The Association will be informed that it should address the Local Board ^{concerned} in the first instance, on the subject of its resolution.

2. Plans and estimates amounting to Rs 1,81,800, for a bridle path from Kodaikanal to Ahtur in the Lower Palnis, have lately been received from the Superintending Engineer and will shortly be considered by Government.

The Plans and estimates ~~amounting to~~ ^{originally} Rs 9,46,400 prepared for a cart road from Salem to Yercaud, (in 1887) were recently revised by the Superintending Engineer, ~~and the estimates was reduced~~ ^{has} to Rs 2,00,000. But as the Superintending Engineer ^{has} proposed ~~an~~ an alternative and what he considered a better trace, he has been directed to have the same surveyed and estimated for. In Orders

The first part of this letter from the Planters' association is evidently another protest against the transfer of the Calicut-fudalur road to the charge of the respective St. Bds. The association has already been twice told that Govt. declines to reconsider this order of 1879 & 29-96. Nothing very definite is stated in this letter with regard to the Lower Palnis & Shevaroy's & the Secretary may perhaps be asked to put his requests in a more definite form.

SUBJECT.

20.10.96 I do not see why Govt. should invite this self constituted body to prefer complaints & requests about roads when a legally constituted body the L.F.Bd. exists for the purpose of making roads. The Assocn. should address the L.F.Bd. in the first instance.

Forming Copy of the Resolutions of the Association regarding the maintenance of the existing road in planters districts. Yes - I think they may be told so - But as regards the Lower Palnis, is it not the

Note for a road in need? &
 if so what has been done? Limi-
 tary as regards the Shevaroy - was
 there not some correspondence
 about a road there quite recently?
 In both cases the Planters' Assn.
 might be told the existing position
 of affairs

Madras, 8 September 1896

To the Chief Secretary
 to the Government of Fort St. George,
 Cotacamund.

from the Secretary,
 United Planters Association of Southern India
Madras

Sir,
 I have the honor to inform you that the following Resolution
 was carried at the last annual general meeting of my Association:
 "That this Association urge on the different Governments concerned
 the necessity of efficiently maintaining existing roads in planting
 districts and the desirability of maintaining main roads as
 Imperial. It also expresses its sympathy with the Lower
 Pathways and Shevaroy, and resolves that the Secretary be
 instructed to address the Chief Secretary of the Madras Govern-
 ment in support of their prayer."

I refrain from troubling you at the present moment with
 any arguments in support of the representations of planters on the
 Lower Pathways and the Shevaroy, that the roads on the latter hills
 are in a disgraceful state, while on the former there is no road at
 all. Should the facts not be within your knowledge, however,
 I will gladly endeavour to lay them before you in a concise
 form.

I have the honor to be, Sir,
 Yours most obedient servant,
 Harry Cornwell,
