Current No. 305-2 M of 1896, dated 9th November 1896 from the Chairman, Municipal Council, Cuddapah
Current No. 3108 L of 1896, dated 10th November 1896 from the ——do——

FOR ORDERS.

I quite agree — The Cuddapah M.C. is not rich however & the arrangement should only remain in force for present year.

23/11/96

The District Board of Cuddapah requests (1) that the Municipal Council of Cuddapah should be required to pay it one-fourth of the net receipts from tolls and (2) that the annual contribution of Rs. 2,500 now paid by it to the Municipal Council on account of its hospital at Cuddapah should be reduced to Rs. 2,000

2. The second proposal may be sanctioned as it is not objected to by the Council. But as regards the first the President says that though the justice of the Board's claim was recognized by Government in 1888, it was not enforced in that year as the budget had already been passed and the Municipal Council had been involved in heavy expenditure on account of the waterworks. The President further states that

Board is now much pressed for want of funds to increase the allotment for communications with reference to G.O. No. 1686 L dated 17th September 1895 and that as the Cuddapah waterworks have been completed there is apparently no reason why the contribution on account of tolls should be postponed any longer. On the other hand, the Municipal Council declines to pay this on the following grounds:—

(1) The Municipal toll revenue has fallen from Rs.12,000 in 1888 to Rs. 7,000 in 1896-97 and fifty per cent of this sum is barely sufficient to keep the roads in the Municipality in good order.

(2) Two of the principal roads in the Municipality being continuations of the Madras Trunk road and the Bellary road are virtually Local Fund roads and their upkeep is a heavy charge.

The District Board's first demand also appears to be reasonable. From the budget for the current year it appears that the Council's estimated income from tolls is Rs. 8,000 and that the year is expected to close with a balance of Rs.2000. If both the requests of the [illegible] Board are granted, there will be a deficit of Rs. 450 at the end of the year, but this should be met by savings in other directions.

CURRENT No. 2941 L

To
The CHIEF SECRETARY TO GOVT.,
LOCAL FUND DEPARTMENT,
FORT SAINT GEORGE.

SIR,

I have the honor to state that on a representation made to Government regarding the claim of the District Board to a share in the Toll Revenue collected by the Cuddapah Municipality, Government in its order No: 564 M. Mis / 1.6.88 while recognising the justice of District Boards claim to 1/4 of the net proceeds of the Municipal Tolls stated at the same time that it could not be enforced during that official year on the ground:-

(a) That the Budget for the year

had already been passed.

(b) The Municipality had been involved in heavy expenditure on the water works project.

In consideration of the 2nd reason the claim was not renewed subsequently, though the Government in the G.O. above quoted stated that it would be considered in the following year whether the full share should be enforced immediately or gradually.

In G.O. No: 1686L/17.9.96, Government directed that at least 1/2 the Land Cess + the amount that could be collected from Tolls should be allotted to Communication (new works and repairs).

To attain this end during the current year a number of dispensaries and Schools were closed and retrenchments effected from other sources also.

In the ensuing year also, it is proposed to make further retrenchments and this course may have to be pursued for one or two years more till the standard set by Government is reached. This, however, can only be done by closing established institutions and effecting economies wherever possible.

Under the above circumstances, the District Board cannot afford to neglect any of its recognised sources of income. The Cuddapah water works project has been in good working order for several years now and there does not seem to exist at present the same reason for postponing the contribution which was found in 1888. As the Local Fund Board has to make large retrenchments to provide funds for roads it is reasonable that the Municipality should make retrenchments to satisfy its just due to the Local Fund Board. Moreover, the large increased expenditure by the District Board on communications may be reasonably expected to bring the Municipality an increased revenue in the shape of tolls; it seems equitable therefore, that the Municipality should discharge their obligation to the District Board which the latter has abstained from demanding so long as the resources of the Municipality were in a crippled condition.

The question has been placed before the District Board at its meeting held on 17th instant and it resolved that Government should be addressed to sanction the enforcement of the 1/4 contribution.

I request therefore that Government will be pleased to sanction this resolution at an early date, so that the amount may be included in the Budget now under preparation.

A copy of the Resolution of the District Board on the subject is herewith submitted.

I have the honor to be
Sir
Your most obedient Servant.

Sir,

I have the honor to report that till the year 1892-93 a Contribution of Rs 2000 was being paid by the District Board to the Cuddapah Municipality in consideration of the Services rendered by the Municipality to patients residing outside its limit. This Contribution was increased to Rs 2500 from 1893-94 on the representation of the Municipality that inhabitants of Local Fund areas derived benefits proportionate to this sum from their Hospital.

2 Go 1912 L / 22-8-92

2. With a view therefore to examine the reasonableness of claim put forward by the Municipality I sent for a statement of the accounts

1 / 3108 L/96

accounts shewing the number of Town and Taluq patients and the expenditure incurred in respect of them. From the statement appended to this letter which was furnished by the Municipal Council it will be seen that the contribution of Rs 2500 paid from Local Funds is a very exorbitant amount for the services rendered by the Municipality to patients residing in Local Fund areas at the outside, their value cannot exceed Rs 1000.

3. In G.O. No. 1686 L dated 17-9-95 Government directed that at least 1/2 the land cess plus the amount of the entire toll Revenue should be spent on Communications. Accordingly the District Board had to make considerable retrenchments last year when preparing the current year's Budget and with the best efforts to give effect to the wishes of Government it was found impossible to carry them out in their entirety. Further retrenchments will be made in the budget of the next financial year, but even this will not set free a sufficiently large sum to bring up the expenditure on roads to the standard prescribed by Government.

4. Owing to this great strain on the Revenue of the Local Fund Boards the District Board at their meeting held on the 17th October 96 resolved to address Government to readjust the contribution to the Municipality by reducing the amount thereof by Rs 500 for the reasons given in paras 2 & 3 supra. I therefore request that Government will be pleased to sanction the reduction suggested by the District Board.

Resolution:- The Council resolve to solicit Government to refuse their sanction to the proposed Contribution [illegible] Tolls revenue to the Local Fund Board for the following reasons.

(1) The Tolls revenue has fallen from Rs 12000 per annum in 1888 to Rs 7000 in 1896-97.

(2) The Tolls revenue is the only source from which Expenditure on roads is met and it is known that 50 per cent of the Tolls revenue is barely sufficient to keep the roads in this Municipality in good condition.

(3) Two of the principal roads in this Municipality are virtually Local Fund roads being Continuations of the Madras Trunk road and Bellary road. These roads run through the entire length of the Municipality and their upkeep is a heavy charge.
