SUBJECT.

Requesting the sanction of Government
for writing off the accounts, a sum of Rs. 50-5-7 being
the value of certain materials lost.
the value of materials the value of which is
Rs. 50-5-7.

Note
The following statement shows how the
figures have been arrived at:-
Quantities according to measure
- went books and which should have been in stock - 1316 - 188 1/8
Quantities used on works according to
the office note recorded in G.O. No.
1550 L dated 18th August 1894 - 1045 - 543 1/4
Balance that ought to be in stock - 271 - 1338 3/8
Actual balance found in stock
according to the Engineer's check
- measurement, as shown in the
office note recorded in G.O. No.
1550 L dated 18th August 1894 - 3 - 886
Difference which has been lost - 268 - 452 3/8
Quantities, the value of which was
written off the accounts under
G.O. No. 1550 L dated 18th August 1894 - 232 - 378 1/4
Balance, the value of which has
to be written off now - 36 - 74 1/8

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Extract from the Inspection notes of the Inspector of Local Fund accounts.

55. Nellore Krishnapatnam Road - For this work measurements were not received with the President's letter No ²⁹¹ And of the 12th July 1895 to the address of the Inspector of Local Fund Accounts. On a search being made among the records of the Engineer's office, however, I came across the measurement books themselves. Referring to the entries in these books it was found that the balances actually available differed as follows from those taken credit for in the "Stock Book" maintained in the Engineer's office.

Metal in units of 100 cubic feet Gravel in units of 100 cubic feet

As per Sub Overseer Seetapathi Rao's measurement of 27th January 1892 checkmeasured by Mr Booth on the 29th Idem

420 ³/₄

1303 ³/₄

† These are the quantities which should have been in stock according to the measurement books found among the records in the Engineer's office.

As per overseer Varadarajulu Naidu's measurements of the 29th February 1892 checkmeasured by Mr Booth on the 29th Idem

895 ¹/₄

577 ⁷/₈

† 1316

† 1881 ⁵/₈

These are the quantities referred to in the office note received in 10/1550x as originally quarried and entered in the stock book.

As per "Stock Book" maintained in the Engineer's office.

1280

1807 ¹/₂

Difference (-) 36

(-) 74 ¹/₈

The balances as worked out in the material-at-site statement

2
3060 1/2

appended to the work abstract for March 1892 were accepted and adopted for the "Stock Book" apparently because no reference was therein made to the measurement books found by me in the Engineer's office. Necessarily therefore in the President's letter applying for the sanction accorded in the G.O. No. 1550 L (Mis) of the 18th August 1894 to write off the value of the famine metal lost, the differences specified above were not taken into account. The omission would need therefore to be supplied by the submission of a supplemental application to Government.

E. L. M.

President

NO $\frac{1578}{D.B.}$ 2nd November 1896.

From E. Scott Esquire.,
President, District Board, Nellore.

To the Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir.

In continuation of this Office No $\frac{714}{D.B.}$ dated 29th July 1894 read in G.O. No 1550 L. No dated 18th August 1894, I have the honour to submit herewith an extract from the Inspection notes of the Assistant Inspector of Local Fund Accounts and to request that the sanction of Government may be obtained for writing off the accounts a further loss of materials (36 units of metal and $74\frac{1}{8}$ units of gravel), the value of which is Rs 50-5-7.

2. A copy of the District Board's resolution No 269 dated 31st October 1896 passed on the subject is herewith submitted.

I have the honour to be,

Sir,

Your most obedient Servant

E. Scott

President.
