PROCEEDINGS OF THE SANITARY BOARD, No. 2562, DATED 19-NOV-1896

G.O. No 1794 hls. dated 23rd October 1896.
Office note from the Sanitary Engineer No. 7, dated 27th October 1896.
Letter from the Sanitary Engineer No. 3229, dated 10th November 1896.
Reminder from the Local and Municipal Department, No. 1307, dated 13th November 1896.

Resolution

The Sanitary Board observes that excepting a few printed circulars and copies of type designs there are no records in its office of a date older than the present constitution. It is thus manifestly impossible that it can deal with financial matters requiring reference to previous papers. There seems no reason, however, why the Sanitary Engineer, who would, under the former constitution, have had to supply the information required by Government, should not now be in a position to do so. The formation of the present Board has made no difference in regard to the execution of work, and the Public Works Department has not as yet taken up the execution of any sanitary schemes.

The

The Board, therefore, requests ^{that} the Sanitary Engineer will, with the least possible delay, supply the information called for by Government.
