The humble petition of C. Cheruchu-
-pamiah late Local Fund overseer
Nellore.

Most respectfully showeth,

That your petitioner had a service of 27 years — 13 years in D. P. W and 14 years in L. F. De-
-partment as an overseer.

2 That the President District Board Nellore on 24th April 1894 dismissed your petitioner on certain charges when copies of charges preferred were not given your petitioner and no legal enquiry made; which is contrary to procedure and plainly against ex-
-press orders of Government; vide Board's Standing Order No 282 and Resolution of the most Honourable Governor-General in Council forwarded with Mr Under Secretary Cooper's letter of 24th February 1887 para 9.

10 That under the circumstances stated above your petitioner most respectfully begs that the papers connected with his case be called for and justice done to him, by ordering his restoration to his former appointment, if pension rules will not admit of his retirement.

your petitioner humbly begs to remain

Sir,

Your most obedient servant

AGENT AND MANAGER'S OFFICE,

From

The Agent and Manager,

To

The Consulting Engineer for Railways.

Madras

SIR,

With reference to your endorsement No. 167 dated 20th January 1896 on Proceedings of the Madras Government No. 68 L Mis dated 11th January 1896 on the subject of a new feeder road to the Cauvery Station which the District Board of Salem have undertaken to provide, crossing the line of Railway at 240/18 miles and joining the Trinchengode Pallipalayam road on the South of the line, I have the honor to enclose a plan on which the above mentioned road is shewn in red and marked A.

2. The inhabitants, however, of Pallipalayam, Kumarapalayam and the neighbouring villages complain that to

Pallipalayam road is a very long detour and request ~~that the portion of road~~ about 5 furlongs in length, marked B on the plan, from the station to the end of an existing road for Pallipalayam may be constructed. It is understood ~~that~~ there has been a road parallel to ~~this~~ running along ~~the~~ bank of the river, but ~~this~~ road is now impassible. On the half-yearly inspection in August last a deputation from the villagers met the Deputy Consulting Engineer and the inspecting officers at Cauvery, and urged the construction of ~~this~~ road.

3. As the development of Cauvery Station is much retarded by the want of feeder roads, I beg to invite your attention to the request now made by the villagers which appears to me to be a very reasonable one.

I have the honor to be,
Sir.
Your most obedt. Servt.
