Order No. 2143 h.m. d. 19-12-96

The revised boundaries of the municipality, as defined in the draft notification, are not traceable on the plan forwarded by the Collector. She is therefore requested to submit a sketch drawn to scale, showing clearly the present and the proposed boundaries, the latter being indicated by the identifying marks referred to in the draft notification and by survey numbers.

From

To

The Secretary to Government,

Local and Municipal Department,
Madras.

SIR,

In forwarding letter from the Chairman
Municipal Council, Salem, No. 1654, dated 18th
instant, I have the honor to state that the
suggestion to extend the boundaries seems
to me a very necessary one to be carried out.

2. A reference to the map will show
that the present boundary of the Municipality
runs on the northern side of the road from
the Tollgate to the "Pension Lines" and I
found as a fact that this Tollgate at the
corner of the proposed extension tolled traffic
that never entered the Municipality.
For instance traffic to the "Pension Lines

and

and Trichinopoly ^{cross} road from the west.
As District Magistrate, I objected to this and
this proposal is the result.

3. The Municipality refers to some
little extra expense incurred upon the
upkeep of the roads. This will be so; but
the Trichinopoly ~~cross~~ road has just been
re-metalled throughout; the road past the
Pension Lines, not being a Municipal
road is an anomaly, and the expense of
keeping up that part of the Trichinopoly road
that will be included in the Municipality
will be covered by the taxation of the
Shattagapatti Village.

4. On Sanitary grounds it seems to
me to be most essential that the
Village should be included. It contains
a crowded population not only of persons
but of animals. It is used as a camping
ground for numbers of bullocks and ponies
and carts, all licensed by the Munici-
-pality and these are used to carry with-
-in Municipal limits the goods that

unlicensed

unlicensed carts bring from the South.

The village lies low and its state can be
well imagined.

5. I strongly support this proposition.

I have the honor to be

Enclosure

SIR,

I have the honor to submit herewith, for your information, Copies of the resolutions of the Municipal Council of Salem, passed at its meeting held on the 13th August and 12th November 1896, and to request that you will be good enough to obtain the sanction of Government for the extension of the limits of the Salem Municipality so as to include the Village of Dadagapatti from the 1st April 1897.

2. This village is situated very close to the Town, and it is very desirable on sanitary grounds and for the proper conservation of the health of whole town, that it should be brought under the influence of Municipal laws so that epidemic diseases prevailing in it may not spread into the town.

3. The population of this village according to the Census of 1891 is 1297. It is expected that the receipts from this village will, to some extent, meet the charges which will have to be incurred in connection with the enforcement of the Municipal law and maintaining a few more miles of roads.

4. The existing boundaries of the Municipal limits are given in L. O. No 747 Sanamial dated 3rd April 1884. The proposed boundaries will be as shown in the accompanying list. A map showing the present and proposed boundaries is herewith submitted for the information of Government and favour of return.
