No. 1898 M., 10TH NOVEMBER 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—again the following paper :—

G.O., No. 1536 M., dated 9th September 1896.

ABSTRACT.—Approving, with amendments, the draft rules for combating cholera in municipalities, and ordering the publication of the necessary notification in the Fort St. George and the District Gazettes of certain districts.

READ—also the following paper :—

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 14th October 1896, No. 1916-S.

With reference to G.O., No. 1536 M., dated 9th September 1896, I have the honour to offer the opinion that the arrangement by which under rule No. 4 the "observation staff" is placed under the Chairman and the "preventive staff" under the Senior Medical Officer is likely to be productive of inefficiency. Having had considerable practical experience of working the system now sanctioned by Government, I have no hesitation in saying that such a division of authority will defeat the end in view.

2. I would further suggest that the note attached to rule 19 be modified by adding after the word "collected" the word "disinfected".

ORDER—No. 1898 M., dated 10th November 1896.

The Government sees no reason to modify rule 4, but the proposed alteration of the note to rule 19 is approved, and the following erratum will be published in the Fort St. George Gazette :—

Erratum.

In Notification, No. 752, published at page 285 of Part I-A of the Fort St. George Gazette, dated 13th October 1896, insert the word "disinfected" between "collected" and "and carried away" in the first sentence of the note to rule 19.

2. The erratum should also be published in all the District Gazettes, except those of Anantapur, Ganjam, Kurnool, Nellore, Nilgiris, South Arcot and South Canara, in English and in the vernacular language of each district.
