Municipal Council
adopted and brought into
certain by-laws
No. 27. runs thus
To
Lot 1 & Municipal Council
CURRENT No. 187 M

His Excellency
The Right Honorable The Governor
in Council
Fort Saint George
Madras.

The humble memorial of the undersigned
Ryots and cultivators of the Municipality
of Bezawada and its suburb villages of
Venkata Ramanagarum and Vidya-
dharapuram lying within the limits
of the said Municipality of Bezawada
and praying for the cancellation of the
Municipal Bye-law No. 27; published
in the Supplement to the Krishna District
Gazette dated 4th November 1893 and
enacting that "All cart bullocks passing
through the public streets must be pro-
vided with noise strings", on the
ground that it has been working
unbearable hardships on the Ryot
population of the said municipality by
hastening the premature decay and
death of their valuable cattle - the bullocks -
for the following among other reasons
most humbly and respectfully sheweth:-

May it please your Excellency,
That your
Excellency's memorialists beg to submit
that under Act IV of 1884, the Madras
District Municipalities Act, the

Municipal

Municipal Council at Berwade have adopted and brought into force certain bye-laws of which bye-law No. 27 runs thus: All cart-bullocks passing through the public streets must be provided with nose strings!

2. That to a Ryot living in a town like Berwade whose limits extend far and wide and where the Ryots' farms are much farther off from his residence than those of a village ryot a cart is an indispensable necessity both to carry his manure and seed grain only to his fields and to bring back home the grain, the hay, the stalks and the implements of husbandry from his fields.

3. That the enforcement of the Bye-law within the municipal limits has been working great hardships resulting in serious injury to the Ryot population in habiting the said municipal limits and its suburbs by inducing the premature decay and death of their bullocks through boring their noses and keeping strings on through them.

4. That the reasons for this premature decay and death of their cattle through these nose strings are:-
(a) That soon after a fat village bullock is bought by the poor town

Ryot

Book!!

Ryot in a village and at a heavy cost and brought into the Municipal limits he is compelled by the Bye-law to have the bullock boxed through his nose and the consequent painful suffering keeps the animal from feeding or grazing for some days during which it is greatly reduced.

(b) That after relief of the first effects, if the animal begins to feed or graze in the little grozures of the Ryots where bushes and shrubs commonly grow in this hilly part of the country, the strings are entangled in them and cause fresh injuries to the bullock which keep him always in a sickening state of health.

5. That besides for the above reasons these bullocks through want of free grazing as no poramboles are left around this Municipality as in villages and as every inch of land is reserved by the Forest department even to the very verges of village sites, every day grow weaker and weaker from want and thus prematurely become useless to the Ryot and also die an early death.

6. That for the above reasons the bullocks of the Town can, therefore, never be in a position to become unmanagible to their driver and do injury to life or property to

Amert

- avert which seems to be the appa-
-rent ~~of~~ object of the Bye-law no. 27.
7. That if the object of the Bye-law be
to avert danger to life and property-
from ferocious animals your Excellency
memorialists most humbly beg to
submit that in the past history
of Barwada so far as within the
knowledge of your Excellency's memo-
-rials there is not a single case
wherein a ferocious bull ever be-
-came unmanageable and did
injury either life or property.
8. That further the bullocks of these Ryots
are, for eight months of the year,
yoked to ploughs and only for the
remaining four months they are
yoked to handies or carts and
even then only occasionally and
therefore the chances of injury are
too few to require consideration at all.
9. That considering the great hardships
and loss that may occasion to the
Ryots by the enforcement of the said
Bye-law the Municipal council of
Suntur have withheld the enforce-
-ment of the same in their town but
our Council at Barwada have
not yet been pleased to do so
though repeatedly petitioned.
10. That the loss of these valuable
bullocks.

bullocks has been materially effecting the poverty of this town Ryot who is already overburdened with the Municipal taxes of various kinds and who enjoys none of the benefits of a village Ryot.

11. That in conclusion therefore your Excellency's humble memorialists most humbly crave your most gracious Lordship's Government to pity the condition of the poor Ryots of Bezawada and consider the serious consequences worked by the enforcement of the Bye-Laws and Cancel the same. For which act of kindness we as in duty bound shall ever and ever pray for your Excellency's long life and prosperity.

We beg to remain
Your Excellency's most humble
and obedient subjects.
