CURRENT No. 160 M

From

THE CHAIRMAN, MUNICIPAL COUNCIL,
VIZIANAGARAM.

To

The Chief Secretary
to Government, Fort Saint George,
Madras -

Sir,

With reference to the Proceedings of the Madras Government dated 21st October 1895. No 1687 M misc, I have the honor to state that the proposal of the Sanitary Engineer to purchase the fire engine figured at page 10 of Messrs Murray Weather and sons' Catalogue in lieu of one selected by the Council, was approved of and passed in the municipal meeting held on the 24th ultimo. The Council is of opinion that the pattern given by the Sanitary Engineer will be more suitable to meet the exigency of fire accidents. I have already brought to the notice of the Government the urgent need of a fire engine, as the townspeople were put to much inconvenience in the course of fire accidents that occurred during the previous years. The Cost of the engine as estimated

by

by the Sanitary Engineer, is approximately Rs 1100-
 The Council have resolved to meet the additional
 charge of Rs 300 over the amount originally estimated,
 from the General balance - I therefore request the
 Government will be pleased to accord sanction
 for the purchase of the Fire-engine -

The usual statement of allotments of
 Funds is herewith forwarded for the sanction
 of Government -

I have the honor to be

 2. I would whether a fire
 engine would be of
 much use in a town like
 Vizianagaram. It would be
 wanted to deal with
 fire amongst the thatched
 houses and with a constant
 supply of water for wells
 to find it could do little
 good. As well as I can
 remember the thatched
 houses are far away from
 the tanks for the most part.

For order.

It is submitted that even if tanks are not
 near at hand, the water available would be
 more efficiently used by a fire engine than by
 hand. The Council wish to have one, or as it is a
 very desirable object, it may be permitted. The Budget balance
 was Rs 3600. There is however a drainage scheme under
 consideration.

Has a fire engine been sanctioned
 for any Municipality since
 have we any information
 as to how it has worked?

S. K. 30/10

(1) yes, for the municipalities of Masulipatnam,
 -patnam, Coimbatore, Chicalole & Palphar
 vide Rs 870m, 352m, 574m & 194m

I think the City may
 have their fire engine. In any
 case it can apply water to
 a fire more effectively than
 it can be applied of hand.
