DATED 23-10-96-

[Despatch Abstract.]

Loans & Grants

Requesting the Sanit Board to furnish
a state showing the probable amount that
will be required for expenditure in 1896-97
and 1897-98 as loans & grants from Govt.
funds in aid of water supply & drainage
schemes in Municipalities

(1) Pub. W.

(2) What the Govt wants is a table similar to the one found in fo. 2081 in 12th December 1895, showing the probable amounts that will have to be provided in the Provincial budget estimates on account of grants & loans to municipalities in aid of water supply & drainage schemes which have either already been sanctioned or are likely to be sanctioned & taken up for execution during the year. In some cases the whole of the estimated cost of the scheme which is usually met by a half grant & a loan of the balance from Govt funds, will be required for expenditure within the same year, while in others only a portion could be spent, the remainder being required in succeeding years. This information was obtained from the Sanitary Engineer, but he says, apparently on technical grounds, that the particulars for the subsequent years should be obtained from the Sanitary Board & the Public Works Dept. It is only a rough forecast of the requirements is wanted, the Sanitary Board might be required to provide the Sanitary Engineer for 1897-98 & from him the rest in the succeeding years.

(3) This is what the Govt wants.

Thanks
Returned

Remarks.

The Sanitary Board considers that the trial well should not be begun until the question of the removal of the training bank and the extension of the Kistna Bridge is decided.

The work will be finished in December 1897. Surveys & levels are being taken. It is not likely any amount will be required during 1896-97.

Levels are being taken. No amount will be required during 1896-97. It is thought that the entire sum is to come out of Provincial Revenues.

Sanitary Board recommends the construction of the Filter Bed & the completion of the Service Reservoir. Another recommendation has been made by the Sanitary Board.

The revised figures shown here are under the assumption that the estimate sent with my letter No. 1559, dated 19 May 1896 has had the approval of Government. The excess contribution payable by the Railway, Military and Jail are Rs 3902 1476 and 592 respectively.

original estimate of Rs 80,000 owing to fall in exchange and recommendation

former amount of Rs 1,02,520 will be quite insufficient.

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,
Fort St. George, 17 Oct 1896

From

J. A. JONES, Esq. MEM. INST. C.E., F.R.S.E.,
SANITARY ENGINEER TO GOVERNMENT,

To

The Chief Secretary to Government,
Local & Municipal Department.

SIR,

With reference to your Memorandum No. 915 dated 4th. October 1894, I have the honor to submit here-with a statement of Loans & Grants required for Drainage & Water Supply Works during the current official year. The amounts entered for 1896-97 in respect of Conjeeveram & Trichinopoly Water Works are the balances required to complete the works. Rs 10,000 entered against Tirupati is the amount sanctioned for the experimental well & trench (C.O., No. 845 M.Mis., dated 15th. May '96). Rs 55,600 are entered against Cuddapah Filter Bed in accordance with the Sanitary Board's recommendation.

2. In consequence of the transfer of the execution of works to Public Works Department, & owing to the reconstitution of the Sanitary Board, this return for next & future years should be furnished by the Public Works Department & Sanitary Board, Public Works Department in respect of sanctioned schemes transferred for execution, and the Sanitary Board in respect of schemes likely to be sanctioned & undertaken for execution.

I have the honor to be,
Sir,
Your most obedient servant

Wm. Jones
Sanitary Engineer to
