Sir, I have the honor to state
that you have been present at
the meeting of the Municipal
Council held on the 9th July last
& that you have not attended
at any of the meetings of the Council
subsequently held for more than
3 consecutive months & to request
that you will be good enough
to inform, for the information
of Govt why you have not
attended

and as I have plenty of other work
to occupy my time, the Municipal Council
building some three miles from my office
the meetings as a rule very unpunctual in
beginning business I have not attended.

I might add that it would appear
to be very little use for the Station Staff
officers to attend the Council's meetings
for the purpose of suggesting any improve-
ments to the notoriously untidy state
of the Cantonment generally, for such
things

attended the meetings.

With reference to your letter
No. 484 dated the 21st instant, I have the
honor to state that at nearly every
meeting of Bellary Municipal Council
questions relating to the Medical Depart-
ment have been placed before the
Council.

2. As the Council are seldom able
to sanction my propositions I have
considered it best not to attend the meetings
but to place my views in writing before
the Council in order that they may be
on record as I believe the action of the
Council has not promoted the welfare
of the Hospital & Dispensaries.

3. I have however always given you
every information & advice you have

With reference to the official order of 2.9.04 & to your No 31549 of 2.9.04, I have the honor to enclose the accompanying letter from R. Sewell Esq. Collector of Pellary to the effect that the military authorities still have control over the land within the Cantonment limits.

From the authority quoted by Mr. Sewell it would therefore appear that the official Commissioner of Pellary has the power to order house owners within the Cantonment to keep in order their fences on the same manner as is done in an ordinary Cantonment but as he considers that his doing so might lead to friction & a disturbance of the good feeling at present existing between

between the Military Authorities & the
Municipal Committee, he is willing
to waive his right in this particular
provided the Municipal Council is
willing to enforce the regulations
which a Civil Magistrate would ordinarily
enforce.

The fences around the majority of
the houses in Bellary Cantt. is rather
the want of fences. If he considers, a
disagreeable to the Madras Presidency,
besides being a most unsanitary
arrangement, as cows now graze every-
where & frequently pick up food & the
refuse litter from the stables, so
that their milk engenders Cholera
& enteric fever. Under the circumstances
he would submit for the consideration
of the Municipal Council the desir-
ability of repairing each house with
either to complete existing walls,
or to erect a wire fence. Such wire
fencing on stone upright is the cheapest
& most permanent method of fencing
that can be erected, & if the wire fencing
were ordered in bulk from Bombay

or Madras, it would greatly facilitate
the erection of the fencing and diminish
the cost. He hopes You may be able
to bring the matter before the Council
tomorrow.

Eventual return of the Correspondence
received from the Collector of Bellary
is requested.

J. C. Ananthachari Esquire (E)
Chairman, Municipal Council
Bellary.

I hereby beg to give notice that at
the next meeting of the Municipal Council (i.e.
on Tuesday the 24th instant) I intend to bring
forward the following proposition:-

That the Municipal Council reconsider
its resolution ordering hedges or fences to
be "put up and maintained" around the Cor-
pounds of certain houses in the Military
Cantonment and that in support of the proposition I have
to point out that

(1) The absolute nature of control exercised
over land lords of houses in the Cantonment
by the Municipal & Cantonment Acts & the
consequent hardships (e.g. under the Municipal
Act the land lord could plant a hedge of
prickly pears (the only plant likely to live
out) but under the Cantonment Act he
would be punished for doing so)

(2) The great loss such land lords have
suffered for the past five years & more in
being compelled to reduce their rents by 25
per cent at least to secure tenants from

Among

(3) The impossibility of getting some houses rented even at these reduced rents.

(4). The greater demands made on land lords of Cantonment houses for repairs and improvements.

5. The heavy burden that has been thrown upon
the maintenance of hedges or fences will be
on Cantonment land lords especially when
only a few acres have been used for the purpose &
they are not secure a single day or night
from the ravages of the various animals
stricken cattle that are now about the wood.

6. That the subject of hedgers or fences is really a matter between Land Lord & Tenant & that the latter has always the remedy in his own hands of taking another house.

BELLARY

To

SIR

The Chief Secretary to Government
Local and Municipal Reports
Madras

I have the honor to forward
herewith the marginally noted
Correspondence for the Orders of
Government. The Council in
its resolution of the 20th October
have observed that the Chairman
do Explain the objections raised
by the Officers.

2. Surgeon major Evans in his letter states as reasons for his not attending the meeting that the Council were "seldom able to sanction his propositions and that he believed the action of the Council has not promoted the welfare of the Hospital and Dispensaries." All that I should say is that in some matters the Council had reason to disagree.

1. Copy of letter from Chairman to Captain Parker. no 4484, dated 22.10.78.
do do to St. Evans no 4484. dated 22.10.78.
2. Letter from Captain Parker. no 3525. dated 25.10.78.
3. Letter from St. Evans no 3899. dated 25.10.78.

At 4.15 p.m. do — from St. Evans no 3899. dated 25.10.78.

5 minutes of Council's resolution dated 29.10.78.

rescinded -

disagree
the propositions of Dr. Evans
It was only a difference of
opinion and nothing further.
It is not necessary to detail the
items of such disagreement but
the Council begs to assure the
Government that there never was
an institutional disagreement.

3. The second charge of the
District medical and sanitary
Officer is very vague and.
believe the opinion is not shared
by the Councilors.

4. Captain Rosher's objections
are:

(1) that the meetings were
unprofitable in beginning business.

(2) that the Council generally
wasted any improvements
suggested by him for the Canton
must be as clearing away
quickly - pear &c.

5. During the last 5 months

Captain Rosher attended only two
meetings and even these were
not consecutive. On one
occasion when a meeting was
held for Chaumane's election
on 22-6-95 he was himself late

Under these circumstances, I
believe Captain Rosher was
not entitled to lay the vague
charge of unpunctuality
against the Council.

6. With reference to the question
of removing quickly pear &c.
the Council, it is true, did not
adopt the suggestions of the mi-
nisterial authorities. But all
I can say is that no blame
could be laid at their doors,
for doing what they honestly
believed to be their duty. In
this connection I send copy of
letter 879 which opened the question
and that of Mr. Upshon, a
Councilor dated 17th July 1894
on which the subject was finally
settled under last resolution of
the Council.

I believe the honor to be

Yours most obedient
Wm. C. C.
Chaumane Dist.
