Schools shown in statement I include

32 schools classed in statement I as

Schools — Secondary and primary — "aided

from Provincial funds." The assistant

Inspector says that these schools received

grants from local funds also but, as the

proportion drawn from Provincial fund

was larger than that received from local funds, they have been shown in statement I separately.

2. As regards the difference in the number of pupils, — According to statement I the total number, including the pupils of the departments in the schools for which grants are made from Provincial funds, is 13,217; in statement II,

however the pupils in the departments

higher than the lower primary have been
