The Chief Secretary to Government
Local and Municipal Department
Madras

Sir,

Two great festivals are celebrated in this town one in the month of Jai (January or February) and the other in Panguni (March or April). During these festivals shops are held temporarily in the vacant spaces lying between the road and the houses and vacant sites. Cattle fairs also collect during these occasions. Owing to the collection of these shops and people, the Council have to make special sanitary arrangements for the Council, Sewerage, water supply &c of the town.

2. The Council has resolved in Resolution No 136 dated 31st March 1897 to levy a fee of eight annas on every weekly bazaar (a bazaar in which things are sold under a temporary roof)
- (a) four annas on every Cart in which Coconuts, plantains, leaves &c are exposed for sale these Carts being allowed to remain in Road, Poramboles and Tank Margins - and one anna on every Sunday bazaar which is generally held on road margin; on small pieces of cloth with no roof over and taken away every evening

The Council also resolved to levy a fee of two Annas on every pony or Cart, one Anna on every bullock, Cow or Buffalo that is brought into the Cattle fair - a place being fixed by the Council for the same. The rate for Cart has subsequently been reduced to six pice in Resolution No 39 dated 8th March 1889.

3. Under the provisions of sections 167, 169, and 179, the Council's license is necessary for putting up thatch bazaars and for occupying road margins, and for this license the fee is charged under Section 267.

4. Even though the rates of fees have been fixed at a meeting by the Council during the first year of the working of the act, I now see that the approval of Government has not been obtained for the rates. I think that this must be due to an oversight, as the levy of these fees had been in force even before the Constitution of the Municipality by the Sanitary Association. The levy of these fees are also sanctioned in the several budget orders as income from temporary markets during festival occasions.

5. The income under this head forms an important part of the receipts of the Municipality under markets. I may say that this on an average forms about 10 per cent of the whole receipts.

I request that the approval of Government may now be accorded.

Copies of the two resolutions above referred to are enclosed.

I have the honor to be
 Sir,
 Your most obedient servant
