Office of Dy. Insp^r of Vaccination,

Kurnool Range,

No. 52. Camp Tammadapalli 11.6.96

From

P. Narraiah ayya Naider,

1st class Dy. Inspector of Vaccination,

Kurnool Range.

To

The President, District Board,

Kurnool.

Sir,

With reference to your Memo No 84 dated 22.4.96 asking me to explain the cause for the backward state of vaccination in Nandyal Town, I beg to submit the following reasons:-

1. The people of Nandyal are very rude and stubborn. For instance, in Octo 1894 when the Collector, Head Assistant Collector, Dy. Sanitary Commissioner Mr. Bannerman, District Medical and Sanitary Officer Mr. Dallas, Tahsildar Mr. Ructum Sing, Dy. Tahsildar, Vaccinator and myself tried our utmost to vaccinate a great number of cases, ^{we} were able to vaccinate only 27 cases even though we were working from 7 a.m. to 10.30 a.m. In the presence of the above gentlemen

267 of 1996

Dr. Bannerman grasped a Mahomedan by the hand to vaccinate him, but he refused to be vaccinated and offered resistance to his being grasped. I also attempted to vaccinate him but with no better success.

2. The register of unprotected children is not at all kept. There are 3 knowns for Nandyal and these three do not work with unanimity. I pointed this want of register of unprotected children to the Tahsildar in March last when I was vaccinating cases with his help. The village officers have admitted before the Tahsildar that the register of unprotected children is not correct. The Tahsildar then and there ordered them to prepare correct list at once. District Medical and Sanitary Officer in his Council Report for 1894 states that the register of unprotected children is not at all kept and that what was produced for inspection is only a fictitious one. The want of such register retards the progress of vaccination and the necessity for its proper maintenance need not be much dealt upon as it

is a fact too well known.

3. The Village Officers of Nandyal are very apathetic and careless, and they do not at all report the prevalence of small pox. I myself found out its existence when I went there on inspection duty in March last. I then vaccinated 41 cases with greatest difficulty with the help of the Tahsildar. Whenever I go to Nandyal I need to vaccinate some cases with the help of the Deputy Tahsildar.

4. After my advent into this District no less than 5 vaccinators were appointed to this Taluk and these resigned in succession.

Under these circumstances I beg to recommend that vaccination be made compulsory in Nandyal and if this is not possible that the village officers may be ordered to be more careful and to maintain a correct register of unprotected children including adults, street after street, and that the Tahsildar may be asked to accompany the vaccinators at least every Sunday to help him in getting cases in Nandyal.

I beg to.
Sof P. Narraiah avery Naidu
1st Class Dy. Insp. of Vacc.
Kurnool Range.

Forwarded.

The remarks made by the Deputy
Inspector are fully endorsed by this
Office.

The Village Officers of Wandyal were
reported by me in writing to the
Head Asst Collector for neglect of
their duties in this respect.

The suggestions made by the Dy.
Inspector are also recommended by
this Office.

No 476
23.6.96.

Copy forwarded to the Sanitary
Commissioners thro' the Inspector of
Vaccination with the recommenda-
tion that vaccination be made
compulsory in all major unions.

2. The Head Asst Collector has
been

been addressed to take due notice
of the negligence of the Village Officers
in not keeping correct lists of un-
protected cases. But lists are not
of much use if the people stubbornly
refuse.

Fort St George 10th Aug 1896
No 1352
v.

From
Surgeon Lt Col. W. G. King, M.B., C.M., D.M.,
Sanitary Commissioner, Madras.

To
The President, District Board,
Kurnool.

Sir,
With reference to your endorse-
ment No 476 dated 23rd June 1896, I
have the honour to suggest that it

would probably strengthen the application to Government in this case, if you would kindly supplement your recommendation by a Resolution of the District Board.

2. I have reason to believe that Government does contemplate the introduction of the compulsory clauses of the Act as to vaccination in ^{Major} ~~any~~ ^{any} ~~part~~ ^{part} ~~of~~ ^{of} ~~the~~ ^{the} ~~unions~~ ^{unions} when a revision of Act No. V of 1884 has been obtained by it, but presume, in the meantime, it would more readily regard the matter favourably if, in sending up a proposition, it were shown exactly how it is proposed to arrange for Magisterial work, where disobedience to the clauses was encountered. I have already suggested that prevention of unjust inconveniences on account of the distance to be travelled to the nearest Magistrate in the case of persons rendering themselves liable to prosecution under these clauses, might be met by conferring the necessary grade of Magisterial powers upon Sub-Registrars, and where this would not suffice by appointing Honorary Magistrates.

2. The Head Union

It seems to me that a sufficiently good system could be thus inaugurated that would cke out the number of stationary Sub-Magistrates available.

3. It would aid matters if you could forward a map of the District, showing the position of the Unions and the Magisterial authorities concerned.

4. I would in this connection draw your attention to the fact that Section 106 of Act V of 1884 seems vague in its application to your suggestion. The power given was apparently meant to cover cases of introduction to complete tracts of country, and the only reading which would apply is that the final clause "cancel or modify such declaration" justifies the selection of parts of the district recognized as Unions.

ORDER No. 2670 L

From

SURGEON LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,

SANITARY COMMISSIONER FOR MADRAS,

To

THE
Chief Secretary to Government,
Local & Municipal Department.

Enclosure.

SIR,

I have the honour to forward
herewith copies of correspondence that
passed between myself and the
President, District Board, Kurnool,
on the subject of rendering vacci-
nation compulsory in portions of
that District, under section 106 of
Act No. V of 1884. This is the third
occasion on which the District
Board of Kurnool has made
similar representation, and I
trust Government will be pleased
to accord its sanction to this use-
ful measure. The information
given by the President, District Board,
as to magisterial arrangements
and the position of the Unions
as shown on the map proves that
