SIR,

I have the honor to Submit for Sanction of the Government a resolution of the Municipal Council passed at its meeting held on the 30th July approving the appointment of two drawing masters on Rs 10 each in lieu of the one Drawing master on Rs 20 provided for in the Budget.

2. A Drawing master on Rs 20 was employed for a few months in teaching Drawing to the Schools in the town and was found unequal to the work of imparting instruction to all the result System Schools which are about 50 in number and are scattered over the town. On this man resigning his appointment, the Assistant Inspector of Schools recommended that two men on Rs 10 each might be entertained in his

place and the Council has agreed to his proposal of Splitting the appointment of the Drawing master into two. To save further time, the arrangement has been introduced in anticipation of Sanction.

No. 11501

From

THE HONORABLE MR. D. DUNCAN, M.A., D.SC., L.L.D.,
DIRECTOR OF PUBLIC INSTRUCTION,
Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,
FORT ST. GEORGE.

SIR,

In returning herewith Government endorsement No 988 dated 18th August 1896, referring for my remarks the resolution of the Municipal Council, Trichinopoly, to appoint ~~two appoint~~ two Drawing Masters on R.10 each in lieu of the one Drawing master on R.20 sanctioned for the Municipality, I have the honour to submit the following remarks.

2. I must begin by saying that I am decidedly opposed to the Council's proposal in question. Drawing is a subject, the teaching of which is in its infancy in schools for general education. It is all the more necessary therefore that the instruction should be on right lines at the outset; and this can be secured only by a technically qualified teacher. Such a teacher cannot certainly be had for the paltry sum of R.10 per mensem; and I would most earnestly request Government not to sanction the Council's proposal; but to direct the Council to appoint immediately a qualified teacher for the original pay sanctioned by Government. The present incumbents, whom the Council has appointed in anticipation of the sanction of Government, are not, I am informed, professionally qualified.

3. Being fully convinced of the necessity of a second Drawing master for the Municipality, and labouring under the impression that any proposal in this direction which would require an additional allotment under this

head being made by the Council would not be sanctioned by the Municipality, the Assistant Inspector appears to have taken advantage of the resignation of the last incumbent to make the proposal in question to the Council; and the Council being also fully alive to the necessity of a second Drawing master, (Please see paragraph 2 of the Chairman's letter) appears to have gladly availed itself of the Assistant Inspector's suggestion, which involved no additional outlay. But in thus viewing the question from a monetary point of view, both the Assistant Inspector and the Council seem to have overlooked the fact that with ill-paid and inefficient instructors the subject could not be taught as it should be. If the Council is of opinion that one Drawing master is not sufficient - and I am also inclined to the same opinion in view of the fact that there are as many as 50 schools requiring instruction - the best thing would be to provide for an additional Drawing master on a fair salary. I would therefore request Government to advise the Council, if funds permit, to take steps in the direction indicated above and to provide a salary of £.15 per mensem at least for a second Drawing master. If this cannot be done, my opinion will still be that it is better to have one qualified teacher than two unqualified teachers.

I have the honour to be,

Sir,

Your most obedient servant,

J. Glencross
