Proceedings of the Director of Public Instruction

Read the following

Letter from the Secretary Bute's Memorial School. Dalgleish dated 6 Sept 1896 respecting the Director's advice in regard to certain changes in the teaching staff of the school suggested by the Headmaster.

Letter from the Inspector of Schools W. Circle, dated 17th Sept 1896 - No 4338.

No 8349 dated 4th August 1896

After a very careful consideration of the papers read about the Director is inclined to the opinion that the arrangements suggested by the Head Master are not such as would prove to be in the best interests of the boys attending the school. Whilst the Director would gladly recommend a change that would be for the benefit of Mr Brown, he is of opinion that it would be much more advantageous to the School if the Mathematical Assistant's place on Rs 100/ were given to a duly qualified Science or Mathematics graduate. Mr Brown is only a Matriculate and it seems to the Director very doubtful whether he would be able to impart efficient instruction

3/2921 Sept 96

instruction in such an important subject as Mathematics to the pupils of the Matriculation classes. Further the unsatisfactory results of the school at the matriculation Examination of 1893 and 1894 and the fact that not a single student appeared for this examination from the School in 1895 point to the urgent necessity of a Science or Mathematics graduate for the school a necessity which was pointed out to the school Authorities so long ago as November 1894 vide the review on the Calendar Inspection Report of the School for 1894-95.

The Director would accordingly suggest the following arrangements:-

I That the Mathematical Assistants place on Rs 120 should be given to a duly qualified Science or Mathematics graduate preference being given to one who should be able to teach Drawing also. The Director thinks that the services of such a graduate could be secured if the School Authorities make an application to the Principal of the Teachers' College.

II That Mr Byrom should continue as he is for the present.

III. That if the Committee should decide to dispense with the services of Lakshminarayana Aiyar, his place should be given to a duly qualified European or Eurasian F.A. or Matriculate capable of teaching Drawing also; and

IV. That a clerk on a very small pay to do returns and other such work should be appointed.

The School cannot afford to have a separate Drawing Master.
