GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. M. V. NARAYANASWAMI PILLAI Avargal, Chairman, Municipal Council, Srívilliputtúr, to the Chief Secretary to Government (through the Collector of Tinnevelly), dated Srívilliputtúr, 2nd January 1896, No. 968-I.

I have the honour to submit herewith the budget estimate of receipts and charges of the Municipality of Srívilliputtúr for the official year 1896–97 together with a revised estimate for 1895–96 and other usual statements.

REVISED ESTIMATE FOR 1895–96.

2. *Opening Balance.*—The year opened with a balance of Rs. 999–15–3, or in round figures Rs. 1,000. This is shown as Rs. 1,001 in G.O., No. 1556 M., reviewing the administration report of the municipal council for 1894–95. This is probably due to the rounding of figures.

3. *Receipts.*—The total receipts for the current year exclusive of the opening balance are now estimated at Rs. 15,600 against Rs. 11,860 in the original estimate. For want of reliable data to go upon, the receipts were estimated at a very low figure in the original estimate. The reasons for the increase under each head are given below.

4. *Tax on Arts.*—The gross demand of this tax, comprising the arrears of tax due for last year and the assessments made in the current year, is Rs. 2,330 (Rs. 304 arrears and Rs. 2,026 current assessment) against Rs. 1,500 given in the original estimate. Most of the appeals against the current year's assessments have not yet been disposed of. Making provision for remissions on appeal and for the balance of tax that may remain uncollected at the end of the year, I put down the collections at Rs. 1,900, or Rs. 430 less than the demand now given.

5. *Tax on Buildings.*—The gross demand under this tax for the current year is Rs. 4,574 and the arrear demand Rs. 297, making a total of Rs. 4,871 against Rupees 3,500 shown in the original estimate. Deducting Rs. 471 on account of possible arrears which may be outstanding at the end of the year and remissions which will have to be made on appeals and on the score of poverty, the estimated collections in this case are put down at Rs. 4,400 against Rs. 3,500 in the original estimate.

6. *Tax on Lands.*—The demand under this tax including an arrear of Rs. 67 is Rs. 304. Rs. 250 of this may be collected before the close of this year.

7. *Tax on Vehicles with and without springs and Animals.*—A sum of Rs. 1,790 is entered as the probable realization of the year under this head against Rs. 1,460 in the original estimate. Rs. 1,405–10–0 have been collected in the first eight months of the year. Rs. 384–6–0 are expected to be realized.

8. *Tolls.*—The actuals of the first eight months deducting the district board's share of the tolls amount to Rs. 2,964–13–0 and Rs. 1,235 are expected to be collected in the course of the next four months, thus making a total of Rs. 4,200 for the whole year against Rs. 3,290 anticipated in the original budget estimate.

9. *Grants and Contributions*—(*a*) *From Government.*—Nothing was shown under this head in the original estimate. A sum of Rs. 40 for eight months from August 1895 is now taken credit for under this head as a teacher of the municipal Panchama school has, under advice from the Inspector of Schools, been sent for training in the Board Normal school, Tinnevelly. As the teacher is a Pariah, he is entitled to a stipendiary grant of Rs. 5 a month for the primary grade.

(*b*) *From Local Boards.*—The net charges on account of the Srívilliputtúr hospital being estimated at Rs. 3,080, Rs. 770, representing one-fourth of the said amount, is due as contribution from the Srívilliputtúr Taluk Board.

(*c*) The Pennington Market Committee of Srívilliputtúr having promised an annual contribution of Rs. 200 and Rs. 300 for educational and medical purposes, respectively, these amounts, which were not included in the original budget, are now taken credit for under the head "*Other grants and contributions.*"

10. The other variations are explained where necessary in column 7 of Statement No. VI.

11. *Charges—Original Works—(a) Communications.*—The decrease under this head is due to a portion of the allotment having been transferred to Repairs—Communications.

(*b*) *Buildings.*—The increase of Rs. 100 under this head is with reference to the works already sanctioned.

12. Estimates for works found necessary have already been sanctioned for Rs. 807; hence the increase under *Repairs—Communications.*

13. The sum of Rs. 60 entered under "*Stipends to Normal Students*" is for the Pariah teacher referred to in paragraph 9.

14. The large increase under "*Medicines and supplies*" is due to the very large increase that there has been in the number of patients treated at the municipal hospital. The council had also to pay a sum of Rs. 85-12-0 for the medicines purchased for the hospital by the Srívilliputtúr Taluk Board towards the close of the last official year, but which was not paid for before the institution was handed over to the municipal council.

15. The increase under "*Private scavenging establishment*" is due to the appointment of an additional scavenger to cope with the increasing work under this head. In the beginning of the year there were only forty-five houses cleaned by the municipal scavengers. On 1st December the number increased to ninety-two. The additional scavenger was employed in anticipation of the sanction of Government, as his services were found to be urgently required. I request the sanction of Government for this appointment.

16. A sum of Rs. 100 is provided under "*Cholera charges*" in order to be prepared for a possible outbreak.

17. The decrease under "*Toll collection establishment*" is due to the fact that two of the sanctioned number were not entertained except for a month-and-a-half during a festival in Tiruvannámalai.

18. The increase under the heads of "*Purchase of account books, &c.,*" and "*Office contingencies*" is due chiefly to the fact that, while for want of reliable data the original estimates were low, it has also been found necessary to get an iron safe for the custody of such money as may have to be kept in the office and some additional furniture.

19. *Closing Balance.*—The revised estimate closes with a balance of Rs. 2,500 against Rs. 290 in the original estimate. This amount has been carried forward as the opening balance of the year 1896-97.

BUDGET ESTIMATE FOR 1896-97.

20. *Receipts.*—The receipts for 1896-97 including the opening balance are estimated at Rs. 17,350 against Rs. 16,600 in the revised estimate for the current year. The chief variations are explained below.

21. *Tax on Arts, &c.*—The decrease of Rs. 300 under the revised estimate is due to the fact that the estimated collections of this year include the arrears of 1894-95.

21-A. *Tax on Animals.*—The estimate under this head for 1896-97 is Rs. 850, and is the same as in the revised budget for 1895-96. Some of the councillors at the budget meeting expressed their intention to move a proposition at a subsequent

meeting to exempt agricultural cattle from taxation. If the proposition be brought forward and carried and be approved by Government, there may then be a fall of about Rs. 400 in the receipts under this head.

22. *Tolls.*—The amount of receipts entered under this head represents that likely to be realized by leasing out the right to collect tolls in the municipality. It therefore excludes the probable establishment charges which are included in the amount against this head in the revised estimate, the charges occurring against the appropriate item under "Charges". As the next year will be the first year for the lease, it is not likely that the municipality will be able to realize exactly or nearly the difference between the receipts and the establishment, &c., charges.

23. *Private Scavenging Fees.*—The number of houses served has been increasing and it is expected that in the next year our operations will be very much wider than at present.

24. The increase under "*Fishery rents*" is due to the additional receipts expected from the lease of the fishery in the Periyakulam tank, the greater portion of which lies within municipal limits.

25. *Charges—Grant I, Communications.*—A sum of Rs. 1,720 is provided for communications under original works and repairs. This is 49·85 per cent. of the estimated municipal income from tolls. The amount provided in the current year's sanctioned budget was only 27·3 per cent. The works upon which the allotment is proposed to be spent are specified in Statement No. II-A.

26. *Buildings.*—Rs. 600 are provided under "New Works" and Rs. 200 under "Repairs". The allotments include, among others, the construction of two new latrines and the improvement of three existing ones. The municipal choultry is also to be provided with a latrine. Statement No. II-A shows in detail the works to be executed under this head.

27. The allotment for "*Water-supply*" includes a sum of Rs. 160 for the pay of three tank watchmen at the rate of Rs. 4-8-0 each. Their present pay is Rs. 4 and the council has sanctioned an increase of As. 8 in their pay, finding it difficult to secure men for a lower rate of pay. The remaining allotment is proposed to be spent on improvements to wells wherever necessary.

28. The allotment for "*Tools and plant*" includes the cost of a water-cart for road works.

29. *Grant II.*—A sum of Rs. 70 is provided under "*Stipends to Normal Students*" as it is proposed to send a teacher from one of the schools in the municipality for training in the normal school at Tinnevelly.

30. *Municipal Schools.*—At the suggestion of the Assistant Inspector of Schools, received with the support of the Inspector of Schools and the Director of Public Instruction, the municipal Panchama primary school is to be raised to the first grade. The pay of the first two teachers will accordingly be raised from Rs. 7 and 6 to Rs. 9 and 7, respectively, that of the third teacher, viz., Rs. 5, remaining the same. The contingencies provided for the schools include the cost of a copy of the Tamil journal "Viveka Chinthamani."

31. *Result Grants, &c.*—At the instance of the Assistant Inspector of Schools, a sum of Rs. 800 is provided for result grants to aided schools against Rs. 500 provided in the current year, Rs. 60 for contribution to the district board for the services of an inspecting schoolmaster, and Rs. 50 for furniture, &c., grants.

32. *Grant III.*—Under "*Hospitals and Dispensaries*" provision is now newly made for the entertainment of an assistant compounder on Rs. 9 in consideration of the very large number of patients resorting to the hospital every day. The average daily attendance of out-patients in the dispensary in the first eight months of the year was 146·37. It is evidently impossible for the one compounder now employed to make up the necessary medicines for all of them. The apothecary, not having an hospital assistant to help him, finds it impossible to attend to dressing of wounds, &c. This is now done by the compounder, who does it of necessity very perfunctorily. The assistant compounder is intended to help the compounder in this work also.

The pay of the sweeper is also raised by As. 8, making it Rs. 4½ a month.

A sum of Rs. 20 has been provided for results payments to the midwife. The allotment of Rs. 700 for medicines, against Rs. 950 in the current year's revised budget, is considered sufficient. Surgical instruments at a cost of about Rs. 200 were purchased in the current year. This expenditure there will be no need for next year. The provision under "Contingencies" includes the cost of an almirah and of one copy of Falconer's Manual on Midwifery to be supplied to the hospital.

33. *Conservancy, &c.*—The pay of the 24 sweepers now employed is proposed to be raised to Rs. 5 from Rs. 4½ each and that of the scavengers also to Rs. 5 from Rs. 3, as otherwise it is very difficult to get men for the work. It is also proposed to increase the number of scavengers from six to eight in view of the additional latrines to be constructed. Provision is also made for the entertainment of a trained sanitary inspector on a maximum pay of Rs. 25 a month, as it is necessary that this municipality with a population of more than 29,000 should have a competent and trained inspector to look after its sanitation. His pay will be Rs. 20 during 1896–97 and will rise by annual increments of one rupee until it reaches the maximum. A sanitary maistry, who will also be a lighting maistry, is also proposed to be appointed. It is now found that the sanitation of this large town cannot be properly looked after by one single person. The sanitary maistry is intended to help him in this, and Rs. 7½ will be paid from the allotment under sanitation for this purpose. He is also to be a superintendent of lighting and paid Rs. 7½ from funds provided under that head. There is at present scarcely any supervision exercised over the lighting of the town, and as it is unnecessary to have a separate man for the purpose this man is to be given the work. It is possible for one man to help the sanitary inspector and to look after the lighting.

Under "Private scavengering" provision is made for the pay of one additional scavenger on a pay of Rs. 5 a month and for the purchase of two night-soil carts for Rs. 200.

Under "Conservancy contingencies" Rs. 430 have been provided for the hire of bullocks for the conservancy carts and Rs. 50 for one additional rubbish-cart and Rs. 100 for the purchase of iron dust-bins.

34. *Grant IV, Lighting.*—This town, with a large population of 29,000, has at present only 89 lights. It is therefore intended to increase the number by 30 and provision is made accordingly in this budget. One additional lamplighter on a pay of Rs. 5 a month is in consequence to be appointed. A sum of Rs. 90 is provided for the supervision charges of lighting—*vide* paragraph 33.

35. *Grant V.*—Under "*Office Establishment*" provision is made for an increase of Rs. 5 in the pay of the manager, making it Rs. 35 a month, in consideration of the responsibilities of the appointment. Any lower pay is not attractive and it will be difficult to retain the services of competent and trustworthy men. It was originally fixed at Rs. 30, as the real financial condition of the municipality was not then known. It may now be safely raised to Rs. 35 and the council unanimously resolved to do so.

36. The decrease under "Office establishment" in spite of the above increase and the increase under "Establishment for the collection of municipal taxes" are due to the fact that the allotment for the pay of the tax clerk, which is now debited to "Office general establishment," is transferred to the other head to which it should properly be debited.

37. The allotment for "Office contingencies" includes the provision for the purchase of one English Dictionary, one copy of the Civil Service Regulations and one copy of Gopal Doss Calculation Table. One copy of the *Tinnevelly District Gazette* will also be subscribed for.

38. The year closes with a balance of Rs. 1,780.

39. Proposition statements for the revision of the establishments are submitted herewith.

40. The council's resolution passing the budget is also enclosed.

Endt. on Cur. No. 22-GI.

Submitted to Government.

2. *Revised Estimate for* 1895–96.—The increase in the receipts from rates and taxes is satisfactory. This is due to the complete revision of the tax registers during the current year. The important variations between the figures of the revised estimate and of the budget estimate of 1895–96 are fully explained in the Chairman's letter.

3. *Budget Estimate for* 1896–97.—The increased provision under scavenging establishment is satisfactory, so also is the provision for additional latrines and dust-bins.

4. The proposal to raise the pay of the teachers of the Panchama school seems judicious.

5. The entertainment of a trained sanitary inspector should prove of great advantage to the town.

6. The increase of pay proposed for the office head clerk is recommended for sanction.

7. Items 8, 9 and 10 of note to Statement No. I need not have been filled up with reference to the instructions contained in G.O., No. 2193 M., dated 10th December 1891.

8. The budget closes with a balance of Rs. 1,780, or 12 per cent. of the estimated receipts.

(Signed) A. W. B. HIGGENS,
Collector.

TINNEVELLY,
8th January 1896.

ORDER—No. 232 M., dated 7th February 1896.

The estimated receipts and charges of the Srívilliputtúr Municipality for 1896–97, as passed by Government, are compared below with the budget and revised estimates for the year 1895–96 and the actuals of the half-year 1894–95:—

REVISED ESTIMATE FOR 1895–96.

2. The current receipts and charges are now estimated at Rs. 15,600 and Rs. 14,100, respectively against Rs. 11,860 and Rs. 12,550 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts and buildings, tolls and contributions from other bodies, and that in the charges under Grants III and V. The collections under the taxes on buildings and lands and the expenditure on new buildings during the first eight months of the year were not satisfactory. The entertainment of the additional private scavenger referred to in paragraph 15 of the Chairman's letter is approved.

BUDGET ESTIMATE FOR 1896–97.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 14,870 against Rs. 15,600 in the revised estimate, the decrease being mainly under the tax on arts and tolls.

4. *Charges.*—(1) The probable charges are entered as Rs. 15,570 against the revised estimate of Rs. 14,100 ; the increase, which appears chiefly under Grants I, II and III, being partially counterbalanced by a marked decline under Grant V.

(2) *Grant I.*—The proposed increase in the salary of the tank watchmen from Rs. 4 to Rs. 4–8–0 is approved.

(3) *Grant II.*—The remarks of the Director Public Instruction on this portion of the budget will be awaited.

(4) *Grants III and IV.*—The alterations in the hospital, conservancy, private scavenging and lighting establishments proposed in paragraphs 32 to 34 of the Chairman's letter are sanctioned subject to the remarks of the Surgeon-General and the Sanitary Commissioner.

(5) *Grant V*—The proposed increase in the salary of the municipal office manager cannot be approved as he is at present suffiently well paid. The contribution for the central office establishments will be reduced from Rs. 90 to Rs. 20, with reference to G.O., No. 2190 L., dated 19th November 1895.

5. The budget, as revised by Government, closes with a balance of Rs. 1,930, or 13·0 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. M. V. NARAYANASAMI PILLAI Garu, Chairman, Municipal Council, Srívilliputtúr, to the Chief Secretary to Government (through the Collector of Tinnevelly), dated Srívilliputtúr, 2nd January 1896, No. 968-I.

I have the honour to submit herewith the budget estimate of receipts and charges of the Municipality of Srívilliputtúr for the official year 1896–97 together with a revised estimate for 1895–96 and other usual statements.

REVISED ESTIMATE FOR 1895–96.

2. *Opening Balance.*—The year opened with a balance of Rs. 999–15–3, or in round figures Rs. 1,000. This is shown as Rs. 1,001 in G.O., No. 1556 M., reviewing the administration report of the municipal council for 1894–95. This is probably due to the rounding of figures.

3. *Receipts.*—The total receipts for the current year exclusive of the opening balance are now estimated at Rs. 15,600 against Rs. 11,860 in the original estimate. For want of reliable data to go upon, the receipts were estimated at a very low figure in the original estimate. The reasons for the increase under each head are given below.

4. *Tax on Arts.*—The gross demand of this tax, comprising the arrears of tax due for last year and the assessments made in the current year, is Rs. 2,330 (Rs. 304 arrears and Rs. 2,026 current assessment) against Rs. 1,500 given in the original estimate. Most of the appeals against the current year's assessments have not yet been disposed of. Making provision for remission on appeal and for the balance of tax that may remain uncollected at the end of the year, I put down the collections at Rs. 1,900, or Rs. 430 less than the demand now given.

5. *Tax on Buildings.*—The gross demand under this tax for the current year is Rs. 4,574 and the arrear demand Rs. 297, making a total of Rs. 4,871 against Rupees 3,500 shown in the original estimate. Deducting Rs. 471 on account of possible arrears which may be outstanding at the end of the year and remissions which will have to be made on appeals and on the score of poverty, the estimated collections in this case are put down at Rs 4,400 against Rs. 3,500 in the original estimate.

6. *Tax on Lands.*—The demand under this tax including an arrear of Rs. 67 is Rs. 304. Rs. 250 of this may be collected before the close of this year.

7. *Tax on Vehicles with and without springs and Animals.*—A sum of Rs. 1,790 is entered as the probable realization of the year under this head against Rs. 1,460 in the original estimate. Rs. 1,405–10–0 have been collected in the first eight months of the year. Rs. 384–6–0 are expected to be realized.

8. *Tolls.*—The actuals of the first eight months deducting the district board's share of the tolls amount to Rs. 2,964–13–0 and Rs. 1,235 are expected to be collected in the course of the next four months, thus making a total of Rs. 4,200 for the whole year against Rs. 3,290 anticipated in the original budget estimate.

9. *Grants and Contributions*—(*a*) *From Government.*—Nothing was shown under this head in original estimate. A sum of Rs. 40 for eight months from August 1895 is now taken credit for under this head as a teacher of the municipal Panchama school

has, under advice from the Inspector of Schools, been sent for training in the Board Normal school, Tinnevelly. As the teacher is a Pariah, he is entitled to a stipendiary grant of Rs. 5 a month for the primary grade.

(*b*) *From Local Boards.*—The net charges on account of the Srívilliputtúr hospital being estimated at Rs. 3,080, Rs. 770, representing one-fourth of the said amount, is due as contribution from the Srívilliputtúr Taluk Board.

(*c*) The Pennington Market Committee of Srívilliputtúr having promised an annual contribution of Rs. 200 and Rs. 300 for educational and medical purposes, respectively, these amounts, which were not included in the original budget, are now taken credit for under the head "*Other grants and contributions.*"

10. The other variations are explained where necessary in column 7 of Statement No. VI.

11. *Charges—Original Works—*(*a*) *Communications.*—The decrease under this head is due to a portion of the allotment having been transferred to Repairs—Communications.

(*b*) *Buildings.*—The increase of Rs. 100 under this head is with reference to the works already sanctioned.

12. Estimates for works found necessary have already been sanctioned for Rs. 807; hence the increase under *Repairs—Communications.*

13. The sum of Rs. 60 entered under "*Stipends to Normal Students*" is for the Pariah teacher referred to in paragraph 9.

14. The large increase under "*Medicines and supplies*" is due to the very large increase that there has been in the number of patients treated at the municipal hospital. The council had also to pay a sum of Rs. 85-12-0 for the medicines purchased for the hospital by the Srívilliputtúr Taluk Board towards the close of the last official year, but which was not paid for before the institution was handed over to the municipal council.

15. The increase under "*Private scavenging establishment*" is due to the appointment of an additional scavenger to cope with the increasing work under this head. In the beginning of the year there were only forty-five houses cleaned by the municipal scavengers. On 1st December the number increased to ninety-two. The additional scavenger was employed in anticipation of the sanction of Government, as his services were found to be urgently required. I request the sanction of Government for this appointment.

16. A sum of Rs. 100 is provided under "*Cholera charges*" in order to be prepared for a possible outbreak.

17. The decrease under "*Toll collection establishment*" is due to the fact that two of the sanctioned number were not entertained except for a month-and-a-half during a festival in Tiruvannámalai.

18. The increase under the heads of "*Purchase of account books, &c.,*" and "*Office contingencies*" is due chiefly to the fact that, while for want of reliable data the original estimates were low, it has also been found necessary to get an iron safe for the custody of such money as may have to be kept in the office and some additional furniture.

19. *Closing Balance.*—The revised estimate closes with a balance of Rs. 2,500 against Rs. 290 in the original estimate. This amount has been carried forward as the opening balance of the year 1896-97.

BUDGET ESTIMATE FOR 1896-97.

20. *Receipts.*—The receipts for 1896-97 including the opening balance are estimated at Rs. 17,350 against Rs. 16,600 in the revised estimate for the current year. The chief variations are explained below.

21. *Tax on Arts, &c.*—The decrease of Rs. 300 under the revised estimate is due to the fact that the estimated collections of this year include the arrears of 1894-95.

21-A. *Tax on Animals.*—The estimate under this head for 1896-97 is Rs. 850, and is the same as in the revised budget for 1895-96. Some of the councillors at the budget meeting expressed their intention to move a proposition at a subsequent

meeting to exempt agricultural cattle from taxation. If the proposition be brought forward and carried and be approved by Government, there may then be a fall of about Rs. 400 in the receipts under this head.

22. *Tolls.*—The amount of receipts entered under this head represents that likely to be realized by leasing out the right to collect tolls in the municipality. It therefore excludes the probable establishment charges which are included in the amount against this head in the revised estimate, the charges occurring against the appropriate item under "Charges". As the next year will be the first year for the lease, it is not likely that the municipality will be able to realize exactly or nearly the difference between the receipts and the establishment, &c., charges.

23. *Private Scavenging Fees.*—The number of houses served has been increasing and it is expected that in the next year our operations will be very much wider than at present.

24. The increase under "*Fishery rents*" is due to the additional receipts expected from the lease of the fishery in the Periyakúlam tank, the greater portion of which lies within municipal limits.

25. *Charges—Grant I, Communications.*—A sum of Rs. 1,720 is provided for communications under original works and repairs. This is 49·85 per cent. of the estimated municipal income from tolls. The amount provided in the current year's sanctioned budget was only 27·3 per cent. The works upon which the allotment is proposed to be spent are specified in Statement No. II-A.

26. *Buildings.*—Rs. 600 are provided under "New Works" and Rs. 200 under "Repairs". The allotments include, among others, the construction of two new latrines and the improvement of three existing ones. The municipal choultry is also to be provided with a latrine. Statement No. II-A shows in detail the works to be executed under this head.

27. The allotment for "*Water-supply*" includes a sum of Rs. 160 for the pay of three tank watchmen at the rate of Rs. 4-8-0 each. Their present pay is Rs. 4 and the council has sanctioned an increase of As. 8 in their pay, finding it difficult to secure men for a lower rate of pay. The remaining allotment is proposed to be spent on improvements to wells wherever necessary.

28. The allotment for "*Tools and plant*" includes the cost of a water-cart for road works.

29. *Grant II.*—A sum of Rs. 70 is provided under "*Stipends to Normal Students*" as it is proposed to send a teacher from one of the schools in the municipality for training in the normal school at Tinnevelly.

30. *Municipal Schools.*—At the suggestion of the Assistant Inspector of Schools, received with the support of the Inspector of Schools and the Director of Public Instruction, the municipal Panchama primary school is to be raised to the first grade. The pay of the first two teachers will accordingly be raised from Rs. 7 and 6 to Rs. 9 and 7, respectively, that of the third teacher, viz., Rs. 5, remaining the same. The contingencies provided for the schools include the cost of a copy of the Tamil journal "Viveka Chinthamani."

31. *Results Grants, &c.*—At the instance of the Assistant Inspector of Schools, a sum of Rs. 800 is provided for results grants to aided schools against Rs. 500 provided in the current year, Rs. 60 for contribution to the district board for the services of an inspecting schoolmaster, and Rs. 50 for furniture, &c., grants.

32. *Grant III.*—Under "*Hospitals and Dispensaries*" provision is now newly made for the entertainment of an assistant compounder on Rs. 9 in consideration of the very large number of patients resorting to the hospital every day. The average daily attendance of out-patients in the dispensary in the first eight months of the year was 146·37. It is evidently impossible for the one compounder now employed to make up the necessary medicines for all of them. The apothecary, not having an hospital assistant to help him, finds it impossible to attend to dressing of wounds, &c. This is now done by the compounder, who does it of necessity very perfunctorily. The assistant compounder is intended to help the compounder in this work also.

The pay of the sweeper is also raised by As. 8, making it Rs. 4½ a month.

A sum of Rs. 20 has been provided for results payments to the midwife. The allotment of Rs. 700 for medicines, against Rs. 950 in the current year's revised budget, is considered sufficient. Surgical instruments at a cost of about Rs. 200 were purchased in the current year. This expenditure there will be no need for next year. The provision under "Contingencies" includes the cost of an almirah and of one copy of Falconer's Manual on Midwifery to be supplied to the hospital.

33. *Conservancy, &c.*—The pay of the 24 sweepers now employed is proposed to be raised to Rs. 5 from Rs. 4½ each and that of the scavengers also to Rs. 5 from Rs. 3, as otherwise it is very difficult to get men for the work. It is also proposed to increase the number of scavengers from six to eight in view of the additional latrines to be constructed. Provision is also made for the entertainment of a trained sanitary inspector on a maximum pay of Rs. 25 a month, as it is necessary that this municipality with a population of more than 29,000 should have a competent and trained inspector to look after its sanitation. His pay will be Rs. 20 during 1896–97 and will rise by annual increments of one rupee until it reaches the maximum. A sanitary maistry, who will also be a lighting maistry, is also proposed to be appointed. It is now found that the sanitation of this large town cannot be properly looked after by one single person. The sanitary maistry is intended to help him in this, and Rs. 7½ will be paid from the allotment under sanitation for this purpose. He is also to be a superintendent of lighting and paid Rs. 7½ from funds provided under that head. There is at present scarcely any supervision exercised over the lighting of the town, and as it is unnecessary to have a separate man for the purpose this man is to be given the work. It is possible for one man to help the sanitary inspector and to look after the lighting.

Under "Private scavengering" provision is made for the pay of one additional scavenger on a pay of Rs. 5 a month and for the purchase of two night-soil carts for Rs. 200.

Under "Conservancy contingencies" Rs. 430 have been provided for the hire of bullocks for the conservancy carts and Rs. 50 for one additional rubbish-cart and Rs. 100 for the purchase of iron dust-bins.

34. *Grant IV, Lighting.*—This town, with a large population of 29,000, has at present only 89 lights. It is therefore intended to increase the number by 30 and provision is made accordingly in this budget. One additional lamplighter on a pay of Rs. 5 a month is in consequence to be appointed. A sum of Rs. 90 is provided for the supervision charges of lighting—*vide* paragraph 33.

35. *Grant V.*—Under "*Office Establishment*" provision is made for an increase of Rs. 5 in the pay of the manager, making it Rs. 35 a month, in consideration of the responsibilities of the appointment. Any lower pay is not attractive and it will be difficult to retain the services of competent and trustworthy men. It was originally fixed at Rs. 30, as the real financial condition of the municipality was not then known. It may now be safely raised to Rs. 35 and the council unanimously resolved to do so.

36. The decrease under "Office establishment" in spite of the above increase and the increase under "Establishment for the collection of municipal taxes" are due to the fact that the allotment for the pay of the tax clerk, which is now debited to "Office general establishment," is transferred to the other head to which it should properly be debited.

37. The allotment for "Office contingencies" includes the provision for the purchase of one English Dictionary, one copy of the Civil Service Regulations and one copy of Gopal Doss Calculation Table. One copy of the *Tinnevelly District Gazette* will also be subscribed for.

38. The year closes with a balance of Rs. 1,780.

39. Proposition statements for the revision of the establishments are submitted herewith.

40. The council's resolution passing the budget is also enclosed.

Endt. on Cur. No. 22-Gl.

Submitted to Government.

2. *Revised Estimate for* 1895–96.—The increase in the receipts from rates and taxes is satisfactory. This is due to the complete revision of the tax registers during the current year. The important variations between the figures of the revised estimate and of the budget estimate of 1895–96 are fully explained in the Chairman's letter.

3. *Budget Estimate for* 1896–97.—The increased provision under scavenging establishment is satisfactory, so also is the provision for additional latrines and dust-bins.

4. The proposal to raise the pay of the teachers of the Panchama school seems judicious.

5. The entertainment of a trained sanitary inspector should prove of great advantage to the town.

6. The increase of pay proposed for the office head clerk is recommended for sanction.

7. Items 8, 9 and 10 of note to Statement No. I need not have been filled up with reference to the instructions contained in G.O., No. 2193 M., dated 10th December 1891.

8. The budget closes with a balance of Rs. 1,780, or 12 per cent. of the estimated receipts.

TINNEVELLY,
8*th January* 1896.

(Signed) A. W. B. HIGGENS,
Collector.

Revised Estimate for 1895-96.

2. The Current receipts and Charges are now estimated at Rs 15,600 and Rs 14,100 respectively against Rs 11,860 and Rs 12,550, anticipated in the Sanctioned budget. The increase in the receipts occurs Chiefly under the taxes on arts and buildings, tolls, and Contributions from other bodies and that in the Charges under grants III and IV. The Collections under the taxes on buildings and lands and the expenditure on new buildings during the first eight months of the year were not satisfactory. The entertainment of the additional private Scavengers referred to in para. 15 of the Chairman's letter is approved.

Budget Estimate for 1896-97.

3. Receipts:- The receipts for the ensuing year are placed at Rs 14,870 against Rs 15,600, in the revised estimate, the decrease being mainly under the tax on arts and tolls.

4. Charges (1) The probable charges are entered as Rs 15,570, against the revised estimate of Rs 14,100, the increase, which appears Chiefly under grants I, II and III, being partially Counterbalanced by a marked decline under grant V.

Revised Estimate for 1895-96.

The Current receipts and Charges are now estimated at Rs 15,600 and Rs 14,100 respectively against Rs 11,860 and Rs 12,550, as anticipated in the Sanctioned budget. The increase in the receipts occurs Chiefly under the taxes on carts and buildings, tolls, and Contributions from other bodies and that in the Charges under grants III and V. The Collections under the taxes on buildings and lands and the expenditure on new buildings during the first eight months of the year were not satisfactory. The entertainment of the additional private Scavengers referred to in para. 15 of the Chairman's letter is approved.

Budget Estimate for 1896-97.

3. Receipts:- The receipts for the ensuing year are placed at Rs 14,870 against Rs 15,600, in the revised estimate, the decrease being mainly under the tax on carts and tolls.

4. Charges (1) The probable charges are entered as Rs 15,570, against the revised estimate of Rs 14,100, the increase, which appears Chiefly under grants I, II and III, being partially Counterbalanced by a marked decline under grant V.

(2) Grant I:- The proposed increase in the salary of the tankwatchmen from Rs 4 to Rs 4-8-0, is approved.

(3) Grant II - The remarks of the Director of Public Instruction on this portion of the budget will be awaited.

(4) Grants III & IV:- The alterations in the hospital, Conservancy, private scavenging and lighting establishments proposed in paragraphs 32 to 34 of the Chairman's letter are sanctioned subject to the remarks of the Surgeon General and the Sanitary Commissioner.

(5) Grant V:- The proposed increase in the Salary of the municipal office manager cannot be approved as he is at present sufficiently well paid. The Contribution for the Central office establishments will be reduced from Rs 90 to Rs 20, with reference to G.O. No 2190L. dated 19th November 1895.

5. The budget, as revised by Government, closes with a balance of Rs 1,930 or 13.0 per cent of the estimated receipts.

NOTE TO STATEMENT I.

1. Tax on arts, &c., is levied on ~~the first~~ ~~all~~ ~~classes~~ Seven classes. G. O. No. 1288 In. Dis. dated 9th August 95
2. Tax on buildings is levied at 6¼ per cent. and tax on lands at 6¼ per cent. of rent value. in lands outside town site G.O. 1867 In. Dis. 4-12-94. annas one for every 80 square yards. in lands within the town site as stated in the note to Statement No: I submitted with the administration report for 1894-95
3. Water-tax on buildings and lands is levied at per cent.
4. Tax on vehicles and animals is levied at half the maximum rates.
5. Tax on carts, &c., is levied at Rs. two per cart. per annum.
6. Tolls are levied at half the maximum rates.
7. License-fees are levied at the rates sanctioned in G.O. No: 2034 In. Dis. dated 4th Dec: 1895 1895-96 and 15-1-96 in same
8. The house-tax registers were last revised in the official year and the land tax registers in the official year.
9. Total extent of land assessed is acres.
10. The mode of estimating the annual rental of houses and lands is as follows :—

(1) In the case of houses let for hire, the actual rent paid in respect of such houses at the time of revision is taken into consideration and assessments fixed thereon.
(2) In the case of houses occupied by the owners themselves or not let fire, an estimate is formed of the rental of such houses with reference to rents fetched by similar houses in the locality and the assessment is calculated on the estimate so formed.
(3) In the case of pattah lands within the municipal limits paying also circar revenue, the assessment is made on the estimated rent fetched by such lands.
(4) In the case of vacant or garden lands owned by private individuals in the town site, the assessment is made at the rate of one anna for every 80 sq. yards.

5
