July 1895.

Budget for 1896–97.

29. The total receipts for 1896–97 are estimated to be Rs. 25,800, which amount, together with the opening balance of Rs. 1,510, will make a grand total of Rs. 27,310. The expenditure budgetted amounts to Rs. 25,990 leaving a balance of only Rs. 1,320.

Receipts.

30. (4) (*f*) (i) *Income from Markets.*—Some of the market godowns that are vacant now for want of repairs are expected to be occupied in the next year as they will be made ready for use before the commencement of the next year; hence increase.

31. (5) *Grants and Contributions*—(*a*) *From Government*—(i) *Municipal Schools.*—It is proposed that the services of a trained L.T. should be secured for the second assistant teacher's post in the high school from March next on Rs. 60 a month, and so a provincial grant of Rs. 20 a month is expected on his account. The salary of the supervisor of schools has been proposed to be raised to Rs. 20 at the suggestion of the Assistant Inspector of schools. A third grant is expected from provincial funds towards his salary, as the permanent incumbent has become eligible for the same; hence the increase.

32. (6) *Miscellaneous*—(*a*) (i) *Private Scavenging.*—The increase under this head is due to the private scavenging fees having been raised from As. 2 to As. 3 in case of a latrine being conserved once, and from As. 4 to As. 6 in case of its being conserved twice daily.

33. (*a*) (ii) *Other purposes.*—The monthly receipts on account of the cesspool fees levied from the owners of cesspools that are under the municipal agency are Rs. 6 for the present. At that rate a provision is made for the next year, whereas in the revised estimate provision has been made only for six months for the reasons stated in paragraph 12 *supra*.

34. The remaining items are but repetitions of the revised estimate with slight variations here and there.

Charges.

35. *Grant I, New Works—(b) Buildings.*—The existing toll-gates that are four in number are thatched ones and require repairs very often. It is therefore proposed to have pukka toll-gates with tiled roofs; hence a provision of Rs. 200 has been made for that purpose. The Assistant Inspector of schools suggested that a provision of Rs. 500 should be made for the construction of a pukka building for one of the salary-result schools that are now located in rented buildings and the Council are fully alive of the necessity of pukka buildings being constructed for salary-result schools. But seeing that their financial position is not very favourable, they have provided only Rs. 250 for the year under budget with the view of getting half the work done in that year, and a provision of Rs. 250 for the other half may be made in the budget for the year 1897–98. The Municipal office is now being held in a rented building, which is the only building available in the town at present that is suitable for office purposes. The Council think it safe and desirable that they should have a building of their own for their office with all the necessary conveniences and have provided Rs. 500 for its construction. They wish to make a beginning of the same in the year under budget and to see it finished in 1897–98, with a provision of another Rs. 500 to be made in the budget of that year. Rs. 160 have been provided for the purchase of a corrugated iron latrine, and Rs. 40 for the purchase of corrugated iron dust-bins.

36. (1) (*c*) *Drainage.*—Rs. 250 have been provided under this head for the construction of a roughstone drain both sides of Palconda road from "Relli street" to "Chintavari choultry" for a length of 430 yards. The construction of the drain is found very necessary.

37. (2) (*a*) *Repairs—Communications.*—Fifty per cent. of the income expected under tolls has been provided under this head.

38. (2) (*b*) *Buildings.*—Rs. 250 have been provided under this head to be utilized for the purposes shown in statement II-A.

39. (2) (*c*) (i) *Repairs to works.*—The current year's provision is repeated under this head for the repairs of the drains.

40. *Grant II*—(1) (*b*) *Stipends to Normal Students.*—No qualified man for the drawing master's post, for which provision has been made in the current year's budget, having been yet available, it is proposed by the headmaster of the high school that his writer who has an aptitude for drawing may be sent to the Madras School of Arts to receive a course of instruction in drawing for one year; that he may be paid a stipend of Rs. $12\frac{1}{2}$ per month during that period; and if he passes in the Government Technical examination in that subject and produces a technical teacher's certificate, he may be confirmed in the combined post of clerk and drawingmaster on a monthly salary of Rs. 25. The suggestion has met with the approval of the Council. Provision of Rs. 20 has been made for his travelling expenses to go to Madras.

41. (2) (i) (*a*) *Establishment.*—The increase under this head can be explained as follows. The salary of the second assistant master of the high school is proposed to be raised from Rs. 50 to Rs. 60 as usual, with the view of securing the services of an L.T. The third assistant master of the same school is allowed his last increment of Rs. 2. The salary of the fourth assistant of that school has been reduced this year from Rs. 40 to Rs. 30, the permanent incumbent of the post having been on leave. It is very likely that he may join the appointment on the expiry of his leave which will take place in March 1896. Hence Rs. 40 have been provided for his salary as usual. It is proposed to appoint a Telugu pandit on Rs. 15 a month for the high school to impart sound education to the boys in Telugu also, just as in Sanskrit which is now being taught by a Sanskrit pandit. The necessity of appointing a Telugu pandit in the high school has been urged by the Inspector of Schools also. It is proposed to raise the salary of the gymnast of the high school to Rs. 15 with five yearly increments, as an inducement to him to work with hope year after year. Provision has been made for the stipend of the drawingmaster as explained above. The demand for water-brahmins is very great in this town, and the one that was attached to the high school resigned his appointment seeing that his pay of

Rs. 3 was very inadequate. No water-brahmins can be had for a pay of less than Rs. 5. Rs. 5 a month, and the salary of the water-brahmin's post is therefore raised to Rs. 5. The sweeper's pay is increased by As. 8 in consideration of the work he has to do both as sweeper and night-watcher.

42. (2) (*b*) *Contingencies.*—Rs. 400 have been provided under this head to be utilized for the following purposes:—

	Rs.
Ordinary contingency	90
Carpentry contingency	80
Chemicals	30
Prizes	70
Library	75
Repairs to gymnastic apparatus	50

43. (2) (ii) (*a*) *Fixed payments.*—The increase under this head is due to provision having been made for the salaries throughout the year of the establishment of the new lower primary salary-result schools proposed to be started in February next.

44. (2) (ii) (*b*) *Results Grants.*—There is an increase of Rs. 75 under this head, which is allotted for the two new schools.

45. (2) (ii) (*c*) *Contingencies.*—The increased allotment under this head also is made for the same new schools.

46. (4) *Results Grants.*—It is proposed that the indigenous school at Badullapet may be recognized as a result school and a provision of Rs. 30 is made for it.

47. (6) (*b*) (i) *Establishments.*—The salary of the supervisor of schools is proposed to be raised from Rs. 18 to Rs. 20 as explained in para. 31 above; hence the increase.

48. *Grant III*—(1) (*a*) *Establishment.*—The increase under this head is due to provision having been made for the lady Apothecary's salary for the full year.

49. (1) (*b*) *Medicines and Supplies.*—Usual amount is allotted under this head.

50. (1) (*c*) *Diet of patients.*—The allotment under this head has been raised by Rs. 100 at the suggestion of the Medical officer, Civil station, Chicacole, as the provision made for the current year was found insufficient.

51. (1) (*d*) *Sundries and Contingencies.*—Usual allotment of Rs. 300 has been made under this head.

52. (5) (*b*) *Private Scavenging*—(i) *Establishment.*—The increase under this head is due to the increase of wages allowed to the private scavengers at the rate of As. 4 each per mensem and to the entertainment of a grass-cutter on Rs. 3 per mensem.

53. *Grant IV.*—(i) *Lighting*—(*b*) *Contingencies.*—Provision has been made for putting up ten more lanterns in the town; hence the increase.

54. (2) (ii) *Slaughter-houses*—(*a*) *Establishment.*—A slaughter-house for slaughtering sheep will be constructed before the close of this year, and a provision of Rs. 50 is made for one slaughter house-keeper on Rs. 4 a month to do all the work in connection with it.

55. (2) (*b*) *Contingencies.*—Rs. 10 have been provided for the contingencies of the slaughter-house.

56. A provision of Rs. 30 is made under hot weather charges with the view of starting water-sheds in the hot season during the year.

57. *Grant V*—(*a*) (i) *Office Establishment.*—The head clerk and manager of the Municipal office and the second clerk are allowed increase of salaries by Rs. $2\frac{1}{2}$ and Rs. 2, respectively. They are honest, energetic and thoroughly acquainted with their work and they discharge their duties in the most satisfactory manner. The Council are only too glad to provide Rs. 40 for his gratuity, the maximum amount to which he is entitled according to the article 524 V. of the Civil Service Regulations, in consideration of his long and blotless service; hence increase under this head. The office peon is now getting Rs. 6½ per month, but his successor will be given only Rs. 6 per month, the minimum pay of the post.

58. (*b*) (i) *Establishment.*—Of the four, the two senior bill-collectors have been allowed an increase of their salaries by As. 8 each per month. They discharge their duties very satisfactorily and they collect dues very promptly; hence the increase.

59. (*c*) (i) *Tolls—Establishment.*—The increase is due to the provision having been made for the full year at the increased rates towards the salaries of the toll-keepers.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Camp, Jutur, 30th December 1895, No. 34-S.

Referring to the vaccinal and conservancy grants provided by the Chicacole Municipal Council in its budget for 1896–97, I have the honour to state that for the conduct of vaccination the current year's allotment, which is considered sufficient, is repeated, and that Rs. 3,690, or 14·3 per cent. of the estimated receipts, are assigned for conservancy,—showing but a slight increase as compared with the sanctioned budget. This provision is, in my opinion, inadequate. Many of the improvements suggested by Surgeon-Captain Bannerman in his last inspection notes on the town recorded in G.O., No. 1037 M., dated 6th August 1894, have apparently been passed over in silence. I would therefore advise that the council be requested to provide for (1) the employment of an extra sweeper for Arasaveli; (2) improvement of existing V-shaped drains; (3) revision of the wages of conservancy sweepers; and (4) improvement of water-supply.

2. The number of rubbish carts also appears to be hardly equal to requirements. There ought to be at least fifteen carts. The use of night-soil carts in lieu of the filthy practice of removal in baskets is essential; but no provision has been made in this direction.

3. Provision for a *certificated* 2nd-class sanitary inspector on Rs. 45—60 should in my opinion be made.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 7th January 1896, No. 42.

Referring to the educational portion of the budget estimate of the Chicacole Municipality for 1896–97, I have the honour to state that the allotments made under the several heads meet with my approval. As the council spends on education much less than 15 per cent. of its income from taxation and rents and as the funds at the disposal of the department do not admit of increased grants being given to municipalities in 1896–97, I would recommend that the estimated grant from Provincial funds be set down at Rs. 930, the current year's figure. No provision has been made for building or furniture grants to results schools. If applications be made, the charge may be met from the reserve. The net expenditure under Grant II will then be Rs. 2,080 (9,490—7,410), or nearly 14 per cent. of the estimated income from taxation, markets and rents.

ORDER—No. 176 M., dated 1st February 1896.

Revised Estimate for 1895–96.

2. The current receipts and charges are now estimated at Rs. 25,430 and Rupees 26,890, respectively, against Rs. 23,330 and Rs. 24,530 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls and school-fees and that in the charges under Grants I and III. The collections under the tax on arts during the first eight months of the year were not satisfactory. The entertainment of two men on Rs. 3 each for the removal of sewage, referred to in paragraph 26 of the Chairman's letter, for which a proposition statement should have been submitted, is sanctioned. A proposition statement for the alterations in the establishments proposed in paragraph 22 should be submitted without delay.

Budget Estimate for 1896–97.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 25,800 against Rs. 25,430 in the revised estimate. The credit taken under Provincial grant for education will be reduced from Rs. 1,260 to Rs. 930 with reference to the Director's letter read above.

4. *Charges.*—(1) The probable charges are put down at Rs. 25,990 against the revised estimate of Rs. 26,890, the decrease occurring chiefly under Grants I and III.

(2) *Grant I.*—No expenditure should be incurred on any of the new works provided for in the budget until plans and estimates for them have been sanctioned by competent authority.

(3) *Grant II.*—The alterations in the educational establishments proposed in paragraphs 40, 41 and 47 of the Chairman's letter are sanctioned.

(4) *Grant III.*—The remarks of the Surgeon-General on the provision for medical services will be awaited. The increase in the salaries of the private scavenging toties by As. 4 each and the entertainment of a grass-cutter on Rs. 3, referred to in paragraph 52 of the Chairman's letter, are sanctioned. The suggestions made by the Sanitary Commissioner in his letter read above will be referred to the municipal council for consideration.

(5) *Grant IV.*—The entertainment of a servant on Rs. 4 for the municipal slaughter-house is sanctioned.

(6) *Grant V.*—The increase in the salaries of the head and second clerks of the municipal office and of two of the bill-collectors, and the reduction in the pay of the office peon, proposed in paragraphs 57 and 58 of the Chairman's letter, are

approved. The council's proposal to grant a gratuity of Rs. 39 to the office peon on his retirement must be disallowed under G.O., No. 343 L., dated 16th February 1893. The contribution for the central office establishments will be raised from Rs. 120 to Rs. 130, with reference to G.O., No. 2190 L., dated 19th November 1895.

5. The budget, as revised by Government, closes with a balance of Rs. 1,020, or 4 per cent. of the estimated receipts.
