For Orders

In view of the impending fam the District Board of Bellary has resolved with reference to rule No.33(a) of the Famine Code to divert Rs 30,325, being the unspent provision under the different heads of expenditure under Grant I, including that for the improvement of market roads &c, to road works already sanctioned in the affected parts and also to utilize the sum of Rs 50,000 recently granted by Government for the improvement of the more important roads in the district for the same purpose. The first of these proposals may be approved, but as regards the second, it is submitted that the President may be called upon to specify the works on which it is now proposed to spend the ~~amount~~ grant, as it is inadvisable that the amount which was specially allotted for the improvement of the existing roads should be diverted to the construction of new roads, which the Local Boards may not find it possible to maintain in good condition hereafter.
