The Government is not prepared to advise the municipal council in the matter. It should take the best legal opinion available and act on its own responsibility.

2. The chairman's attention will however be drawn to the decision of the Madras High Court in the case of the Ongole Municipality vs. Munsey, reported on page 453 of Indian Law Reports, Madras Series, Vol. XVII.

To

The Chief Secretary to Government
Fort St. George Local & Municipal Dept.

Sir,

I have the honor to solicit you will be pleased to obtain early orders on the two following points on which I entertain doubts about the legality or illegality of the same.

Act IV of 1884 Sec 53. says "that a tax on Arts, Professions, trades and callings, and on offices or appointments shall be levied on every person who within the municipality exercises after the date &c."

I. A salt sub-inspector or any salt officer lives within a municipality but attends to his office duties or to the duties of a salt factory situated without the limits of the Municipality. He will also attend to the duties of inspecting Akary shops, Opium shops or such like shops situated within the limits of the Municipality. Is he liable to be taxed under the above section of the above Act?

II. A salt officer lives in a Salt Factory, situated without the limits of a Municipality but attends to the duties of inspecting Akary shops, opium shops or such other shops situated within the limits of the Municipality. Is he liable to be taxed under Sec 53 of the above Act?

I beg to state that these are not hypothetical cases but have actually occurred before me in discharging my duties as Chairman.

In my humble opinion I think both are liable to be taxed in as much as both of them carry a portion of the business within the limits of a Municipality.

I have the honor to be
Sir

Your most obedient Servant
