OCTOBER.

Administration Report.

Reviewing the — of the North Arcot District Board for 1895–96.

No. 1938 L., 19TH OCTOBER 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From R. H. CAMPBELL, Esq., President, District Board, North Arcot
Chief Secretary to Government, dated Chittoor, 14th July 1896, Dis. N

I have the honour to report on the administration of local funds in the
of North Arcot during the past official year 1895–96 and to submit the pr
statements.

I.—GENERAL.

2. *Administration.*—The system of administration of local funds continue
the same as in the year preceding, the district board working in co-operation
four taluk boards of Chittoor, Vellore, Ránipéttai and Arni, and the union pa
under the control and supervision of the taluk boards. During the year, th
no changes either in the territorial jurisdiction or in the constitution of an
local boards or union panchayats. There were twenty unions at work
commencement of the year. During the year, the formation of the following
into a new union was sanctioned by Government in G.O., No. 2425 L., da
December 1895: (1) Pallikondai, (2) Keelachur with its hamlets Sriramapu
Veppangali, (3) Vettuvanam (including pettah) and its hamlet Sarahaddupe
(4) Govindampadi with its hamlet Chinnagovindapadi. The imposition of h
in the above union at the maximum schedule rates was sanctioned in the sa
ernment Order. Owing, however, to some difficulty in selecting competent p
serve as members and Chairman of the panchayat, the union could not b
during the year under report. House-tax was levied in Wandiwash and
Unions under sanction of Government accorded in its orders, Mis. Nos. 133
1766 L., dated the 29th July and 25th September 1895, respectively. In t
union, the tax was collected for the second half of the year, it having taken
before the tax register could be made ready for commencing the collection w
in the latter it was collected for the whole year.

3. *District Board.*—Excluding the President, the Collector of the di
district board consisted of 32 members. Four of them held their seats
being divisional officers. Of the rest, twelve were nominated by Governm
officials and eight non-officials) and sixteen were elected by the talu
(seven officials and nine non-officials). The strength of the board on the 3
1896 was 28 against 23 on the corresponding date of the preceding year. O
vacancies, two were among the nominated official seats, one among th
officials and one among the nominated non-officials. The first two vacancie
to were caused by the transfer of C. C. Flanagan, Esq., M.A., Inspector o
Southern Circle, and by H. E. Clerk, Esq., Executive Engineer, North Arcot
having left India on furlough for one year, as explained in the remarks
statement XVI. The one vacancy among the elected officials was cause
transfer of M.R.Ry. Y. Narayanaswami Nayudu Garu, Acting Tahsildar of Ch
elected by the Ránipéttai Taluk Board, out of the limits of that board o
October 1895. It could not be filled up within the official year under
reasons explained in this office letter to Government, No. 1340, dated 1st J
dealt with in G.O., Mis. No. 1143 L., dated 20th June 1896. The on

among the non-officials was created by the expiry of the three years' term of the Revd. L. R. Scudder on the 28th March 1896. He has since been re-appointed. The changes that occurred in the *personnel* of the board are explained in full in the remarks column of statement XVI. Half the members were elected by the taluk boards and the elections were conducted in conformity with the rules.

4. S. H. Wynne, Esq., held the office of the President throughout the year. M.R.Ry. T. Rama Rao Garu, B.A., Treasury Deputy Collector, continued as Vice-President till the 30th September 1895, when he was transferred to Bellary. His successor in office M.R.Ry. T. N. Ramachandra Aiyar Avargal, B.A., was appointed as Vice-President in his place on the 15th October 1895.

5. The district board held thirteen meetings during the year under report against twelve in the preceding year. None of them was adjourned for want of a quorum. The average attendance of members at the meetings was fifteen (five officials and ten non-officials) against sixteen (four officials and twelve non-officials) in the previous year, *i.e.*, 46·87 per cent. of the maximum strength against 50 per cent. in the past year. Column 4 of the statement XVI details the number of meetings attended by each member. Among the officials the Inspector of Schools did not attend a single meeting. This member, as the experience of past years shows, is always lax in attendance. The question of appointing the Assistant Inspector of the division, who has a less extensive charge to look after and who could, therefore, put in a better attendance as a member in the place of the Inspector of Schools, will be considered, and the Government will be specially addressed in the matter. The attendance of the revenue officials cannot also be considered satisfactory, but this, it would appear, was solely due to their frequent transfers during the year. Among the non-officials, M.R.Ry. K. Narasimha Aiyar Avargal and Saiyid Mir Husain Sahib attended all the thirteen meetings of the board, while M.R.Ry. Sesha Aiyar Avargal attended but two meetings. This latter member's term of three years having expired on 27th September 1895, the Ránipéttai Taluk Board elected M.R.Ry. K. Gopala Chariyar Avargal, Deputy Tahsildar of Tirupati, instead, and the election was confirmed by Government on 28th January 1896. In the case of the other members whose attendance was unsatisfactory, their explanations were obtained and considered satisfactory.

6. *Taluk Boards.*—On the 31st March 1896, the four taluk boards had an aggregate strength of 50 members, of whom 15 were officials and 35 non-officials, against 35 members on the last day of the previous year and 52, the sanctioned number. The two vacancies were on the Ránipéttai Taluk Board in the places of M.R.Ry. Y. Narayanaswami Nayudu Garu, Tahsildar of Chandragiri, and M.R.Ry. A. R. Jaya Rao Avargal, a non-official, and they could not be filled up within the official year—*vide* remarks in statement XVI. The other changes in the constitution of the taluk boards are exhibited in the remarks column of the same statement.

7. The four taluk boards held 59 meetings in all during the year against 57 in the preceding year. The Ránipéttai Taluk Board held the largest number of meetings, viz., eighteen, the Vellore and the Arni Taluk Boards held fourteen meetings each, while thirteen meetings were held by the Chittoor Taluk Board. In the Vellore Taluk Board, one meeting, not included in the fourteen mentioned above, was adjourned for want of a quorum, and none was adjourned on this score in any of the other three boards. The average attendance of the members in each of the four taluk boards was seven against eight in Chittoor, seven in Vellore, six in Ránipéttai and seven in Arni in the past year. The attendance of officials on the Chittoor Taluk Board, and of non-officials of the Vellore and the Arni Boards dwindled from three, six and six to two, five and five, respectively, while that of the officials of the three taluk boards except Chittoor has shown an advancement. The Chittoor Taluk Board President ascribes the short attendance of the official members to several changes among them owing to transfer, leave, &c. The Revd. E. C. Scudder, member of the Arni Taluk Board, attended only two meetings of the board and, when called upon for an explanation, ascribed his short attendance to his absence at Kodaikánal in the first four months of the year. He also attributed it partly to the absence of a rule fixing a particular date and time for the board's ordinary monthly meetings. The explanation having been found satisfactory, the case was not reported to Government.

The taluk board has since fixed the date of its monthly meetings. The attend of some of the members of the Vellore and Ránipéttai Taluk Boards was also irreg but the explanations furnished by them were found to be satisfactory.

8. *The working of Taluk Boards.*—Generally, the members of taluk boards wo with interest and rendered material assistance to the Presidents in carrying ou purposes of the Act. The President of the Chittoor Taluk Board prominently tions the name of M.R.Ry. T. S. Narasinga Rao Garu, Government Pleader member and Vice-President of the board, and says that he relieved him of mu the routine business and was otherwise of very great assistance to him. The Ve Taluk Board President similarly brings to notice the names of Muhammad Habib Sahib, Vice-President of the taluk board, and M.R.Ry. C. Somasundra Muda Avargal, one of the members, the former for the keen interest taken by him i disposal of local fund business and the latter for the valuable assistance render bringing cases of encroachments to the President's notice.

9. Travelling allowance was, as usual, paid to the non-official members of boards at the rate of As. 2 per mile for road journey and single second-class fa railway journey.

10. *Union Panchayats.*—The total strength of all the 20 union panch on the 31st March 1896 was 200 against the sanctioned number of 203 mem Of the 200 members, 35 were ex-officio members, being the headmen of the va villages included in the unions, 21 were officials and 144 non-officials against 3 and 144 members on the corresponding date of the preceding year. Four of the number of members were Europeans and Eurasians and the remaining 196 natives. The three vacancies on the 31st March 1896 were on the panchay Palmanér (1), Peranambat (1), Sholinghur (1). The vacancy in Palmanér Unio occasioned by the expiry of the three years' term of M.R.Ry. H. Ranga Chariyar gal on the 25th March 1896. The vacancy occurred too late to be filled up w the official year. Valai Ibrahim Sahib, a member of the Peranambat Union chayat, was removed on the 31st March 1896 for irregular attendance. Thes vacancies were filled up early in April 1896. M.R.Ry. Subraya Pillai Avar member of the Sholinghur Union, died at the end of February 1896. The Ráni Taluk Board President reports that this vacancy could not be filled up with official year owing to difficulty in procuring the services of a competent person. vacancies that occurred and the appointments made in the several union chayats during the year under report are detailed in the accompanying stat No. XVI-B.

11. Three hundred and fifteen meetings were held by the several union pa yats during the year against 303 meetings in the previous year, this giv average of nearly 16 against 15 in the year 1894–95. Seventeen meetings included in the 315 mentioned above, had to be adjourned for want of a qu they were in Peranambut Union (4), Tiruttani Union (4), Rénigunta (5) and Ar The Ránipéttai and Polur Unions held nineteen meetings each. Then follow Tir Kávérippákkam and Wandiwash with eighteen meetings each, and Arcot, Ku Sholinghur, Kálahasti and Karvetnagar with seventeen meetings each. The unions also met a sufficient number of times, except Rénigunta which failed t once in the month of January last. The Chairman of this latter union reporte the meeting convened by him on the 29th January 1896 had to be adjourn want of a quorum. He will be requested to see that the union meets, in fut least once a month. The average attendance of the panchayats was six as in th preceding (two officials and four non-officials). The President of the Chittoor Board explains the short attendance of the official members of the Chittoor Panchayat as due partly to the appointment of a non-official member in the p M.R.Ry. T. S. Narasinga Rao Garu, Government Pleader, and an official mem the panchayat, and partly to the irregular attendance of the hospital assista member M.R.Ry. Veeraswami Nayudu Garu. He adds that Muhammad Yusuf a non-official member of the same panchayat, attended only the first two meetings year and pleaded continued illness, and that steps will be taken for his removal Vellore Taluk Board President reports that the members of the Peranambut Unio

are mostly Lubbays, take but little interest in the working of the union, that he called for explanation from such of the members as failed to attend the meetings of the panchayat for more than three consecutive months, and that the explanations furnished by all, except Valai Ibrahim Sahib, having been found to be satisfactory, they were not reported but were asked to be more regular in future. The excepted gentleman's retention on the panchayat having been found undesirable, he was removed, as already stated in paragraph 10 *supra*. Of the twenty union panchayats, nine had official Chairmen (one postmaster, two revenue officers, two sub-registrars and four medical subordinates) and the remaining eleven had non-official Chairmen, against ten official and ten non-official Chairmen in the previous year.

12. *The working of the Panchayats.*—The ward system of supervising the affairs of unions was in force in all the unions during the year, except Peranambut where, it is said, it will be introduced this year. The ward members generally assisted the Chairmen by supervising sanitation and lighting, inspecting the streets in their respective wards and reporting any defects noticed to the Chairmen concerned for necessary action. In Chittoor and Punganúru Unions, they are reported to have helped the Chairmen in collecting house-tax and in enquiring into, and reporting on, the claims for revision or reduction of the tax. The Ránipéttai Taluk Board President reports that the working of the unions under his board was not altogether satisfactory. In Arni Union, the system is reported to have not worked satisfactorily, the non-official members having taken no keen interest in the union affairs. The Taluk Board President, however, states that greater harmony prevailed during the year under report than in the previous year, and anticipates further improvement during the current year.

As in the previous year, the Muhammadan and Panchama elementary schools at Ránipéttai and Pingi, the weekly and daily markets and the slaughter-house at Ránipéttai, and the chattram at Asanallipet were managed by the Ránipéttai Union Panchayat. The Sholinghur Union Panchayat held under its management the local Annadana chattram and the market. The Arkonam, Puttúr and Karvetnagar Unions continued to manage the local markets. The chattram at Arkonam and the langer-khana at Arcot were under the control of the local panchayats. The markets at Arcot, Ambúr and Polur and the slaughter-houses at Arcot, Ambúr and Arni were managed by the unions concerned. During the year, the markets at Kuppam and Peranambut were transferred to the management of the panchayats concerned. Fees from temporary markets and pandals were collected in all the unions under the Ránipéttai Taluk Board during fairs and festivals. On the whole, the union members worked fairly in accord with the Chairmen.

13. *Financial position.*—The details of receipts and charges of the district and taluk boards are furnished in statements I-A and I-B in the accompanying book of statements, the instructions regarding their allocations conveyed in G.O., No. 1104 L., dated 15th June 1896, being adopted. The following abstract compares the financial position with that of the previous year :—

—	Actuals of 1894–95.				Actuals of 1895–96.

Closing Balance ..	8,610	46,050	16,389	71,049	20,238	32,762	16,140	69,140

N.B.—This abstract includes the debt head transactions. The Accountant-General's finally audited figures have been adopted in the case of the actuals of 1894–95.

Excluding the debt heads (Rs. 12,962 on the receipt side and Rs. 10,963 on charge side) and allotments from district to taluk funds and from taluk funds to u funds, amounting in all to Rs. 53,343, the receipts of the year aggregated to Rs 3,95,396 against Rs. 4,04,283, and the charges to Rs. 3,99,304 against Rs. 3,9 in the preceding year. The closing balance of the year, including the debt transactions, amounted to Rs. 69,140, or 17·48 per cent. of the current receipts. this balance, Rs. 24,649 appertain to the endowed institutions under the various boards and unions and Rs. 7,841 to the unions alone. The net general balance a able on the 1st April 1896 amounted to Rs. 36,650, of which Rs. 20,238 apperta the district board and Rs. 16,412 to the taluk boards. The gross closing balance cipated in the revised estimate for the year prepared in connection with the budg 1896–97 was Rs. 73,290. The decrease of Rs. 4,150 is chiefly due to a large de in the receipts under "Land-cess," "Provincial contribution for education," "M contribution from private individuals," "Avenues" and "School-fees" and inc expenditure under Grant II, only partly counterbalanced by a decrease in ex ture under the other grants, as will be explained further on.

14. *Taxation.*—The principal sources of the revenue of local boards and pa yats were land-cess, tolls and house-tax. The receipts under these heads amo to Rs. 2,74,569 under land-cess, and Rs. 28,518 under tolls and Rs. 20,975 house-tax. The incidence of taxation per head of the population as per census of was As. 2-4 excluding, and As. 2–7 including, the tolls, against As. 2–5 and As respectively, in the previous year. The decrease is due chiefly to a compara short collection under land-cess explained later on. Taking into account th local fund receipts, the incidence per head came to As. 3–1 against As. 3–2 past year.

II.—Receipts.

15. *Opening Balance.*—The year opened with a balance of Rs. 71,049 agai estimate of Rs. 34,830 and Rs. 54,272, the actuals of the previous year. The i over the estimate is due chiefly to short expenditure under Grants I to IV increase in the receipts, especially under "Land-cess" in 1894–95, as expla detail in the report for that year.

16. *Land-cess.*—The cess on land, which is levied at the rate of one anna rupee of land-assessment, constituted the chief source of income to local funds actual collections during the year were Rs. 2,74,569 against the estimate of 2,83,010 and the actuals of Rs. 2,90,903 in the preceding year. The total including the arrears was Rs. 2,86,671 against Rs. 3,02,365 in the past yea percentage of collection to the demand was 95·77 against 96·20. The decr collection, as compared with the past year's actuals, was due in the main collection in the Karvetnagar zemindari, in consequence of which a larger than in the preceding year was left uncollected. Again, the whole of the land the Kachinad taluk was collected and credited to the accounts of this district year, notwithstanding the transfer of that taluk to Chingleput on the 1st Apr During the year under report, however, the collections of only the last three were so credited. The whole of the collections made from that taluk has sin refunded to the Chingleput district. The decrease, as compared with th estimate, is explained to be due to (*a*) a larger balance outstanding at the en year than was expected in the budget and (*b*) the land-cess due on the K zemindari for the year under report having been paid by the zemindar in the year.

17. *Tolls under Act V of* 1884.—Statement No. V furnishes the statistics r the several toll-gates in the district. The number of the gates remained the sa the preceding year. The positions of the gates at Wandiwash and Arni having evasion of tolls, they were transferred to other suitable localities—*vide* G. Nos. 308 L. and 2 L., dated 19th February 1895 and 6th January 1896, resp There were no changes in the case of the other toll-gates. Half the maxim were, as usual, collected in all the gates. The lease amount of all the eight the year was Rs. 18,215. This, together with the arrear demand of Rs. 61–11

up to Rs. 18,276-11-2. Rs. 18,078-2-5 of this amount was collected within the year. A sum of Rs. 108 collected in the previous year in excess of the demand was taken credit for in the accounts of the year under report towards the kist due by the lessee of the Ránipéttai toll-gate, as the amount represented the fee for composition for tolls in respect of that gate for that year (1895-96). The lessee of the Wandiwash toll-gate having failed, the gate was taken under amani on the 15th November 1895, and was so managed during the remainder of the official year. The lease amount in respect of that gate was Rs. 810, of which the amount paid by the lessee was Rupees 393-3-9. The total amount due by him till the date of taking over the gate under amani was Rs. 552-5-4, and legal steps are being taken to recover the balance of Rs. 159-1-7 with interest and costs from the defaulter. Though, on the date of taking over the gate under departmental management, there was a balance of Rupees 416-12-3 of the lease amount, still only Rs. 326-3-6 were realised out of it, leaving a balance of Rs. 90-8-9. It will thus be seen that the balance of Rs. 198-8-9 shown in statement No. VIII is only nominal. The actual collections, including interest on out-of-date payments and the sale-proceeds of toll-gate tickets and excess collections, explained at length in the remarks column of statement No. V, amounted to Rs. 18,166, against the budget estimate of Rs. 13,200 and Rs. 13,279, the actuals of 1894-95. The large increase was mainly due to keen competition at the sale of the farms owing to the fact that the experience of the preceding year had enabled the bidders to estimate more accurately the extent to which composition of tolls might take place. With the exception of the Wandiwash gate lessee who made default, the other lessees were generally regular in paying up the kists.

18. The amount of contribution paid by the four municipalities as the local fund share of the municipal tolls collected on through traffic was Rs. 10,440 against an estimate of Rs. 10,960 and the actuals of Rs. 10,593 in the previous year. The decrease is chiefly due to the reduction in the rate of contribution payable by the Tirupati Municipality from one-half to one-third under sanction conveyed in G.O., Mis. No. 758 M., dated 4th May 1895. The rates of contribution in respect of the other three municipalities were, as usual, half in the case of Vellore, one-third in the case of Wálajápet and one-fourth in the case of Gudiyáttam. The total revenue from both the local fund and municipal tolls amounted to Rs. 28,606, or 7·23 per cent. of the entire local fund receipts, against 5·90 per cent. in the past year.

19. *House-tax.*—This tax was in force in sixteen unions at the commencement of the year. During the year it was newly levied in Palmanér, Peranambut and Wandiwash unions (*vide* G.Os., Mis. Nos. 1766 L., 718 L., and 1330 L., dated 25th September 1895, 25th April 1895 and 29th July 1895, respectively). In the first two of these unions it was collected for the whole year, while in the third for the latter half of the year. The tax was levied at maximum schedule rates in all the nineteen unions. Particulars of the demand, collection and balance of this tax are furnished in statement No. VIII. The total demand for the year, including the past year's arrears, was Rs. 21,154 and the collections amounted to Rs. 20,975. A remission of Rs. 107 on vacant houses was sanctioned during the year. There was, therefore, a balance of Rs. 72 on the 31st March 1896 in the unions noted in the margin and nearly the whole of it has since been collected. The percentage of balance to the demand was ·34 against ·08 in the preceding year. The system of reviewing the demand, collection and balance statements of this tax received from the union chairmen both by the Taluk Board Presidents and in my office was continued during the year and was productive of this satisfactory result.

	Rs.	A.	P.
Chittoor	69	8	0
Palmanér	2	0	0
Karvetnagar	0	8	0
Total ..	72	0	0

20. Statement No. XVII in the book of statements shows the incidence of house-tax in the several unions. In all the unions except Punganúru, Ránipéttai and Karvetnagar, the number of houses finally assessed has exibited an increase.* The decrease in the three unions named above was but small. The average incidence

* In Chandragiri it was the same as in the past year, viz., 1,081 houses.

of the tax per head of the population within the union limits was As. 2-4, th as in the previous year. It was heavy in Punganúru, Chittoor, Puttúr, Ká Tiruttani, Arni, Ambúr and Arkonam being As. 4-3, As. 3-6, As. 2-9, A As. 2-7, As. 2-7, As. 2-6, As 2-6, respectively. In Wandiwash, however, the tax was collected for the latter half of the year, the incidence was very low only As. 1-1. The number of distress warrants issued was 548 against 1894-95, the amount involved being Rs. 471-12-0 and Rs. 526, respe Property valued at Rs. 119-8-0.was distrained in 201 cases, but sales were ne only in 29 cases involving an amount of Rs. 10-1-6.

21. *Educational.*—The total amount credited under this head was Rs. against an estimate of Rs. 19,210 and the actuals of Rs. 17,791 in the precedi The net decrease, as compared with the estimate, is mainly attributable to the cl twenty-seven primary schools and the middle school at Tiruttani and the con reduction in the fee income, notwithstanding some increase in the school-fee of the Chittoor high school. It is also ascribed to a somewhat over-esti receipts under the Ránipéttai Taluk Board. The Vellore Municipality stop payment of the contribution of Rs. 10 per mensem towards the pay of the lo Muhammadan inspecting schoolmaster from 1st July 1895, as they did not his services. The Zemindar of Kangundi paid the usual contribution of towards the cost of the Kuppamu middle school. The last year's arrear cont of Rs. 150 was also credited during the year.

22. *Medical, Vaccination and Sanitation.*—The income under this head a to Rs. 2,886 against an estimate of Rs. 4,350 and Rs. 4,215, the actuals of The decrease for the most part appears under "Contribution from private indiv and is due to the Mahant of Tirupati having paid only Rs. 2,000 out of the Rs. 3,840 payable by him for the upkeep of the Devasthanam hospital at The balance of Rs. 1,840 has since been paid by him. The Zemindar of K paid Rs. 300, including the arrears of past year (Rs. 150) towards the cost taining the local fund dispensary at Kuppamu. A sum of Rs. 224 was contri the American Arcot Mission on account of the difference between the allowance of the first-class hospital assistant of the Ránipéttai hospital a civil apothecary appointed thereto at the request of the Mission body, as s in G.O., Mis. No. 731 L., dated 29th April 1895. The Vellore Municipalit usual contribution of Rs. 120 towards the pay of the second clerk of the Medical and Sanitary Officer's office.

23. *Interest on Government Securities.*—The sum of Rs. 795 credited u head is composed of Rs. 116, being the interest on the Bommasamudram Aiyar's school endowment, and Rs. 679, interest in respect of the endowment a the Muhammadan orphan school at Arcot. The accumulated interest o 644-10-3 on the latter endowment, held by the Postal Savings Bank (*vide* No. VI-A for 1894-95), was withdrawn and credited in favour of the institu this chiefly accounts for the increase over the estimate under this head.

24. *Miscellaneous*—(*a*) *Market Rents.*—The realisations under this head to Rs. 11,370 against an estimate of Rs. 10,860 and the actuals of Rs. 10,9 past year. The increase is due to (1) the opening of two markets—one at V under the Vellore Taluk Board and the other at Papireddipalli under the board (*vide* G.Os., Mis. Nos. 108 L. and 2605 L., dated 19th January 189 November 1893, respectively), (2) the collection of arrears of the precedi the Chittoor and Ránipéttai Taluk Boards, and (3) to keener competition at t the farms under the Vellore and Ránipéttai Boards. Except in the case o market and the slaughter-house at Arni, dealt with in paragraph 71 *infra*, fe markets were willingly paid.

(*b*) *Fees and Fines.*—The collections under this head amounted to against an estimate of Rs. 1,490 and the actuals of Rs. 1,849 in the pre The increase over the estimate is explained to be due to the introduction of scavenging system in Arkónam and Ránipéttai Unions and to a larger in

fines under the conservancy clauses of the Towns' Nuisance Act and pandal fees under the Ránipéttai Taluk Board. The Arni Taluk Board President says that the income under this head was under-estimated by his board.

(*c*) *Fishery Rents.*—A sum of Rs. 9,935 was collected under this head against the budget estimate of Rs. 7,840 and the actuals of Rs. 11,495. The net increase, as compared with the estimate, appears chiefly under the Ránipéttai and the Vellore boards. In the case of the former, it is mainly due to a sum of Rs. 1,472 collected by the Public Works department on account of that taluk board not having been estimated for in the budget; and in the latter case, it is explained to be due to a wholesome competition at the lease of fisheries. Of the total amount of Rs. 9,935, Rs. 8,463 were collected by the Revenue department and Rs. 1,472 by the Public Works department.

(*d*) *Avenues.*—The collections under this head amounted to Rs. 9,519 against Rs. 13,100, the estimate for the year, and Rs. 9,043, the actuals of the previous year. The decrease is ascribed to a shorter produce in the case of tamarind trees than was anticipated. There was, however, an increase over the actuals of the preceding year, due mostly to prompter collections of the avenue rental of the district board during the year.

(*e*) *Contribution from Provincial Funds for Education.*—The income under this head amounted to Rs. 9,283 against an estimate of Rs. 12,030 and the actuals of Rs. 7,378 in the previous year. The decrease is explained to be due to—

(*a*) The net cost of the high school, Chittoor, payable from provincial funds having been reduced owing to increase in the school-fee receipts.
(*b*) The non-recognition of the Tiruttani middle school; this school was abolished at the end of the year.
(*c*) the failure of some of the primary schools under the Ránipéttai and the Arni Taluk Boards to earn the grants expected.
(*d*) the drawing of a reduced rate of salary grant by the masters of the Arni middle school owing to the introduction of the revised scale of salaries during the year (G.O., Mis. No. 837 L., dated 10th May 1895).

25. The variations under the other items are explained in the remarks column of statement No. I-A. Particulars regarding the several items of miscellaneous receipts and contributions from the several sources are furnished in statement No. A in the accompanying book of statements.

III.—EXPENDITURE.

26. Excluding debt heads and allotments from district to taluk funds and from taluk funds to union funds, the expenditure of the year amounted to Rs. 3,99,304 against the actuals of Rs. 3,93,380 in the preceding year. Statement No. I-B furnishes details of expenditure under the various grants.

27. *Grant* 1, *Public works.*—The total expenditure on public works of all kinds during the year amounted to Rs. 1,68,952 against an allotment of Rs. 1,90,970 and Rs. 1,65,466, the actuals of the previous year. Of this amount, Rs. 1,50,773 was spent on "Communications," Rs. 6,765 on "Civil buildings" and Rs. 11,414 on "Miscellaneous public improvements," both under new works and repairs. The percentage of expenditure to the total allotment was 88·47 against 90·89 in the preceding year. The variations in the several items are explained further on. The expenditure incurred by the several agencies other than the Local Fund Engineering department is detailed hereunder:—

	RS.
(1) By the Public Works department on behalf of local funds ..	250
(2) By the Revenue department on behalf of local boards as detailed in statement No. III	438
(3) By the Chairmen of unions (excluding the expenditure on the maintenance of street roads incurred by the Local Fund Engineer) ..	370

28. *New Works—Communications.*—A sum of Rs. 11,138 was spent on 2 works. This number does not include petty works costing Rs. 300 and less, have been grouped and shown separately in statement III. The following a most important works completed or in progress during the year under report:—

(1) *Chittoor Taluk Board.*—Metalling the road from Punganúru to Sada
(2) *Vellore Taluk Board.*—Constructing culverts at the 6th and the 13th of the road from Kuppamu to Kangundi.
(3) Forming a new road from Tiruvattur to Mámandúru.
(4) *Ránipéttai Taluk Board.*—Constructing a road from Chandragiri to dragiri railway station.
(5) Forming a road from Mangalampet railway station to Kothapet.
(6) Forming a new road from 56¼ mile of the Madras-Calicut trunk Kalattur village.

The last of the works specified above was completed during the year, b incomplete work of past year. The other works were all incomplete at the the year under report. Item No. (1) is being done by annual allotments of Rs The estimate for it was sanctioned in G.O., Mis. No. 234 L., dated 6th F 1895. The year's allotment for it was not fully utilized, owing to difficulty in contractors and labour in those localities. Work No. (2) has been shown as plete, as the amount of contractor's security deposit could not be paid back owing to the work not having been ready for check-measurement till the close year. No. (3), viz., the formation of the Tiruvattore-Mámandúru road, had to incomplete, as the lands required for the completion of the road were not a and handed over to the taluk board. In regard to item No. (4), the amount pensation for lands acquired was not settled and paid within the year. The for item (5) amounted to Rs. 1,970, but during the year only Rs. 1,000 were a and this allotment could not be spent in full, owing to the required lands not been acquired within the official year. The details in respect of the other w furnished in statement No. III.

29. *Repairs—Communications.*—Under this head an expenditure of Rs. was incurred against an allotment of Rs. 1,54,210 and the actuals of Rs. 1,3 the preceding year. The percentage of expenditure to the allotment came against 95·62 in 1894–95. The short expenditure is explained to be due to (deal of spreading works having had to be given up owing to scarcity of wa close of the year; (2) the delay on the part of contractors to complete the work and consequent necessity to postpone check-measurement and spread the close of the year, and the infliction of fines upon the defaulting contract (3) the scarcity of labour in Kangundi and Damalacheruvu divisions, owing former, to the opening of gold mines at Bisanatham in the division where c paid higher wages, and, in the latter, to the bad localities, being ghaut porti

30. *Civil Buildings—New Works and Repairs.*—The aggregate expen original works and repairs during the year was Rs. 6,765 against an allo Rs. 8,250 and Rs. 5,294, the actuals of the past year. The expenditure may fied as follows:—

	RS
School buildings	1,02
Hospitals and dispensaries	3,77
Bungalows and chattrams	1,96
Total ..	6,76

The decrease, as compared with the allotment, is attributed chiefly to the causes:—

(*a*) The allotments made for the repair of the high school at Chitto work of fixing doors to the dispensary compound gates at Arcot, and for Panchama school at Kilur, could not be spent owing to the estimates h sanctioned late in the year.

(*b*) Owing to the late sanction of the estimate for the repair of the travellers' bungalow at Venkatagirikota, only Rs. 25 were spent out of an allotment of Rs. 225.

(*c*) The works of (1) constructing the compound wall to the hospital assistant's quarters at Kuppamu and a latrine to the local fund school at Kálahasti, and (2) repairing the well in the compound of the Tirupati hospital, the travellers' bungalows at Yerpedu, Puttúr, Wandiwash and Polur, and the hospital at Arni, not having been ready for check-measurement within the year, the amounts of security deposits could not be paid back to the contractors concerned.

(*d*) The works of repairing the Arni middle and feeder schools, for which an allotment of Rs. 120 and Rs. 40, respectively, were sanctioned, not having been found necessary, they were not executed during the year.

(*e*) The amount of security deposit due to the contractor, who repaired the travellers' bungalow at Damalacheruvu, was forfeited for bad work.

31. *Miscellaneous Public Improvements.*—Under this head a sum of Rs. 2,967 was spent on original works and Rs. 8,447 on repairs, or Rs. 11,414 on the whole, against an allotment of Rs. 15,110 and Rs. 9,433, the actuals of the preceding year. The decrease is accounted for as follows :—

(*a*) A sum of Rs. 1,000 allotted for constructing a shed in the Chowdapalli market under the Chittoor Taluk Board was not spent as the site required was not acquired and paid for within the official year.

(*b*) The sum of Rs. 327 originally awarded in respect of the site acquired for the Laknapalle market was not paid to the party, as the award was not accepted, and the matter is pending settlement in the civil court.

(*c*) The allotment of Rs. 100, made for the repair of each of the markets at Gudipalli and Krishnapuram, was not utilized as the estimates were not prepared owing to the laziness of the overseer concerned who has since been removed.

(*d*) The construction of a shed in the Ránipéttai weekly market was not commenced, pending the opening of a railway line to Ránipéttai through the market-site as surveyed by the railway company.

(*e*) The allotment of Rs. 200 made for the repair of the Bundapalli and Sankararayalpet markets was not spent, being found unnecessary; and the work of repairing the Venkatagirikota market having been done badly, it was not passed by the department.

(*f*) The works of repairing the markets at Palmanér and Rallabudugur and of constructing sheds in the weekly markets at Nagari and Pallipet having been executed late in the year, it was not possible to check-measure and pay for them within the official year.

(*g*) The allotment of Rs. 60 sanctioned for fencing the market-site at Pákala was not utilized, as the Engineer reported that there was no contractor to take up the work.

32. The following are the details of expenditure on miscellaneous public improvements :—

	Rs.
(1) Maintenance of avenues	4,668
(2) Improvement and repairs to markets and slaughter-houses ..	4,677
(3) Do. of tanks and wells	2,053
(4) Repairing the People's Park at Arni	16
Total ..	11,414

The sum of Rs. 2,053 referred to in item (3) represents the cost of repair of the head and channel of the Peishcar's drinking-water tank at Rénigunta, paid unde tion of Government accorded in G.O., Mis. No. 117 L., dated 21st January 189

33. At the commencement of the year, there were 1,727$\frac{17}{48}$ miles of road district against 1,725$\frac{11}{48}$ at the beginning of the preceding year. This gi average of 2·35 miles for every 10 square miles of area. Of the total length me above, 1,476$\frac{5}{8}$ miles were repaired during the year, against 1,476 miles repa the past year. The increase of five-eighth mile appears in the Ránipéttai and is explained in the remarks column of statement IV-A. Of the total repaired, 1,317$\frac{1}{8}$ miles appertained to the district and taluk boards, and the re 159$\frac{1}{2}$ to the village roads. Excluding the charges on account of the construct repair of bridges, culverts, toll-sheds, store-sheds, &c., the cost of maintainir mile of road repaired amounted to Rs. 128 for the district, Rs. 77 for the tal Rs. 79 for the village roads, against Rs. 124, Rs. 77 and Rs. 79, respectively preceding year. During the year under report, one mile of village road w structed at a cost of Rs. 575. On the 31st March 1896, there were 1,728$\frac{17}{48}$ roads in the district.

34. *Village Roads.*—A sum of Rs. 13,113 was spent on the constructi repair of the village roads in the district, and this forms 9·36 per cent. of t road outlay against 9·74 per cent. in the previous year. Of the total amount, 575 were spent for constructing new roads and Rs. 12,538 for repairing th ing roads.

35. Of the total length of 1,728$\frac{17}{48}$ miles of road in the district, 1,018 had avenue trees planted along th as in 1894–95. There were, at t mencement of the year, 207,400 During the year 4,399 trees were the year there were 209,178 trees. and 2,621 perished. Thus at the close of rally, the avenues were well cared for and maintained.

* For the difference between this figure and the number at the close of the preceding year *vide* remarks in statement IV-B.

36. *Condition of Roads.*—Being new to the district, I am unable to personal opinion as to the condition of the roads generally. The roads round are certainly good, as also the road from Chittoor to Kátpádi and from Chi Palmanér. The President of the Vellore Taluk Board complains that the road his jurisdiction are in exceedingly bad order. The taluk board presi Chittoor and Arni report favourably on the condition of their roads. The R taluk board roads are reported to be in fair order. I shall take steps to rer bad state of affairs complained of by the President of the Vellore Talu Speaking generally, I may say that want of rain has greatly hampered t Fund Engineering department in the work of repairing the district roads.

37. *Establishment.*—There were no changes in the staff of the Local Fu neering department during the year. The cost of the engineering establ including the contingencies, amounted to Rs. 33,575 against Rs. 32,79 preceding year and Rs. 34,120, the allotment for the year. The decrease u allotment is due chiefly to savings in the salaries of some of the clerks w granted leave without pay and to the acting incumbents having been deputation allowances. The Engineer also reports that there were saving travelling allowance allotments and contingencies. The percentage of th establishment to the total outlay on works was 19·87, against 19·82 in the year. A sum of Rs. 74 was paid to the Public Works department for the of the local fund revenue from fisheries, and Rs. 171 were paid to the san ment for the scrutiny of local fund plans and estimates.

38. *Tools and Plant.*—A sum of Rs. 1,669, or ·98 per cent. of the total works, was spent under this head, against Rs. 2,012 or 1·21 per cent. in th year. The whole amount was spent in purchasing new tools.

39. *Grant* 2, *Education.*—The total expenditure on education durin under report came to Rs. 77,496, against Rs. 74,559 in the preceding y details are given below :—

	1895-96.	1894-95.
	RS.	RS.
(1) Inspection	4,624	4,668
(2) Training Muhammadan teachers	29	124
(3) Sessional schools	1,487	1,621
(4) Local Fund schools—		
(*a*) Secondary—		
(1) Salary system	10,350	10,231
(2) Salary-result system	3,264	3,354
(*b*) Primary—		
(1) Salary system	..	..
(2) Salary-result system	40,373	39,200
(5) Grant-in-aid schools—		
(1) Salary grants	..	..
(2) Results grants	15,905	14,026
(3) Building grants	150	..
(4) Miscellaneous grants	177	20
(6) Contribution	130	130
(7) Purchase of books and commission on sale of books	904	995
(8) Miscellaneous including books and periodicals and refunds	103	190
Total ..	77,496	74,559

40. *Inspection.*—In his proceedings, No. 1885, dated 18th February 1895, the Director of Public Instruction sanctioned the re-distribution of the sub-assistant inspectors' ranges in this district by transferring the Chandragiri taluk, which formerly formed part of the Chittoor sub-assistant's range, to the Wallajah range, and the Vellore taluk (formerly in Vellore sub-assistant's range), to the Chittoor range. The head-quarters of the re-constituted Chittoor range was transferred from Chittoor to Vellore, and the former "Vellore range" was designated "Arni range" with Arni as head quarters. The limits of the sub-ranges of the inspecting schoolmasters of Chittoor and Kálahasti were also altered. The Chandragiri taluk, which was formerly included in the Chittoor sub-range inspecting schoolmaster's charge, was transferred to that of the Kálahasti sub-range inspecting schoolmaster. These changes, which took effect from 1st July 1895, were rendered necessary as, by the transfer of the Kachinad taluk of the Kálahasti zemindari to the Chingleput district, the work of the Kálahasti inspecting schoolmaster was much reduced, while the Chittoor inspecting schoolmaster had to look after a very heavy division. There were no other changes in the limits of the jurisdictions of the educational officers of the district. The number of the sub-assistant inspectors and inspecting schoolmasters continue to be the same as in the preceding year. The former were borne on the provincial lists, and the latter were paid from local funds. A sum of Rs. 4,624 was spent on account of pay and contingencies of the inspecting schoolmasters, against an allotment of Rs. 4,540 and the actuals of Rs. 4,668 in the preceding year. The slight increase over the estimate is only nominal, as a portion of the budget allotment under this head was transferred to other heads as it was expected that the entire allotment would not be spent within the year. As usual, the diaries of the inspecting schoolmasters were reviewed monthly, both by the sub-assistant inspectors and in the District Board's office. These officers visited 1,509 villages and prepared 1,105 schools for examination, of which 157 were local fund schools, 577 grant-in-aid and 371 other schools, the corresponding figures for the previous year being 1,793, 183, 520 and 705, respectively. One thousand five hundred and thirty-six schools and 75,955 pupils were examined, 48 schools were newly started and 152 schools were brought under inspection, against 1,547 schools with 78,046 pupils, and 12 and 150 schools, respectively, in the past year. The increase in the number of schools started is satisfactory. All the inspecting schoolmasters worked well with one or two exceptions.

41. *Sessional Schools.*—There were, as in the preceding year, two sessional schools—one in the northern and the other in the southern parts of the district—for preparing Telugu and Tamil village schoolmasters, respectively, for the Primary School

examination. The north sessional school was located at Chandragiri, Chittoor, nér and Punganúru, while the other school held its sessions at Ambúr, Gúdi Virinjipuram and Tiruvalam. The period of each session was three month past years. Sixty-three teachers were trained (20 from the north session 43 from the south sessional schools) and 56 of them were paid stipends fro funds at Rs. 5 each per mensem. The remaining seven were admitted at the Vi puram session in excess of the sanctioned number by the Educational officers, stipends applied for in their case having been disallowed, they were treated scholars. The following table exhibits the number of teachers who were pr for and passed the primary school examination in the two sessional schools :—

Schools.	Number presented for examination.		Number passed for certificates.		Number p compulsory	
	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	
North Sessional School	16	21	12	19	1	
South do.	29	48	23	36	2	

From the above it will be seen that the sessional schools acquitted the well in the examination. The total expenditure on the maintenance of s schools amounted to Rs. 1,487 against an allotment of Rs. 1,620 and the ac Rs. 1,621 in the preceding year. The decrease both under the estimate and t year's actuals is due mainly to a fewer number of stipendiaries having been than were provided for. On the whole, the working of the sessional scho satisfactory.

42. *Local Fund Schools.*—There were, at the beginning of the year, seven se and 159 primary schools. During the year, the middle school at Tiruttani u Ránipéttai Taluk Board and the following twenty-seven primary schools wer on financial grounds and in conformity with the orders of Government conta paragraph 5 of the budget review for 1895–96 :—

Chittoor Taluk Board.

1. Kanipakkam.
2. Paradurami.
3. Muhammadan school at Punganúru.
4. Kadupanatham.
5. Irikipenta.

Vellore Taluk Board.

6. Arcot Town school.
7. Brahmadesam.
8. Natteri.
9. Chakramallur.
10. Sambasivapuram.
11. Kaniyanur.
12. Alingikuppam.
13. Nariyanibut.
14. Udayendram.
15. Kangundi.
16. Gudanagaram.
17. Ramanaickenpettai.
18. Kilvaithinankuppam.
19. Gundlasagaram.
20. Ammundi.

Ránipéttai Taluk Board.

21. Satravada.
22. Palliput.
23. Padiput (Tirichanur)

Arni Taluk Board.

24. Pundi.
25. Madanapoliem.
26. Raghunadhapuram.
27. Paiyur (Panchama) or Nethapak chama).

On the 31st March 1896, there were, therefore, 6 secondary and 132 schools with 6,962 boys and 820 girls, against 7,571 boys and 801 girls on t sponding date of the previous year.

43. *Secondary Schools.*—Of the six secondary schools at the end of the year under report, one, the high school, Chittoor, was of the upper secondary grade and the remaining five were all lower secondary schools. As in previous years, the taluk board of Chittoor continued to maintain the Chittoor high school. This school as well as two of the lower secondary schools, viz., those at Arcot and Arni, were worked on the salary system, and the remaining *three* lower secondary schools at Kuppamu, Karvetnagar and Wandiwash were on the salary-result system.

44. The high school at Chittoor had, on the 31st March 1896, a total strength of 205 boys, against 152 boys on the corresponding date of the year preceding. This increase, in the face of the existence of an adventure school, headed by an ex-teacher of the high school working in opposition to it, reflects credit on the high school staff. During the year under report, the permanent headmaster of the school having gone on furlough, M.R.Ry. K. C. S. Anantanarayana Aiyar, B.A., L.T., Headmaster of the Námakkal high school in Salem district, was, on the recommendation of the Director of Public Instruction, appointed to act in the place, under sanction of Government conveyed in G.O., Mis. No. 1619 L., dated 5th September 1895. There were several other changes in the teaching staff of the school, the most noteworthy of them being the filling up of the vacancy in the fifth assistant master's place by a Tamil scholar, who supplies the long-felt want of a Tamil munshi in the school. For the Matriculation examination 14 candidates were sent up, of whom 8 came out successful, against one out of five in the preceding year—a satisfactory result. Out of 11 pupils sent up for the lower secondary examination, 8 passed.

45. Of the *five* lower secondary schools, those at Arcot, Kuppamu and Arni were of the first grade, and the remaining two of the second grade. The total strength of the lower secondary departments in all the five schools on the 31st March 1896 was 213 boys and the average attendance 179. The results of the lower secondary and primary school examinations in these schools are exhibited below :—

Serial number.	Name of school.	Lower secondary examination.		Primary school examination.	
		Number presented.	Number passed.	Number presented.	Number passed.
1	Middle school, Arcot	6	5	19	17
2	Do. Arni	13	5	31	28
3	Do. Kuppamu	8	4	11	7
4	Do. Karvetnagar	..	..	14	12
5	Do. Wandiwash	..	..	15	13

The particulars given above will show that there was decided improvement in the results of the public examinations in the several lower secondary schools.

46. A sum of Rs. 10,829 was spent on secondary education against Rs. 10,288 in the previous year. The net cost to local funds amounted to Rs. 688 against Rs. 878 in 1894–95. It was high in the case of the lower secondary departments of the Wandiwash and Kuppamu middle schools. The lower secondary departments of Chittoor, Arcot, Arni and Karvetnagar schools were worked at a profit. The upper secondary department of the Chittoor high school showed a satisfactory decline from Rs. 26–11–4 per pupil educated in the previous year to only Rs. 4–9–10 in the year under report; this is due, in a great measure, to the increase in the strength of the department. The slight increase in the Kuppamu school does not call for any special remarks. In the case of the Wandiwash middle school, the net cost has shown an increase which is explained to be due to the fall in the strength of the department. The Arni Taluk Board President thinks that this decrease in strength is mainly attributable to the absence of sufficient demand for secondary education and the existence of result schools which sufficiently meet the requirements of the locality. He says that the whole question about this school is engaging the attention of the taluk board and that the matter is now under correspondence with the Assistant Inspector of Schools.

47. *Primary Schools.*—As already stated, there were, at the end of the year pure primary schools, 107 of which were of the upper primary and the remaining of the lower primary grade against 117 and 42 schools, respectively, at the end preceding year. All these schools worked on salary result system. The fo ing are the particulars of the number of pure primary schools and of the pr departments of the secondary schools of both salary and salary result syste arranged in statement IX :—

	Number of schools and departments
(1) Upper Primary departments of Secondary schools on salary system.	2
(2) Upper Primary schools on salary system	..
Total ..	2
(3) Upper Primary schools on salary-result system	107
(4) Upper Primary departments of Secondary schools on salary-result system	3
Total ..	110
(5) Lower Primary departments of Secondary schools on salary system.	2
(6) Lower Primary departments of Upper Primary schools on salary system	..
Total ..	2
(7) Lower Primary departments of Secondary schools on salary-result system	2
(8) Lower Primary departments of Upper Primary schools on salary-result system	107
(9) Lower Primary schools on salary-result system	25
Total ..	134

The total strength of all the primary schools and the primary departm secondary schools on the 31st March 1896 was 6,544 boys and 820 girls 7,238 boys and 800 girls at the end of the preceding year. The average att throughout the year came to 6,313 against 6,962 in 1894–95. The decreas total strength and attendance was the result of the abolition of the twent primary schools already mentioned.

48. A sum of Rs. 43,159 was spent for the upkeep of the primary sch departments against Rs. 42,497 in the previous year. Of this amount, R were spent on the salary-system schools and Rs. 41,781 on the salary-result schools. The net cost to local funds amounted to Rs. 476 in the case of the for Rs. 26,208 in the case of the latter classes of schools against Rs. 772 and Rs. respectively, in the past year. The average cost per pupil educated in the schools and departments on salary system come to Rs. 6–0–5 and to Rs. 4–3– case of those on salary-result system against Rs. 7–15–4 and Rs. 3–15–0, resp in 1894–95. The cost was high in the case of the upper primary schools and ments of the Kalahasti Division, viz., Rs. 13–5–11. The particulars of the of pupils of the several kinds of local fund schools, who appeared for and pa several public and standard examinations are furnished at foot of statement N

49. *Grants-in-aid Schools.*—Statement No. X in the accompanying statements contains statistics in respect of this class of schools. There were 31st March 1896, 542 schools with 14,025 pupils on their rolls against 497 with 13,122 pupils on the corresponding date of the previous year. Nine t one hundred and ninety-five students were examined for grant, of who were found qualified against 9,874 and 7,099 students, respectively, in year. The decrease is attributed to the more rigorous operation of the Gra Code and the more difficult nature of the revised text books introduced

the year. A sum of Rs. 15,905, or 94·67 per cent. of the sanctioned allotment was paid as result grants against Rs. 14,026 or 84·64 per cent. in the preceding year. Grants were paid at the maximum rates and a sum of Rs. 1,004 was paid for arrears of 1894–95. On an average, a grant of Rs. 1–11–8 was paid for each pupil examined against Rs. 1–6–11 in the previous year.

50. *Panchama Education.*—The statistics in respect of Panchama education are furnished in the form of a statement C, which will be found next to statement No. X in the accompanying book of statements. The number of board schools for Panchamas continued to be the same as in the preceding year, viz., 14. The strength of these schools on the 31st March 1896 has, however, shown an advancement. The Chittoor Taluk Board proposed to open a school at Balakuppam in Chittoor taluk, but the proposal was not carried out owing to the American Arcot Mission having established a seminary there. The Vellore Taluk Board opened during the year a Panchama school at Pasumathur in Gudiyáttam taluk. The number of Board Panchama schools under the Ránipéttai Taluk Board remained the same as in the preceding year, viz., 4. The one school at Paiyur under the Arni Taluk Board was abolished during the year. The taluk board president, however, says that it will be re-opened this year if funds permit. The number of pupils that were presented for and passed in the grant examination has also shown a satisfactory improvement. Under aided Panchama schools, there was an increase of 11, with corresponding increase of 286 boys on the rolls on the 31st March 1896; there was also an increase in the number of boys presented for examination and the number passed.

51. *Purchase of Books.*—The expenditure under this head amounted to Rs. 815 against an allotment of Rs. 820 and Rs. 831, the actuals of the previous year. The decrease both under the estimate and actuals is very slight and needs no remarks. The Inspecting Schoolmasters continued to be the curators of the local fund book depôts, and they were paid a commission of 15 per cent. on the sale-proceeds which amounted to Rs. 647 against Rs. 1,003, the actuals of 1894–95, and Rs. 1,000, the estimate for the year.

52. *General remarks on the progress of Education.*—Owing to the abolition of the middle school at Tiruttani and 27 primary schools specified in paragraph 42 *supra*, there was a decrease in the number of pupils under instruction. It is, however, to be noted as a satisfactory feature that female education received greater attention during the year, the number of girls under instruction in both the local fund and aided schools having risen from 1,496 at the end of the previous year to 1,767 at the end of the year under report. To compensate for the closure of the 27 board schools, the number and strength of the aided schools increased from 494 with 13,122 pupils in the past year to 542 with 14,025 pupils in 1895–96. There was also a decided improvement in Panchama education. The proportion of pupils under instruction to the male population of the school-going age (151,957) calculated at $7\frac{1}{2}$ per cent. on the total local fund population of district was 13·18 against 12·74 in the preceding year. On the whole, the results of the educational operations during the year showed a fairly satisfactory progress.

53. *Grant 3—Medical Services, Vaccination and Sanitation.*—The number of the medical institutions continued to be the same as in the preceding year, viz., eight hospitals (including the three lying-in-hospitals at Chittoor, Ránipéttai and Arni) and twelve dispensaries. The hospitals at Ránipéttai and Tirupati continued to be endowed institutions. Government pays a sum of Rs. 2,066 per annum for the upkeep of the former, and the Mahant of Tirupati contributes Rs. 3,840 annually for the maintenance of the latter. The Zemindar of Kangundi pays a contribution of Rs. 150 per annum towards the cost of maintaining the dispensary at Kuppamu. The construction of a building for the lying-in-hospital at Tirupati sanctioned in G.O., No. 2770 L., dated 11th December 1893, is in progress. The President of the Chittoor Taluk Board reports that the construction of a hospital at Punganúru sanctioned in G.O., No. 2333 W., dated 14th September 1894, has been deferred for want of funds. The rented buildings, wherein some of the dispensaries are located, are reported to be ill-suited for the purpose, and as regards the one at Wandiwash, the

question of transferring it to the old taluk cutcherry building at the place is rep to be under correspondence. The President of the Vellore Taluk Board say arrangements are being made for transferring the dispensary at Tiruvattur to a spacious and suitable building. There were 157 beds in all the 8 hospitals, a 151 in the preceding year, the increase appearing in the Chittoor hospital.

54. The number of patients treated in these medical institutions during th under report is compared, in the subjoined abstract, with that in the two pr years.

Years.	In-patients.	Out-patients.	Total.
1893–94	2,277	132,966	135,243
1894–95	2,237	138,290	140,527
1895–96	2,240	138,293	140,533

From the details furnished in statement XII, it will be observed that the n of both the in and out-patients in the Tirupati and the Palmanér hospitals d during the year. In the case of the former, the decrease is attributed to a he season in the latter part of the year and in the latter to the unpopularity apothecary in charge. There was a marked increase in the number of out-p treated in all the dispensaries except those at Venkatagirikota, Punganúru, Kálahasti, Sholingur and Wandiwash which showed a heavy falling off of 90 120, 1,515, 429 and 1,168 cases, respectively. In the case of the last thre tutions and Punganúru dispensary the decrease is attributed partly to the number of admissions under eye diseases and partly to the frequent absence medical subordinates on special or other duties, such as attendance at the ses magistrates' courts, &c. In Venkatagirikota, it is ascribed to the change of subordinates and to the closure of the dispensary temporarily on account of health of the hospital assistant in charge. The Chittoor Taluk Board P reports that the Venkatagirikota Hospital Assistant attributes the decrease the fact that the dispensary is located at a distance of two furlongs from the in parts of the village; the President considers that, in view of the smallness village, the excuse is inadmissible. The District Medical and Sanitary Offi siders that the decrease in the case of Arcot dispensary is not so marked a for special remarks. The system of local committees supervising the medical tions obtained only under the Chittoor Taluk Board and it is reported th committees did useful work in the way of regulating the expenditure of the institutions under that taluk board. Surgeon-Major C. Adams continued t medical and sanitary charge of the district throughout the year. He inspe hospital at Tirupati and the dispensaries at Puttúr and Kálahasti twice and t medical institutions, except the Ránipéttai hospital, once during the year. T hospital, he says, is not usually inspected as it is in charge of a Commissio sionary Medical Officer.

55. The total expenditure on the maintenance of the various hospi dispensaries during the year was 31,858,* against Rs. 33,886 in vious year. The decrease appear under the heads (1) "Diet of Patients," (2) "Medicines and Surgical instru (3) "Supplies" and (4) "Contingencies and Miscellaneous" and is partly balanced by an increase under the heads "Medical Subordinates" and "Ho to Hospital Assistants." The decrease under the first, third and fourth heads in almost all the hospitals and is due to closer supervision over expenditu dispensary committees under the Chittoor Taluk Board are also reported exercised careful supervision over the contingent charges of the several ins under that board. The decrease under item (2) is only nominal as will be s the remarks in paragraph 53 of the last year's report. Further, the require some of the institutions were less than in the preceding year. The increa

* Excludes cost of midwives.

"Medical Subordinates" is due to the entertainment of a civil apothecary in the Ránipéttai hospital, in lieu of the first class hospital assistant, as per sanction accorded in G.O., Mis. No. 731 L., dated 29th April 1895, and to some of the medical subordinates having been promoted to higher grades during the year. Under G.O., No. 1684 L., dated 4th September 1894, house-rent was paid to some of the medical subordinates, subject to the conditions laid down in G.O., No. 154 L., dated 24th January 1895, and this accounts for the increase over the previous year's expenditure under that head. The average cost of treating each patient was As. 3–8 against As. 3–10 in the preceding year. It was high in the case of the Lying-in hospitals at Arni, Chittoor and Ránipéttai, being Rs. 5–4–9, Rs. 4–1–7 and Rs. 3–13–11, respectively, while in other medical institutions it was moderate. The lowest rate was in the case of the dispensary at Tiruvattur, being As. 1–8 per patient treated.

56. *Midwives and Midwifery Pupils.*—There were at the commencement of the year fourteen * midwives. During the year, a midwife on Rs. 8 per mensem was appointed to each of the dispensaries of Tiruvattur and Kuppamu from 1st August 1895, and these appointments were sanctioned by Government in its order No. 459 L., dated 11th March 1896 and Mis. No. 1140 L., dated 20th June 1896. The system of part-payment by results in the case of these midwives was in force during the year. The midwives at Tirupati, Arcot, Ránipéttai and Ambur assisted 97, 34, 26 and 10 labour cases, respectively, in excess of their minima, and obtained rewards at the rate of As. 4 for each of the above cases. The expenditure on this account amounted to Rs. 41–12–0. As usual, the Lying-in hospitals at Chittoor, Ránipéttai and Arni were located in separate wards. In Arcot dispensary, labour cases were treated in a portion of the old palace building. No midwifery pupil was trained during the year, as the required number of them had already been trained.

* Including the midwife at Sholingur who was removed only after the receipt of the budget for 1895–96 in which the appointment was disallowed.

57. During the year under report, the European midwife attached to the Lying-in hospital at Chittoor resigned and Mrs. Edwards, an Eurasian diplomaed midwife, was appointed in her place. These two midwives conducted between them 35 in-door and 14 out-door labour cases—the same number as in the previous year. The midwife attached to the Ránipéttai Lying-in hospital assisted 86 in-door and 12 out-door patients against 90 and 13 cases, respectively, in 1894–95. In the Arni Lying-in hospital, the work of the midwife was unsatisfactory, she having aided only 26 in-door and 15 out-door labour cases against 34 and 9 cases, respectively, in the year previous. Column 18 of statement XII details the work done by the other midwives and it will be observed therefrom that they have, on the whole, done good work during the year. An expenditure of Rs. 2,096 was incurred on account of pay of the midwives against Rs. 2,014 in the previous year. The net increase is chiefly due to the entertainment of two midwives at Kuppamu and Tiruvattur. A sum of Rs. 16, being the arrears of pay of midwifery pupils trained in 1894–95, was paid during the year under report.

58. *Vaccination.*—There were no changes in the limits of the three vaccination circles during the year. There were three Deputy Inspectors of Vaccination, two of whom were of the first grade and the third of the second grade. The two first class Deputy Inspectors were in charge of the Chittoor and the Vellore circles, and the second class Deputy Inspector had charge of the Karvetnagar circle. During the year, a vaccine lymph depôt was established at Vellore under sanction of Government conveyed in G.O., Mis. No. 1155 L., dated 4th July 1895, for supplying lymph to a portion of the district only, as an experimental measure, and, in this connection, an additional first class vaccinator on Rs. 18 and two calf-coolies on Rs. 6 each per mensem were entertained. Excepting these additions, there were no changes in the strength of the vaccine staff. A sum of Rs. 12,853 was spent on vaccination against an allotment of Rs. 12,740 and Rs. 11,696—the actuals of the preceding year. The increase over both the estimate and the actuals was mainly due to the opening of the lymph depôt referred to above. The subjoined abstract compares the work of the vaccinators during the year with that done in the four preceding years:—

Years.	Number of persons vaccinated.		Total number vaccinated.	Number of successful cases.			Percentage of successful cases to number vaccinated.	Rate succes cas
	Under one year of age.	Above one year of age.		Under one year of age.	Above one year of age.	Total.		
								A.
1891–92	12,456	36,385	48,841	11,974	34,620	46,594	95·39	3
1892–93	13,411	42,295	55,706	13,075	40,765	53,840	96·65	3
1893–94	12,793	40,459	53,252	12,410	38,765	51,175	96·09	4
1894–95	13,909	31,925	45,834	13,527	30,833	44,360	96·78	4
1895–96	14,543	35,215	49,758	14,057	33,622	47,679	95·82	4

Though the results compare favourably with the previous year, there is still r for further improvement. The falling off, as compared with the results during years prior to 1894–95, is ascribed to the difficulty in maintaining a regular suppl calves, to the want of co-operation on the part of village officials, and to the ap on the part of many of the vaccinators, who had to be frequently fined or other punished for falling short of the prescribed minimum number of successful cases mensem. It is also, in a measure, due to the deterioration of the lymph prepare the vaccine depôt at Vellore in the latter part of the official year, owing to extreme severity of the hot weather. As regards the indifference on the part of village officials, the revenue officers of the district were, as occasions arose, move impress upon them the imperative necessity for combined action to promote va nation.

59. The number of vaccination cases performed by the medical subordi during the year was very small. Only 310 cases were vaccinated by them, and of number, only 263 cases proved successful.

60. The total number of cases vaccinated by the local fund vaccinators and medical subordinates during the year came to 50,068 which gives an average of 2 per mille of the population in the local fund area, against 22·13 per mille in the ceding year. The number of births registered within the local fund limits o district was 56,236, and the total number of cases of infantile vaccination, 14,58 which 14,091 cases were successful against 14,012 and 13,624 cases, respectivel the previous year, thus showing a satisfactory increase. The Deputy Inspe verified 30,810 cases, or 61·91 per cent. of the cases vaccinated, against 62·55 per in the previous year, the decrease appearing mainly in the number of cases verifie the Vellore circle Deputy Inspector of Vaccination.

61. During the year under report, vaccination was carried on exclusively animal lymph. The following table exhibits the number of cases vaccinated in circle and by the medical subordinates and the cost thereof:—

Circles in the district.	Number of persons vaccinated.	Number of successful cases.	Cost.
			Rs. A. P.
Chittoor	18,044	17,313	877 6 2
Vellore	16,522	15,543	799 11 3
Karvetnagar	15,192	14,823	473 2 0
Medical subordinates	310	263	130 11 6
Total ..	50,068	47,942	2,280 14 11

62. *General remarks on Vaccination.*—From the particulars furnished above, be seen that infantile vaccination has made a steady and satisfactory progress. practice of reviewing the monthly returns of the vaccinators and of the Deput spectors both in the District Medical and Sanitary officer's and in the District B offices was continued during the year. The names of the village officials and p gentlemen who rendered assistance in the way of procuring children for vacci and calves for inoculation for hire or *gratis*, were published in the District Gaze

a stimulus to continued co-operation. Vaccination registers maintained in village were scrutinized by jamabandi officers, who furnished lists of villages not inspected by vaccinators. The explanations of the vaccinators concerned were thereupon obtained and they were duly dealt with.

63. *Sanitation.*—The expenditure under this head amounted to Rs. 29,579 against an allotment of Rs. 32,130, and Rs. 31,806, the actuals of the preceding year. The details of expenditure are furnished in statement XIV. The net decrease as compared with the actuals of the past year appears mainly under "Improvement of water-supply" under all the boards, under "Scavenging establishment" uude all the boards except Ránipéttai, and under "Other sanitary outlay" under all the boards except Chittoor, and is explained further on.

64. The expenditure under the several heads of sanitation as compared with the year's allotment and the actuals of the preceding year is exhibited in the subjoined statement:—

—	Actuals of		Allotment for 1895-96.
	1894-95.	1895-96.	
	Rs.	Rs.	Rs.
Improvement of water-supply	7,232	4,829	5,970
Do. of village-site	1,641	1,685	1,920
Scavenging establishment	20,565	20,748	21,720
Arrangements at fairs and festivals ..	1,100	1,419	1,590
Other sanitary outlay	1,268	898	930
Total ..	31,806	29,579	32,130

65. *Improvement of water-supply.*—A sum of Rs. 4,829 was spent under this head against an allotment of Rs. 5,970. The decrease appears under all the taluk boards, notably under Ránipéttai and Arni boards. In the case of the former, it is attributed chiefly to the abolition of the tank watchmen establishments in non-union villages except Tiruchanur, with effect from 1st November 1895, under sanction contained in G.O., Mis. No. 2277 L., dated the 25th November 1895. In the latter case, the allotments made for the repair of the fresh-water ponds at Chetput, Valiyur and Venmani had to be left unspent owing to the ponds becoming full of water. Forty-five fresh-water sources were repaired during the year at a cost of Rs. 1,341, against fifty-one sources repaired at a cost of Rs. 2,951 in the year previous. One hundred and forty-two watchmen were employed to guard the said sources of water-supply from contamination at a cost of Rs. 3,488 against 146 men with an expenditure of Rs. 4,281 in 1894–95. The only work of importance executed during the year was the repair of the fresh-water pond at Virupakshipuram in Vellore taluk at a cost of Rs. 150.

66. *Improvement of village-site.*—The expenditure under this head amounted to Rs. 1,685, against an allotment of Rs. 1,920 and Rs. 1,641—the actuals of the preceding year. The decrease under the actuals is spread over several villages and calls for no special remarks. The short expenditure as compared with the estimate appears under the Chittoor and the Vellore Taluk Boards and represents savings in the allotments for removing prickly-pear. The system of employing itinerating gangs for removing prickly-pear in rural tracts was not in force in any of the taluks. The Ránipéttai Taluk Board President reports that, in addition to an expenditure of Rs. 358 from local funds for removing prickly-pear and rank vegetation, large quantities of prickly-pear were also removed at the cost of private individuals. He has not, however, furnished figures. The other taluk board presidents have said nothing on this subject. A special report has been called for and will be submitted on receipt. The only work of importance executed during the year under this head, viz., village-site improvement, was the construction of V-shaped drains in the Arcot union at a cost of Rs. 176–7–10. Prickly-pear and rank vegetation were removed in eighty villages at a total cost of Rs. 1,396, against sixty-two villages with an expenditure of Rs. 1,402 in 1894–95.

67. *Conservancy.*—The details of the scavenging establishments are furnis columns 16 to 23 of Statement XIV. The total expenditure under this he Rs. 20,748 against an allotment of Rs. 21,720 and Rs. 20,565, the actuals of 18 The net decrease as compared with the estimate chiefly occurs under the Chittoo Board, and is attributed to the sweeping carts of the Chittoor Union having bee auction at much lower rates than were provided for in the budget and to one two silt-carts in the same union having been dispensed with as being super The sanitary establishment at Alliabad in Pólúru taluk was abolished from 1 1895, and the abolition was sanctioned in the budget order of Government current official year 1896–97. Twenty unions and 21 other villages were co during the year, against 19 unions and 24 other villages in the preceding year hundred and forty-eight men, including sanitary inspectors and pygusts, an eight carts were employed in the unions at a total cost of Rs. 17,804; and and 13 carts in other villages, at a cost of Rs. 2,944. In the unions, the es ments continued to be supervised by the Chairmen, and in other villages Tahsildars, Deputy Tahsildars and village officers. The establishments in t union villages, except Tiruchanur, Kátpádi and Venkatagirikota, have sin abolished under sanction of Government accorded in the current year's budget

68. *Arrangements at Fairs and Festivals.*—A sum of Rs. 1,419 was s sanitary arrangements (such as employing temporary scavengers, cleani watering streets and constructing temporary latrines, &c.), on occasions of f festivals in sixteen villages during the year, against Rs. 1,100 spent in villages in the preceding year, and Rs. 1,590, the allotment for the yea decrease under the allotment is due to savings effected under Chittoor, Vell Ránipéttai Taluk Boards. For the Bramhotsavam festival at Tirumalai, the board sanctioned an allotment of Rs. 370 to the Ránipéttai Taluk Board. Th of expenditure under this head are furnished in statement XIV. The Rá Taluk Board President proposes to start an itinerating conservancy establish non-union villages, which might also attend at festivals and save the exp temporary establishments. The taluk board will consider the question. He a that the allotment for "fairs and festivals" will be augmented this year.

69. *Other Sanitary outlay.*—The expenditure under this head amou Rs. 898, against an allotment of Rs. 930 and the actuals of Rs. 1,268 in the year. It may be classified as follows:—

	Rs.
(1) Construction and repair of latrines	625
(2) Do. do. of dust-bins	101
(3) Epidemic charges	68
(4) Travelling allowance to hospital assistants on cholera duty ..	104
Total ..	898

The net decrease as compared with the estimate is mainly due to (*a*) utilization of the provision made for the construction of a latrine in Pólúru u was considered unnecessary; (*b*) the allotments for epidemic charges of the union and of the Ránipéttai and Arni Taluk Boards not having been sp having been no epidemic; and (*c*) to savings in certain latrine works under t and Ránipéttai Taluk Boards. The two works of importance executed u head were—

	Rs.
(1) The construction of a latrine in Kálahasti Union	15
(2) Do. do. in Tiruvalam	10

The other particulars of expenditure are furnished in statement XIV.

70. *General remarks on Sanitation and Public Health.*—During the y report, 92·06 per cent. of the sanitary allotments was expended against cent. in the previous year. The comparatively short expenditure is onl being due, in a great measure, to the abolition from 1st November 1895 watchmen establishments in the non-union villages under the Ránipéttai Ta

for which provision was made in the budget. On the whole, the results of sanitary operations were fairly satisfactory. From the remarks of the District Medical and Sanitary Officer in the list of improvements embodied in paragraph 3 of his accompanying report, it will be observed that sanitation of the district, as a whole, received tolerably fair attention in proportion to the means of the respective local boards. As regards his remarks on the defective drainage system and the insufficiency of the conservancy staff, it can only be said that money is very scarce and but little can be done in this direction. The public health of the district was generally good. The mortality from cholera showed a marked decline, there having been but 32 cases of death on that account during the year, against 1,716 cases in the year previous. There was a large increase in the number of deaths from fever and small-pox of severe type; steps were taken to check the progress of the latter disease by means of vaccination as far as possible.

71. *Grant* 4, *Public and Charitable Institutions—Markets.*—At the beginning of the year, there were 57 markets and 4 slaughter-houses. During the year the markets at Papireddipalli under the Ránipéttai Taluk Board and at Valapandal under the Vellore Taluk Board, sanctioned in G.Os., Mis. Nos. 2605 L. and 108 L., dated 20th November 1893 and 19th January 1895, were opened and fees collected therefrom. Thus, at the end of the year, there were 59 markets and 4 slaughter-houses. The markets at Arcot, Arni, Ránipéttai (one of the two) and Arkonam were held daily, while the rest were weekly markets. In the weekly markets, the right to collect fees was leased out. The rates of fees levied in the slaughter-houses continued to be the same as in the previous year, viz., 6 pies per head for sheep or goats killed at Ránipéttai, 4 pies at Arcot and Ambúr, and 2 pies at Arni. All the daily markets which are provided with substantial stalls, were rented out at so much per stall. Improvements to the markets under the Chittoor Taluk Board (such as converting the thatched sheds into tiled ones, putting up compound walls and sinking wells for the use of people and cattle resorting to them) were effected during the year. Sheds were newly constructed in the weekly markets at Devikapuram and Kalasapakkam under the Arni Taluk Board. The other markets and slaughter-houses were properly fenced and the needful shelter was provided. They were all popular and freely resorted to, except the daily market and the slaughter-house at Arni. The Taluk Board President observes that people do not resort to the Arni market and slaughter-house and that the Act does not empower taluk boards to compel them to do so.

72. The balance in favour of these institutions at the commencement of the year was Rs. 17,108. During the year, the receipts, including the sum of Rs. 4,007, contributed from general local revenues to wipe off the deficit balances against the markets at Virinjipuram, Peranambut, Arni (weekly) and the slaughter-house at Arni, amounted to Rs. 15,843. The assets of the year thus aggregated Rs. 32,951. Of this amount, a sum of Rs. 7,074 were spent on public works, such as improvements to markets and repair of roads serving as market feeders, including cost of supervision * and tools * and plant, Rs. 1,660 on establishment and contingencies, and Rs. 5,751 for other purposes, such as the sanitation of the villages wherein these institutions are situated. The closing balance of the year amounted to Rupees 18,46€. The taluk boards have proposed to utilize this balance during the current official year on improvements of markets, &c., as detailed in the remarks column of statement VII of the budget for 1896–97. In the case of some of the markets which end in deficit balances, provision has been made in the current year's budget to wipe them off.

* These charges were not made on expenditure on feeder roads with reference to Board's Proceedings, No. 3878, dated 14th November 1884.

73. *Choultries.*—At the commencement of the year, there were fourteen choultries. During the year, the taluk board of Chittoor took over under its management the choultry at Kattamanchi having an income of Rs. 61–5–0, being the assessment of lands attached to it, under G.O., Mis. No. 1370 L., dated 3rd August 1895. The statistics in respect of these choultries are given in statement XI. The Ránipéttai, or better known as Asanallipet chattram, has an endowment consisting of an annual income of Rs. 3 derived from the rent of a bazaar. The chattrams at Arkonam and

Sholinghur, as well as the langerkhana at Arcot, are also endowed institutions. sum of Rs. 2,635 was spent on establishment and contingencies, and Rs. 708 on improvement of choultry buildings.

74. *Arkonam Chattram.*—This chattram was built from Provincial fund provide accommodation for travellers halting at the railway junction there. It ha endowment of maniam lands yielding an annual income of Rs. 60, and is manage the local Union Panchayat. The cost of establishment and contingencies amount Rs. 159 and a sum of Rs. 182 was spent for the construction of a latrine attached t chattram.

75. *Annadana Chattram at Sholinghur.*—The founder of this endowed instit was one Rayaji, Diwan to the Nawab Walajah of Arcot, and the object of its cons tion was to provide food for Brahmin pilgrims who resort to the temples on the close by the chattram. For the upkeep of this chattram, Government pays a money allowance of Rs. 1,281 annually. It is being managed by the Sholi Union Panchayat. Five thousand and fifty-two Brahmins were fed there at a c Rs. 749, against 5,027 Brahmins fed at a cost of Rs. 712 in 1894–95. A s Rs. 442 was spent on establishment and contingencies of this chattram and Rs were spent for the repair of the building.

76. *Arcot Langarkhana.*—This was founded by the Nawab Walajah of Arc feeding destitute persons and orphans. A ready mony allowance of Rs. 1,20 annum is paid by Government for its maintenance. Each pauper receives a dol quarter measure of rice per diem. Rations were distributed to 31,625 pauper cost of Rs. 1,039, against 24,040 paupers at a cost of Rs. 922 in the preceding The Arcot Union Panchayat continued to manage this institution, and the establishment and contingencies amounted to Rs. 132 as in the previous year.

77. *Travellers' Bungalows.*—The number of travellers' bungalows contin be the same as in the year previous, viz., twenty, and there were no changes rates of fees collected from the travellers. Five hundred and forty-five tra halted at the various bungalows during the year, against 447 travellers in 18 A sum of Rs. 1,815 was spent for maintaining these bungalows, against Rs. 2, the past year. The decrease appears under the heads "Contingencies" and " Works expenditure" of the various bungalows, and is due to the requirem furniture and repairs, &c., to buildings having been comparatively small duri year. The cost of establishments and contingencies amounted to Rs. 823 and of Rs. 992 was spent for improving the buildings. The bungalows at Puttúr, wash and Pólúruwere repaired at a cost of Rs. 274, Rs. 120 and Rs. 186, respec and to the last of them a stable and a kitchen were newly attached. Fourtee bungalows were also repaired during the year as will be seen from the par furnished in column 12 of statement XI. All the bungalows were properly tained and adequately furnished, except the one at Venkatagirikota, which is r to be now under repair.

78. *Contributions.*—The details of contributions paid under grants 2, 3 an furnished below:—

Grant 2 *to Municipalities.*

	Rs.
Contribution to Gudiyáttam Municipality towards the maintenance of the school at Gudiyáttam	130

Grant 3 *to Municipalities.*

(*a*) To the Vellore Municipality on account of the Civil dispensary at Vellore	1,200
(*b*) To the Gudiyáttam Municipality on account of the dispensary there.	450
(*c*) To the Walajapet Municipality on account of the Municipal dispensary	635
Total ..	2,285

Grant 4 *to Municipalities.*

To the Vellore Municipality for the upkeep of lights on the Pálár bridge	100

79. *Grant* 4 (*e*) *Miscellaneous*.—The sum of Rs. 4,389 debited under this head represents the cost of lighting the several unions. The details are furnished in the subjoined abstract:—

Names of unions.	Number of lights.	Establishment charges.	Cost of constructing and repairing lamp-posts and lanterns.	Oil and other contingent charges.	Total charges.
			Rs.	Rs.	Rs.
1. Chittoor	165	287	25	456	768
2. Punganúru	37	48	46	107	201
3. Arcot	111	189	16	301	506
4. Ambúr	140	231	18	604	853
5. Ránipéttai	38	95	14	85	194
6. Sholingur	47	96	35	97	228
7. Kálahasti	49	95	32	100	227
8. Tiruttani	20	78	2	70	150
9. Arkonam	40	48	8	73	129
10 Chandragiri	11	29	20	18	67
11. Rénigunta	18	40	6	44	90
12. Arni	95	142	..	375	517
13. Wandiwash	22	48	..	55	103
14. Pólúru	75	143	8	205	356
Total ..	868	1,569	230	2,590	4,389

N.B.—(1) The Chairman, Punganúru Union, reports that M.R.Ry. R. Chengal Rao Garu and Patcha Mian Sahib, residents of Punganúru, presented to the union one and four lamps complete, respectively.

(2) The one lamp in Karvetnagar Union shown in last year's report is now omitted, as it is put up on the bank of the fresh water pond there, and as such its cost is included under "Improvement of water-supply."

80. *Grant* 5, *Supervision and Management*.—A sum of Rs. 24,123 was spent under this grant against an estimate of Rs. 25,210 and Rs. 21,974 in the preceding year. The decrease of Rs. 1,087, as compared with the estimate, chiefly appears under the various heads of contingent charges of taluk boards and is explained to be due to economic expenditure. The Chittoor Taluk Board President says that the stationery allotment of the Taluk Board's office remained unspent as business was managed with the balance of stationery articles purchased in the preceding year. The additional bill-collector on Rs. 6 in Chittoor Union, for whom provision was made in the year's budget, was not entertained as one bill-collector was found sufficient for the work. House-tax having been introduced in Wandiwash Union, the pay of the office clerk was increased from Rs. 7 to Rs. 10 per mensem, and a bill-collector on Rs. 3 was entertained. A peon on Rs. 6 per mensem was entertained in the Vellore Taluk Board's office, as explained in paragraph 63 (*c*) of the budget covering letter for the current official year, and this was sanctioned by Government in G.O., No. 459 L., dated 11th March 1896.

81. As in previous years, the Treasury Deputy Collector, assisted by three Audit clerks, conducted the audit of the local fund accounts. M.R.Ry. P. Rajagopala Mudaliyar Avargal, Assistant Inspector of Local Fund Accounts, examined in July 1895 the accounts of the Local Audit department and of the District Board Engineer's office for the period from November 1894 to May 1895. In his inspection notes, he characterized the audit work as far from satisfactory. This was owing to the fact that the then acting Audit clerk was new to the work, having joined the department only a few months before the date of inspection. He has since left the department owing to the permanent incumbent having returned from leave on the 29th January 1896. During the year, the Audit clerk examined the accounts of Ambúr, Kuppamu, Peranambut, Ránipéttai, Sholinghur, Tirutani, Kálahasti, Chandragiri, Arkonam, Puttúr, Karvetnagar, Kaveripakkam, Wandiwash and Pólúru unions.

82. The report was passed by the district board at their meeting on the 14th July 1896.

ENCLOSURE.

REPORT on the working of the Local Fund Hospitals and Dispensaries in the North District for the official year 1895–96.

1. *Public Health*.—The general health of the people was, on the whole, comparatively There were a very few cases of cholera in the beginning of April up to the 4th, when th break which began in December 1894 came to a close. The disease was imported again month of September by pilgrims from Madura and Bellary districts, but only a few sp cases occurred in the villages of Arni, Vellore, Chandragiri, Gudiyáttam, Polur and W taluks, and it disappeared entirely in the month of December. The total number of reported during the year was 32 against 1,716 in the previous year. A special hospital as was deputed for cholera duty in the Vellore taluk, and the medical subordinates attached outlying hospitals and dispensaries were directed to treat cases which occurred in their res divisions and to advise on sanitary precautions against the spread of the disease. The was only partially attended to, as usual.

There was a greater prevalence of small-pox of a severe type during the year, the of deaths reported being 838 against 360 of the previous year. Vaccination was pushe much as possible in the face of difficulties.

2. *Vital Statistics*.—The following table shows the number of births and deaths du year under report as compared with the previous year, with the causes of the latter:—

Years.	Total births.	Cholera.	Small-pox.	Fevers.	Diarrhœa and dysentery.	Suicide.	Wounds and accidents.	Snake-bite.	Killed by wild beasts.	All other causes.
1894–95 ..	56,942	1,716	360	14,217	1,050	100	592	148	1	15,234
1895–96 ..	56,236	32	838	15,210	979	107	557	147	1	16,169

It will be seen from the above table that there has been a considerable decrease in th under cholera, but an increase under small-pox, fevers and all other causes. The total n deaths was 34,040 or 16·80 per mille of population, against 33,418 or 16·49 per mill previous year. The birth-rate was less than in 1894–95, viz., 56,236 or 27·75 per mille 56,942 or 28·10 per mille of the previous year.

3. *Sanitation*.—The sanitary state of the towns and villages in the district is The drainage of streets and houses is either defective or absent. Backyards are almos ably in a filthy state containing cesspools, dung and rubbish heaps. The water-s generally bad, being mostly taken from tanks which are open to all sorts of contami wells with more or less dirty surroundings. In a few cases, it is taken from the river, here its purity is not always preserved. The staff of sweepers and scavengers is insufficient, and night-soil and other filth are removed in a perfunctory way and may or be buried in trenches.

The following is a list of improvements made during the year:—

* * * * *

4. *Vaccination*.—The total number of operations performed by the local fund va is shown in the subjoined statement:—

Circle.	Total number vaccinated.	Successful.	Unsuccessful.	Unknown.	Rate per successful case.
					Rs. A. P.
Vellore	16,522	15,543	707	272	0 4 6
Chittoor	18,044	17,313	646	85	0 4 6
Karvetnagar	15,192	14,823	299	70	0 3 7
Total ..	49,758	47,679	1,652	427	0 4 2

The total number vaccinated was 49,758 as compared with 45,834 (of which 44 successful, 1,117 unsuccessful and 357 unknown) for the previous year, showing an i 3,924. The increase would have been still greater had it not been for the difficulty in ing a regular supply of calves. Want of co-operation on the part of village officials the vaccine staff in the furtherance of vaccination is also much felt. The increase o is misleading, as in 1894–95 there was a great falling off. The vaccinators do not and have to be frequently punishd for short work and dishonest returns, and I fou inspection that vaccination was backwarde nearly all through the district. The tot vaccinated under one year of age was 14,543 (14,057 successful, 375 unsuccessful

unknown), against 13,909, of which 13,527 were successful, 276 unsuccessful and 106 unknown, in the previous year, showing an increase of 634 as compared with that year. Vaccination was carried on exclusively with animal lymph as in the previous year. During the year, a depôt was established at Vellore for the purpose of supplying a portion of the district with "glycerine paste" in tubes as an experiment. The plan worked well during the cold months, but since the beginning of the hot weather the results have not been good. It may perhaps be possible to devise means for keeping the calves and lymph cool when proper sheds have been erected, but this is doubtful.

The following table shows the vaccine work done by the medical subordinates attached to local fund hospitals and dispensaries as contrasted with the previous year :—

Year.	Total vaccinated.				Under one year of age.			
	Total.	Successful.	Unsuccessful.	Unknown.	Total.	Successful.	Unsuccessful.	Unknown.
1894–95	537	481	49	7	103	97	6	..
1895–96	310	263	37	10	39	34	4	1

There has been a decrease of 227 in the past year as compared with the preceding year. Vaccination is not now compulsory as regards medical subordinates.

5. *Hospitals and Dispensaries.*—(*a*) The accommodation is not good or satisfactory. Only four * buildings were specially constructed for the purpose. Most of them were formerly private dwellings in the centre of the town, many are badly situated and badly ventilated and lighted. These matters have been pointed out frequently, but funds for the purpose of procuring more suitable buildings are apparently not forthcoming.

* Excluding the lying-in hospitals.

(*b*) Most of the buildings are fairly substantial, but nearly all require some petty repairs and to be whitewashed and painted periodically.

(*c*) There is a fair supply of furniture and some of the articles require repairs, but as a rule they are serviceable. Most of the wooden cots supplied long ago are old and worn out.

(*d*) Lists showing the steps taken to carry out the recommendations of the Surgeon-General and the District Medical and Sanitary Officer are attached, marked A and B respectively.

(*e*) The total amount of recoveries from sale of medicines and for diets was Rs. 38–14–2 and Rs. 6–6–1 respectively.

(*f*) The number of hospitals and dispensaries is the same as in the previous year, viz., five hospitals, three lying-in hospitals and twelve dispensaries. The subjoined statement shows the number of patients treated in the hospitals and dispensaries as compared with the preceding year :—

Name of institution.	Whether hospital or dispensary.	Number treated.			
		In.		Out.	
		1894–95.	1895–96.	1894–95.	1895–96.
1. Chittoor	Hospital	386	397	16,644	16,663
2. Ránipéttai	Do.	583	760	10,776	11,429
3. Tirupati	Do.	598	379	12,442	10,454
4. Palmanér	Do.	158	112	4,638	4,450
5. Arni	Do.	353	445	10,136	11,273
6. Kálahasti	Dispensary	..	..	5,997	4,482
7. Sholinghur	Do.	..	..	7,491	7,062
8. Arkonam	Do.	..	..	4,480	4,513
9. Puttúr	Do.	..	..	4,230	4,331
10. Polur	Do.	..	..	8,197	8,441
11. Wandiwash	Do.	..	..	11,039	9,871
12. Arcot	Do.	..	..	8,593	8,473
13. Ambur	Do.	..	..	8,606	8,901
14. Kuppamu	Do.	..	..	4,146	4,303
15. Tiruvattur	Do.	..	..	6,234	10,344
16. Punganúru	Do.	..	..	11,145	10,705
17. Venkatagirikota	Do.	..	..	3,460	2,557
	Total ..	2,078	2,093	138,254	138,252

NOTE.—This statement excludes the lying-in hospitals.

There has been an increase of 15 in and a decrease of two out- patients for the whole district when compared with last year. Taking the institutions separately there is a falling off in both in- and out- patients in the Tirupati and Palmanér hospitals. It is attributed in the former to the

greater healthiness of the latter part of the year, and in the latter to the unpopularity o apothecary in charge. There has also been a decrease of out-patients in the dispensar Kálahasti, Sholinghur, Wandiwash, Punganúru, Venkatagirikota and Arcot, which is sta have been due in the case of the first four institutions to the comparatively less number of a sions under eye-diseases and partly to the frequent absence of the medical subordinates on s or other duties. In Venkatagirikota, it is said to be owing to the change of medical sul nates and to the closing of the dispensary on account of the ill-health of the hospital assist charge. The falling off in Arcot is not so marked as to call for any explanation.

(*g*) The following are the causes of mortality during the year :—

Dysentery	4
Malarial fevers	17
Syphilitic affections	16
Debility	2
Tubercular affections	3
Leprosy	2
All other general diseases	5
Diseases of nervous system	12
,, of circulatory system	3
,, of respiratory ,, ...	4
Diarrhœa	5
Diseases of liver	1
,, of digestive system	16
,, of spleen	1
,, of urinary system	11
,, of generative system	15
,, of connective tissue	5
,, of skin	2
Ulcers	1
Poisons	1
Injuries	14
All other local diseases	6
Total ..	146

(*h*) The total number of major and minor operations performed during the year w and 6,204 as compared with 232 and 6,038 for the previous year, respectively, showing an i of 137 major and 166 minor operations.

(*i*) The establishments have been much reduced during the year, especially un Ránipéttai and Arni Taluk Boards. It is probable this will not reduce the number of pat have any bad effect, as there were formerly too many peons employed. Many of the s are old and inefficient, but endeavours are being made to train them to discharge thei properly and to replace them by younger ones.

(*j*) *Midwives.*—There are three lying-in hospitals in the district, viz., Chittoor, Rá and Arni. A Eurasian midwife is att the first and native midwives to the ot Native midwives were also attached to of the remaining institutions, but the se two * were dispensed with for want of funds and one was dismissed for misconduct during t so that there are only thirteen now altogether. The total number of labour cases attende midwives was 844 against 739 of the previous year, showing an increase of 105. A rew annas for every case attended over a fixed minimum is paid in all cases. Two of the n were appointed during the year.

* During the year, the services of the Sholinghur midwife alone were dispensed with; hence there were fifteen midwives at the end of the year under report.

The number of patients treated in the lying-in hospitals in 1895–96 was as follows :

—	Number of beds.	Number treated.		
		In.	Out.	Total.
Chittoor	4	35	14	49
Ránipéttai	8	86	12	98
Arni	6	26	15	41

(*k*) No caste or gosha hospital or dispensary is maintained by the district board.

(*l*) *General Remarks.*—Civil Apothecary C. F. Francis, in charge of the Palmanér has not performed his duties satisfactorily. The hospital seems to be unpopular and th ance has been falling off since he took charge. First-class Hospital Assistant M. Kannayya attached to the Polur dispensary was fined Rs. 2 and 1st-class Hospital A M.R.Ry. Raju Chetti and M.R.Ry. Narasimhulu Nayudu and 2nd-class Hospital

S. M. Dustighir Sahib, attached to the dispensaries at Arkónam, Punganúru and Kuppamu, respectively, were warned during the year. With the above exceptions, the medical subordinates worked fairly well.

VELLORE,
30*th May* 1896.

(Signed) C. ADAMS, Surgeon-Major,
District Medical and Sanitary Officer, North Arcot.

From S. H. WYNNE, Esq., President, District Board, North Arcot, to the Chief Secretary to Government, dated Chittoor, 2nd September 1896, Dis. No. 855.

As promised in paragraph 66 of this office letter, Dis. No. 727, dated the 14th ultimo, reporting on the administration of local funds in this district during the past official year 1895–96, I have the honour to report that, in the limits of the Chittoor and the Ránipéttai Taluk Boards, prickly-pear and rank vegetation were removed by kudimaramut to the extent of 99,639 and 36,018 square yards, at the estimated value of Rs. 1,505 and Rs. 800, respectively, during that year. Nothing was done in this direction in the limits of the other two taluk boards.

2. In statement III that accompanied the report, under the head "New Works—Miscellaneous Public Improvements"—"Arni Taluk Board," the sum of Rs. 308–10–3 shown against item "(as) Petty Works" includes a sum of Rs. 25, being the cost of constructing a cholera-shed in Polur union. This amount of Rs. 25 should have been shown under "Other sanitary outlay" in statements I-B and XIV, under paragraph 6 of rule 19 of the rules framed under the Local Boards Act. It should also have been included in column 8 of statement II-B against Polur union. These discrepancies having been pointed out to the Local Fund account and Audit departments, a memorandum of alterations to be made in the supplemental March account was forwarded by the Treasury Deputy Collector to the Accountant-General. I request, therefore, that the necessary alterations may be ordered to be effected in the statements mentioned above.

ORDER—No. 1938 L., dated 19th October 1896.

The local fund receipts and charges of the North Arcot district for 1895–96 are compared below with the budget and revised estimates for the year and the actuals of 1894–95 :—

2. *Local Boards and Union Panchayats.*—The local boards met a number of times and the average attendance of the members was good, ex case of the officials on the district board and the non-officials on the Ránipe Board, who should be informed that the Government expects them to be m

in their attendance. There were 20 union panchayats at work as in the previous year, which met, on an average, 16 times against 15, and the average attendance at their meetings continued to be fair, being six out of a strength of ten. The Rénigunta panchayat, however, failed to meet once a month as required by section 129 of the Local Boards Act. This irregularity should not be allowed to recur. The ward system of supervision continued to be in force in all the unions except Peranambat, and was again a failure in Arni. The President of the Taluk Board concerned should take early steps to secure an improvement in the working of this union. From the details of miscellaneous receipts furnished in statement II-B, it appears that the private scavenging system was in force in the unions of Ránipéttai, Kálahasti, Arkonam, Arni and Polur. Information regarding the working of this service should have been given in the President's report—an omission which should now be supplied. The administration of the panchayats, except those under the Ránipéttai Taluk Board and that of Arni, appears to have been on the whole satisfactory.

3. *Receipts.*—(1) The demand under land cess fell from Rs. 3,02,365 to Rupees 2,86,671, and 95 per cent. of this was collected against 96 per cent. in the previous year.

(2) Owing to keen competition at the sale of the farms, the demand under tolls rose from Rs. 13,209 to Rs. 18,277 and nearly the whole of this was collected within the year.

(3) House-tax was levied at the maximum rates in 19 unions against 16 in the previous year and the collections were again very good, 99 per cent. of the demand having been realized before the close of the year. Coercive processes were resorted to in 13 unions, the number of warrants issued being 548, but property was distrained in only 201 cases and sold in 29 for Rs. 10.

(4) There were 63 markets and slaughter-houses under the control of the local boards and fees were levied in 61 of them against 61 and 59, respectively, in the previous year. The receipts from this source rose from Rs. 11,074 to Rs. 11,836, and in addition a sum of Rs. 4,007 was contributed from general local revenues to meet the closing deficit in certain cases. The charges rose from Rs. 6,146 to Rs. 14,485. There was, however, a large balance of Rs. 18,466 in favour of these institutions at the end of the year, notwithstanding the remark in paragraph 3 (4) of G.O., No. 2031 L., dated 24th October 1895. The proposals of the taluk boards to utilize this balance during the current year should be carried out without fail.

(5) The receipts from avenues rose from Rs. 9,043 to Rs. 9,519. The extension of avenues continued to receive fair attention and the existing trees are reported to have been well looked after.

4. *Expenditure* (1) *Public Works.*—The outlay under this head rose from Rupees 1,65,466 to Rs. 1,68,927, but it was only 88 per cent. of the allotment against 91 per cent. in the previous year. The short expenditure is, however, explained in paragraphs 28 to 31 of the President's report. The outlay on communications was only 91 per cent. of the minimum prescribed by Government in its Order No. 1686 L., dated 14th September 1895. Every endeavour should be made to reach this minimum in the current year. The expenditure on village roads fell from Rs. 13,507, or 9·7 per cent. of the total outlay on communications, to Rs. 13,113 or 9·4 per cent. The condition of the roads is reported to have been fair except in the Vellore taluk, but regarding this exception no explanation has been offered. The cost of the Local Fund Engineering establishment continued to be 20 per cent. of the outlay on works.

(2) *Education.*—As in the previous year there were 11 inspecting schoolmasters and they are reported to have worked well, with one or two exceptions. The district board again maintained two sessional schools, which worked at four centres each in succession and sent up 69 students for the primary examination, of whom 60 passed. As nearly 50 per cent. of the teachers employed in the aided schools were unpassed, every endeavour should be made to reduce their number in the current year by compelling the unpassed men to join the sessional schools, failing which, the grants payable to them should be either withheld or reduced. The taluk boards maintained one high and five lower secondary schools. The strength of the Chittoor High school

rose from 152 to 205 and it did well both in the Matriculation and Lower Seconda examinations, 8 students having passed out of the 14 and 11, respectively, th were sent up. The schools at Arcot and Kuppamu also did well in the Lower Seconda examination, while the results of the Arni school were unsatisfactory. In the Prima examination, all the Lower Secondary schools were successful. It is satisfactory note that the net cost of educating each pupil in the Upper Secondary department the Chittoor High school was reduced from Rs. 27 to Rs. 5 and that the low econdary departments of this and of three of the lower secondary schools were work at profit to the boards concerned. The lower secondary departments of the Wan wash and Kuppamu schools, however, were worked at a net cost of Rs. 16 a Rs. 15, respectively, per pupil. Every endeavour should be made to make the self-suppor There were 132 board primary schools with an attendance of 7,0 pupils against progress, 80 per with 7,749 pupils in 1894–95, and they appear to have made f passed against 78 per of the pupils sent up for the standard examinations havi benefit of Panchamas an Fourteen of these schools were intended for the exclusi for the standard examinat were attended by 415 pupils, of whom 240 appear their working is very satisfactor nd 184 passed. This substantial improvement which were disbursed at the maxim The number of schools aided with result gran with 13,267 pupils. The total numbers, rose from 497 with 12,154 pupils to 5 maintained and aided from local funds was boys under instruction in the scho school-going age against 12·5 in the previous y er cent. of the male population

(3) *Medical relief.*—The local boards maintain saries as in the previous year and the number of patients hospitals and 12 dispe against 140,527. The remarks of the District Medical and d in them was 140,5 graph 5 (*l*) of his report regarding the work of Civil Apothecary Officer in pa be referred to the Surgeon-General for such action as he may com Francis w There were 16 midwives against 14 in 1894–95 and the number of expedie attended by them was 844, or four cases each per mensem as in the previ cas Notwithstanding the remark in paragraph 4 (3) of G.O., No. 2031 L., dated October 1895, no information has been given in the report regarding the steps, if taken by the district board towards the medical education of women. This omi should be supplied without delay.

(4) *Vaccination.*— The work of this department, which declined in 1894 showed some improvement, although the position lost was not entirely regained number of successful operations per mille of the population having been 23·7 ag 22·1 in 1894–95 and 24·9 in 1893–94. The falling off as compared with the re of the years previous to 1894–95 is again ascribed chiefly to the difficulty in m taining a regular supply of calves, to the apathy of many of the vaccinators, a want of co-operation on the part of village officials. The Government trusts the superior Revenue officers of the district will be able to remove the first and third of these difficulties and that the President of the District Board will pro replace the inefficient vaccinators by a better class of men. Infantile vaccin showed a steady improvement, the number of successful operations on children u one year being 7 per mille of the population against 6·7 per mille in 189 Compared, however, with the registered births of the year, only 25 per cent. o children born during the year were protected from small-pox and there is the considerable scope for the extension of operations in this direction.

(5) *Sanitation.*—The expenditure under this head was Rs. 29,604, or 9 cent. of the allotment, against Rs. 31,806 or 95 per cent. in the previous year decrease, which appears chiefly under improvement of water-supply and conser establishments, is explained in paragraphs 65 and 67 of the President's r Forty-five sources of water-supply were repaired or otherwise improved against the previous year, and 142 watchmen were employed to guard sources of dri water supply against 146. The number of villages in which prickly-pear and vegetation were removed rose from 62 to 80; besides these, in several of the v under the Chittoor and Ránipéttai Taluk Boards they were removed by kudima the value of the work done being about Rs. 2,305. Conservancy establishment

maintained in 41 villages against 43 in 1894–95. The number of unions visited by the District Medical and Sanitary Officer or his assistant has not been reported—an omission which should be supplied in future reports. The contributions from taluk to union funds were in many cases excessive, as amounts in excess of lighting charges were contributed even in unions, whose accounts showed a considerable closing balance. This matter should receive the attention of the taluk boards.

5. *General Remarks.*—The year closed with a balance of Rs. 69,140, of which Rs. 24,649 appertained to endowed institutions and Rs. 7,841 to unions, leaving Rs. 36,650, or nearly 10 per cent. of the receipts, available for general purposes. The greater portion of this should be spent on the improvement of roads and sanitary current year. The details in paragraph 3 of the District Medical and Sanitary Officer's report are unnecessary and out of place in a concise report, and should, therefore, be omitted in printing.

The administration of local boards and union panchayats continued to be, on the whole, satisfactory. The Government is glad to note the harmony borne by the Presidents of the Chittoor and Vellore taluk Boards to the good work done by the gentlemen referred to in paragraph 8 of the report.

2. Local Boards and Union Panchayats. The Local Boards met a sufficient number of times and the average attendance of the members good, except in the case of the offi on the District Board and the non-offi cials on the Ranipettai Taluk Board who should be informed that Government expects them to be regular in their attendance.

There were 20 Union Panchayats at the as in the previous year, which met an average 16 times against 15, the average attendance at their ings continued to be fair, being out of a strength of ten. It is a matter for regret that the Rengu Panchayat, however, failed to meet once month, as required by Section 12 the Local Boards Act. This irregu should not be allowed to reco

The ward system of supervision Continued to be in force in all unions except Peranambat and

lakasti, Arkonam, Arni and
olur. Information regarding the
rking of this service should have
en given in the President's report,
omission which should now be
pplied. The administration of the Panchayats, except those under the Ranipettai Taluk
ard and that of Arni, appears to have been on the whole, satisfactory.

3. Receipts. (1) The demand
der land cess fell from Rs 3,02,365
Rs 2,86,671, and 95 per cent of
is was collected against 96 per
t in the previous year.

(2) Owing to keen competition
the sale of the farms, the demand
der tolls rose from Rs 13,209 to
s 18,277 and nearly the whole of
is was collected within the year.

(3) House tax was levied at the
previous rates in 19 unions against

were again very go
Collections ~~continued to be sat~~
99 per cent of the demand ha
been realized before the close of
year. Coercive processes were r
to in 13 unions, the number of
rants issued being 548, but p
was distrained in only 201 case
sold in 29 for Rs 10.

(4) There were 63 markets
slaughter houses under the Con
of the Local Boards and f
were levied in 61 of them aga
61 and 59, respectively, in the
vious year. The receipts from
ource, rose from Rs 11,074 to Rs
and the charges from Rs 6,146
Rs 14,485. There was, however
large balance of Rs 18,466 in
of these institutions at the end
year, notwithstanding the rem
in para 3(4) of G.O Rs 2031 d
24th October 1895. The propose
the Taluk Boards to utilize

No 2031 L dated 24th October
no information has been given i
report regarding the steps if an
taken by the District Board to
the medical education of wom
This omission should be suppl
without delay.

(4) Vaccination. The work
this department, which declin
1894-95, showed some improve
although the position lost was
entirely regained, the number of success
operations per mille of the popu
having been 23.7 against 2
1894-95 and 26.9 in 1893-94
falling off as compared with
results of the years previous to
is again ascribed chiefly to
difficulty in maintaining
regular supply of calves, to
apathy of many of the vacci
and to want of co-operation o
part of village officials. T
Government trusts that the
Revenue officers of the dist

nd that the President of the District Board will promptly
eplace the inefficient vaccinators
y a better class of men. Infantile
accination showed a steady im-
rovement, the number of successful
peratums on Children under one year
eing seven per mille of the popu-
ation against 6.7 per mille in
1894-95. Compared, however, with
the registered births of the year,
nly 25 per cent of the Children born
during the year were protected
rom small pox and there is there-
fore Considerable scope for the
extension of operations in this
direction.

(5) Sanitation. The expenditure
under this head was Rs 29,604, or
92 per cent of the allotment against
Rs 31806, or 95 per cent in the pre-
vious year, the decrease, which appears
chiefly under improvement of
water supply and Conservancy
establishments, being explained in

supply were repaired or otherw
proved against 51 in the previous
and 142 watchmen were emplo
guard sources of drinking wa
supply against 146. The numb
villages in which prickly pear a
rank vegetation were removed
from 62 to 80; besides these, in
of the villages under the Chittoo
Ranipettai Taluk Boards, Co
vancy establishments were m
tained in 41 villages against 4
1894-95. The number of unions
ed by the District Medical an
Sanitary officers or his Assis
has not been reported, — an o
which should be supplied in
reports.

1 they were removed by Kudi-
maramath, the value of the
work done being about Rs 2,305.

The contributions from Taluk to
Union funds were in many cases
excessive, as amounts in excess of
lighting charges were contributed from
in unions, whose accounts
showed a considerable closing
balance. This matter should receive
the attention of the D.B.O.s.

5. General Remarks. The
closed with a balance of Rs 69,
of which Rs 24,649 appertain
endowed institutions and Rs
to unions, leaving Rs 36,650,
nearly 10 per cent of the receip
available for general purpos

oads in the current year. The
dministration of Local Boards
nd Union Panchayats continued
be, on the whole, satisfactory. The
Government is glad to note the
testimony borne by the Presidents of
the Chittoor and Vellore Taluk Boards
to the good work done by the gentle-
men referred to in para 8 of the
report.

2 Sh

Report on the working of the Local Fund H
tals and Dispensaries in the North Arcot Di
for the official year 1895-96.

1. Public health.— The general health of the pe
was on the whole comparatively good. There
a very few cases of cholera in the beginnin
April up to the 4th, when the outbreak wh
began in December 1894 came to a close.
disease was imported again in the month of
ber by pilgrims from Madura and Bellary
but only a few sporadic cases occurred in
villages of Arni, Vellore, Chendragiri, Gud
Polur, and Wallajah Taluks, and it dis-a
ed entirely in the month of December.
total number of deaths reported duri
the year was 32 against 1716 in the pr
year. A special hospital assistant wa
puted for cholera duty in the Vellore Talu
and the medical subordinates attached
outlying hospitals and dispensaries were d
to treat cases which occurred in their resp
divisions and to advise on sanitary prec
against the spread of the disease. The
was only partially attended to, as usual

There was a greater prevalence
Small pox of a severe type during the year,
number of deaths reported being 838 aga
360 of the previous year. Vaccination was
ed on as much as possible in the face
difficulties.

2. Vital Statistics.— The following ta
shows the number of births and deaths during
year under report as compared with the
vious year with the causes of the latte

Years	Total Births	Cholera	Small-pox	Fevers	Diarrhœa and Dysentery	Suicide	Wounds and accidents	Snake bite	Killed by wild animals	All other causes	Total Deaths.
1894-95	56942	1716	360	14247	1050	100	592	148	1	15234	33418
1895-96	56236	32	838	15210	979	107	557	147	1	16169	34040

It will be seen from the above table that there has been a considerable decrease in the deaths under cholera but an increase under Small pox, fevers and all other causes. The total number of deaths was 34,040 or 30.2 per mille. Vaccination against 33,418 or 16.49 per mille in the previous year. The birth rate was less than in 1894-95, viz 56236 or 27.75 per mille against 56942 or 28.10 per mille of the previous year.

3. Sanitation—— The sanitary state of the towns and villages in the District is very bad. The drainage of streets and houses is either defective or absent. Back yards are almost invariably in a filthy state containing cesspools, dung and rubbish heaps. The water supply is generally bad being mostly taken from tanks which are open to all sorts of contamination or wells with more or less dirty surroundings. In a few cases, it is taken from the river, but even here its purity is not always preserved. The staff of sweepers and scavengers is generally insufficient and night-soil and other filth are removed in a perfunctory way and may or may not be buried in trenches.

The following is a list of* improvements made during the year.

Arcot Union—— V shaped drains were constructed at a cost of Rs 176-7-10. Three special springs were dug in the hot sea-

* The figures furnished by the District Medical and Sanitary Officer in this list are incorrect and when pointed out he has replied that correct

free

Ambur Union—— A mud wall latrine was made into a pucka building. All the latrines were whitewashed

Kuppam Union—— Streets and drains were repaired.

Vellore Taluk—— The fresh water pond Virupatchipuram was repaired and prickly pears were removed in two villages.

Arcot Taluk—— Prickly pears were removed in some villages by the people at their own expense.

Chendragiri Union—— Six fresh water wells and one pond were repaired at a cost of Rs 153.

Puttur Union—— One fresh water pond and three wells were repaired at a cost of Rs 99

Ranipet Union—— Two fresh water wells were repaired at a cost of Rs 46-- 11; Rs 8-4-10 were spent in whitewashing latrines; two latrines were also constructed at a cost of Rs 141-9-4.

Renigunta Union—— Ring wells were repaired at an outlay of Rs 13-14-8.

Puttur Division—— Prickly-pears and rank vegetation were removed in the town at a cost of Rs 15. Prickly-pears were removed at the expense of private individuals in almost all the villages in the Ranipet Local Fund Taluk.

Chittoor Union—— Latrines were repaired at an outlay of Rs 88-3-0; and three wells and a spring were also repaired at a cost

Palmaner union ____ One well was repaired at a cost of Rs 9 and prickly pears removed at an outlay of Rs 50.

Punganuru union ____ Three wells were sunk at a cost of Rs 145 and another deepened at a cost of Rs 15-4-0; and prickly-pears were removed at a cost of Rs 33-5-4.

Palmaner Taluk ____ A well near Baipagaripalle village was repaired at a cost of Rs 103-2-7 and another at Kotur at a cost of Rs 23-15-4; and prickly pears were removed at Rs 21.

Punganuru Division ____ Rs 45 were expended in removing prickly-pears.

Arni Division ____ An additional sweeper was entertained for the Arni union. Prickly pears were removed at a cost of Rs 56-5-8.

Polur Taluk ____ Silt was removed from the fresh water pond at a cost of Rs 5-0-0. Repairs to the pond at Allinagar and the well at Panikkavadi, costing Rs 59, are in progress ~~costing Rs 59~~. Prickly-pears are being removed in ten villages at an outlay of Rs 131-12-0; also arrangements were made for the removal of noxious vegetation in private lands at the owners' expense.

4. Vaccination. The total number of operations performed by the Local Fund Vaccine staff is shewn in the subjoined statement.

Circle	Total number vaccinated	Successful	Unsuccessful	Unknown	Rate per Successful Case	Percentage of Successful cases	Remarks.
Vellore	16522	15543	707	272	- 4 6	94.07	
Chittoor	18,044	17313	646	85	- 4 6	95.94	
Vetnagar	15192	14823	299	70	- 3 7	97.57	
Total	49,758	47,679	1652	427	- 4 2	95.82	

The total number vaccinated was 49,7
as compared with 45,834 (of which 44
were successful, 1117 unsuccessful and
unknown) for the previous year, s
an increase of 3924. The increase wo
have been still greater had it not b
for the difficulty in maintaining a reg
supply of calves. Want of co-operation on
part of village officials in helping th
vaccine staff in the furtherance of
cination is also much felt. The increase
last year is misleading as in 1894-9
there was a great falling off. The va
nators do not work well and have to b
quently punished for short work an
honest returns, and I found on my in
that vaccination was backward nearl
through the District. The total numb
vaccinated under one year of age was
(14,057 successful, 375 unsuccessful and 111
known) against 13,909 of which 13,52
were successful, 276 unsuccessful and 106
known, in the previous year, shewing
increase of 634 as compared with that y

Vaccination was carried on exclusively wi
animal lymph as in the previous year.
the year, a Depot was established at
for the purpose of supplying a portion o
District with "Glycerine paste" in tubes
experiment. The plan worked well d

good. It may perhaps be possible to devise means for keeping the calves and lymph cool when proper sheds have been erected, but this is doubtful.

The following table shows the vaccine work done by the Medical Subordinates attached to the Local Fund Hospitals and Dispensaries as contrasted with the previous year.

Year	Total vaccinated				Under 1 year of age.				Remarks.
	Total	Successful	Unsuccessful	Conferred	Total	Successful	Unsuccessful	Conferred	
1894-95	537	481	49	7	103	97	6	-	
1895-96	310	263	37	10	39	34	4	1	

There has been a decrease of 227 in the past year as compared with the preceding year. Vaccination is not now compulsory as regards Medical Subordinates.

5. Hospitals and Dispensaries.

(a) The accomodation is not good or satisfactory. Only four* buildings were specially constructed for the purpose. Most of them were formerly private dwellings in the centre of the town, many are badly situated and badly ventilated and lighted. These matters have been pointed out frequently, but funds for the purpose of procuring more suitable buildings are apparently not forthcoming.

(b) Most of the buildings are fairly sub-

* Excluding the Lying-in-hospitals.

(c) There is a fair supply of furniture and of the articles require repairs, but as a ru are serviceable. Most of the wooden cots s plied long ago are old and worn out.

(d) Lists showing the steps taken to carry o recommendations of the Surgeon General the District Medical and Sanitary Of are attached, marked A and B respectiv

(e) The total amount of recoveries from of medicines and for Diets was Rs 38-1 and Rs 6-6-1 respectively.

(f) The number of hospitals and dispen is the same as in the previous year, v 5 hospitals, 3 lying-in-hospitals and dispensaries. The subjoined statement s the number of patients treated in the h tals and dispensaries as compared wi preceding year.

*

Number	Name of Institution	Whether Hospital or Dispensary	Number treated			
			In		Out	
			1894-95	1895-96	1894-95	189
1	Chittoor	Hospital	386	397	16644	16
2	Palmaner	do	583	460	10776	11

* This statement excludes the Lying-in-

There has been an increase of 15 In and a decrease of 2 outpatients for the whole District when compared with last year. Taking the Institutions separately there is a falling off in both In and Out patients in the Tirupati and Palmaner Hospitals. It is attributed in the former to the greater healthiness of the latter part of the year, and in the latter to the unpopularity of the Apothecary in charge. There has also been a decrease of outpatients in the Dispensaries at Kalahasti, Sholinghur, Wandiwash, Punganuru, Venkatagirikota, and Arcot, which is stated to have been due in the case of the first four institutions to the comparatively less number of admissions under eye diseases and partly to the frequent absence of the medical Subordinates on special or other duties. In Venkatagirikota, it is said to be owing to the change of Medical Subordinates and to the closing of the Dispensary on account of the ill-health of the Hospital assistant in charge. The falling off in Arcot is not so marked as to call for any explanation.

(g) The following are the causes of mortality during the year

Dysentery	4	Diseases of liver	1
Malarial fevers	17	do digestive system	16
Syphilitic affections	16	do of spleen	1
Debility	2	do of urinary system	11
Tubercular affections	3	do of Generative system	15
Leprosy	2	do Connective Tissue	5
All other General Diseases	5	do Skin	2
Diseases of Nervous System	12	Ulcers	1
		Poisons	1

(h) The total number of Major and Minor operations performed during the year was 369 and 620 respectively, compared with 232 and 6038 for the previous year, showing an increase of 137 major and 166 minor operations.

(i) The Establishments have been much reduced during the year, especially under the Ranipet and Arni Taluk Boards. It is probable this will not reduce the number of patients or have any bad effect as there were formerly too many peons employed. Of the servants are old and inefficient. Endeavours are being made to train them to discharge their duties properly and replace them by younger ones.

(j) Midwives. There are three lying-in-hospitals in the District, viz Chittoor, Ranipet and Arni. A Eurasian midwife is attached to the former and native midwives to the other two. Native midwives were also attached to 13 of the receiving institutions, but the services of two were dispensed with for want of funds and one was dismissed for misconduct during the year, so that there are only 13 now attached. The total number of labour cases attended by the midwives was 844 against 739 of the previous year, showing an increase of 105. A reward of 4 annas for every case attended over a fixed minimum is paid in such cases. Two of the midwives were appointed during the year.

(k) During the year, the services of the Sholinghur midwife alone were dispensed with; hence there were 15 midwives at the end of the year under report

The number of patients

as follows.

	Number of beds.	Number treated		
		In	Out	Total.
Chittoor	4	35	14	49
Ranipet	8	86	12	98
Arni	6	26	15	41

(K) No caste or gosha Hospital or Dispensary is maintained by the District Board.

(L) General Remarks. Civil Apothecary Mr. C. F. Francis in charge of the Palmaner Hospital has not performed his duties satisfactorily. The Hospital seems to be unpopular and the attendance has been falling off since he took charge. 1st class Hospital Assistant M.R.R. T. Kanniah attached to the Polur Dispensary was fined Rs 2 and 1st class Hospital Assistants M.R.R. Raju Chetty and M.R.R. Narasimulu Naidu and 2nd class Hospital Assistant T. M. Dustighier sahib attached to the Dispensaries at Arkonam, Punganuru and Kuppamu respectively were warned during the year. With the above exceptions, the Medical Subordinates worked fairly well.

(Signed) C. Adams
Surgeon Major
District Medical and Sanitary Officer
North Arcot

Vellore

84	-	84 (i)	-	-	-	
-	-	-	-	-	-	
-	-	-	-	-	-	(K) The decrease is chiefly due to reduction of the scale of establishment of the Arni middle school under sanction of Government conveyed in G.O No 837 d mis dated 10th May 1895. There were also savings in the salaries of masters of the Arcot middle school, due to some of the teachers having been on leave without pay during the year and their substitutes having been paid only acting allowances.

Notwithstanding the closure the Tirutani Board Middle School, 6 remaining Board Schools have pupils more than in the preceding

Vevali and Damanpakam Result-ols have retrograded into Upper Primary ols. Hence the falling off by 2. ganur High School, Sholinghur, nam and Renigunta middle Schools refered to in 6.

Sholpal and Katpadi mission hools have recently opened lower ondary classes. It remains to be how far they will maintain their end as such.

These refer to two Sanskrit Pata-las in Arcot Taluq and the Native Secondary School Chittoor and gama Naick middle School Gari.

The closure of 27 Board Primary ols accounts for the fall. The increase of 45 aided Result hools is satisfactory.

The North and South Palar sional Schools have 7 less than maximum number 20 -- lowed them.

NORTH ARCOT, DISTRICT BOARD'S OFFICE,

Chittoor, 2nd September 1896.

ENCLOSURE.

FROM

S. Ld. Wynne Esqr.

President, District Board,

North Arcot.

To

THE CHIEF SECRETARY TO GOVERNMENT,

LOCAL AND MUNICIPAL DEPARTMENT,

Fort St. George.

Sir,

As promised in para 66 of this office letter No. 727/Dis dated the 14th Ultimo, reporting on the administration of Local Funds in this district during the past official year 1895-96, I have the honor to report that, in the limits of the Chittoor and the Ranipettai Taluk Boards, prickly pear and rank vegetation were removed by kudimaramat to the extent of 99,639 and 36,018 Sq. yards, at the estimated value of Rs 1,505 and Rs 800, respectively, during that year. Nothing was done in this direction in the other two taluk boards.

2. In Statement III that accompanied the report under the head "New Works" – Mis: Pub: Improvements" — "Arni Taluk Board", the sum of Rs 308-10-3 shown against item "(as) Petty Works" includes a sum of Rs 25, being the cost of constructing a cholera-shed in Polur Union

Other Sanitary outlay" in statements I Band XIV,
under para 6 of rule 19 of the rules framed under
the Local Boards Act. It should also have been
included in column 8 of Statement II B against
Other Union. These discrepancies having been
pointed out to the Local Fund Account and
Audit department, a memo of alterations to be
made in the Supplemental march account
was forwarded by the Treasury Deputy Collector
to the Accountant-General. I request, therefore,
that the necessary alterations may be ordered
to be effected in the statements mentioned above.

I have the honor to be
Sir
Your most obedient Servant.

[illegible]
For President.
