Attending to your endorsement dated 28th ultimo on extract from the Local and District Administration report, calling for a special report on the work of the midwife attached to the Vagibai Hospital during the past official year, I have the honor to re-
-port as follows.

2. Although the midwife attended on 28 cases against 9 in the previous year, the work turned out, is, as remarked in the District Administration report, very inadequate. The cause of this short outturn of work was reported by the Civil Apothecary to be due to the existence of Country midwives, who succeed in drawing many of the Cases to them-
-selves by offering their services not only during the time of delivery, but also

throughout the period and in fact a week or so earlier to make sure of the engagement. Further the inhabitants of the place are mostly poor and not being able to engage servants to attend to domestic work, prefer the latter class of country midwives to the Hospital midwife, in ordinary cases of labor. These circumstances, it is stated, have been the cause of her not being able to show as many cases as she would otherwise have been.

3. The Salub. Board in considering the above facts, the Proceedings of the District Board Ref on Cus. 3795 dated 7th January 96. and also remarks of Government contained in para 4th of G.O. no 1952 L dated 19th October 95, received with the Dist. Board Resolutions and observations thereon, observed that there is no real necessity for a midwife at the place owing to her services being so sparingly

used, and resolved at its meeting held in January last, to discontinue her services which resolution was given effect to in due course.
