OCTOBER.

Administration Report.

Reviewing the — of the Coimbatore District Board for 1895-96.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From H. BRADLEY, Esq., President, District Board, Coimbatore, to the Chief Secretary to Government, dated 25th July 1896, Dis. No. 642-D.B.

I have the honour to submit the report on the working of the local boards in the Coimbatore district for the year 1895–96 adopted by the district board at its meeting held on Monday the 27th July 1896.

2. The prescribed statements and the District Medical and Sanitary Officer's report on the working of the medical institutions accompany.

I.—General.

3. *Administration.*—Owing to a recent alteration in the revenue divisional charges of the district, a single taluk board was formed, instead of two, for the revenue taluks of Coimbatore and Satyamangalam. Four of the unions under the Erode Taluk Board, namely, Perundurai, Kángayam, Aravakurchi and Chinnadhárápuram, were abolished; the latter because it is so small that the amount of house-tax which can be collected will not pay the expenses of management, and the other three because they consist of many scattered hamlets which are difficult to conserve, and in which the house-tax is hardly worth the trouble of collection.

4. *District Board.*—The board had its maximum strength of 32 members on the 31st of March 1895; of these, 14 held office throughout the year, 3 lost their seats but were re-appointed during the year, while the remaining 15 ceased to be members. There were 12 vacancies among the elective seats, and elections were held to fill 10 of them within the year (Erode 5, Polláchi 4, and Kollegal 1). The results of two of the elections were not approved by Government; fresh elections were accordingly held in the current year. The remaining two vacancies occurred in March 1896. Two nominated non-official members resigned office on the last day of the year on the 31st March 1896. The board had therefore on that date only 26 members—4 *ex-officio*, 10 nominated (4 officials and 6 non-officials) and 12 elected (7 officials and 5 non-officials) against the full sanctioned strength of 32. Thirteen meetings were held in 1895–96 against twelve in the preceding year, one of these was for the selection of a candidate for the Legislative Council, Madras, and no meeting had to be adjourned for want of a quorum. On an average 17 members (7 officials and 10 non-officials) attended each meeting against 16 (6 officials and 10 non-officials) members in 1894–95.

5. *Taluk Boards.*—The constitution of the taluk boards and the attendance of members at meetings are shown in Statements XVI and XVI-A. The Pollachi and Kollegal Taluk Boards had their full sanctioned strength at the close of the year. The vacancies on the other boards—one on each—occurred in February and March 1896 and were filled up early in this year. The Coimbatore, Erode and Kollegal Taluk Boards held twelve meetings each and Pollachi thirteen. None of these meetings had to be adjourned for want of a quorum. The average attendance of the official members of the Coimbatore, Pollachi and Kollegal Taluk Boards rose from 1·0, 1·75 and 2·0 to 3·25, 2·1 and 2·5, respectively. The decrease in the Erode Taluk Board from 2·5 to 2·16 was due to absence of two of the official members on leave for nearly three

months. There was an improvement in the attendance of the non-official members of the Coimbatore, Pollachi and Kollegal Taluk Boards—6·67, 7·0 and 5·16 against 4·7, 5·9 and 5·14, respectively, in 1894–95; but in Erode there was a fall from 8·8 to 7·83. This decline was partly on account of delay in filling up two vacancies and one of the members had to be removed for unsatisfactory attendance. The working of the taluk boards was, on the whole, satisfactory, and the members of the Coimbatore Taluk Board are reported to have taken interest in the work.

6. *Panchayats.*—The constitution of the twenty unions on the 31st March 1896 and the average attendance of the members at meetings are shown in Statement XIV-A. Four unions were abolished from 1st April 1895. At the close of the year all these bodies, except Kurichi and Chettipalaiyam, had their full sanctioned strength of members. The vacancies in these two occurred on the 23rd March 1896. Of the 168 members that were on the roll on the 31st March last, 28 were headmen of villages comprised in the unions and members *ex-officio* and 17 others were officials; 123 non-officials were appointed by the President, District Board, under the power delegated to him in G.O., No. 1168 L., dated 21st June 1887. Two of the members—one in Pollachi and the other in Kollegal—were removed by the President, District Board, for unsatisfactory attendance under G.O., No. 889 L., dated 17th May 1894. The panchayats held altogether 276 meetings against 347 in 1894–95. The number of meetings adjourned for want of a quorum was three in Chettipalaiyam, two each in Dhárápuram, Sálúr, Udamalpet and Pollachi and one each in Anamalais, Palladam, Tiruppúr and Kollegal. The panchayats of Véttagáranpudúr, Tiruppúr, Palladam and Kollegal failed to meet once a month, each having held only eleven meetings. The attention of the Taluk Board Presidents has been drawn to section 129 of the Local Boards Act. The average attendance of members at meetings was not less than 50 per cent. of the sanctioned strength in case of all the unions except Gopichettipalaiyam, Pollachi and Udamalpet. There was no change in the nature of the work entrusted to these bodies, the sanitation of villages being their chief concern. The ward system of supervision was in force in all the unions except Kurichi, Kuniyamuthur, Perundalaiyur, Gopichettipalaiyam, Kempanayakanpalaiyam and Súlúr. The system is reported to work fairly in Méttupáláiyam, Satyamangalam, Singánallúr and Chettipalaiyam in the Coimbatore taluk and in Pollachi, Anamalais, Véttagáranpudúr, Tiruppúr and Udamalpet in the Pollachi taluk. It was not a success in Dhárápuram, Palladam and Kollegal, where the members are reported not to have evinced interest in working it.

The private scavenging system was in force in Méttupáláiyam and Dhárápuram and worked well. In Satyamangalam it had to be discontinued as the villagers did not appreciate its benefits. The Chairman of the Gopichettipalaiyam union reports that the inhabitants there do not like the system. Steps are being taken to introduce the system there. In Bhaváni an attempt made to introduce it this year failed, as the panchayat was unable to secure the services of a toti and the fees collected were refunded to the house-owners.

The unions, on the whole, worked satisfactorily.

7. *Financial position.*—The following table shows the financial position in 1895–96 of the local boards in the district:—

Local boards.	Opening balance.	Receipts.	Total.	Charges.	Closing balance.
	Rs.	Rs.	Rs.	Rs.	Rs.
Coimbatore District Board	39,975	91,765	1,31,740	92,848	38,892
,, Taluk Board	11,202	77,954	89,156	78,282	10,874
Erode Taluk Board	6,081	1,11,579	1,17,660	1,05,912	11,748
Pollachi ,, ...	—10,831	1,07,402	96,571	91,102	5,469
Kollegal ,, ...	1,991	21,755	23,746	22,667	1,079
Total Taluk Boards ..	8,443	3,18,690	3,27,133	2,97,963	29,170
Grand total ..	48,418	* 4,10,455	4,58,873	† 3,90,811	‡ 68,062

* Including Rs. 32,890, debt head receipts.
† ,, ,, 25,781 ,, charges.
‡ ,, ,, 46,320 ,, balance under debt heads.

Excluding debt heads the actual receipts amounted to Rs. 3,77,565 against Rs. 3,44,984 and the charges to Rs. 3,65,031 against Rs. 3,75,998. The year closed with a balance of Rs. 68,062 (including debt account). The balance in favour of endowed institutions was Rs. 4,348; Rs. 1,503 related to unions, Rs. 1,340 for sinking fund and Rs. 60,871 to the general local funds.

8. The principles under which the receipts and charges were distributed among the district, taluk and union funds were the same as in the preceding years.

9. The incidence of local fund taxation on each individual of the population of the district according to the census of 1891 was As. 1–10 excluding tolls and As. 2–4 including them, against As. 1–9 and As. 2–2, respectively, in 1894–95, the increase being due to the arrear collections of 1894–95 in this year. Taking into consideration the entire local fund receipts, the average amount contributed by each individual was As. 3–1 against As. 2–10 in the preceding year.

II.—Receipts.

10. Statement I-A shows the total receipts of all the local boards and the union panchayats under the several heads as compared with the estimate of 1895–96 and the actuals of 1894–95.

11. The year opened with a balance of Rs. 48,418, of which Rs. 6,867 related to endowed institutions. The balance anticipated in the budget for 1895–96 was Rs. 41,680. The increase was due to short expenditure under all the grants in the last year.

12. *Receipts.*—The total current receipts amounted to Rs. 3,77,565 against Rs. 3,44,984 in 1894–95. The subjoined abstract compares the figures under the various heads for the two years:—

	1894–95.	1895–96.
	Rs.	Rs.
Cess on land	199,782	211,350
Tolls	49,576	56,788
House-tax	13,856	15,478
Educational	15,096	16,062
Medical	624	865
Interest	803	645
Choultry rents	428	358
Markets	36,113	41,555
Bungalows	542	695
Ferry rents	8,994	8,458
Fishery rents	1,495	1,739
Fees and fines	2,424	2,684
Public works	846	7,221
Avenues	3,447	3,160
Other items	1,142	977
Contribution from Provincial funds	9,803	9,503
Do. Special funds	13	27
Total ..	3,44,984	3,77,565

13. *Cess on Land.*—The cess on land continued to be levied at the rate of one anna per rupee of the annual rent value. The total demand including the arrears of Rs. 13,233 was Rs. 2,21,783, of which Rs. 2,11,316, or about 95·2 per cent., were collected against 93·5 per cent. in the previous year.

14. *Tolls.*—There were twelve gates as in the previous year; the rate of tolls levied remained unaltered up to the end of January 1896, when that on the Bhavani bridge at Méttupálaiyam was raised from ¼ to ½ schedule rates—*vide* G.O., Mis. No. 93 L., dated 16th January 1896. The collection of tolls at these gates was leased

out for Rs. 46,422. Of this sum Rs. 534 were realized in advance in 1894–95 and the remainder within the year under report. The fees paid by the residents of Tiruppúr union and certain other persons with whom the district board has compounded under section 87 (2) of Act V of 1884 amounted to Rs. 698. The income from local fund tolls thus amounted to Rs. 47,882 (including Rs. 1,296 advance collection for 1896–97), against Rs. 41,077, the actuals of 1894–95, and the budget estimate of Rs. 41,000 based thereon.

The contributions from Municipal Councils of Coimbatore, Erode and Karúr on account of the through traffic tolled by them were Rs. 8,906 against Rs. 8,499 in 1894–95. The arrears due by these bodies were collected during the year under report. The net toll revenue after deducting the cost of toll-sheds (Rs. 545), &c., amounted to Rs. 56,243 or about 38 per cent. of the outlay on roads—*vide* Statement IV-A.

15. *House-tax.*—This tax was in force in all the unions in the district. It was levied at half rates in Satyamangalam, Gopichettipalaiyam, Kempanayakanpalaiyam, Perundalaiyur (all in the Satyamangalam taluk), in Anamalais and Súlúr. Elsewhere maximum rates were in force; the rates in Pallapatti having been raised from 1st April 1895.—*vide* G.O., Mis. No. 291 L., dated 15th February 1895.

Statement VIII shows the demand, collection and balance of the tax for the district. The uncollected balance at the beginning of the year was Rs. 2,911; of this, Rs. 239 were remitted and all but Rs. 160 of the remainder was recovered. The demand due for the year was Rs. 15,491, of which Rs. 12,966 were collected before its close. The percentage of the current collections to the demand for each union is given below :—

Méttupálaiyam	75	Véttagáranpudúr	79
Singánallúr	65	Palladam	94
Kuniyamuthur	55	Súlúr	98
Chettipalaiyam	69	Tiruppúr	93
Kurichi	75	Udamalpet	83
Dhárápuram	95	Satyamangalam	99
Pallapatti	80	Gopichettipalaiyam	96
Bhaváni	95	Kempanayakanpalaiyam ..	37
Pollachi	67	Perundalaiyur	90
Anamalais	84	Kollegal	90

The collection work was far from satisfactory in any of the unions in the Coimbatore taluk. In Satyamangalam and Gopichettipalaiyam there has been a very slight falling off. Dhárápuram and Bhaváni kept their position, but in Pallapatti collections were not so good owing to the enhancement of the rates in the year under report. In Anamalais, Palladam, Súlúr, Tiruppúr and Udamalpet the work showed an advance and was satisfactory, but Pollachi and Véttagáranpudúr have fallen off, especially the latter. The falling off in Kollegal is to be regretted. The Presidents of the Pollachi and Coimbatore Taluk Boards will be requested to endeavour to show an improvement. On the whole the collections for the district were better than in 1894–95.

Coercive process was issued in 1,250 cases against 630 in the preceding year, but property was distrained in only 69 cases and sold in only 6 for Rs. 3. In Chettipalaiyam no coercive measures were adopted, though as much as 31 per cent. of the demand was left uncollected at the close of the year. This is unsatisfactory. The attention of the President, Coimbatore Taluk Board, will be called to the remarks of Government in paragraph 3 (3) of the last year's review.

The receipts under this head rose from Rs. 13,856 to Rs. 15,478. This increase was due to the enhancement of the rates in Pallapatti and to better collections.

The total number of houses assessed to the tax was 25,871 as against 27,904 occupied houses according to the census of 1891 in the villages comprised in the unions subject to the tax. The average incidence per house assessed was As. 9–7 against As. 8–11 in 1894–95.

16. *Educational.*—The receipts under this head amounted to Rs. 16,062 against Rs. 15,096 in 1894–95. School fees brought in Rs. 15,607 against Rs. 14,403. The increase is due to the improvement in strength. The sale-proceeds of books were Rs. 400 and a sum of Rs. 55 recovered from former normal students who failed to serve as teachers is shown as miscellaneous receipts.

17. *Medical.*—The income credited to this head was Rs. 865 as follows :—

	Rs.
(1) Sale-proceeds of medicines	33
(2) Contribution from the Municipal Council, Karúr, towards the salary of the female apothecary working at the Women and Children's dispensary, Karúr	450
(3) Contribution from private individuals for the upkeep of the dispensaries at Méttupálaiyam, Alandorai and Dhárápuram	128
(4) Contribution from the Municipalities of Coimbatore, Erode and Karúr for supplying lymph from animal vaccination depôt ..	124
(5) Sale-proceeds of materials used for sanitary purposes, &c.	78
(6) Do. of old materials of hospitals	21
(7) Do. of a lantern belonging to the animal vaccination depôt.	1
(8) Amount received for the service by the toties of the sub-jail latrines at Perundurai and Kollegal	30
Total ..	865

18. *Interest.*—The interest on the $3\frac{1}{2}$ per cent. in which the endowment attached to the Pollachi hospital is invested was Rs. 618.

19. *Miscellaneous.*—The miscellaneous items of revenue amounted to Rs. 59,626 against Rs. 54,586.

(*a*) A sum of Rs. 19 was contributed by the Salem District Board for lighting the Cauvery bridge at Bhaváni and Rs. 331 by private individuals; Rs. 245 by the inhabitants of Kollegal for the purchase of lamps, &c., for lighting the town; Rs. 28 by the people of Keeranam village for sinking a well there, and Rs. 58 by the inhabitants of certain other villages for removing prickly-pear.

(*b*) *Choultry Rents.*—The fees paid by the travellers halting in chattram bungalows and the rents for the occupation by the police of certain chattrams and musafarkhanas amounted to Rs. 358. The rents relating to the Tiruppúr chattram were not collected within the year.

(*c*) *Market Rents.*—The total number of markets under the control of the taluk boards in 1894–95 was 95. Two markets were newly opened in the year under report—one by the Coimbatore Taluk Board and the other by the Pollachi Board. Fees were levied in 88 of them including the one at Coimbatore opened during the year. The markets are generally in good condition and much resorted to by people. The new market at Pollachi was opened for trade during the year and was leased for Rs. 6,002. The new market is an excellent one and is very popular. It will be a very good investment for the board.

Statement VI shows the transactions relating to market funds. The opening balance in their favour was Rs. 3,659. Market rents realized Rs. 41,326 against Rs. 35,983. Other miscellaneous receipts credited to market funds (for which details are given in the statement) amounted to Rs. 366. The charges were Rs. 42,813. Of this sum, Rs. 31,046 were devoted to the construction and repair of sheds and roads leading to them, Rs. 5,580 were the proportionate cost of supervision, &c., debited to market funds. The establishment and contingencies cost Rs. 3,407; a sum of Rs. 1,440 covering 18 months was paid as interest on the Pollachi market loan. The balance at the end of the year was Rs. 3,886, of which Rs. 1,340 has been set apart as a sinking fund for the repayment of the loan.

(*d*) *Bungalow Fees.*—There were fourteen bungalows under the taluk boards. Their condition was generally fair. Nine of the buildings were repaired or otherwise improved at a cost of Rs. 892. The number of travellers who used the bungalows was 628 against 488 in 1894–95 and the fees paid by these amounted to Rs. 695.

(*e*) *Fees and Fines.*—The details of the receipts credited to this head are—

	Rs.
(1) Pandal fees	604
(2) Fees for temporary bazaars erected during car festivals	130
(3) Private scavenging fees in Méttupálaiyam and Dhárápuram	180
(4) Fines under the Towns Nuisance Act	1,770
Total	2,684

(*f*) *Ferry and Fishery Rents.*—The income derived from these sources were Rs. 8,458 and Rs. 1,739 against the estimate of Rs. 9,740 and Rs. 1,790 and Rs. 8,994 and Rs. 1,495, the actuals of the previous year.

(*g*) *Rent and Produce of Land.*—The sum of Rs. 18 shown under this head was made up of Rs. 3, rent of shops located in the "Jubilee Garden," Kollegal, and of Rs. 15, rent of the tope attached to the Karumathampatti chattram.

(*h*) *Avenues.*—The income from the rents of avenues and sale-proceeds of withered trees and clippings was Rs. 3,160 against Rs. 3,447 in 1894–95. A sum of Rs. 1,162 was spent on the maintenance of avenues as against Rs. 1,689 in the preceding year. Statement IV-B shows the statistics of avenue trees in the district. The total number of trees on the 1,478½ miles of avenue was 217,702 at the beginning of the year—1,062 trees, tamarind chiefly, were planted and 13,194 trees that had grown up spontaneously alongside the roads had become suitable for avenues. Five hundred and ninety-eight trees—126 of the former description and 472 of the latter—, however, perished. The number of trees alive at the close of the year was 231,360.

The Local Fund Engineer, Coimbatore, has drawn up a set of rules for the management of avenues.

With reference to paragraph 3 (6) of G.O., No. 1708 L., dated 16th September 1895, steps have been taken to secure better prices for the produce of the tamarind avenues by selling the privilege of collecting it separately for every village (instead of for sections of the road as hitherto) under the control of the Taluk Board Presidents.

20. *Sundry Receipts.*—These amounted to Rs. 609, and comprised sale-proceeds of—

	Rs.
(1) Street sweepings and rubbish	532
(2) Unserviceable articles of the offices of the local boards and unions	46
(3) Refund of law charges	17
(4) Refund of witness batta paid to the members of the office establishments	3
(5) Sale-proceeds of earth	11

21. *Public Works.*—The details of the receipts under this head are—

	Rs.
(1) Sale of old dispensary building at Kollegal	3,611
(2) Sale of old tools	71
(3) Sale of old materials	173
(4) Contribution from the inhabitants of Kollegal for school buildings	320
(5) Contribution from the Forest department towards the special repairs of the Anamalai-Sethumadai road	2,385
(6) Refund of expenditure	162
(7) Rent for the use of the District Board's hall by the Sub-Court, Coimbatore	270
(8) Rent of quarters provided by the taluk board for the civil Apothecary, Méttupálaiyam	120
(9) Rent for the union building at Tiruppúr	2
(10) Sale-proceeds of trees, &c., belonging to markets and buildings	64
(11) Sale-proceeds of stones taken from wells belonging to market buildings	41
(12) Refund of witness batta paid to Local Fund Engineer's establishment and copying fees	2
Total	7,221

22. *Contribution from Provincial Funds.*—The grants-in-aid of the local fund expenditure on education amounted to Rs. 4,739 against the estimate of Rs. 7,290 and Rs. 5,039, the actuals in 1894–95. The decrease as compared with the estimate was due (1) to non-payment by the educational inspecting officers on account of paucity of funds of Rs. 320 and Rs. 486 earned respectively by the Bhaváni middle school and by the primary schools in Erode, (2) to the non-adjustment of building grants for the primary school building at Pollachi, (3) to the non-execution of certain school-buildings for which provision was made in the budget and to the short earnings of result grants.

The usual money allowances on behalf of the endowed chattrams and water-pandal were drawn, but Rs. 4 due to the Coimbatore Taluk Board was not adjusted. It will be credited in the current year.

23. *Miscellaneous Debt Accounts.*—The following are the details :—

	Rs.
Deposits on account of tolls, markets, ferry, fishery, &c.	31,770
Public works receipts	1,120
Total	32,890

III.—EXPENDITURE.

24. Excluding the debt heads the total expenditure from local funds was Rupees 3,65,030 against Rs. 3,75,998 in 1894–95. The details are given below :—

	1894–95. Rs.	1895–96. Rs.
(1) Public Works including establishment, &c.	2,16,271	2,03,917
(2) Education	55,630	57,920
(3) Medical institutions including District Surgeon's establishment charges	39,597	39,590
(4) Vaccination	10,481	10,527
(5) Sanitation including contribution for sanitary inspection and refunds	23,688	21,060
(6) Lighting charges, &c.	3,137	2,487
(7) Markets, choultries, bungalows and other institutions	7,430	7,290
(8) General management, pensions, &c.	19,284	20,799
(9) Interest	280	1,440
Total	3,75,998	3,65,030

25. *Grant I, Public Works.*—The total outlay on works debited to local funds amounted to Rs. 1,71,975 against a sanctioned grant of Rs. 1,87,194 and Rs. 1,84,981, the actuals in 1894–95. Of these, works to the extent of Rs. 1,66,179 were executed by the District Board's Engineering establishment and the remainder by other agencies, viz., the Revenue and Forest departments and the panchayats. No work was in charge of the Public Works department. The expenditure on communications alone was Rs. 1,51,896 against Rs. 1,49,147 in 1894–95, the construction and repair of buildings cost Rs. 14,233 against Rs. 10,922 and a sum of Rs. 5,846 against Rs. 24,912 was spent on markets, avenues, and other miscellaneous Public Improvements.

26. *Roads.*—The road from the main road to the new Kallar Railway station, on which Rs. 84 were spent in previous years was completed in the year under report at a cost of Rs. 698. Certain culverts and tunnels were constructed and repaired (Rs. 754). The culvert sanctioned to be built on the Mullur road, and on which Rs. 218 was spent in the last year, was completed during the year at a cost of Rs. 355. An approach road to the Chavadipalaiyam Railway station was begun and

completed during the year under report at a cost of Rs. 131. A sum of Rs. 545 was spent on construction and repairs of toll-sheds, bars, &c. The following works sanctioned during the year were not begun :—

(1) Feeder road to Kulipalaiyam Railway station (Rs. 2,240) owing to the lands required being under cultivation.

(2) Certain culverts and tunnels (Rs. 810) pending the subsidence of water in them.

(3) A new road leading into Kollegal from the Sivasamudram road (Rs. 644) as it was sanctioned late in the year.

The maintenance of the existing communications cost Rs. 1,50,085 against Rs. 1,46,233, actuals of 1894–95, and Rs. 1,54,337, sanctioned grant. Full utilization of allotments in all the taluks, the upkeep of two additional roads in Coimbatore and the special repairs to the Anamalai-Sethumadai road account for the increase under taluk funds. The percentage of expenditure to the sanctioned grants under repairs was 97·2. It was not possible to utilize the full grants for the special repairs of the Anamalai-Sethumadai road and the repair of the Kallipatti road within the year. The Forest department claimed only Rs. 567 as the district board's share of the repair of the Burghúr ghât road as against the budget figure of Rs. 1,250; hence the short outlay.

Special repairs were executed on the Anamalai-Sethumadai road, the management of which has been resumed by the district board under G.O., Mis. No. 549 L., dated 20th March 1896.

The estimate is for Rs. 7,320, of which a grant of Rs. 4,770 was made in the year and Rs. 3,307 spent before its close.

Statement IV-A shows the statistics relating to roads. The total length actually repaired in 1895–96 was $1,567\frac{3}{16}$ against $1,562\frac{7}{16}$ in 1894–95. The increase for which details are given in the notes appended to the above statement was chiefly due to the additional roads taken up. One road and a few miles of certain roads repaired in previous year were not however kept up. The average cost of maintaining each mile of village, taluk and district roads was Rs. 66, Rs. 94 and Rs. 125 against Rs. 66, Rs. 89 and Rs. 120 in 1894–95. The increase on the taluk roads was on account of fuller utilization of allotments and of larger provision for the Anamalai-Sethumadai road. The maintenance allotment of the district road No. 2 in the budget was raised in the year. Taking the three classes of roads together the average cost was Rs. 93 against Rs 90 in the previous year.

The opinion of the Local Fund Engineer on the condition of the roads maintained in the year is entered in the last column of statement III. Generally the condition of the roads may be said to be good except in Kollegal where the President, Taluk Board, reports that "the condition of the roads in the Kollegal taluk is not quite satisfactory. Measures will be adopted for their improvement so far as the funds at the disposal of the board would permit." The Kollegal roads compare favourably with Mysore State roads in the same neighbourhood.

27. *Buildings.*—Two important works—constructing Local Fund offices and school-buildings at Kollegal—were under the direct supervision of the President, Taluk Board. The former was completed during the year at a cost of Rs. 2,500 and the President was not able to finish the latter within the year. Out of a grant of Rupees 3,855, Rs. 2,402 only were spent and it is hoped that the work will be completed before the close of this year. The two other incomplete works of the previous year, viz., constructing a primary school-building at Pollachi and a school-house at Uttamapálaiyam, on which Rs. 2,072 and Rs. 124 were spent in 1894–95, were completed during the year under report at a cost of Rs. 4,088 and Rs. 400, respectively. A tiled shed at Karamadai (Rs. 673), and a stable for the chattram at Tiruppúr (Rs. 319) were begun and completed during the year. The Pollachi Taluk Board sanctioned an estimate for Rs. 1,714 for supplying furniture to bungalows, but Rs. 567 only were spent. A compound wall for the school and Local Fund offices at Kollegal (Rs. 620) was commenced but left incomplete, Rs. 446 having been spent. A sum of Rs. 717 as compensation for the land taken up for the construction of the Local Fund office and school-buildings was paid by the Kollegal Taluk Board. The re-construction of the

Uthiyur chattram (estimate Rs. 2,500, grant Rs. 600), the extension of the hospital building at Palladam (Rs. 510) and a school-house at Ramapuram (Rs. 350) were sanctioned late in the year and not begun.

The expenditure on new buildings amounted to Rs. 8,835 against the sanctioned grant of Rs. 13,135.

The outlay on repairs, civil buildings, was Rs. 5,398 as below :—

	Rs.
School-houses	296
Hospitals	1,165
Chattrams and other rest-houses	3,017
Bungalows	737
Other buildings	183
Total	5,398

The grant for repairs, civil buildings was Rs. 6,948, of which Rs. 6,890 were allotted in details for works. The repair to the Gazelhatti chattram was completed during the year at a cost of Rs. 838. Repairs to the chattrams at Nadukkaval (Rs. 540) and at Kundadam (Rs. 385) and deepening the hospital well at Pollachi (Rs. 315) were undertaken and completed during the year under report. Some minor works which were found necessary and sanctioned at the close of the year, but not carried out and savings under completed works account for the decrease.

28. *Miscellaneous Public Improvements.*—The expenditure under this head was as follows :—

	Rs.
(1) Construction of market sheds, wells and other improvements	3,582
(2) Plantation and maintenance of avenues	1,162
(3) Improvement of water-supply at Tek Dhimbam	723
(4) Construction of three latrines at Méttupálaiyam	379
Total	5,846

The improvement of water-supply at Tek Dhimbam, the compound wall for the Udamalpet market and the Kunthur market shed begun in the preceding year were completed during the year under report at a total cost of Rs. 1,039, Rs. 2,040 and Rs. 917. Out of the three latrines proposed to be constructed at Méttupálaiyam at a cost of Rs. 1,014, two were completed and the third was given up as the plan was found fault with by the Sanitary Commissioner. The failure to utilize the full amounts provided in the budget by the Coimbatore and Erode Taluk Boards, the abandonment of certain works owing to late sanction and savings under other items account for the decrease of expenditure as compared with the sanctioned grant.

29. *Establishment, &c.*—The cost of District Board's Engineer's establishment including contingencies amounted to Rs. 30,005 and was 18 per cent. of the outlay on works executed under its control as against Rs. 29,531 and 16·4 per cent. in 1894–95.

The expenditure incurred on tools and plant required for the engineering staff was Rs. 1,217 or ·7 per cent. of the outlay on works.

30. The usual contribution of Rs. 520 for the upkeep of two roads in this district by the Nilgiri district and that for the Punachi ghât road for two years was paid.

31. *Grant II, Education.*—The educational operations of the local boards in 1895–96 comprised chiefly the maintenance of sessional schools, of six secondary schools for boys and one elementary school for girls, and the maintenance and aid of boys' schools. At the end of the year there were 117 boards' schools with 5,766 pupils against 118 schools with 5,748 pupils on the 31st March 1895. The number of girls attending these schools was 507, 20 being in the Hindustani girls' school at Haravanapuram, Kollegal taluk, and the rest in the boys' schools. Sixteen of these schools were intended exclusively for Panchamas, three in Pollachi, two each in Kollegal, Bhaváni, Dhárápuram and Satyamangalam, and one in each of the other taluks. There were 446 boys and 24 girls under instruction in them, 13 boys in the

40. *General educational results.*—The net expenditure on education was Rupees 37,119 or 9·6 per cent. of the current receipts, Rs. 3,77,565 during the year as against Rs. 35,495 or 10·3 per cent. of Rs. 3,44,984 in 1894–95. Of this amount Rs. 30,154 were devoted to the maintenance and aid of schools, Rs. 5,548 to their inspection and Rs. 1,078 to providing them with qualified teachers. The local boards fully realize their duties in connection with primary education, but feel it beyond their means to increase their outlay on education at the expense of public works.

The total number of pupils under instruction in the schools maintained and aided from local funds at the close of the year was 16,151 or 11·12 per cent. of the male population of school-going age—a little over the number at the close of the previous year.

According to the statement furnished by the Educational officers, 27,705 pupils attended the schools at the close of the year in the whole district, of whom 1,749 were girls. Panchama pupils numbered 1,151 in all—1,080 boys and 71 girls.

41. *Grant III, Medical Services, &c.—Hospitals and Dispensaries.*—The District Medical and Sanitary Officer's report herein enclosed explains the working of the medical institutions and the general health of the people in the district during the year. No change was made in the number or nature of the nineteen institutions maintained. The total number of patients treated in all these institutions was 1,39,543 against 1,23,971. Of the increase 9,641 were in the women and children's dispensary, Pollachi—in charge of one of the female apothecaries educated for the district board under the Countess of Dufferin's Fund Committee; such a large increase (from 8,855 to 18,496) shows that the institution is appreciated by people and 3,804 in Vettakaranpudur. The admissions into the Nerinjipet dispensary aggregated 5,766 during the whole year against 2,797 for seven months of the previous year. All the old institutions seem to have sustained their popularity; the admissions in Kodumudi, Palladam, Udamalpet and Pollachi (General hospital) fell off as compared with those in 1894–95. The decrease in Kudumudi was due to the closing of the dispensary for a month, the hospital assistant having been placed on cholera duty, and that in Pollachi (from 15,318 to 10,112) was due to the establishment of a separate dispensary for women and children. In the other two cases the decrease was small.

The total expenditure on the maintenance of hospitals and dispensaries was Rs. 30,699 (column 14 of statement XII) against 30,185 in 1894–95. The increase was due to the payment of increments to officers who had earned them, to the entertainment of additional servants, and to larger expenditure under miscellaneous, counterbalanced by short expenditure under medicines. The average cost of treating each patient was As. 3–6 as against As. 3–11 in 1894–95.

42. *Midwives.*—Diplomaed midwives were attached to the institutions at Dhárápuram, Satyamangalam and Pollachi. Their work shows an improvement over the previous year, they having attended on 317 cases against 234 in 1894–95. The falling off in the case of the Kollegal midwife is due to the work done by the ladies connected with the Kollegal Mission, one or two of whom are qualified practitioners. Provision was made to entertain a midwife in each of the institutions at Méttupálaiyam, Gopichettipálaiyam and Tiruppúr, but they were not actually entertained as suitable women were not forthcoming.

With reference to G.O., No. 441 L., dated 9th March 1895, an uniform scale of pay for midwives was introduced—Rs. 10 a month for the first 5 years of their service, Rs. 12 from 6 to 10 years and Rs. 15 from 10 and upwards. A minimum number of cases to be attended by each midwife was fixed according to the importance of the institution with a reward of As. 8 for every case in excess.

43. *Medical training of women.*—The two female apothecaries trained under the Countess of Dufferin's Fund Committee for employment in the district remained in charge of separate institutions for the exclusive treatment of women and children—one in Pollachi and the other in Karúr. Towards the latter the district board contributed Rs. 200 in addition to half the pay and allowances of the lady apothecary in charge. These two institutions appear to be very popular.

The cost of the District Medical and Sanitary Officer's establishment, &c., paid from local funds was Rs. 1,966 against Rs. 1,755 in 1894–95. This includes the salary of the reserve hospital assistant entertained on Rs. 25 a month from December 1895 and the salary and charge allowance of the lady apothecary working at Karúr.

44. *Vaccination.*—Statement XIII shows the strength, cost and operations of the vaccine establishment. The permanent staff employed in the three circles into which the district is divided for vaccination purposes consisted as in the previous year of three Deputy Inspectors of Vaccination, 10 first-class, 2[illegible]d-class and 6 third-class vaccinators and three peons. One of the first-class vaccinators continued to be in charge of the glycerine paste depôt at Coimbatore and the work in his division was looked after by a third-class man. A watchman on Rs. 5 was attached to the above depôt throughout the year. The subjoined abstract compares the work done by this agency for the last five years:—

Year.	Number of operations.	Number of successful cases.	Percentage.	Cost per successful case.
				A. P.
1891–92	48,608	42,832	88·1	3 8
1892–93	65,948	61,005	92·5	2 11
1893–94	58,165	48,715	83·75	3 8
1894–95	69,207	54,252	78·4	3 1
1895–96	78,399	71,303	90·93	2 4

The increase in the numbers vaccinated was spread over all the taluks except Kollegal, where there was practically no change. The vaccinators were, however, not able to vaccinate successfully the prescribed minimum number (81,000 raised from 60,642 of the previous year) for the whole year. The outturn of work was very much greater than in the last five years and the percentage of success was fair. The result with glycerine paste gave satisfaction except in February and March. The failure was due almost entirely to the hot-day weather, and in a very few cases to the improper handling of paste by some of the vaccinators.

The total number of cases shown as re-vaccination was 1,667 with 1,146 successful against 2,148 with 1,259 in 1894–95.

Of the operations performed during the year 39,036 were on children under one year of age; 35,723 or 91 per cent. of these were successful. The corresponding figures for 1894–95 were 33,559, 26,598 and 79.

In the year under report the Deputy Inspectors of Vaccination verified the results of 38,662 operations against 37,581 in 1894–95.

The medical subordinates in charge of local fund hospitals and dispensaries vaccinated 693 cases, of which 588 were successful as against 1,103 successful out of 1,333 in 1894–95. Including the work done by these officers the total number of successful operations performed in the district in 1895–96 was 71,891, or 37·1 per mille of the population according to the census of 1891. The total charges under vaccination amounted to Rs. 10,527 against Rs. 10,481 in 1894–95 and the sanctioned grant of Rs. 10,617.

45. *Sanitation.*—Statement XIV shows the details of the expenditure under sanitation in the several taluks. In addition to Rs. 1,102 spent on the construction of latrines at Méttupálaiyam and the improvement of water-supply at Tek Dhimbam shown under Grant I, Rs. 19,866 were spent on sanitation against Rs. 22,379 in 1894–95 as shown below:—

	1894–95.	1895–96.
	Rs.	Rs.
(1) Improvement of water-supply	4,224	2,713
(2) Do. of village-site	1,131	783
(3) Scavenging establishment	15,208	14,951
(4) Arrangements at fairs and festivals	650	796
(5) Other sanitary outlay	1,166	623
Total ..	22,379	19,866

(2) *Epidemics.*—Cholera, which prevailed in an epidemic form during the months of January, February and March 1895, did not cease till May 1895. The villages affected were limited to the taluks of Dharapuram and Erode and the cases of diseases were not numerous and were amenable to treatment. Sporadic cases appeared up to September. The following statement gives the number of deaths from cholera in different months of the year and previous one :—

	1894–95.	1895–96.
April	53	359
May	89	110
June	191	7
July	36	1
August	..	9
September	..	1
October	7	..
November	5	..
December	48	..
January	252	..
February	278	..
March	787	..

The method of introduction was traced to pilgrims returning and passing through the district from Palni and Tirupati. Extra medical aid was sent to all the affected villages and suitable sanitary measures were promptly taken. Cholera medicines with instructions in the vernacular were freely distributed through the agency of compounders under the supervision of medical men.

(3) *Small-pox.*—There was no epidemic of small-pox. The total number of casualties from this cause was only 59 against 107 in the previous year—a satisfactory decrease which is very creditable to the working of vaccination.

(4) *Fevers.*—Diseases of this class were more prevalent in 1895–96 than in the previous year. The total number of deaths from fevers in 1895–96 amounted to 14,514, while in 1894–95 the mortality registered was 13,285. The months showing the largest mortality were December 1895, January, February and March 1896. During the above months influenza prevailed to a certain extent.

II. Vital Statistics.—

Years.	Total births.	Total deaths.	Cholera.	Small-pox.	Fevers.	All other causes.
1891–92	58,653	45,248	9,333	2,412	14,300	19,003
1892–93	49,204	32,504	742	1,983	14,098	15,681
1893–94	57,442	38,179	3,775	591	13,973	17,831
1894–95	57,497	34,411	1,726	107	13,285	19,293
1895–96	57,812	34,478	487	59	14,514	19,418

From the above statement it will be seen that the total number of births and deaths and the ratio per 1,000 of population was nearly the same as in the previous year. The registration is still defective. The inspecting officers have on several occasions brought it to the notice of higher authorities and necessary steps were taken to remedy it.

III. Sanitation.—(1) Conservancy establishment consisting of maistries, sweepers, and scavengers under the supervision of union members and Revenue officials were permanently maintained in almost all the important towns and villages. In villages where there was no permanent staff temporary establishments were entertained during epidemics, fairs and festivals. Some union villages are provided with dust-bins (masonry and corrugated iron) but the number is inadequate. The refuse is daily collected, and removed in hand-carts to waste lands immediately outside the villages where it is either sold or burnt. Generally the main streets were found clean and free from offensive smell, but lanes, open spaces and village sites were far from satisfactory. Some unions are provided with latrines (mud-wall enclosures), they are not freely resorted to, neighbouring fields and open spaces being preferred.

(2) *Water-supply.*—There was no change in the source of water-supply. People residing close to rivers generally use river water. Some villages are provided with tanks, but they are dry for several months. Wells are largely used, the quality is generally brackish, majority of them are provided with platforms and parapet walls, but the surroundings are generally unsatisfactory. The District Medical and Sanitary Officer on tour of inspection explained to the people the benefits and ill-effects of pure and impure water.

(3) *Drainage.*—There is no proper system of drainage, the existing drains are side-ditches into which house drains flow and stagnate and they are generally in a filthy condition. Cesspits exist in some houses and are seldom cleaned.

(4) The following improvements were made during the year :—

(*a*) Two wells were sunk, three tanks and twelve wells were repaired.
(*b*) Prickly-pear and rank vegetation cleared away in twelve villages.
(*c*) Four latrines constructed.

(5) *Inspection.*—During the year nine taluk head-quarter stations and three union villages were inspected and reports on all were submitted to the Presidents of taluk boards and Sanitary Commissioner.

(6) *Sanitary Defects—(a) Drainage.*—There is absolutely no system of drainage in the towns and villages. The principal streets have ordinary side-ditches into which the majority of house drains empty their contents; sewage of all sorts stagnates until flushed away by rain.

(*b*) *Water-supply.*—River water is greatly polluted by being used for bathing and washing purposes. Tanks and step-wells are likewise polluted. Draw-wells are near drains and in backyards near cesspits, &c.

(*c*) *Domestic Cleaning.*—Houses are daily swept and the sweepings and other refuse are thrown into backyards, some of which are never cleaned. Cattle are kept immediately in front and at the back of houses; ordure, &c., stored up and occasionally removed to fields; backyards are generally very unclean, being used as latrines.

(*d*) *Conservancy.*—In towns and villages where there are conservancy establishments there is great laxity in supervision and much less work exacted.

(*e*) *Measure adopted to remedy the above defects.*—The inspecting officers bring defects to the notice of the taluk boards and they in some instances adopt measures to remedy them as funds permit.

IV. Hospitals and Dispensaries.—(1) The accompanying statement No. XII affords the statistics relating to hospitals and dispensaries maintained in local fund circles. At the end of the year there were ten hospitals and nine dispensaries working. During the year no dispensary was opened or closed. The number in proportion to the population was 1 to every 101,862 inhabitants.

(2) *General Statistics.*—The total number of in and out patients treated for the past four years and the average daily attendance are as follows :—

Years.	Total treated.	Average daily.
1892–93	89,784	662·94
1893–94	104,339	825·55
1894–95	123,971	962·16
1895–96	*139,463	899·86

* As per taluk board's figures, 139,543.

This table shows a continuous and satisfactory increase in the number treated. There was a slight falling off in the average daily sick and this is attributable to the rapidity of cure effected in ordinary cases.

(3) *In-door.*—The total treated was 580 against 548 in 1894–95. The slight increase is contributed principally by Gopichettipalaiyam and Méttupálaiyam hospitals. The number of deaths was 55 against 62 and the daily average number was 20·85 against 22·74. There was no increase or decrease in the number of beds. Seventy-nine beds were provided, viz., 45 male and 34 female.

(4) *Out-door.*—The total number of patients treated was 138,963 against 123,423 in 1894–95. This large increase of 15,540 was contributed principally from the female dispensary at Pollachi. All the institutions showed increase in the number of admissions except Udamalpet, Kodumudi and Palladam. The decrease at Kodumudi is due to the closing of the dispensary for a month, the hospital assistant having been placed on cholera duty, and at Udamalpet and Palladam was due to fewer admissions under eye and ear diseases. The daily average attendance was 879·01 against 939·42. The decrease is due, as before stated, to the rapidity of cure in ordinary cases.

(5) *Surgical Operations.*—The progress made during the year in major surgical operations is fairly satisfactory as shown below :—

Years.	Major.	Minor.
1893–94	149	4,798
1894–95	195	5,031
1895–96	211	4,736

This satisfactory increase in major operations is observed at the institutions at Pollachi (female dispensary), Gopichettipalayam and Bhaváni.

(6) The prejudice of the native community is disappearing and the superiority of European treatment over the system of their own hakims is pretty well established.

(7) *Inspection.*—All the institutions were once inspected by the District Medical and Sanitary Officer during the year against twice in the previous year in accordance with the instructions conveyed in G.O., No. 57, Public, dated the 24th January 1895.

Nature and sufficiency of accommodation, state of repairs of buildings and furniture—Were found generally satisfactory and defects were brought to the notice of the local boards.

(8) *Midwifery.*—Four institutions had diplomaed midwives attached, viz., Pollachi, Dhárápuram, Kollegal and Satyamangalam. They attended upon 319 * labour cases against 234 in the previous year; each midwife attended on an average seven cases a month. The hospital at Pollachi is provided with a separate lying-in ward. There was provision to entertain three more midwives by the taluk boards, but they could not be secured. The taluk board have been advised to secure their own midwifery pupils to be educated. In accordance with instructions conveyed in G.O., No. 1381 L., dated 20th July 1894, and No. 441, dated 9th March 1895, the following uniform scale of pay, reward and fine was introduced:—

* 317 as per taluk board's figures.

	Rs.
Pay during first 5 years of service	10
,, ,, 6 to 10 years of service	12
,, ,, 10 and upward years of service	15

Minimum number according to the importance of the town was fixed with a reward of eight annas for every case in excess and a fine of annas two for each case less than the minimum.

(Signed) J. F. FITZPATRICK, Surgn.-Lieut.-Col.,
District Medical and Sanitary Officer.

ORDER—No. 1940 L., dated 20th October 1896.

The local fund receipts and charges of the Coimbatore district for 1895–96 are compared below with the budget and revised estimates for the year and the actuals of 1894–95:—

2. *Local Boards and Union Panchayats.*—The district board held 13 meetings against 12 in 1894–95 and the average attendance of the members improved and was

satisfactory. Owing to a change in the Revenue divisional charges of the district, the taluk board of Satyamangalam was amalgamated with that of Coimbatore. The taluk boards met a sufficient number of times and the attendance of their members, except the officials on the Erode Board, was, on the whole, good. The irregular attendance of the latter in spite of the remarks of Government in reviewing last year's administration report is not at all satisfactory. Four of the unions were abolished during the year, leaving 20 unions at work against 24 in the previous year, and the panchayats met again on an average 14 times each. The Panchayats of Vettaikaranpudur, Palladam, Tiruppúr and Kollegal, however, failed to meet once a month as required by section 129 of the Local Boards Act. The Presidents of the Taluk Boards concerned should see that this irregularity does not recur. The attendance of their members, except the officials on the Gopichettipalaiyam, Kempanayakanpalaiyam, Pollachi and Udamalpet panchayats, was good. The ward system of supervision, which was in force in 14 unions, is reported to have worked fairly in nine of them, but failed in three others, where the members did not evince much interest in their work. The private scavenging service, which was adopted in two of the unions is stated to have worked well. The taluk boards and union panchayats are reported to have worked on the whole satisfactorily.

3. *Receipts.*—(1) The collections under land-cess amounted to 95 per cent. of the demand against 94 per cent. in 1894–95.

(2) There were twelve toll-gates as in the previous year, the rate of tolls levied remaining the same, except at the Bhaváni bridge, where it was raised from one-fourth to half the maximum. The demand under this head rose from Rs. 40,498 to Rupees 46,422, the whole of which was realized within the year.

(3) House-tax was levied in all the 20 unions in the district, at the maximum rates in 14 and at half rates in the remaining six. The collections amounted to 84 per cent. of the demand against 80 per cent. in the previous year. They were good in seven unions, fair in two, indifferent in six and unsatisfactory in the remaining five, especially in Kempanayakanpalaiyam, where, although only 37 per cent. of the demand was realized, no resort was had to distraint. Coercive processes were issued in 1,250 cases, but property was distrained in only 69 cases and sold in only 6, the corresponding figures for the previous year being 630, 135 and 21.

(4) Including the two markets newly opened during the year, in one of which the fee system was adopted, there were 97 markets, and fees were levied in 88 of them. The income under this head rose from Rs. 35,983 to Rs. 41,326, but the expenditure on public works connected with these institutions was only Rs. 31,046 against Rs. 48,151 in 1894–95. The balance to their credit at the end of the year was Rs. 3,886, of which Rs. 1,340 have been set apart as a sinking fund for repayment of the loan for the construction of the market at Pollachi.

(5) The income from avenues continued to be small, being only Rs. 3,160 against Rs. 3,447 in 1894–95, and the expenditure on their maintenance fell from Rs. 1,689 to Rs. 1,162. The increase of the revenue under this head, however, is engaging the attention of the local boards.

4. *Expenditur.* — (1) *Public Works.*—The percentage of expenditure to the allotment under this head fell from 95 to 91. The outlay on village roads was 14·9 per cent. of the total expenditure on communications against 16·7 per cent. in the previous year. The expenditure on communications was 94 per cent. of the minimum prescribed by Government. The condition of the roads, except in the Kollegal taluk, is stated to have been generally good. The cost of the local fund engineering establishment was 18 per cent. of the outlay on works incurred by that agency against 16 per cent. in 1894–95.

(2) *Education.*—There were again ten inspecting schoolmasters, whose work with three exceptions appears to have been fair. The three sessional schools maintained by the district board were attended by 62 students, of whom 60 appeared for and 48 passed the Primary examination. The taluk boards maintained six secondary schools—

three on the salary system and three on the salary-result system, against three and two, respectively, in 1894–95. Of the salary-system schools, those at Dhárápuram and Udamalpet were attended by 246 pupils against 218 in the previous year. From these 20 and 31 pupils appeared for the Matriculation and Lower Secondary examinations, respectively, of whom 9 and 15 were successful, the corresponding figures for the previous year being 22, 25, 5 and 10. These schools were worked at a profit of Rs. 583. The middle school at Pollachi was again attended by 80 pupils and all the eight pupils, who appeared for the Lower Secondary examination were successful, against six out of nine in the previous year. From the secondary school at Bhavani maintained on the salary-result system, ten pupils appeared for the Lower Secondary examination and all passed. From the remaining two schools of this class no pupils were sent up for this examination. The taluk boards maintained 111 primary schools attended by 5,053 pupils, against 113 with 5,166 pupils in 1894–95. From these and from the primary departments of the secondary schools, 3,157 pupils appeared for the departmental examinations, and 2,504 or 79 per cent., were successful, the corresponding figures for the previous year being 3,469, 2,700 and 78. Sixteen of these schools were for Panchamas, and two of them in the Kollegal taluk are reported to have worked well, but no information is afforded as to the others. The number of schools aided from local funds with result grants fell from 466 with 10,277 pupils to 459 with 10,385 pupils. Out of 7,878 pupils who were presented from these schools for the several standard examinations, 5,642 or 72 per cent. were successful, the corresponding figures for the previous year being 8,867, 7,100 and 80. Ninety-six per cent. of the allotment for all grants was spent against 92 per cent. The total number of boys under instruction in the schools maintained and aided from local funds was 10·7 per cent. of the male population of school-going age against 10·5 in 1894–95, the average for the Presidency in that year being 13·2.

(3) *Medical Relief.*—The taluk boards continued to maintain ten hospitals and nine dispensaries, and the number of patients treated in them increased from 123,971 to 139,543. The four midwives employed attended in all 317 cases of labour, or on an average seven cases each a month, the corresponding figures for the previous year being 5, 234 and 4. This improvement is satisfactory and it is hoped that the boards will be able to secure the services of additional midwives during the current year. In this connection attention will be drawn to the District Medical and Sanitary Officer's suggestion in paragraph IV (8) of his report. The two dispensaries for women and children at Pollachi and Karur in charge of the female apothecaries trained at the cost of the district board, are reported to have been very popular.

(4) *Vaccination.*—It is satisfactory to note that the work of this department showed a marked improvement, the reported number of successful operations and of those on children under one year being, respectively, 37·1 and 18·5 per mille of the population against 28·6 and 13·9 per mille in 1894–95. The cost of each successful case fell from As. 3–1 to As. 2–4.

(5) *Sanitation.*—For the reasons stated in paragraph 45 of the President's report, only 85 per cent. of the allotment was spent against 96 per cent. in the previous year. Eight new wells were sunk, 55 existing sources of water-supply were repaired or otherwise improved and five watchmen were employed, against 14, 44 and 4, respectively, in 1894–95. The number of village sites improved fell from 35 to 19. Conservancy establishments were maintained in 20 unions and 25 other villages against 24 and 20, respectively, in the previous year. The District Medical and Sanitary Officer visited nine taluk head-quarter stations and three union villages.

5. *General Remarks.*—The year closed with a balance of Rs. 68,062. Of this sum, however, Rs. 1,503 appertained to unions, Rs. 4,348 to endowed institutions and Rs. 47,660 to debt heads, leaving Rs. 14,551, or 5 per cent. of the receipts, available for general purposes.

The administration of the local boards and panchayats continued to be satisfactory.

The statement in paragraph I (2) of the medical report was unnecessary and should not be repeated in future.

by them attended in all
cases of labour, or an ave
7 cases each a month, t
corresponding figures fo
previous year being 5, 234

4. The two dispensaries f
women and children a
Pallachi and Kanur in co
of the female apothecar
trained at the cost of
District Board are repo
to have been very popular.

(4) Vaccination. It
satisfactory to note that
work of this departme
showed a marked improve

on children under one year being respectively 37.1 and 18.5 per mille of the population against 28.6 and 13.9 per mille in 1894-95. The cost of each successful case fell from As 3-1 to As 2-4

(5) Sanitation. For the reasons stated in para 45 of the President's report, only 85 per cent of the allotment was utilized against 96 per cent in the previous year. Eight new wells were sunk, 55 existing sources of water supply were repaired or otherwise improved and 5 watchmen were employed against 14, 44 and 4 respectively in 1894-95. The number of village sites improved fell from 35 to 19. Conservancy establishments were maintained in 20 Unions and 25 other villages against 24 and 20 respectively in the previous

(column 10.)

Explanation of variations in Statement VIII of pg. 96

(a) Actual balance As settled in Jamabandi.

	Rs
(b) As per statement I-A	211,350
Deduct future kist	41
	211,309
Add amount collected in 94-95	7
	211,316

It is explained that Rs 84-13-5 shown as future kist in statement VII were kept in amanat as excess collection and refunded to parties; Rs 7 only was adjusted for the current year.

	Rs
(c). As per statement I-A	47,388
Deduct composition fee	69
	47,319
Deduct future kist	1296
	45,888
Add amount collected in 1894-95	534
as per statement	46,422

Out of Rs 579 shown as Composition fee in statement VIII of 94-95, Rs 5
to advance collections for the toll farms of Bhavani bridge at Bhavan
chengapalli.

(d) The increase of Rs 50 over the last year is explained that this amou
was ordered to be remitted after the close of the year 94-95 and before the
of administration report for that year was omitted from last ye
statement.

(e) Include Rs 9 shown as advance collection in statement for 94
(f) ——— Rs 159 ——— do ———

	Rs
(g) As per statement VI (Rents)	41,320
Deduct excess collection Rs 180	
— Do — advance collection Rs 325	505
	40,821
Add collection in 1894-95	1321
as per this statement	42,142
