from the

Order. No. 2120 passed 16-12-96

It is perfectly useless to make out a grant budget of 7.60- It is in the last degree unlikely that more than 3.00 will be available - Please prepare proposals for the allotment of that sum only, first providing for those places (i) where works are already in progress (ii) to which grants have been promised.

The accompanying estimates of loans and grants from Provincial to Local and municipal funds for public works etc, for the year 1897-98, will be forwarded to the Financial Department.

NOTE FOR THE Secretary.

As directed by the A. H. a statement showing in one view the transactions of 1896-97 and 1897-98, is submitted herewith.

No grant is provided for Tuticorin in 1897-98, but the estimate under loans has been raised to 1.50 lakhs.

As regards Tirupati, a loan of Rs 45000 having been provided in the revised estimate for the current year, the balance viz: Rs 2750, is entered in the estimate for 1897-98.

No provision has been made under loans on account of the Bellary water supply scheme, in 1897-98, as directed by the A. H.

Besides Coimbatore, plans & estimates are ready for the onfolet Vellore water supply schemes. The Coimbatore and Vellore schemes were abandoned as being beyond the means of the respective Councils, even with a half grant from Govt, and from the notes nos 139814 of 17th August 1896 and 83214, dated 28th June 1893, it would appear that even with the increase in the rates of the house & water taxes provided for in the

One important reason for entering Bellary in the original list was the urgency of the Military Dept. & the G. & D. for the initiation of the work. The San. Bd. has sent in their proposals & if the scheme approved by the San. Dept. but

not by the majority of the Bd. were accepted by Govt. plans & ests for a considerable portion of the work are ready.

S. H. 11/11/96

Very well - But Bellary in - But if you do so, you must provide more than 100 for 97-98 & 92 for 98-99 as loans - These 2 sums + 50 provided as grant for '98-99, come to 2.42 only, or less than a third of the amt. (9.00) which it is thought the works will cost. At this rate, it will be well into the next century for the works can

be completed. I don't know
loans of 2.00 for each of the
next 2 years - with the grant of
50 provided this would cover half
the cost of the works & we'd have
to find 4.00 in future years - This is
the best arrangement, I think, that can
now be made. Of course, this is
on the supposition that the estimate of 900
is accurate or nearly so. If the estimate
comes to more than 9.00 we cannot
undertake the work without the a
special grant from India; if it is less than
9.00, of course we shall have done no
harm in providing a bit more than
that amount to be needed -

I don't think there's any
gain - indeed, there's a loss

Rs
14/12/96

under loans,

act, the municipal Councils
would be hardly able to find the
requisite funds for the repayment
of the loan and for the working
charges of the Scheme. In the case
of Tripali although, one of the two
alternative schemes proposed by
Sanitary Engineer was financial,
feasible, the municipal Council
was not in favour of carrying it
out, but requested Govt to make
a grant towards boring an artesian
well. This the Govt declined to do
in go. No. 1324 of 18th February 1893.
It is therefore submitted that as
it is not at present possible to
decide, whether any and if so, which
of these schemes will be undertaken
in 1897-98, the allotment of Rs 1324
which was proposed to make under
Bellary, ^{therefore perhaps} may be retained so that
it may be transferred to any
other scheme, which in the course
of the year may be ready for
execution.

V.R
12/12/96

The Memo. 1215
24.10.96 referred to by V.R.
was issued at the request of
the M.C. + a note to
this effect as to its withdrawal will
be duly sent to the M.C. 27.11.96

L. & M.
100-8-8-96

Grant Rs 1,73,340
104.97/98 55,750 + Grant (Rs)
117,590 remaining
(2) " Rs 1,73,250 less Rs 163,000 = 10,250
(3) " Rs 1,65,000 less Rs 33,000 = 1,32,000
(4) " Rs 2,10,500 less 70,000 = 1,40,500
(5) for extensions

Rs. 2000 out of Tripali -
Tripali is highly important & if
we give it the full grant it can
be completed in '97-'98
M

Rs 2070 given in 96/97
80500

173770 I don't understand the Tripali
grant being 12 only. What is the
loan of 96-97? Let the whole transactions
of the 2 years 96-97 + 97-98 be shown in
a series - But don't let it be a confused
messy mass of figures like the corrected
copy of 80. 90000 which is better & which
includes figures in account of schemes already
completed (Adm. Water, Common Drainage etc.)
or not intended to be completed in the two years
(Cost water for instance, which is already
sufficiently provided for).
As to Tripali a new grant of Rs 1000
in 97-98 better increase the loan to Rs 1000
so that substantial progress may be
made with the work in anticipation of a grant in

NOTE FOR THE Secretary

As directed by the M.C. in
his note of 7th December 1896, the
estimate of grants for 1897-98, will
stand as follows: -

	Rs
1. Cocanada. water supply	55,750
2. Tripali. do	1,63,000
3. Taticorin do	33,000
4. Vizagapatam. do	70,000
5. Dindigul. do	11,250
Total	3,33,000

But the amount allotted by ~~HM~~ for
the year was only 3 lakhs. If it is
considered necessary to bring the
estimate down to this limit, the grant
for Tripali may be reduced to Rupees
1,30,000.

2. Under loans the following allot-
ments are proposed: -

	Rs
1. Cocanada. water supply	80,900
2. Tripali. do	12,000
3. Taticorin. do	84,350
4. Vizagapatam. do	50,500
5. Dindigul. do	11,250
Total	2,39,000

These proposals have been made so
as to provide sufficient funds for
the completion of schemes Nos 1, 2, 4 & 5

1898-99.

I don't see the use of providing a present for Bellary, as to build not even the scheme of the works is decided, much less plans and estimates. Much better enter some one of the places for which every thing except money is ready. Believe there are several such - Coimbatore is one, I know, & believe there are others.

BS
10/12/96

The issue of Memo. 1215
24.10.96
must have been a mistake. It has apparently aroused hopes in the minds of the Mad. Council which there is not the least chance of fulfilment being able to satisfy. This is as regards grants. The M.C. may be told at once that there is no chance of any grant being made in 97-98. As regards loans, why should it be suggested that the Council should borrow from Govt at 4 1/4 % when they could doubtless borrow in the open market at 4% or less? The Memo in question should be withdrawn & it should be stated that it was issued in error.

BS

As No 3 (Tuticorin water supply) cannot be completed in 1897-98 grant provided on account of being only Rs 33,000 against an estimate of Rs 1,65,000, the loan that may be required for this work is divided between 1897-98 and 1898-99. I have also proposed to provide ^{as loans} Rs 10,000, Rs 31,000, and Rs 50,000, respectively, for the commencement of three new schemes viz. the Bellary, Coonoor and Cuddalore water supply schemes. The total allotment under loans for 1897-98 will thus be Rs 42,000.

BS
5/12/96

[L. & M.
200-8-8-96]

in 1897-98.

Now we want loans proposals for 97-98 to complete the works provided for in loans and grants proposals for 96-97 & 97-98 and to begin some new works in 97-98.

BS
1794 1/2
23-10-96

1. Give Rs 55750
 2. The scheme is not yet ready - Strike out
 3. They have already drawn & have in hand 1.50
 4. They must possibly spend more in 97-98. Omit.
 5. Give 1.63
 6. Give
 7. Give 70.70
- Dividend give Rs 11250
- Total 3.00

16.9.96

NOTE FOR THE Secretary.

Please see the H.M.'s remarks on the estimate of grants and loans from Provincial to Local and Municipal funds for 1897-98.

None of the works for which provision is made in the budget estimate for 1897-98, are now in progress, but in the case of one of them, viz. the Tirupathi water supply scheme, the Sanitary Engineer thinks that an expenditure of Rs 10,000 will be incurred in the current year. The estimate for the ensuing year has now been reduced to 3 lakhs, as directed by H.M. and it is proposed to allot this sum as follows:

	Grants Rs
1. Cocanada. water supply	50000
2. Coonoor. do	30000
3. Ootacamund. do	50000
4. do. Intercepting sewer	27000
5. Tirupathi water supply	70000
6. Tuticorin do	33000
7. Vizagapatam do	40000
Total	3,00,000

The Government has promised to contribute towards the initial cost in the case of items 5, 6 and 7. In Cocanada estimates have long ago been prepared and

public Subscriptions amounting to nearly Rs 70000 have been promised, so that if the scheme is sanctioned and a half grant is, as usual, given from Provincial funds, the works can be put in hand immediately. The estimates for the Coonoor and Ootacamund water supply ~~schemes~~ are now under preparation and in the case of the latter, grants amounting to Rs 100000 have already been drawn by the Council, while the estimates for the Intercepting sewer are before the Sanitary Board. These items are therefore also included in the estimate for 1897-98. As it will be some time before the Bellary water supply scheme could be financed, nothing is entered on ~~its~~ ^{its} account in the ensuing year, while the Guvizattam and Megapalam water supply schemes, which no estimates have yet been prepared, have been omitted from the grant of Rs 150000 each provided for the Cuddapah drainage scheme and for sanitary improvements in Madras, but for which no definite promises have been made by Government, have also been struck out.

2. Orders are solicited as to whether the probable requirements ^{under grants} for 1898-99 should also be reduced to 3 lakhs and

NOTE FOR THE

and whether the grant and loan of Rs 11250 each required for the extension of the Sindigul water works may not also be provided for in 1897-98.

Gobt. of {1895} Madras.
FINANCIAL.

Issued

Recd.

Encl.

G.O., No. 983, 9th December 1895.

DECEMBER.

Budget Estimate.

Passing orders on the — of Provincial Loans
and Municipal Funds for 1896-97.

(a) Bellary. The Scheme has not yet been Sanctioned. ^{ready} Sanctioned and detailed estimates are ^{ready} in 1897-98, the amounts provided with it is thought, be sufficient.

(b) Belwada. Owing to the difficulty in selecting a suitable site for the location of the head works, the investigation of the Scheme cannot, the Sanitary Board considers, be taken up for some time to come.

(c) Colanada. A half grant has been provided subject to the Board's orders on C.A.O. 27964, which has been referred to the Final Dept.

(d) Conjeveram. A grant of Rs 91,000 of Rs 11,000 more than what was provided in 1895-96, having been drawn by the Council in that year; a corresponding reduction has been made in the estimate for 1896-97.

(e) Coovoor. The plans & estimates are under preparation. The Sanitary Engineer states that no expenditure will be incurred in the current year.

(f) Cuddalore. The Council has not yet submitted proposals for financing the Scheme. The provision made for a loan of a lakh, has been transferred to 1897-98.

(g) Cuddapah. The estimate is being prepared & the work will not be put in hand in the current year.

(h) Ellore. The Council has applied for a loan of Rs 25,000. The current year for the Const^y of a market, in the current year.

(i) Judiyattam. The Scheme is under investigation. A half grant has been provided as recommended by the Sanitary Board.

(J) Kumbakonam. A grant of Rs 10000 has been ^{sanctioned} by Govt towards the cost of making Sanitary arrangements during the ensuing Mahanavami festival [Go. 1894m].

(K) Kurnool. The Council has applied for a loan of Rs 5000 from Govt. funds for the const. of a market. Go. 1896m, 10th November 1896.

(L) Madras. A further grant of Rs 10000 towards Sanitary improvements is provided in 1897-98, with reference to His remarks in go. no. 2070M of 9th December 1895. Should anything be provided on account of water supply and drainage? Vide the Statement submitted by the President C.R. 3139 M.

(M) Nepatanur. The estimate is being prepared. The Sanitary Board recommends provision being made for a half grant.

(N) Cota Camund. A grant of Rs 30000 has been ^{sanctioned} for carrying out certain works for meeting the deficit in the annual funds (Go. 1714m) + app. has been made for a loan of Rs 10000 for executing ~~Cota~~ some Sanitary works. A grant of Rs 50000 is provided on account of the water supply scheme as per order of His go. no. 2070m of 9th December. The estimates for the intercepting sewer are now under the Const. of the Sanitary Board.

(O) Timpali. A revised estimate for Rs 231000 is now before Govt. A provision has been made for a part of threefourths of the cost & a loan of one fourth of the probable cost, as promised.

(P) Trichinopoly. A revised estimate for Rs 578255 has been sanctioned

(R1) Tuticorin - The Sanitary Board recommends two alternative schemes costing Rs 330000 and Rs 268000, respectively. The Govt. has promised a half grant towards the cost of the scheme, which was originally proposed, but abandoned on account of its prohibitive cost. Go. 159m, 14.2.94.

in go. no. 1731M of 10th October 96 & the Prov. grant has been raised by Rs 8100. This is entered as Rs 8160 for the sake of round figures.

(Q) Vizalapatam. A half grant has been promised by Govt. [Go. no. 1578m of 16th September 1896].

(R) Sanjam. The Board states that no loan will be required, as its finances have improved. Vide go. no. 1357M of 25th July 1896.

(S) Coimbatore. App. has been made for a loan of Rs 23000 for the const. of a causeway across the Amaravathi river. [Go. no. 1466M of 15th August 1896].
