MISCELLANEOUS.

G.O., No. 185-M

DATED 4th February 1896

[Despatch Abstract.]

Drainage of Patha Cuddapah tank.

Recording, G.O. Public Works Department, communicating letter from Superintending Engineer, III Circle, informing that it is highly improbable that any money can be spent on the work during the current year and that a full report will be sent after inspecting the works.

Order thereon:—No. 300 Wg 24 Jan'y 1896.

Communicated to the Local and Municipal Department with reference to its memo no 14, dated 9- January 1896 and in continuation of G. O. no. (299) W dated 24 Jan 1896

(True extract)

C. H. P. Burdon.

Under Secretary to Govt.
P. W. Department

To

The Local and Municipal
Department.

20 Jan 1896

Officer on 19- November raising certain objections to the proposals of the Sanitary Board with reference to the Patna-Cuddach tank and making some alternative proposals. This was referred to the Chief Engineer for Irrigation who ordered the subject to be further investigated. Copies of this correspondence are herewith attached.

4. Nothing further on the subject has been received in this office and an urgent reminder has been sent to the Executive Engineer, Kurnool, to hasten the submission of the plans and estimates as already reported in my No 3091 of 10- January 1896.

5. Under the above circumstances, I think it is highly improbable that any money can be spent on the work in the current official year, and if Rs 25,000 have really been set apart for the purpose, it would be well to transfer it to some other work.

6. As already stated in my No 3091, I propose inspecting the tank before the close of this month and will then report fully on the matter.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

From the Superintending Engineer ^{READ the following} III Circle,
No. 3/66 dated 16th January 1896:—

In reply to your endorsement No. 181C, of 11th January 1896, on Chief Secretariat memorandum No. 14 dated 9th idem, I have the honour to point out that I can find no reference to the sum of Rs 25,000 in G.O. No. 1311 M of 12th August 1895. A sum of Rs 5000 is allotted for the drainage of Cuddapah but this was not to be spent by this Department.

2. G.O. No. 2274 W. of 10th September 1895 orders the submission of the requisite plans and estimates for breaching the tank bund and extending the Patta-Cuddapah tank supply channel and this order was forwarded to the Executive Engineer, Kurnool-Division, on the 17th September 1895.

3. A letter was received from that
Officer
