SUBJECT.

Administration Report of the Tanjore District Board for 1902-1903.

Dead 15/9/3

P.S.

ORDER. No. 1155 L, dated 15.9. 1903.

Recorded with the following remarks:--

(1) The attendance of the members of the Mannargudi Taluq Board and the Union Panchayats of Nannilam, Nidamangalam, Tirutturaipundi, Muthupet, Vedaranyam, Pattukottai and Adirampatam was poor, being less than one half of their strength.

(3) The collections of all taxes were excellent. The President is requested to explain why more than half the number of houses in the Melattur union escaped taxation.

(3) There was an increase in the collections under choultry and market rents, but the circumstances under which the current demand under this head fell by Rs.25,314 have not been explained. This omission should now be supplied and a special report showing the progress made in the collection of the large outstanding balances of Rs.63,780 should be submitted to Government by the 1st January next.

(4) The arrears under fishery rents amounted to as much as Rs.8967 and ~~dated so~~ a large part of this dates as far back as 1898-99, ~~and~~ it is stated that the whole of this amount is covered by civil suits. It is satisfactory to note that owing to the sales being now held by the Revenue officers the sale proceeds of avenue clippings &c. amounted to Rs.10,674 against Rs.7,907 in the previous year.

(5) The expenditure on public works, though much in advance of that in the previous year, was only 78 per cent. of the allotment, while that on communications was still below the prescribed minimum by 17 per cent, but the short outlay is explained in paragraph 10 of the President's report. The President states that he is far from being satisfied with the condition of the roads, ~~The President He is requested to devote his special attention to this matter and see that better results are secured in the current year.~~ achieved

It is observed that though the balance has been reduced from Rs 190658 at the beginning of the year to Rs. 63780 at its close, there was a large sum equal to nearly 16 per cent, of the current demand, left uncollected within the year. ~~The President's special~~ The Govt will be glad to know what are the causes which retarded the collection of the current demand under this head.

but the filing of civil suit is only a very early step towards recovery of the arrears, the matter evidently requires close attention

Vide last Col of Statement I A

The Govt understands that he is giving his attention to the steps necessary to produce improvement.

(6) It is satisfactory to note that the net earnings of the District Board from the working of its railway amounted to Rs.1,70,875 or 5.4 per cent. on the total capital outlay up to the end of December 1902 against 5.3 per cent. in the previous year and that the portion of the extension from Muthupet to Pattukottai was opened for public traffic on the 20th October 1902, while the extension to Arantanghi is expected to be opened by the end of the current month.

Education showed little progress during the year but did not actually decline.

(7) The results of the Tiruvalur High school in the Matriculation and the Lower Secondary examinations were good, and those of the Sanskrit High school at Tiruvadi were fair, 47 out of 61 students presented having passed the special examination held. The results of the Lower Secondary schools in the Lower Secondary examination were satisfactory, except in the case of the Enangudi and Kivalur schools in which the percentage of success was below 50. ~~Steps should be taken to improve the efficiency of these schools in consultation with the Educational officers.~~ The number of Board Primary schools rose by two while that of the aided primary schools fell by 27, again a decline which is attributed to the strict enforcement of the rules in the admission of new schools for aid. The education of the Panchamas continued to receive attention. Only ten students were trained in the sessional school at Mannargudi. As 33

No. 901 dated 15th September 1909.~~

There was a small increase in the total number of boys under instruction in the schools maintained and aided from Local funds, while that of the girls decreased owing to the provincialization of three of the girls' schools.

(8) ~~There was an increase in~~ The increase in attendance at all the medical institutions except four, but the outturn of work by the midwives in the district was on the whole poor and was especially bad at Oratanad and Aiyampet. The explanation of this furnished in para. 6 of the District Medical and Sanitary Officer's report cannot be accepted as adequate. The midwives in these places should be warned that, if they do not produce better results in future, their services will be dispensed with. ~~Out of the nine students sent up from~~ The general position of the Prince of Wales' Medical school at Tanjore seems to be far from satisfactory. Out of nine students sent up for the final examination at Madras, only five passed in the second class, ~~there~~ there were only thirteen students undergoing training in this school on the 31st March 1903, against 19 & 29 respectively on the corresponding dates of the previous two years. ~~the President is requested to state the action which the District Board proposes to take for exte~~ It will be necessary for the D.B. to consider carefully what steps are necessary for the more efficient working of this School, if the strength declines any further.

(9) There was again a decline in the total number of vaccinations performed and of the successful cases, but a larger number of children under one year were protected from small pox. The proposals submitted for the strengthening and thorough reorganization of the vaccination staff ~~which~~ are now under the consideration of Government.

(10) It is a matter for regret that the outlay on sanitation was only 85.4 per cent. of the allotment against 90 per cent. in the previous year, and the explanation of the short outlay given in para. 18 of the President's report ~~cannot be considered satisfactory.~~ If estimates for sinking wells, repairing tanks etc. ~~are~~ were prepared in due time ~~and executed promptly~~ executed without being left to the last weeks of the year, lapses ~~will not~~ would seldom occur. The Governor in Council attaches great importance to the protection of drinking water-wells against surface pollution and trusts ~~desires to see~~ that this matter ~~is~~ will be taken up and dealt with in earnest by the local bodies. All Taluq Boards should cause a systematic examination to be made of ~~the wells~~ the sources of drinking water in the area under their control and a list of ~~such wells~~ villages in which ~~improvement is required~~ should be drawn up and ~~improvement carried out.~~ Separate wells for the use of the lower castes should be provided where they are found to be necessary ~~in many places.~~ It is of primary importance in the interest of the health of ~~the~~ villages that all drinking water-wells

should be protected at least against the entry of flood water and surface washings and as far as possible step-wells should be converted into draw-wells. It is observed that the Taluq Boards employed 38 watchmen to guard sources of drinking water supply from pollution. The Boards should consider whether the number of these servants can not be reduced by substituting mechanical means of protection, such as efficient fencing for watchmen. The private scavenging system was in force in only six of the nineteen unions in the district, but the results of its working have not been reported. With reference to the statement that the Pattukottai Taluq Board does not consider the system necessary for the two unions under its control on account of the extensive open lands available, the President is requested to make definite inquiries as to whether there are no private latrines in the houses within these unions and satisfy himself that there is no scope there for the private scavenging system. The circumstances under which the Negapatam Taluq Board is unwilling to introduce the Service into the smaller unions should be explained.

(11) From statement II-B appended to to the report, it appears that contributions from Taluq funds were made to the Vallam, Tiruvadi, Aiyampet, Melattur, Valangiman, Tiruvalur, Muthupet, Vedaraniam and Adirampatnam Unions Panchayats although

These contributions should in future be discontinued in cases like those mentioned first and in others limited to the amounts of actual deficits.

(12) The year closed with a large balance of Rs.311,605 or 57.8 per cent. of the receipts under general funds. A considerable portion of this sum should have been spent for the benefit of the rate payers especially in improving the roads, vaccination and water supply for which there is ample scope. Proposals should be submitted at an early date for utilizing at least a portion of the surplus on works of an urgent and necessary character in the current year.

(13) Except as regards public works, vaccination and sanitation which demand increased attention, the administration of local affairs continued to be satisfactory.

(14) The proposals for the reorganization of the Local Fund engineering establishment referred to in para.23 of the report are awaited.

THE CHIEF SECRETARY TO THE GOVERNMENT OF FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to forward the statements showing the working of the Local Boards and Union Panchayats in this Presidency for the year 1895–96, with a brief report explaining the main features of their administration.

I have the honour to be,
Sir,
Your most obedient servant,

A. T. ARUNDEL,
Ag. Chief Secretary.

FORT ST. GEORGE,
28*th October* 1896.

APPENDIX.

REPORT to accompany the statements showing the working of the Local Boards and Union Panchayats in the Madras Presidency during the year 1895–96.

I.—CONSTITUTION OF THE LOCAL BOARDS AND UNION PANCHAYATS.

1. *District Boards.*—As in previous years, there were 21 district boards, which on the last day of the year consisted of 647 members against 658 in 1894–95, the sanctioned maximum strength having continued to be 700. Of the total number, 79 were *ex-officio* members, 269 (83 officials and 186 non-officials) were nominated by Government, and the remaining 299 (79 officials and 220 non-officials) were elected by the taluk boards, while in the previous year 78 were *ex-officio* members, 277 (88 officials and 189 non-officials) were nominated members, and 303 (76 officials and 227 non-officials) elected members. Classified according to nationality, there were 123 Europeans or Eurasians and 524 natives against 128 and 530, respectively, in 1894–95. Under the election rules in force, one half of the sanctioned number of members for each district board were elected by the taluk boards in all districts, except Nilgiris, where there were no taluk boards. The district boards held in all 249 meetings against 236 in the previous year, but the average attendance of members at each meeting was 16 (5 officials and 11 non-officials) against 17 (5 officials and 12 non-officials) out of an average strength of 31 for each board. These boards continued to work, on the whole, satisfactorily.

2. *Taluk Boards.*—There were 82 taluk boards against 85 in the previous year, the decrease being due to the amalgamation of the taluk boards of Satyamangalam and Coimbatore in the Coimbatore district and of the Dindigul, Palni and Periyakulam taluk boards in Madura. On the last day of the year, there were 1,115 members on these boards against 1,118 in 1894–95, the sanctioned maximum strength having fallen from 1,186 to 1,160. Of these, 296 were officials and 819 non-officials, the corresponding figures for the previous year being 306 and 812. Classed according to race, 81 members were Europeans or Eurasians and 1,034 natives against 78 and 1,040, respectively, in 1894–95. All of them were appointed by Government, but the power of re-appointing those who were originally appointed by Government continued to be exercised by the Presidents of district boards. The taluk boards met altogether 1,088 times against 1,139 in 1894–95, and each meeting was attended, on an average, by 8 members (2 officials and 6 non-officials) against 7 (2 officials and 5 non officials) in that year out of an average strength of 14 for each board. The working of these boards continued to be, on the whole, satisfactory.

3. *Union Panchayats.*—Excluding the districts of Malabar, Nilgiris and South Canara in which no unions have yet been formed, there were 361 union panchayats working under the taluk boards against 352 in the previous year. These panchayats had, at the close of the year, 3,324 members against 3,293 in 1894–95, the sanctioned maximum strength having risen from 3,363 to 3,476. The power of appointing and removing these members continued to be exercised by the Presidents of district boards. Of the total number, 792 were village officers who were *ex-officio* members, 312 other officials and 2,220 non-officials, against 755, 307 and 2,231, respectively, in the previous year. Fifty members of panchayats were Europeans or Eurasians and the remaining 3,274 natives, the corresponding numbers for 1894–95 being 49 and 3,244. In 8 panchayats, the number of officials exceeded that of the non-officials, but steps have been taken, or ordered to be taken, to remove the preponderance of the official element. The panchayats held in all 4,868 meetings against 4,798 in 1894–95 or, on an average, 13 times each. Excluding the panchayats newly constituted during the year, 62 panchayats failed to meet once a month as required by section 129 of the Local Boards Act, and the Presidents of the taluk boards concerned have been directed to take the necessary steps for preventing the recurrence

of this irregularity. Each meeting was attended, on an average, by 5 members (2 officials and 3 non-officials) as in 1894–95. The duties of the panchayats remained the same as in the previous year and were performed, on the whole, satisfactorily.

II.—RECEIPTS.

4. *Land-cess.*—This tax was levied at 2 annas per rupee of the assessment in Malabar and Nilgiris (South-East Wynaad excepted), at 1 anna and 6 pies in South Canara, and at 1 anna in South-East Wynaad and in the remaining districts. The collections under this head, which forms the chief source of local revenue, amounted to Rs. 49,71,193, or 95 per cent. of the demand, against Rs. 49,59,997, or 95 per cent., in the previous year.

5. *House-tax.*—This was levied in 359 unions against 340 in the previous year. It was collected at the maximum rates in 202 unions, at three fourths rates in 34, at two-thirds rates in 7, at half-rates in 113, and at one-third rates in the remaining 3. The total realisations under this head amounted to Rs. 3,63,145, or 92 per cent. of the demand, against Rs. 3,26,890, or 92 per cent., in the previous year, the increase being due to the imposition of the tax in 19 additional unions and to the raising of the rate of the tax in some of the unions. The average incidence of this tax was As. 9–10 per house taxed or 7 pies more than in 1894–95. The tax was generally collected without much difficulty.

6. *Educational Receipts.*—The income under this head amounted to Rs. 2,27,111 against Rs. 2,30,267 in the previous year, the decrease, which appears chiefly under contributions from private individuals and sale-proceeds of books, being partly counterbalanced by an increase under school-fees.

7. *Miscellaneous Receipts.*—These consisted chiefly of choultry, market and avenue rents and amounted to Rs. 6,05,112, or Rs. 15,382 less than in 1894–95. The rent of lands attached to choultries and other receipts connected with them fell from Rs. 2,67,033 to Rs. 2,48,679, the decrease appearing chiefly in Tanjore, in consequence of the absence of large arrears as in the previous year. The receipts from markets, however, rose from Rs. 1,40,952 to Rs. 1,56,393, the increase, which occurred chiefly in Coimbatore and Madura, being due to the extension of the fee system to additional markets and to competition at the sale of the leases. The total number of markets maintained by the local boards was 552 and in 491 of these fees were levied, the corresponding figures for the previous year being 534 and 480. There was a large balance of Rs. 2,17,801 in their favour at the close of the year, but the boards have promised to utilise the greater portion of it for the benefit of the institutions concerned. The receipts from avenues fell from Rs. 1,16,861 to Rs. 93,422, while the expenditure incurred on their extension and maintenance rose from Rs. 86,875 to Rs 1,02,75/. The avenues are reported to have been, on the whole, in good condition.

8. *Ferry-rents.*—These amounted to Rs. 1,94,288 or Rs. 15,487 more than in 1894–95, the increase which occurred chiefly in Gódávari, being due mainly to competition at the sales of some of the farms and to the establishment of the ferry at Narsapur.

9. *Tolls.*—These were levied in all the districts except Gódávari at 277 places against 276 in the previous year, and the collections under this head amounted to Rs. 7,64,485, or Rs. 29,374 more than in that year. Of this sum, Rs. 6,42,038 were realised from local fund toll-gates and Rs. 1,22,447 were received from municipalities as contributions on account of tolls levied by them on through traffic, against Rs. 6,15,661 and Rs. 1,19,450, respectively, in 1894–95. The increase in the former case, which occurred chiefly in Chingleput, Coimbatore, Kistna and Tinnevelly, was due to the transfer of some of the toll-gates to more remunerative local lines and to competition at the sales of the farms; the small increase in the latter case calls for no remarks. Excluding the cost of collection and the contributions paid to Provincial and Municipal funds, the net receipts from tolls amounted to Rs. 7,10,635, or 31 per cent. of the total outlay on the maintenance of roads.

10. *Contributions.*—Grants amounting to Rs. 3,25,461 were received from Provincial funds against Rs. 3,17,220 in the previous year for the following purposes:—

	1894–95.	1895–96.
	Rs.	Rs.
(1) Public works	1,49,171	1,62,560
(2) Schools	95,817	1,03,391
(3) Hospitals and dispensaries	6,126	5,326
(4) Choultries	32,106	36,007
(5) General purposes	18,000	18,177
(6) Famine-relief works	16,000	..
Total ..	3,17,220	3,25,461

A contribution of Rs. 371 was received from special funds, being chiefly the proportion of the travelling allowances of the local audit clerks recovered from those funds.

11. *Contributions from other Boards.*—The receipts under this head were made up of the following items:—

	Rs.
Allotments from District to Taluk funds	6,60,758
" " " to Union "	1,000
" " Taluk to District "	38,542
" " " to Union "	1,62,001
" " Union to Taluk "	4,360
Total ..	8,66,661

12. *Debt.*—The following are the items included under this head:—

	Rs.
Loan obtained from Provincial funds for the construction of railway feeder roads in Ganjám	5,000
Repayment of loan previously obtained from the taluk endowment fund in Tinnevelly	5,000
Amount realised by the sale of the Government promissory notes belonging to the Srivaikuntam hospital in Tinnevelly	1,514
Debt head receipts	3,81,361
Total ..	3,92,875

13. *Taxation.*—The average incidence of local fund taxation per head of the population was As. 3 including and As. 2–8 excluding tolls, against As. 3 and As. 2–7, respectively, in the previous year. The incidence of the total local fund receipts, excluding the special contributions and the nominal transactions referred to in the preceding three paragraphs, was As. 3–9 per head as in 1894–95.

III.—Expenditure.

14. *General Establishments of Local Funds.*—The expenditure under this head amounted to Rs. 3,57,612 against Rs. 3,36,335 in the previous year as shown below:—

	1894–95.	1895–96.
	Rs.	Rs.
Controlling establishments at the Presidency, including pensionary charges	42,431	51,640
District audit establishments	29,732	30,591
Collectors' account establishments	20,790	21,935
Local boards' office establishments, including contingencies	2,43,382	2,53,446
Total ..	3,36,335	3,57,612

The increase under the first head was mainly due to the appointment of a senior and therefore a more highly paid officer as Inspector of Local Fund Accounts and to larger outlay under travelling allowances, while that under the last head was due chiefly to the additional establishments sanctioned for some of the local boards and to the establishments entertained in the newly-constituted unions.

15. *Education.*—The expenditure under this head was Rs. 11,67,168, or Rupees 24,788 more than in 1894–95, the increase being mainly under inspection, training schools and board secondary schools.

(*a*) *Inspection.*—For the supervision of their educational operations, the district boards employed 195 inspecting schoolmasters, or 5 more than in the previous year.

(*b*) *Training and Special Schools.*—The district boards continued to maintain 5 training schools, which worked with fair success. Besides these, there were 83 sessional schools at which village schoolmasters were educated for about three months in the year and prepared for the primary examination. The progress of these schools was, on the whole, fair. The working of the industrial department attached to the technical institute maintained by the Madura district board was very satisfactory, and the industrial class newly opened in connection with the training school maintained by the Tinnevelly district board made fair progress.

(*c*) *Board and Aided Schools.*—Of the 3,149 schools maintained by the local boards, 10 were high schools, 119 middle schools and 3,020 primary schools, the corresponding figures for the previous year being 10, 113 and 3,095. The number of aided schools also rose from 8,259 to 8,497, and the total number of boys under instruction in the schools maintained and aided from local funds rose from 318,649, or 13·1 per cent. of the male population of school-going age, to 320,805 or 13·3 per cent.

16. (*a*) *Hospitals and Dispensaries.*—The local boards maintained 131 hospitals and 238 dispensaries against 132 and 239, respectively, in the previous year, and the net cost of their upkeep was Rs. 5,55,419 against Rs. 5,47,596. The number of patients treated in these institutions was 2,486,530 against 2,427,971 in 1894–95 and 2,216,159 in 1893–94. Excluding 12 nurses in Cuddapah, who attended 783 labour cases, there were 195 trained midwives employed by the local boards at a cost of Rs. 26,127, and they attended altogether 14,111 labour cases, the corresponding figures for the previous year being 187, Rs. 24,522 and 13,625.

(*b*) *Vaccination.*—The vaccine staff employed by the district boards consisted of 49 deputy inspectors and 686 vaccinators including probationers, who performed 1,017,820 operations against 1,009,989 in 1894–95. In addition to this, the medical subordinates attached to local fund hospitals and dispensaries vaccinated 20,584 persons ~~cases~~ against 24,785 in the previous year. The total number of ~~vaccinations~~ was thus 1,038,404, of which 938,315, or 90 per cent., were successful, the corresponding figures for 1894–95 being 1,034,774, 937,910 and 91 per cent. The cost of each successful ~~vaccination~~ by the local fund vaccine staff was As. 3–6, or 1 pie more than in the previous year. Vaccination was conducted exclusively with animal lymph in all districts except Gódávari and Nellore, where human lymph was used in 16 and 3 per cent., respectively, of the total number of ~~vaccinations~~.

(*c*) *Sanitation.*—The expenditure under this head amounted to Rs. 4,98,029 against Rs. 4,75,148 in 1894–95 as detailed below, the proportion of outlay to allotment continuing to be 89 per cent.:—

	1894–95.	1895–96.
	Rs.	Rs.
Improvement of water-supply	90,631	93,703
" of village-sites	44,681	39,665
Conservancy establishments	3,02,890	3,21,429
Arrangements at fairs and festivals	13,898	18,885
Other sanitary outlay	23,048	24,347
Total ..	4,75,148	4,98,029

Further details of the expenditure under the several heads are given in Statement IV. The sanitation of the rural tracts continued to receive fair attention.

(*d*) *Medical Colleges and Schools.*—As in the previous year, the district boards of Nellore and Tanjore maintained each a medical school of its own. In the school at Nellore, 29 students were under training, of whom 23 were in the third year's course. Of the latter, 22 appeared for the Hospital Assistant's examination and all of them were successful. Six out of the 15 students under training in the Prince of Wales' Medical school at Tanjore appeared for the Hospital Assistant's examination and all of them passed. The results of both schools were thus very creditable to the teaching staff.

17. *Choultries.*—The local boards maintained 546 choultries at a cost of Rupees 1,99,953 against 522 at a cost of Rs. 2,05,073 in the previous year. I. Constitution of the Local Boards and Union Panchayats.

1. District Boards. As in previous years there were 21 District Boards, which on the last day of the year consisted of 647 members against 658 in ~~the previous year~~ 1894-95, the sanctioned maximum strength having continued to be 700. Of the total number, 79 were ex-officio members, 269 (83 officials and 186 non-officials) were nominated by Government and the remaining 299 (79 officials and 220 non-officials) were elected by the Taluk Boards, while in the previous year 78 were ex-officio members, 277 (88 officials and 189 non-officials) were nominated members and 303 (76 officials and 227 non-officials) elected members. Classified according to nationality, there were 123 Europeans or Eurasians and 5

against 128 and 530, respectively, in 1894-95.

Under the election rules in force, one half of the sanctioned number of members for each District Board were elected by the Taluk Boards in all districts except Nilgiris, where there were no Taluk Boards ~~have been constituted~~. The District Boards held in all 249 meetings against 236 in the previous year, but the average attendance of members at each meeting was 16 (5 officials and 11 non-officials) against 17 (5 officials and 12 non-officials), out of an average strength of 31 for each Board. These Boards continued to work, on the whole, satisfactorily.

Taluk Boards: There were 82 Taluk Boards against 85 in the previous year, the decrease being due to the amalgamation of the Taluk Boards of Satyamangalam and Coimbatore in the Coimbatore district and of the ~~Taluk Boards of~~ Dindigul, Palni and Periyakulam Taluk Boards in Madura. ~~There were, as usual, no Taluk Boards in the district of Nilgiris.~~

On the last day of the year, there were ~~on these~~ on these Boards 1115 members against 1118 in 1894-95, the Europeans or Miscellaneous and 1034 natives consisted against 78 and 1040 respectively, in 1894-95. All of them were appointed by Government, less than but the power of reappointing those who were originally appointed by Government continued with vested to be exercised by the Presidents of Dist. Bds. 267 p 83 Boards. The Taluk Boards met altogether 1788 times against 1139 in 1894-95, and each meeting was attended, on an average, by eight members (two officials and six non-officials) against seven (two officials and five non-officials) in that year, out of an average strength of 14 for each Board. The working of these Boards continued to be on the whole, satisfactory.

3. Union Panchayats: Excluding the districts of Malabar, Nilgiris and South Canara in which no unions have yet balance of Rs 21,801 in their favour at the close of the year, but the Boards have promised to utilise the greater portion of

...ee sa...ued & ...ginal ...ength have ...
...isen from 3,363 to 3,476. The power of
...ppointing and removing these members con-
...tinued to be exercised by the Presidents of
District Boards. Of the total number, 792
were village officers, who were ex officio
members, 312 other officials and 2,220
non-officials, against 755, 307 and 2231
respectively, in the previous year. ~~Forty eight~~ Fifty
members of panchayats were Europeans or Eurasians
and the remaining 3274 natives, the correspond-
ing numbers for 1894-95 being 49 and 3244.
In 9 panchayats, the number of officials was
exceeded that of the non-officials, but steps
have been taken or ordered to be taken to
remove the preponderance of the official ele-
ment. The panchayats held in all 4,868 meetings
against 4,798 in 1894-95 or, on an average, 13
times

of this irregularity. Each meeting was attend-
ed, on an average, by five members (two offici...
and three non-officials) as in 1894-95.
The duties of the panchayats remained
the same as in the previous year and were
performed on the whole, satisfactorily.

II Receipts.

4. Land cess: This tax was levied at two
annas per rupee of the assessment in Malab...
and Nilgiris (South East Wynaad excepted)
at one anna and six pies in South Cana...
and at one anna in South East Wynaad and in the remaining district.
The collections under this head, which forms th...
chief source of local revenue, amounted to were Rs 4,971,19
or 95 per cent of the demand against Rs 4,959,9...
or 95 per cent in the previous year.

...in cash. A Sum...

7. Miscellaneous receipts: These consisted
chiefly of choultry, market and avenue rents
and amounted to Rs 6,05,112 or Rs 15,382 less than
in 1894-95. The rent of lands attached to
choultries and other receipts connected with
them fell from Rs 267033 to Rs 248679,
~~aggregated Rs 2,48,679 against Rs 2,67,083~~
~~in the previous year~~ the decrease appearing
chiefly in Tanjore, in consequence of the
absence of large arrears as in the previous year
~~1894-95~~. The receipts from markets, however, rose
from Rs 1,40,952 to Rs 1,56,393, the increase
which occurred chiefly in Coimbatore and Madura
being due to the extension of the fee system
to additional markets and to ~~the~~ competition
at the sale of the leases. The total number of
markets maintained by the Local Boards
was 552 and in 491 of these fees were levied,
the corresponding figures for the previous year
being 534 and 480. There was a large ~
balance of Rs 21,801 in their favour at the
close of the year, but the Boards have ~
promised to utilize the greater portion of
... for the benefit of the ...

The receipts from avenues fell from Rs 116,861 to Rs 93,422, while the expenditure incurred on their extension and maintenance rose from Rs 86,875 to Rs 95,848 (102751). The avenues are reported to have been, on the whole, in good condition.

8. Ferry rents.— These amounted to Rs 1,94,288 or Rs 15,487 more than in 1894-95, the increase which occurred chiefly in Godavari, being due mainly to keen competition at the sales of some of the farms and to the establishment of the ferry at Narsapur.

9. Tolls.— These were levied in all the districts except Godavari, at 277 places against 276 in the previous year, and the collections under this head amounted to Rs 7,64,485 or Rs 29,374 more than in that year. Of this sum, Rs 6,42,038 were realised from Local Fund toll-gates and Rs 1,22,447 were received from Municipalities as contributions on account of tolls levied by them on through traffic, L.F. 116643 and Rs 119450 respectively towards 1115 members against 1118 in 1894-95, the

increase in the former case, which occurred chiefly in Chingleput, Coimbatore, Kistna, and Tinnevelly, was due to the transfer of some of the toll-gates to more remunerative localities and to competition at the sales of the farms; the small increase in the latter case calls for no remarks. Excluding the cost of collection and the contributions paid to Provincial and Municipal funds, the net receipts from tolls amounted to Rs 7,10,635 or 31 per cent of the total outlay on the maintenance of roads.

10. Contributions.— Grants amounting to Rs 3,25,461 were received from Provincial funds against Rs 3,17,220 in the previous year, for the following purposes:—

	1894-95 Rs.	1895-96 Rs.
(1) Public works.	149,171	162,560

(6) Famine relief works.	11,000	
Total	3,17,220	325,461

A contribution of Rs 371 was received from Special funds, being chiefly the proportion of the travelling allowances of the local audit clerks recovered from those funds.

II. Contributions from other Boards.— The receipts under this head were made up of the following items :—

	Rs
Allotments from District to Taluk Funds	660,758.
" " to Union Funds	1000
" Taluk to District "	38,542.
" " to Union "	162,001.

Total	392,875

13. Taxation. The average incidence of Local Fund taxation per head of the population was As. 3-0 including, and As. 2-8 excluding tolls, against As 3. and As 2-7. respectively, in the previous year. The incidence of the total Local Fund receipts, exclusive of the Special contributions and the nominal transactions referred to in the preceding three paragraphs, was As. 3-9 per head, ~~against As 3-9 in 1894-95~~ as in 1894-95.

III Expenditure.

14. General Establishments of Local Funds. The expenditure under this head ~~is compared below with that~~ amounted to Rs 357612 against Rs 336335 in the previous year as shown below :—

Local Boards' office establishments including contingencies.	243,382	253,446
Total	336,335	357,612

The increase under the first head was mainly due to the appointment of a Senior and therefore a more highly paid officer as Inspector of Local Fund accounts and to larger outlay

while that under the last head was due chiefly to the additional establishments sanctioned for some of the Local Boards and to the establishments entertained in the newly constituted unions.

15. Education. The expenditure under this head was Rs 11,67,168 or Rs 24,788 more than in 1894-95, the increase being mainly under inspection, training Schools and Board Secondary Schools.

Local Boards maintained 131 hospitals and 238 dispensaries against 132 and 239 respectively, in the previous year, and the net cost of their upkeep was Rs 5,55,419 against Rs 5,47,396. The number of patients treated in these institutions was 24,86,530 against 24,27,971 in 1894-95, and 22,16,159 in 1893-94. Excluding 12 nurses in Cuddapah who attended 783 labour cases, there were 195 trained midwives employed by the Local Boards at a cost of Rs 26,127 and they attended altogether 14,111 labour cases, the corresponding figures for the previous year being 187, Rs 24,522 and 13,625.

The cost of each successful vaccination by the Local Fund vaccine staff was As. 3-6 or 1 pie more than in the previous year. Vaccination was conducted exclusively with animal lymph in all districts except Godavari and Nellore, where human lymph was used in 16 and 3 per cent, respectively, of the total number of vaccinations.

(c) Sanitation. The expenditure under this head amounted to Rs 4,98,029 against Rs 4,75,148 in 1894-95, as detailed below, and the proportion of outlay to allotment continuing to be 89 per cent.

	1894-95 Rs	1895-96 Rs

1. *District Boards.*—As in previous years, there were 21 district boards, which on the last day of the year consisted of 647 members against 658 in 1894–95, the sanctioned maximum strength having continued to be 700. Of the total number, 79 were *ex-officio* members, 269 (83 officials and 186 non-officials) were nominated by Government, and the remaining 299 (79 officials and 220 non-officials) were elected by the taluk boards, while in the previous year 78 were *ex-officio* members, 277 (88 officials and 189 non-officials) were nominated members, and 303 (76 officials and 227 non-officials) elected members. Classified according to nationality, there were 123 Europeans or Eurasians and 524 natives against 128 and 530, respectively, in 1894–95. Under the election rules in force, one half of the sanctioned number of members for each district board were elected by the taluk boards in all districts, except Nilgiris, where there were no taluk boards. The district boards held in all 249 meetings against 236 in the previous year, but the average attendance of members at each meeting was 16 (5 officials and 11 non-officials) against 17 (5 officials and 12 non-officials), out of an average strength of 31 for each board. These boards continued to work, on the whole, satisfactorily.

2. *Taluk Boards.*—There were 82 taluk boards against 85 in the previous year, the decrease being due to the amalgamation of the taluk boards of Satyamangalam and Coimbatore in the Coimbatore district and of the Dindigul, Palni and Periyakulam taluk boards in Madura. On the last day of the year, there were 1,115 members on these boards against 1,118 in 1894–95, the sanctioned maximum strength having fallen from 1,186 to 1,160. Of these, 296 were officials and 819 non-officials, the corresponding figures for the previous year being 306 and 812. Classed according to race, 81 members were Europeans or Eurasians and 1,034 natives against 78 and 1,040, respectively, in 1894–95. All of them were appointed by Government, but the power of re-appointing those who were originally appointed by Government continued to be exercised by the Presidents of district boards. The taluk boards met altogether 1,088 times against 1,139 in 1894–95, and each meeting was attended, on an average, by 8 members (2 officials and 6 non-officials) against 7 (2 officials and 5 non-officials) in that year, out of an average strength of 14 for each board. The working of these boards continued to be, on the whole, satisfactory.

3. *Union Panchayats.*—Excluding the districts of Malabar, Nilgiris and South Canara in which no unions have yet been formed, there were 361 union panchayats working under the taluk boards against 352 in the previous year. These panchayats had, at the close of the year, 3,324 members against 3,293 in 1894–95, the sanctioned maximum strength having risen from 3,363 to 3,476. The power of appointing and removing these members continued to be exercised by the Presidents of district boards. Of the total number, 792 were village officers who were *ex-officio* members, 312 other officials and 2,220 non-officials, against 755, 307 and 2,231, respectively, in the previous year. Fifty members of panchayats were Europeans or Eurasians and the remaining 3,274 natives, the corresponding numbers for 1894–95 being 49 and 3,244. In 8 panchayats, the number of officials exceeded that of the non-officials, but steps have been taken, or ordered to be taken, to remove the preponderance of the official element. The panchayats held in all 4,868 meetings against 4,798 in 1894–95 or, on an average, 13 times each. Excluding the panchayats newly constituted during the year, 62 panchayats failed to meet once a month as required by section 129 of the Local Boards Act, and the Presidents of the taluk boards concerned have been directed to take the necessary steps for preventing the recurrence

of this irregularity. Each meeting was attended, on an average, by 5 members (2 officials and 3 non-officials) as in 1894–95. The duties of the panchayats remained the same as in the previous year and were performed, on the whole, satisfactorily.

II.—RECEIPTS.

4. *Land-cess.*—This tax was levied at 2 annas per rupee of the assessment in Malabar and Nilgiris (South-East Wynaad excepted), at 1 anna and 6 pies in South Canara, and at 1 anna in South-East Wynaad and in the remaining districts. The collections under this head, which forms the chief source of local revenue, amounted to Rs. 49,71,193, or 95 per cent. of the demand, against Rs. 49,59,997, or 95 per cent., in the previous year.

5. *House-tax.*—This was levied in 359 unions against 340 in the previous year. It was collected at the maximum rates in 202 unions, at three-fourths rates in 34, at two-thirds rates in 7, at half-rates in 113, and at one-third rates in the remaining 3. The total realisations under this head amounted to Rs. 3,63,145, or 92 per cent. of the demand, against Rs. 3,26,890, or 92 per cent., in the previous year, the increase being due to the imposition of the tax in 19 additional unions and to the raising of the rate of the tax in some of the unions. The average incidence of this tax was As. 9–10 per house taxed or 7 pies more than in 1894–95. The tax was generally collected without much difficulty.

6. *Educational Receipts.*—The income under this head amounted to Rs. 2,27,111 against Rs. 2,30,267 in the previous year, the decrease, which appears chiefly under contributions from private individuals and sale-proceeds of books, being partly counterbalanced by an increase under school-fees.

7. *Miscellaneous Receipts.*—These consisted chiefly of choultry, market and avenue rents and amounted to Rs. 6,05,112, or Rs. 15,382 less than in 1894–95. The rent of lands attached to choultries and other receipts connected with them fell from Rs. 2,67,033 to Rs. 2,48,679, the decrease appearing chiefly in Tanjore, in consequence of the absence of large arrears as in the previous year. The receipts from markets, however, rose from Rs. 1,40,952 to Rs. 1,56,393, the increase, which occurred chiefly in Coimbatore and Madura, being due to the extension of the fee system to additional markets and to competition at the sale of the leases. The total number of markets maintained by the local boards was 552 and in 491 of these fees were levied, the corresponding figures for the previous year being 534 and 480. There was a large balance of Rs. 2,17,801 in their favour at the close of the year, but the boards have promised to utilise the greater portion of it for the benefit of the institutions concerned. The receipts from avenues fell from Rs. 1,16,861 to Rs. 93,422, while the expenditure incurred on their extension and maintenance rose from Rs. 86,875 to Rs. 1,02,751. The avenues are reported to have been, on the whole, in good condition.

8. *Ferry-rents.*—These amounted to Rs. 1,94,288 or Rs. 15,487 more than in 1894–95, the increase which occurred chiefly in Gódávari, being due mainly to competition at the sales of some of the farms and to the establishment of the ferry at Narsapur.

9. *Tolls.*—These were levied in all the districts except Gódávari at 277 places against 276 in the previous year, and the collections under this head amounted to Rs. 7,64,485, or Rs. 29,374 more than in that year. Of this sum, Rs. 6,42,038 were realised from local fund toll-gates and Rs. 1,22,447 were received from municipalities as contributions on account of tolls levied by them on through traffic, against Rs. 6,15,661 and Rs. 1,19,450, respectively, in 1894–95. The increase in the former case, which occurred chiefly in Chingleput, Coimbatore, Kistna and Tinnevelly, was due to the transfer of some of the toll-gates to more remunerative localities and to competition at the sales of the farms; the small increase in the latter case calls for no remarks. Excluding the cost of collection and the contributions paid to Provincial and Municipal funds, the net receipts from tolls amounted to Rs. 7,10,635, or 31 per cent. of the total outlay on the maintenance of roads.

10. *Contributions.*—Grants amounting to Rs. 3,25,461 were received from Provincial funds against Rs. 3,17,220 in the previous year for the following purposes:—

	1894–95.	1895–96.
	Rs.	Rs.
(1) Public works	1,49,171	1,62,560
(2) Schools	95,817	1,03,391
(3) Hospitals and dispensaries	6,126	5,326
(4) Choultries	32,106	36,007
(5) General purposes	18,000	18,177
(6) Famine-relief works	16,000	..
Total ..	3,17,220	3,25,461

A contribution of Rs. 371 was received from special funds, being chiefly the proportion of the travelling allowances of the local audit clerks recovered from those funds.

11. *Contributions from other Boards.*—The receipts under this head were made up of the following items:—

	Rs.
Allotments from District to Taluk funds	6,60,758
,, ,, ,, to Union ,, ...	1,000
,, ,, Taluk to District ,, ...	38,542
,, ,, ,, to Union ,, ...	1,62,001
,, ,, Union to Taluk ,, ...	4,360
Total ..	8,66,661

12. *Debt.*—The following are the items included under this head:—

	Rs.
Loan obtained from Provincial funds for the construction of railway feeder roads in Ganjám	5,000
Repayment of loan previously obtained from the taluk endowment fund in Tinnevelly	5,000
Amount realised by the sale of the Government promissory notes belonging to the Srívaikuntam hospital in Tinnevelly	1,514
Debt head receipts	3,81,361
Total ..	3,92,875

13. *Taxation.*—The average incidence of local fund taxation per head of the population was As. 3 including and As. 2–8 excluding tolls, against As. 3 and As. 2–7, respectively, in the previous year. The incidence of the total local fund receipts, excluding the special contributions and the nominal transactions referred to in the preceding three paragraphs, was As. 3–9 per head as in 1894–95.

III.—Expenditure.

14. *General Establishments of Local Funds.*—The expenditure under this head amounted to Rs. 3,57,612 against Rs. 3,36,335 in the previous year as shown below:—

	1894–95.	1895–96.
	Rs.	Rs.
Controlling establishments at the Presidency, including pensionary charges	42,431	51,640
District audit establishments	29,732	30,591
Collectors' account establishments	20,790	21,935
Local boards' office establishments, including contingencies	2,43,382	2,53,446
Total ..	3,36,335	3,57,612

The increase under the first head was mainly due to the appointment of a senior and therefore a more highly paid officer as Inspector of Local Fund Accounts and to larger outlay under travelling allowances, while that under the last head was due chiefly to the additional establishments sanctioned for some of the local boards and to the establishments entertained in the newly constituted unions.

15. *Education.*—The expenditure under this head was Rs. 11,67,168, or Rupees 24,788 more than in 1894–95, the increase being mainly under inspection, training schools and board secondary schools.

(*a*) *Inspection.*—For the supervision of their educational operations, the district boards employed 195 inspecting schoolmasters, or 5 more than in the previous year.

(*b*) *Training and Special Schools.*—The district boards continued to maintain 5 training schools, which worked with fair success. Besides these, there were 83 sessional schools at which village schoolmasters were educated for about three months in the year and prepared for the primary examination. The progress of these schools was, on the whole, fair. The working of the industrial department attached to the technical institute maintained by the Madura district board was very satisfactory, and the industrial class newly opened in connection with the training school maintained by the Tinnevelly district board made fair progress.

(*c*) *Board and Aided Schools.*—Of the 3,149 schools maintained by the local boards, 10 were high schools, 119 middle schools and 3,020 primary schools, the corresponding figures for the previous year being 10, 113 and 3,095. The number of aided schools also rose from 8,259 to 8,497, and the total number of boys under instruction in the schools maintained and aided from local funds rose from 318,649, or 13·1 per cent. of the male population of school-going age, to 320,805 or 13·3 per cent.

16. (*a*) *Hospitals and Dispensaries.*—The local boards maintained 131 hospitals and 238 dispensaries against 132 and 239, respectively, in the previous year, and the net cost of their upkeep was Rs. 5,55,419 against Rs. 5,47,596. The number of patients treated in these institutions was 2,486,530 against 2,427,971 in 1894–95 and 2,216,159 in 1893–94. Excluding 12 nurses in Cuddapah, who attended 783 labour cases, there were 195 trained midwives employed by the local boards at a cost of Rs. 26,127, and they attended altogether 14,111 labour cases, the corresponding figures for the previous year being 187, Rs. 24,522 and 13,625.

(*b*) *Vaccination.*—The vaccine staff employed by the district boards consisted of 49 deputy inspectors and 686 vaccinators including probationers, who performed 1,017,820 operations against 1,009,989 in 1894–95. In addition to this, the medical subordinates attached to local fund hospitals and dispensaries vaccinated 20,584 persons against 24,785 in the previous year. The total number of operations was thus 1,038,404, of which 938,315, or 90 per cent., were successful, the corresponding figures for 1894–95 being 1,034,774, 937,910 and 91 per cent. The cost of each successful operation by the local fund vaccine staff was As. 3–6, or 1 pie more than in the previous year. Vaccination was conducted exclusively with animal lymph in all districts except Gódávari and Nellore, where human lymph was used in 16 and 3 per cent., respectively, of the total number of operations.

(*c*) *Sanitation.*—The expenditure under this head amounted to Rs. 4,98,029 against Rs. 4,75,148 in 1894–95 as detailed below, the proportion of outlay to allotment continuing to be 89 per cent.:—

	1894–95.	1895–96.
	Rs.	Rs.
Improvement of water-supply	90,631	93,703
,, of village-sites	44,681	39,665
Conservancy establishments	3,02,890	3,21,429
Arrangements at fairs and festivals	13,898	18,885
Other sanitary outlay	23,048	24,347
Total ..	4,75,148	4,98,029

Further details of the expenditure under the several heads are given in Statement IV. The sanitation of the rural tracts continued to receive fair attention.

(*d*) *Medical Colleges and Schools.*—As in the previous year, the district boards of Nellore and Tanjore maintained each a medical school of its own. In the school at Nellore 29 students were under training, of whom 23 were in the third year's course. Of the latter, 22 appeared for the Hospital Assistant's examination and all of them were successful. Six out of the 15 students under training in the Prince of Wales' Medical school at Tanjore appeared for the Hospital Assistant's examination and all of them passed. The results of both schools were thus very creditable to the teaching staff.

17. *Choultries.*—The local boards maintained 546 choultries at a cost of Rupees 1,99,953 against 522 at a cost of Rs. 2,05,073 in the previous year. In 51 of these 13,09,259 travellers were fed, while in 3 others monthly pensions were paid to certain infirm and poor persons. The remaining institutions were mere rest-houses.

18. *Public Works.*—The expenditure under this head was Rs. 35,33,013, or 85 per cent. of the allotment, against Rs. 32,98,829, or 84 per cent., in the previous year, as shown below :—

	1894–95.	1895–96.
	RS.	RS.
By the Engineering establishments employed by the local boards	31,65,714	33,70,256
By the Revenue Department	1,02,871	1,32,075
„ Public Works Department	30,244	30,682
Total ..	32,98,829	35,33,013

The outlay on communications, bridges, culverts, &c., rose from Rs. 28,31,026 to Rs. 30,66,837. One hundred and twenty-five miles of road were newly constructed and 20,832 miles were repaired, the corresponding figures for the previous year being 159 and 20,597. On the construction and repair of school-houses, dispensaries, bungalows, choultries, &c., Rs. 2,06,473, or Rs. 6,697 more than in 1894–95, were spent and the expenditure on miscellaneous public improvements, such as avenues, markets, tanks, wells, &c., was Rs. 2,59,703 against Rs. 2,68,027.

19. *Establishment and Tools and Plant.*—The cost of the Local Fund Engineering establishments including contingencies was Rs. 5,71,992, or 17 per cent. of the outlay on works executed by them, against Rs. 5,64,046, or 18 per cent., in the previous year, the maximum fixed by Government being 20 per cent. The cost of tools and plant amounted to Rs. 31,623, or 0·9 per cent. of the outlay on works, against the limit of 1 per cent. fixed by Government.

20. *Railways.*—The balance in favour of the Railway Guarantee Fund in the Tanjore district at the beginning of the year was Rs. 4,21,000 in Government securities and Rs. 55,003 in cash. A sum of Rs. 63,342, being a moiety of the expenditure incurred on the construction of the Máyavaram-Muttupet Railway in 1894–95, was paid to Government and Rs. 45,000 were invested in Government securities. The district board derived a net profit of Rs. 46,834 from its working during the twelve months ending December 1895, which represents 3·9 per cent. on the capital outlay. The balance in favour of this fund at the close of the year was Rs. 4,66,000 in Government securities and Rs. 1,15,764 in cash.
