Inam.

The Bellary Collector's proposal for the resumption of a charitable — in Bellary taluk and the transfer of the assessment to the Bellary Taluk Board, sanctioned.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—again the following G.O., Mis. No. 3429, Revenue, dated 24th August 1895:—

Read—the following Proceedings of the Board of Revenue (Land Revenue), Mis. No. 3682, dated 23rd July 1895:—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Mis. No. 6672, dated 2nd December 1893:—

Read—the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated 23rd November 1893, No. 4775:—

I have the honour to bring to your notice that the dasabandam well in Sirigeri in Bellary taluk, situated in D. No. 335 and endowed with an inam covered by Title-deed No. 1432 for D. Nos. 84 and 86, extent acres 28.61, bearing an assessment of Rs. 28-10-0, has been in disrepair, and when the inamdars were given notice to put it in thorough order, they plead that the well has become brackish and though the revetment was repaired and reconstructed twice before, it did not stand. They propose to sink a new well in the same land but more towards the north near a stream, where they expect to tap a fresh-water spring. The site is on a considerably higher level than the stream. The new well adjoins the Tekkalakota road and is not far from the old well; its usefulness will in no way be impaired. The inamdars request four months' time and permission to utilize the stone revetment of the present well and pledge themselves to repair the proposed new well in case it should ever be damaged by the adjoining stream. The Tahsildar and the Divisional officer recommend the proposal. I beg to request that the sanction of Government may be obtained to transfer the inam to the new well, on its construction to the satisfaction of the local officers. If the proposed well should prove a failure, the repair of the old well will be insisted on on pain of resumption of the inams.

Resolution—Mis. No. 6672, dated 2nd December 1893.

The Collector's proposal is approved, subject to a further report on the completion of the new well, when the sanction of Government will be applied for for the resumption of the inam and its re-assignment to the present inamdar.

Read—the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated 4th March 1895, Ref. No. 803, dated 5th March 1895:—

With reference to Board's Proceedings, dated 2nd December 1893, Mis. No. 6672, and reminder, dated 28th February 1895, I have the honour to state that the dasabandam inamdars of Sirigeri were allowed time for the completion of the new well till April 1894. The inamdars failed to complete it by that date and requested extension till October last which was also granted on the same recommendation of the Divisional officer. In November last, the Divisional officer reported that the well had

been finished but contained only three feet of water which did not assure a sufficient supply for the hot season and that it was not protected by a parapet wall. The inamdars have been asked to supply these defects within the official year, and warned that no further extension of time would be granted. On receipt of the completion report I shall again address the Board.

Resolution—No. 625, Routine, dated 9th March 1895.

Recorded.

The Collector is requested to expedite the submission of the report called for in paragraph 2 of his letter read above in view to the sanction of Government being obtained for the resumption and re-assignment of the inam for a charitable purpose under G.O., No. 1159, dated 2nd August 1875, communicated with Board's Proceedings, No. 2577, dated 15th September 1875.

Resolution—Mis. No. 3682, dated 23rd July 1895.

Submitted for the orders of Government.

2. In the village of Sirigeri in Bellary taluk there is a charitable inam attached to a well in the village. The water of the well became useless for drinking purposes and the inamdars offered to sink a new well in a more suitable locality. They were allowed to do so, but they failed to complete the work though sufficient time was allowed. The Collector therefore recommends that the inam be resumed and its assessment made over to the Bellary Taluk Board on condition that it completes the new well and maintains it in good condition. The Board supports the Collector's recommendation. A copy of the resolution of the Taluk Board accompanies.

Read—the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated 8th February 1896, Ref. on Cur. No. 4450:—

With reference to Board's Proceedings (Land Revenue), Mis. No. 4403, dated 3rd September 1895, and in continuation of my letter No. 4450, dated 8th January 1896, I have the honour to state that the dasabandam inamdars of Sirigeri, Bellary taluk, have expressed their unwillingness to make over the new well to the Taluk Board.

The Resolution of the Taluk Board expressing its willingness to construct a separate new well in the same village is submitted herewith, with the recommendation that the proposal may be sanctioned.

Read—the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated 3rd May 1895, Ref. No. 1467, dated 4th May 1895:—

With reference to Board's Proceedings, Mis. No. 6672, dated 2nd December 1893, and in continuation of my letter, dated 5th March 1895, Ref. No. 803, I have the honour to state that the dasabandam inamdars of Sirigeri have not completed the well recently dug by them and taken the necessary steps to ensure its permanency. The inamdars appear to have fallen out and the Divisional officer thinks there is no hope of the work being completed by them. He therefore recommends the resumption of the inam. I support his recommendation as the inamdars have had strict warning that the inam would be resumed if the well was not completed before the end of the official year.

2. The President of the Taluk Board will be addressed with a view to ascertain if that body is willing to complete the well and maintain it if the inam is made over to it. The result will be reported in due course. In the meanwhile I request Board's sanction to resume the inam.

The Tahsildar reports in his arzi No. 1749, dated 14th June 1895, that the title-deed for the dasabandam inam in question has been lost. The inam is registered in the names of Chellagurki Nagana Gowd and Sangana Gowd.

These enjoy half the extent and the remaining half is enjoyed by Sakra Gowd Reddi of the village who is their cousin in the second degree.
