CURRENT No. 3035-11

From

The Chairman,
Municipal Council,
Palghat.

To Orders.

No. 3838

Apparently the municipal council is unable to put a stop to the commission of nuisance on the ghats and in the river bed. But as long as nuisance is being committed, it would certainly be advisable to make arrangements for removing faecal deposits from these places. The municipal council's proposal may therefore be sanctioned.

SUBJECT.

Is the river conserved or set apart for drinking or is the toty merely to check ordinary nuisances?

Submitting proposition statement with remarks for orders of Government copy of municipal council's resolution on the subject of appointing a toty to attend

This does not appear to be the case. The toty is required to clean the river bed and the bathing ghats which are now being fouled by the people.

3. Read letter dated 19th October 1896 from m. R. Ry.

P. K. Subrahmanya Aiyar Avargal, Municipal Councillor, requesting that a river Holic to attend Kalpatti daily may be appointed.

"Sanctioned. The Government Sanction will be applied for."

2. The Council propose to entertain the Services of a full time Scavenger to attend to the cleanliness of the Kalpatti River beds and river steps which are constructed in the various Gramams. Since 1891-92, a Conservancy person has been looking after the River beds from Thonipalayam to the Railway Bridge with a view that people who commit nuisance may be prosecuted. I beg also to bring to the notice of Government that the Councillor who brought forward the above proposal, and who had till recently been supervising the Sanitation of Kalpatti Section had an opportunity of meeting Dr. Bannerman, Dy. Sanitary Commissioner and Inspector of Vaccination during his inspection of Kalpatti on the

28th September 1896, and Soliciting his opinion as to the employment of a "River Doty" for Kalpatti. As far as I remember, Dr. Bannerman was of opinion that facilities should not be afforded for the commission of nuisance on the river beds, that people who commit nuisance should be prosecuted, and that a latrine should be constructed, if necessary. I beg further to observe that when the river is in flood (which will be the case for at least 3 months in a year) the river beds cannot be attended upon by the Scavenger.

But the ghats will have to be attended

3. If the proposal of the Council is to be sanctioned, the expenditure can be met out of the Conservancy Charges for 1896-97.

4. The necessary application for transfer of funds together with the Proposition Statement is herewith Submitted.

I have the honour to be,

Sir,

Your most obedient servant
